Palos Health 403(b) Retirement Plan

Financial Statements

Period January 1, 2022 through October 25, 2022

WIPFLI

Independent Auditor's Report

To the Plan Administrator
Palos Health 403(b) Retirement Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We were engaged to perform an audit of the financial statements of Palos Health 403(b) Retirement Plan (f/k/a Palos Community Hospital Employees' Retirement Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of October 25, 2022 (in liquidation) and December 31, 2021 (ongoing), and the related statement of changes in net assets available for benefits for the period January 1, 2022 through October 25, 2022 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of October 25, 2022, and for the period January 1, 2022 through October 25, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2022 Financial Statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statements.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

As described in Note 6 to the financial statements, the Plan has excluded from investments in the accompanying 2021 statement of net assets available for benefits certain annuity contracts and custodian accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the custodians who hold these contracts, were included, net assets available for benefits would increase by approximately \$21.1 million as of December 31, 2021. GAAP requires that these accounts be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosures requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As described in Note 1 to the financial statements, on May 19, 2022, the Plan was formally amended to terminate the Plan effective June 30, 2022. In accordance with GAAP, the Plan changed its basis of accounting used to determine the amounts at which investments are stated from the going concern basis used in presenting the statement of net assets available for benefits as of December 31, 2021, to the liquidation basis used in presenting the October 25, 2022 financial statements. Our opinion is not modified with respect to that matter.

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Palos Health 403(b) Retirement Plan (f/k/a Palos Community Hospital Employees' Retirement Plan) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On May 19, 2022, the Plan was formally amended to terminate the Plan effective June 30, 2022. As of October 25, 2022, the accounts of all participants were distributed either directly to the participant or via eligible rollover distributions in accordance with the terms of the Plan.

General

The Plan was a defined contribution plan providing for payment of retirement benefits to eligible employees of Palos Community Hospital and its affiliated service group Palos Medical Group LLC (collectively referred to as "the Employer"). The Plan was intended to meet the requirements of section 403(b) of the Internal Revenue Code and was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan was established in May 1971 and had been amended and restated since that time with the latest amendment and restatement being effective April 1, 2020, through adoption of a pre-approved plan sponsored by Transamerica Retirement Solutions, LLC ("Transamerica"). The Plan maintained its investment assets in custodial accounts at State Street Bank and Trust Company (beginning April 1, 2020), Lincoln Financial Group Trust Company, Inc., OneAmerica (formerly American United Life Insurance Company, and Empower Retirement ("Empower") (formerly Massachusetts Mutual Life Insurance Company). As of January 1, 2009, the investment assets held at OneAmerica and Empower were frozen to new contributions and participation. The investments held at OneAmerica and Empower and the activities thereon are not included in the accompanying financial statements (see Note 6 for further information).

Effective August 31, 2021, the Plan was frozen such that no new participants could enter the Plan, and no further participant or employer contributions were permitted. Participant service continued to be counted for vesting purposes. Effective September 1, 2021, participants were eligible to participate in the Northwestern Memorial Employee 401(k) Pre-Tax Savings Plan.

Eligibility

Prior to September 1, 2021, employees of the Employer were eligible to participate in the salary deferral provisions of the Plan, as of the first day of the first payroll period after hire regardless of age or service.

Employees participating in the salary deferral provisions of the Plan were eligible to participate in the Employer matching contribution provisions of the Plan as of the first day of the first payroll period following completion of two years of service, as defined by the Plan, and attainment of age 21.

Note 1: Description of Plan (Continued)

Contributions

Participant Contributions

Prior to September 1, 2021, eligible employees could elect to make pre-tax deferrals, or Roth after-tax deferrals, of their compensation, as defined by the Plan, each payroll period up to the maximum amount allowed by the Internal Revenue Service ("IRS"). In addition, the Plan allowed for participants who had attained the age of 50 before the end of the Plan year to have made catch-up contributions in accordance with IRS regulations and rollover/transfer contributions from qualified sources as defined by the Plan.

Employer Contributions

Prior to September 1, 2021, the Plan provided for the Employer to make matching contributions to each eligible participant each payroll period in an amount equal to 150% of the first 5% of the participant's employee contributions up to a maximum of 7.5% of participant's compensation, as defined by the Plan.

Vesting

Participants were immediately 100% vested in any salary deferral contributions and Employer matching contributions to the Plan.

Participant Accounts

Individual accounts were maintained for each Plan participant. Each participant's account was credited with their salary deferral contributions, catch-up and rollover/transfer contributions, the Employer's matching contribution, an allocation of Plan earnings and losses based on the participant's selected investment options and charged with withdrawals and an allocation of administration expenses paid by the Plan, if any. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

Investment Options

Participants had the ability to direct investment of their account balances amongst several investment options offered by the Plan. Participants could redirect existing investment options on a daily basis.

Participant In-Service Withdrawals

The Plan allowed for in-service withdrawals by participants who had attained the age of 59 1/2 from their vested pre-tax salary deferral, rollover, and Employer matching contribution account balances. The Plan also allowed for hardship withdrawals from a participant's pre-tax salary deferrals, but not the earnings thereon, and a participant's rollover/transfer contributions for specific situations as defined by the Plan.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

The Plan allowed participants to borrow from their pre-tax salary deferral and rollover/transfer account balances in an amount not less than \$1,000 or in excess of the lesser of 50% of the participant's vested account balance or \$50,000. Loans were collateralized by the participant's account balance, bore interest at Prime plus 1%, and were to be repaid in equal installments at least quarterly and for no longer than five years unless the loan is for the purchase of the participant's primary residence, for which repayment could be made over a period not to exceed ten years.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant or his or her beneficiary (if termination is due to death) would receive an amount equal to the participant's vested interest in his or her account balance. Participants could elect to receive their vested benefit in a lump sum, in substantially equal installments for a period elected by the participant, or in the form of an annuity.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

As discussed in Note 1, the Plan was terminated in 2022. In accordance with GAAP, the accompanying 2022 financial statements of the Plan are recorded on the liquidation basis.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Palos Health 403(b) Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments, other than the investment in the fully benefit-responsive investment contract (FBRIC), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The FBRIC held by the Plan is stated at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Interest income is recorded as earned and dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Management fees charged to the Plan for investments are deducted from income earned on a daily basis and, therefore, are reflected as a reduction of investment return for such investments. Administrative fees charged to the Plan by the third party record keeper for distributions and/or loans are allocated to the account of the individual participant. Substantially all of the record keeping fees charged to the Plan by the third party record keeper are allocated as a flat charge to each participant as provided in the administrative service agreement. Revenue sharing received by the third party record keeper from the investments of the Plan is used to pay any record keeping fees in excess of the flat charge allocation and any other administrative expenses charged to the Plan by the third party record keeper. Any revenue sharing amounts received in excess of the amounts used to pay the fees charged to the Plan by the third party record keeper are deposited into the Plan to be used to pay other Plan expenses. Substantially all other expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Determination as to when participant loans are considered in default and reclassified as distributions is based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 3: Information Prepared and Certified by the Custodians

Total investment assets, notes receivable from participants, total investment loss, and interest income from notes receivable from participants included in the accompanying financial statements have been certified by State Street Bank and Trust Company ("State Street") and Lincoln National Life Insurance Company ("Lincoln National"). State Street and Lincoln National are the custodians and certified to the plan administrator that the information is complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability:

Level 3 - Inputs that are unobservable inputs for the asset or liability and significant to the fair value measurement.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of October 31, 2022 and December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued using \$1 as the NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Palos Health 403(b) Retirement Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 306,607,688	\$ -	\$ -	\$ 306,607,688
Money market funds	10,421,672	-	-	10,421,672
Total investment assets at fair value	\$ 317,029,360	\$ -	\$ -	\$ 317,029,360

Note 5: Investment Contract with Insurance Company

The Plan held a fully benefit-responsive unallocated group annuity investment contract with Lincoln National which is maintained in a separate account of Lincoln National. Lincoln National, as contract issuer, was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. Because the investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan administrator by the contract issuer, represented contributions made under the contract, plus interest credited less participant withdrawals and administrative expenses.

Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value except under certain circumstances as described in the contract. There were no reserves against contract value for credit risk of the issuer or otherwise.

Note 6: Annuity and Custodial Accounts Excluded from Investments

Prior to January 1, 2009, employees of the Employer were permitted to make tax deferred contributions to custodial accounts held by OneAmerica and Empower. Effective January 1, 2009, these custodial accounts were frozen to new participants and deferral contributions. The custodial accounts did not provide for employer contributions, all of the rights and benefits under the custodial accounts are enforceable by the employee without involvement of the Employer, and participants are fully vested in their account balances in these custodial accounts. The Plan administrator has chosen to exclude these custodial accounts from the investment assets reported in the accompanying financial statements as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. Under IRS Revenue Ruling 2011-7 and 2020-23, the Employer provided letters to OneAmerica and Empower in 2022 notifying them of the termination and that these investments are no longer considered part of the Plan.

Palos Health 403(b) Retirement Plan

Notes to Financial Statements

Note 7: Income Tax Status

The Employer has adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Related-Party Transactions

A portion of the Plan's investment assets were invested in an insurance company investment contract held in a separate account of Lincoln National. Also, certain Plan investments were managed by State Street. Accordingly, transactions with respect to these investment assets qualify as party-in-interest transactions.

The Plan also paid various service providers for fees associated with providing administrative services to the Plan. Notes receivable from participants also qualify as party-in-interest transactions. These fees and transactions are exempt from the prohibited transaction rules of ERISA.

Note 9: Subsequent Events

The Plan has evaluated subsequent events through February 9, 2023, which is the date the financial statements were available to be issued.
