Independent Auditor's Report

To the Trustees
Guardian Recovery Network 401(k) & Profit Sharing Plan
Delray Beach, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit – 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Guardian Recovery Network 401(k) & Profit Sharing Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL's") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion – 2021 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles in the United States of America ("GAAP").
- the information in the 2021 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Continued from previous page

Basis for Opinion – 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management – 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit – 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2021 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Continued from previous page

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA – 2021 Financial Statements

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

Continued from previous page

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

General

Guardian Recovery Network 401(k) & Profit Sharing Plan (the "Plan") was established January 1, 2021, to allow eligible employees of Guardian Recovery Network Holdings, LLC (the "Plan Sponsor") to defer a portion of their compensation to supplement retirement income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following description of the Plan provides only general information. Participants should refer to the Plan documents, including the summary Plan description, for a more complete description of the Plan's provisions, which are available to all participants upon request.

Plan Administration

Under the terms of the Plan, the Plan Sponsor acts as the Plan Administrator. The Plan Sponsor contracted with Voya Retirement Insurance and Annuity Company ("VRIAC") to serve as the Custodian and Voya Institutional Plan Services ("Voya Institutional PS"), the record-keeper. The Aimpoint Group serves as the third-party administrator ("TPA") of the Plan.

Plan Amendments

On March 29, 2021, the Plan was amended to include employees from 12 and 12 House, LLC also known as The Plymouth House, LLC into the Plan counting their years of service for all contribution sources. The amendment also provided that the enrollment into the Plan be Automatic.

Eligibility

An employee of the Plan Sponsor is eligible to participate in the Plan upon attaining the age 21 and completion of six (6) months of service. The entry date for the Plan is immediate upon an employee meeting the eligibility requirements.

Automatic Enrollment

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

Contributions

Each year, a participant may defer up to 100% of total compensation through periodic payroll deductions, up to contribution limits specified by the Internal Revenue Code ("IRC"). The maximum pre-tax contribution for the year ended December 31, 2021, was $19,500. In addition, participants over 50 years of age are permitted to make additional annual catch-up contributions of $6,500 for the year ended December 31, 2021. Roth deferrals are permitted under the terms of the Plan.

The Plan Sponsor will contribute for each participant a discretionary amount that will be allocated as a uniform percentage of Matched Employee deferrals and is determined each payroll period.

Note 1 – Description of Plan, continued

Rollovers

The Plan accepts eligible rollover contributions from qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Plan Sponsor's contributions, and the Plan earnings, and is charged with an allocation of administrative expenses as well as deductions from withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds held in pooled separate accounts as investment options for participants.

Vesting

Participants are immediately vested in their contributions and investment earnings. Participants become 100% vested in account balances for the Sponsor's matching contributions, plus actual earnings after attaining six (6) years of service.

Forfeited Accounts

If a participant resigns or is terminated prior to becoming fully vested, the participant will forfeit the non-vested portion of their account attributable to the Plan Sponsor's matching and discretionary contributions. The Plan is authorized to apply forfeited non-vested amounts to the Plan Sponsor's matching contributions or to pay Plan expenses. During the year ended December 31, 2021, $1,283 was forfeited.

Notes Receivable from Participants

Participants may borrow a minimum loan amount of $1,000 up to a maximum loan amount of the lesser of $50,000 or 50% of the participant's vested account balance in their contributions, Safe Harbor matching contributions, and discretionary Sponsor contributions. The loan term must not exceed five (5) years, except for a home loan for which the term is determined by the Plan Administrator in a non-discriminatory manner.

The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus two percent (2%), which was 5.25% at December 31, 2021, and is fixed for the duration of the loan. All loans must have a definite repayment period for the loan to be amortized on a level basis over a reasonable period of time. Principal and interest are repaid through payroll deductions.

Note 1 – Description of Plan, continued

Payment of Benefits

Participants receive an immediate lump sum distribution, as soon as administratively feasible upon termination, retirement, disability, or attainment of normal retirement age defined as the later of attainment of age 65 or the fifth anniversary of participation. For distributions on account of the death of the Participant, the distribution allows for extended payments for all beneficiaries in accordance with the Plan. The Plan also allows for hardship distributions based on proven financial need, as defined by the IRC. The Plan automatically can distribute participant accounts with balances less than $5,000 upon termination of employment. If the participant's account balance is between $1,000 and $5,000, the distribution may be taken in cash or rolled into an Individual Retirement Account ("IRA") account or another qualified plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for investments in fully benefit-responsive investment contracts ("FBRIC"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FBRICs are reported at contract value because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a FBRIC through the Voya Fixed Account, See Note 5 for details. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2021.

Note 2 – Summary of Significant Accounting Policies, continued

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to participant contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Date of Management's Review

Subsequent events were evaluated through February 7, 2023, which is the date these financial statements were available to be issued.

Note 3 – Investments as Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 and 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for plan benefits as of December 31, 2021, the schedule of assets (held at end of year) at December 31, 2021, and the related investment activity reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2021.

Note 4 – Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 4 – Fair Value Measurements, continued

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021:

Mutual Funds Held in Pooled Separate Accounts: Pooled separate accounts are valued based upon the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. At December 31, 2021, pooled separate accounts are valued at their accumulation unit value ("AUV"). These are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis:

	At December 31, 2021			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds held in pooled separate accounts	$ 871,779	$ -	$ 871,779	$ -

Note 5 – Guaranteed Annuity Contract with VRIAC

The Plan offers the option to invest in a guaranteed annuity contract with VRIAC who maintains the contributions in a general account. The contract is considered fully benefit-responsive and is reported at contract value. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

VRIAC is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by VRIAC but may not be less than 3%. The average yield based on actual interest credited to participants was 3% in 2021. The crediting rate to participants was 3% at December 31, 2021. The Plan's ability to receive amounts due in accordance with the contract is dependent on VRIAC's ability to meet its financial obligations. VRIAC's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 – Guaranteed Annuity Contract with VRIAC, continued

Certain events might limit the ability of the Plan to transact at contract value with VRIAC. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax exempt under Section 501(a) of the Internal Revenue Code; (2) premature termination of the contract; (3) plan termination or merger; (4) changes to the Plan's prohibition on competing investment options; and (5) bankruptcy of the Bank or other events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with VRIAC and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow VRIAC to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events may include the following: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and (4) an amendment to the agreement without the consent of VRIAC.

Note 6 – Related Party and Party-In-Interest Transactions

Because VRIAC qualify as a party-in-interest, some of the investments and investment activity presented in the accompanying financial statements are considered party-in-interest transactions according to DOL guidelines. However, these transactions are exempt from the prohibited transaction rules under ERISA. Administrative fees paid by the Plan amounted to $1,141 for the year ended December 31, 2021. The Plan Sponsor directly pays any other fees related to the Plan's operations.

Certain participants of the Plan have outstanding loans (notes receivable from participants) with the Plan at December 31, 2021. These loans are considered party-in-interest transactions according to the DOL guidelines. Total notes receivable from participants at December 31, 2021 was $1,242.

Note 7 – Income Tax Status

The Plan is a volume submitter profit sharing plan, sponsored by the TPA and designed in accordance with applicable sections of the IRC. The TPA received an opinion letter from the IRS dated June 30, 2020, stating that the Plan is qualified under section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Note 7 – Income Tax Status, continued

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any periods in progress.

Note 8 – Risks and Uncertainties

Investment Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor reserves the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to net assets per the Form 5500 as of December 31, 2021:

Net assets available for Plan benefits per the financial statements	$	900,045
Participants' contributions receivable		(20,317)
Employer contributions receivable		(8,087)
Excess contributions refundable		10,771
Net assets available for Plan benefits per Schedule H of Form 5500	$	882,412

The following is a reconciliation of participants' contributions per the financial statements to Schedule H of Form 5500 at December 31, 2021:

Contributions received from participants' per the financial statements	$	648,742
Participants' contributions receivable in the current year		(20,317)
Excess contributions refundable		10,771
Contributions received from participants' per schedule H of Form 5500	$	639,196

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500, continued

The following is a reconciliation of employer contributions per the financial statements to Schedule H of Form 5500 at December 31, 2021:

Contributions received from employer per the financial statements	$	141,154
Contributions receivable from employer in the current year		(8,087)
Contributions received from employer per Schedule H of Form 5500	$	133,067
