Independent Auditor's Report

Board of Trustees
Plumbing and Pipefitting Industry Local 219 Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Plumbing and Pipefitting Industry Local 219 Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of April 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended April 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Board of Trustees
Plumbing and Pipefitting Industry Local 219 Annuity Plan

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Board of Trustees
Plumbing and Pipefitting Industry Local 219 Annuity Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of April 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Board of Trustees
Plumbing and Pipefitting Industry Local 219 Annuity Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plumbing and Pipefitting Industry Local 219 Annuity Plan

Notes to Financial Statements

April 30, 2022 and 2021

Note 1: Description of Plan

The following description of Plumbing and Pipefitting Industry Local 219 Annuity Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering employees of contributing employers who are subject to the collective bargaining agreement between Local No. 219 of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada (the “Union”) and the Mechanical Contractors Association of Akron, Ohio, Inc. (the “Association”) and other employers. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA). The Plan’s Board of Trustees is responsible for oversight of the Plan. The Plan’s Board of Trustees with assistance from professional advisors, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

Contributions to the Plan are made by employers based upon hourly contribution rates as agreed upon between the Union and Association pursuant to the plan agreement and the collective bargaining agreement. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover), as defined by the plan agreement. Participants direct the investment of the employer contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants may make elective pre-tax employee contributions to the Plan. The amount of employee contributions a participant may elect to defer is \$2.00 per hour or \$4.00 per hour and may not exceed the limits imposed by the Internal Revenue Code (IRC).

Participant Accounts

Each participant’s account is credited with the employee and employer contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1: Description of Plan (continued)

Vesting

Participants are vested immediately in their employee and employer contributions plus actual earnings thereon.

Payment of Benefits

Benefits will be paid to a participant either in the form of a full cash refund single life annuity contract, installment payments, a lump-sum payment, or on a joint survivor annuity basis under an annuity contract issued on behalf of the joint life of the member and their designated beneficiary.

If a participant is receiving benefits, has waived the qualified joint annuity or 100% survivor annuity, and dies prior to the full amount of his/her account being distributed, the participant's beneficiary is eligible to receive a continuation of benefits until the remainder of the account is distributed in full.

If the participant dies prior to the commencement of benefits, the spouse is entitled to receive a qualified pre-retirement survivor benefit. Disability benefits are available for a participant who becomes totally and permanently disabled prior to reaching normal retirement age.

Each participant who has attained normal retirement age is entitled to annuity benefits. Normal retirement age means the first day of the month coinciding with or after the date a participant attains the age of 62. Normal retirement benefits will be paid to a married participant as a qualified joint annuity (50%, 66 2/3%, 75%, or 100% survivor annuity), unless the participant and spouse elect otherwise.

The Plan also permits payment of benefits upon early retirement. Early retirement age means the first day of the month coinciding with or after the date a participant attains the age of 55.

If a participant's vested benefit does not exceed \$1,000 and benefits have not accrued in the previous twelve months, the Plan may automatically distribute the total vested benefit in the form of a lump sum cash payment.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board (FASB), which established the FASB Accounting Standards Codification (ASC) as the single source of authoritative accounting principles generally accepted in the United States of America.

Note 2: Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employers' Contributions Receivable

Employers' contributions receivable represent amounts due from employers that were received subsequent to year-end. Therefore, the carrying amount of these receivables is not reduced by an allowance for amounts that will not be collected. In addition, it is impractical to estimate a recognition of revenue amounts due but erroneously unreported by employers.

Cash

The Plan maintains its cash account at a regional financial institution. The balance, at times, may exceed federally insured limits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employers. Expenses that are paid by the Employers are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 2: Summary of Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through January 13, 2023, the date the financial statements were available to be issued.

Note 3: Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at April 30, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Trust Company LLC (the custodian of the Plan).

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4: Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of the fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of April 30, 2022 and 2021.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>04/30/22</u>

*In accordance with the "Fair Value Measurement" topic of the FASB ASC, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4: Fair Value Measurements (continued)

The following table summarizes investments for which fair value was measured using the NAV per share practical expedient as of April 30, 2022 and 2021. There were no participant redemption restrictions for these investments; the redemption notice period was applicable only to the Plan.

Investment	Fair Value		Redemption Frequency (if currently eligible)	Redemption Notice Period
	2022	2021		
Federated Hermes Capital Preservation Fund	\$ 5,431,783	\$ 5,457,649	Daily	12 months

Note 5: Administrative Expenses

The following amounts represent the administrative expenses incurred by the Plan for the years ended April 30:

	2022	2021
Administrator	\$ 17,700	\$ 14,543
Accountant	11,925	8,728
Attorney	2,405	5,729
Bank charges	833	374

Other expense	1,665	15
	<u>\$ 100,124</u>	<u>\$ 93,856</u>

The investment custodian provides revenue sharing to the Plan based upon the percentage of plan assets with certain investment managers. Included in other income on the statements of changes in net assets available for benefits is \$72,859 and \$113,999 for fiscal years 2022 and 2021, respectively, related to revenue sharing.

Notes to Financial Statements

April 30, 2022 and 2021

Note 6: Related-Party and Party-in-Interest Transactions

The Plan's employer contributions are processed and collected by the Plumbers & Pipefitters Local 219 Combined Funds, Inc. (the "Combined Fund"). For this service, the Plan is charged a monthly fee by the Combined Fund. For the years ended April 30, 2022 and 2021, the Plan was charged \$4,229 and \$4,412, respectively, by the Combined Fund. The Board of Trustees of the Combined Fund has determined that it should operate at a break-even point. Any net income at the Combined Fund's fiscal year-end is allocated to the Plumbing and Pipefitting Industry Local 219 Pension Fund, Plumbers & Pipefitters Local 219 Health & Welfare Fund, and the Plan. Amounts due to the Combined Fund totaled \$436 at April 30, 2022 and amounts due from the Combined Fund totaled \$215 at April 30, 2021.

The Plan pays administrative fees to service providers. These transactions are party-in-interest transactions under ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Board of Trustees has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8: Tax Status

The IRS has determined and informed the Plan by a letter dated August 7, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

April 30, 2022 and 2021

Note 9: Risks and Uncertainties (continued)

In early calendar 2020, the employers and Union began dealing with the effects of the Coronavirus pandemic (COVID-19). Disruptions to business operations, including government mandated actions and employee, supplier and customer related challenges have impacted many businesses. The financial markets have experienced high volatility. The effect of COVID-19 has continued subsequent to year-end and management is unable to determine the impact it will have on the Plan, if any.
