Independent Auditor's Report

To the Plan Administrator
SumnerOne, Inc. 401(k)/Profit Sharing Plan
St. Louis, Missouri

Opinion

We have audited the financial statements of the SumnerOne, Inc. 401(k)/Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to

prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SumnerOne, Inc. 401(K)/Profit Sharing Plan

Notes to the Financial Statements

1. Description of Plan

The following description of the SumnerOne, Inc. 401(k)/Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the provisions of the Plan.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of SumnerOne, Inc. (the “Company” or the “Plan Sponsor”) who have completed three months of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan Trustees are responsible for oversight of the Plan. The Trustees determine the appropriateness of the Plan’s investment offerings and monitor investment performance.

Contributions

Each year, participants may contribute up to 25 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions are invested in a designated fund until changed by the participant. The Company contributes an amount equal to 50 percent of the first two percent contributed and 25 percent of the next four percent contributed by each participant. In addition, the Company makes discretionary profit-sharing contributions to eligible participants. For the years ended December 31, 2021 and 2020, the employer profit-sharing contribution totaled \$305,766 and \$393,359, respectively. In addition, a participant may elect to have the dollar value of their accrued vacation time contributed to the Plan in the form of a Company non-elective contribution. For the years ended December 31, 2021 and 2020, the dollar value of the accrued vacation time contributed to the Plan totaled \$136,571 and \$47,235, respectively. Contributions are subject to certain Internal Revenue Service (“IRS”) limits.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, including amounts rolled over from other qualified plans, and the Company’s matching, discretionary, and non-elective contributions, and the participant’s share of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company’s contributions is subject to a six-year graduated vesting schedule and vests as follows: 20 percent after two years of service, 40 percent after three years

SumnerOne, Inc. 401(K)/Profit Sharing Plan

Notes to the Financial Statements

of service, 60 percent after four years of service, and 80 percent after five years of service. Participants are fully vested after six years of service.

Payment of Benefits

Upon attainment of normal retirement age, total disability or death, the participant's account becomes fully vested and the amount credited to each account is payable in a lump sum payment, based on the participant's or beneficiary's election, in accordance with the Plan Document.

Upon termination of employment for reasons other than retirement, total disability or death, participants may also elect to receive their vested account balances in the form of a lump sum payment, in accordance with the Plan Document. If the participants' vested interest in the Plan is less than \$5,000, a mandatory lump-sum distribution is made to the participant.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited accounts totaled \$0 and \$35,130. Forfeitures are allocated to participants in proportion to each participant's compensation for the year in the first quarter following the applicable Plan year. Forfeitures of \$80,919 and \$11,691 were reallocated to eligible participants for the years ended December 31, 2021 and 2020, respectively.

Plan Amendments

Effective January 1, 2020, the Plan was amended to offer participants the option to defer Roth contributions to the Plan.

On May 8, 2020, the Plan was amended to temporarily suspend the Plan's employer matching contributions for the period May 8, 2020 through December 31, 2020 due to the impact of COVID-19.

Effective January 1, 2021, employer matching contributions were reinstated.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), except distributions, which are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Notes to the Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for additional information related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 and 2020 excess contributions to the applicable participants prior to March 15, 2022 and March 15, 2021, respectively.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions are recorded when withheld from the participant's compensation.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

3. Concentrations of Significant Investments

As of December 31, 2021, the Plan's investment in the BlackRock Liquidity Fund, Money Market Fund, accounted for 100% of the Plan's total investments.

As of December 31, 2020, the Plan's investments in Blackrock Global Allocation A, Loomis Sayles Growth Fund A, JP Morgan Diversified Mid Cap Growth Fund, Blackrock S&P 500 Stock Fund I, and Loomis Sayles Core Plus Bond A accounted for 16%, 12%, 12%, 11% and 11%, respectively, of the Plan's total investments.

4. Investments - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

SumnerOne, Inc. 401(K)/Profit Sharing Plan

Notes to the Financial Statements

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: The Plan's investments in money market funds are valued at the NAV of shares held by the Plan at year end based upon quoted market prices.

Collective investment trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts. There are no unfunded commitments for this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with industry practices, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Total investment measured at NAV*	-			
Total investments	\$ 35,645,691			

At December 31, 2021, all plan investments were held in a money market fund as the plan custodian changed on January 1, 2022. Investments held in the money market fund at December 31, 2021 were reinvested according to participant directives subsequent to year-end.

	Assets at Fair Value as of December 31, 2020

Total investment measured at NAV*	174,465			
Total investments	\$ 34,660,932			

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Bank of America and its affiliate Merrill Lynch, the custodian and record-keeper respectively for the Plan and, therefore, these transactions qualify as party in interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments to the third-party administrator of \$250 and \$275 for the years ended December 31, 2021 and 2020, respectively, which were not covered by revenue sharing. The Plan Sponsor pays any other fees related to the Plan's operations.

6. Income Tax Status

The Plan has adopted a prototype plan document sponsored by Armstrong Teasdale, LLP. The IRS has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code ("IRC") to maintain its qualification. The Plan sponsor is responsible for reviewing the annual Required Amendments List ("RAL") issued by the IRS for individually designed plans to retain qualified tax status. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Effective October 13, 2020, the Plan declared a partial plan termination for the year ended December 31, 2020 due to staffing restrictions as a result of economic circumstances relating to COVID-19. As a result, affected participants became 100% vested in their accounts.

9. Subsequent Events

The Plan Trustees have evaluated subsequent events through December 6, 2022, the date the financial statements were available to be issued. The Plan Trustees are not aware of any subsequent events which would require recognition or disclosure in the financial statements, except as noted below.

Effective January 1, 2022, the Plan was amended and restated for regulatory purposes. Additionally, the Plan changed recordkeepers effective January 1, 2022.
