Independent Auditor's Report

Plan Administrator
401(k) Profit-Sharing Plan of Pacific Clinics

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of the 401(k) Profit-Sharing Plan of Pacific Clinics (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of April 30, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from qualified institutions as of and for the year ended April 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year) as of April 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated April 5, 2022, we indicated that: (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) Profit-Sharing Plan of Pacific Clinics

Notes to Financial Statements

Note 1. Plan Description

The following description of the 401(k) Profit Sharing Plan of Pacific Clinics (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is sponsored by Pacific Clinics, Inc. (the Company). Effective March 1, 2022 the Company name changed to Uplift Family Services d/b/a Pacific Clinics. The Plan is a defined contribution plan, established August 1, 2016, covering all eligible Head Start and Early Head Start employees of the Company, except for highly compensated employees, nonresident aliens, and independent contractors. Covered employees are immediately eligible to participate in the Plan upon being hired. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Company's 403(b) and 401(k) Oversight Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors of the Company.

Participant contributions: Each year, participants may contribute up to 100% of pretax annual eligible compensation, as defined in the Plan. There is no minimum age or service requirement for participant contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. The Plan provides for automatic enrollment of any new participant, with a salary deferral contribution of 5%, increasing annually by 1% up to 10%, unless the participant elects otherwise.

Employer annual contributions: The Company may make periodic discretionary contributions based on each participant's compensation for the Plan year. Participants are eligible for an allocation of Company discretionary contributions provided the participant was employed on the last day of the Plan year, or severed employment with the Company during the Plan year due to retirement, death, permanent disability, or military service. Company contributions follow the participant's investment option elections.

Participant accounts: Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, if any, Plan investment results and are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or a specific participant transaction, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. For participants hired prior to January 1, 2019, the Company contributions' portion of their accounts, plus actual earnings thereon, are subject to 100% immediate vesting. For participants hired on or after January 1, 2019, the Company contributions' portion of their accounts, plus actual earnings thereon, are vested 33% after two years of service, 67% after three years of service and 100% after four years of service upon attainment of age 65, total and permanent disability or death during the term of employment, or termination of the Plan.

Forfeited accounts: Forfeited nonvested accounts may be used to pay reasonable Plan administrative expenses or fund Company contributions. During the year ended April 30, 2022, \$1,250 of forfeited nonvested accounts were used to pay Plan administrative expenses, and \$8,396 were used to partially fund Company contributions. There were \$20,326 and \$8,396 of forfeited nonvested accounts at April 30, 2022 and 2021, respectively.

401(k) Profit-Sharing Plan of Pacific Clinics

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes are collateralized by the participant's account balance and bear a reasonable rate of interest at the time of note origination. All notes are to be repaid within five years unless it is for the purchase of the participant's primary residence. Participants are allowed one outstanding loan at any time. Notes are repaid on a ratable basis primarily through periodic payroll deductions.

Payment of benefits: Distribution of Plan benefits due to termination, retirement, permanent disability or death may be made in the form of a (a) nonrefund life annuity, (b) full cash refund annuity, (c) period-certain and continuous annuity, (d) joint and survivor life annuity, (e) joint and survivor with period-certain and continuous annuity or (f) lump sum. Monthly cash distributions may also be elected upon meeting certain requirements as defined in the Plan document. The distribution of Plan benefits is made through the purchase of an annuity or in cash. Distribution of benefits upon termination becomes automatic if the participant's account balance is less than \$1,000. Those with balances greater than \$1,000 must have the participant's and the participant's eligible spouse's consent to any distribution. Participants may receive in-service distributions when they attain age 59½ or incur a permanent disability that prevents them from working.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value.) Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 403(b) and 401(k) Oversight Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at April 30, 2022 or 2021. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

401(k) Profit-Sharing Plan of Pacific Clinics

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees incurred by the Plan for investment management services or record keeping are included in net depreciation in fair value of investments rather than a direct payment from the Plan.

Subsequent events: The Plan Administrator has evaluated subsequent events through February 13, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Custodians

The following is a summary of the Plan's asset information as of April 30, 2022 and 2021, and for the year ended April 30, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan. The Plan Administrator has obtained certification from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets, included in the Plan's financial statements and ERISA-required supplemental schedule:

	2022	2021
Investments:		
Group annuity contract, at contract value	\$ 517,377	\$ 371,979
Mutual funds, at fair value	1,153,327	1,043,305
Collective trust funds, at fair value	52,599	18,950
Notes receivable from participants	33,929	2,169

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC also certified to the completeness and accuracy of \$129,335 of net depreciation in fair value of investments, \$50,931 of interest and dividends related to the aforementioned investments, and \$754 of interest income on notes receivable from participants for the year ended April 30, 2022.

401(k) Profit-Sharing Plan of Pacific Clinics

Notes to Financial Statements

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: Mutual funds include money market funds, equity funds, index funds and exchange-traded funds. Mutual funds are valued at quoted market prices for identical assets in active markets for the shares held by the Plan at year-end.

Collective trust funds: Collective trust funds are valued at the net asset value (NAV) of units held by the Plan on the day of valuation based upon the market value of the underlying investments. The funds' underlying assets consist of common stocks, depository receipts, mutual funds and stable value funds. The NAV is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of April 30, 2022 and 2021:

Assets at Fair Value as of April 30, 2022				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	\$ 1,153,327	\$ -	\$ -	\$ 1,153,327
Investments measured at NAV (a)				52,599
Total investments at fair value				<u>\$ 1,205,926</u>

Assets at Fair Value as of April 30, 2021				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	\$ 1,043,305	\$ -	\$ -	\$ 1,043,305
Investments measured at NAV (a)				18,950
Total investments at fair value				<u>\$ 1,062,255</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

401(k) Profit-Sharing Plan of Pacific Clinics

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Investments measured using the NAV per share practical expedient: The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of April 30, 2022 and 2021. The practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. There are no participant redemption restrictions for these investments.

Investment Category	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Collective trust funds	\$ 52,599	\$ 18,950	None	Daily	Advance written notice of 5-business days is required for any Plan Sponsor directed withdrawal that will exceed \$1,000,000

Note 5. Investment Contracts With Insurance Company

The Plan has a traditional group annuity contract with Great-West Life & Annuity Insurance Company (GWLA) that invests contributions in the Guaranteed Interest Fund. The Guaranteed Interest Fund is a fixed annuity general account product. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The crediting rate was 1.44% as of April 30, 2022. The contract does not have a scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by GWLA represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (a) the Plan's failure to qualify under section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under section 501(a) of the IRC, (b) premature termination of the contract, (c) plan termination or merger, (d) change in the Plan's prohibition on competing investment options or (e) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation or (d) a material amendment to the agreements without the consent of the issuer.

401(k) Profit-Sharing Plan of Pacific Clinics

Notes to Financial Statements

Note 5. Investment Contracts With Insurance Company (Continued)

The 403(b) and 401(k) Oversight Committee has determined that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians, hold the Plan's assets and execute transactions. The Plan holds a group annuity contract that is a general account product of Great-West Life & Annuity Insurance Company. Therefore, these transactions qualify as exempt party-in-interest transactions. As described in Note 2, certain fees incurred by the Plan for investment management services or record keeping are included in net depreciation in fair value of investments.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. Tax Status

Effective March 1, 2022, the Plan adopted a nonstandardized pre-approved form of a prototype plan sponsored by Great-West Trust Company, LLC. The prototype plan provider has received an opinion from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended subsequent to the date of the opinion letter. However, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the April 30, 2022 statement of net assets available for benefits.

Approximately 30% of the Plan's investments are held in Great-West Life & Annuity Insurance Company's general account at April 30, 2022. As such, this is considered to be a concentration of credit risk.
