Independent Auditors' Report

To the Trustees
Complete Turbine Service, LLC 401(k) Plan
Fort Lauderdale, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Complete Turbine Service, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion - 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section —

- the amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the 2021 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Continued from previous page

Basis for Opinion - 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management - 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one (1) year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit - 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Continued from previous page

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA - 2021 Financial Statements

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) at December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Continued from previous page

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for plan benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 29, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

Plan Description

Complete Turbine Services, LLC (the “Plan Sponsor”) 401(k) Plan (the “Plan”) was established on May 1, 2014, and is maintained for the exclusive benefit of its employees and their beneficiaries. The terms of the Plan permit employees to make elective contributions to the Plan out of their compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The following is a brief description of the Plan and is provided for general information. Participants should refer to the Plan document, which is available from the Plan Sponsor, for a more complete description of the Plan's provisions.

On December 31, 2020, Empower Retirement (“Empower”) acquired the retirement plan group insurance business of MassMutual. Following the initial transition period, Empower became the sole administrator of the retirement business acquired from MassMutual.

Effective September 1, 2021, the Plan switched services from Empower to John Hancock Life Insurance Company (U.S.A) (“John Hancock”).

In January of 2021 the Plan switched TPA from EJ Reynolds to Starbridge Benefits Solutions (“Starbridge”).

Plan Amendments

The Plan was amended to provide for an early entry to a participant not meeting the plan eligibility requirements for the plan year ending December 31, 2021, in accordance with Revenue Procedure 2019-19.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022.

Plan management adopted the following provisions:

- On or after April 20, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution.
- Qualified individuals with outstanding loans on or after April 20, 2020 were permitted to request that their loan payments be deferred through December 31, 2020. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.
- The normal loan limits were increased from \$50,000 to \$100,000, and from 50% to 100% of the vested account balance, for qualified individuals taking loans on or after April 20, 2020 and before September 23, 2020.

Note 1 – Description of Plan, continued

Plan Administration

The Plan was administered by EJ Reynolds from January 1, 2020 through August 31, 2021 and Starbridge from September 1, 2021 through December 31, 2021 and the Plan sponsor. Massachusetts Mutual Life Insurance Company ("MassMutual") was the Custodian and Record-keeper for the Plan through August 31, 2021.

On September 1, 2021, the Plan Sponsor transferred from MassMutual to John Hancock Life Insurance Company U.S.A. ("John Hancock") to serve as the Custodian, John Hancock Retirement Services ("John Hancock RS"), the record-keeper and Pension Investors Corporation to serve as the TPA of the Plan.

Eligibility

Employees are eligible to make salary deferrals to the Plan beginning on the first day of the month after three months of service. There is no age requirement to enroll in the Plan. Participants are eligible to receive Plan Sponsor safe harbor matching contributions upon enrollment into the Plan. A participant may direct contributions to investments offered by the Plan. Participants have online access to their accounts and may change their investment options at any time.

Contributions

Each year a participant may defer up to 90% of pre-tax compensation through periodic payroll deductions, up to contribution limits specified by the Internal Revenue Code ("IRC") (\$19,500 for 2021). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (\$6,500 for 2021). A participant may change his or her contribution level and may terminate his or her election to participate at any time.

Plan. Participants can also elect a direct rollover of an existing balance from a tax-qualified retirement or savings plan into the Plan.

The Plan Sponsor makes safe harbor matching contributions equal to 100% of the first 3% of the participant's deferral, plus 50% of up to the next 2% of elected participant deferrals.

Rollovers

The Plan allows any employee to roll over amounts into the Plan from other qualified plans subject to the provisions of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor's safe harbor matching contribution, and an allocation of the Plan's investment earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, as defined by the Plan Document. Participant accounts are valued daily.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and all safe harbor matching contributions, plus actual earnings thereon.

Note 1 – Description of Plan, continued

Investment Options

The Plan currently offers various mutual funds held in pooled separate accounts and an insurance investment contract as investment options through the group annuity contract.

Payment of Benefits

Upon meeting certain criteria specified in the Plan document, a participant may elect to receive a lump sum distribution of his/her account, or a portion of his/her account. A participant may receive required minimum distributions beginning at the later date of (1) attainment of age 70 ½ or (2) upon termination of employment. A participant may receive a hardship distribution based on IRC approved expenses. After receiving a hardship distribution, the participant may not contribute elective deferrals for at least six (6) months after receiving the hardship distribution. A participant may take an in-service withdrawal of all or a portion of his/her account held in the Plan upon attaining age 59 ½. Upon termination of service due to death, disability or retirement, a participant or their beneficiary immediately becomes 100% vested in their account and may take a distribution as a lump sum payment. If a participant does not elect to receive a rollover or distribution upon termination, then the Plan allows for mandatory distributions of account balances no less than \$1,000 but up to \$5,000.

Notes Receivable from Participants

Participants can borrow from their accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance, or \$50,000, whichever is less. A participant can only have one loan outstanding from the Plan. The loans are collateralized by the vested balance in the participant's account, and bear interest at the prime rate plus 1%, which was 4.25% at December 31, 2021. Principal and interest are paid through bi-weekly payroll deductions, with repayment terms up to a maximum of 5 years, with the exception of the purchase of a principal residence. Except as noted in Note 1 related to the CARES Act.

Administrative Expenses

Transaction fees charged for certain distributions from the Plan are charged directly to participant accounts and are presented as administrative expenses in the accompanying financial statements. All other operating expenses of the Plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are recorded in net appreciation of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with generally accepted accounting principles ("GAAP") in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies, continued

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, except for investments in fully benefit-responsive investment contracts ("FBRICs"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FBRICs are reported at contract value because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a FBRIC through a Guaranteed Interest Account ("GIA"). See Note 4 for discussion of the GIA, and Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

As a result of the CARES Act, the Plan allowed participants to elect to defer loan payments until January 1, 2021.

Date of Management's Review

Subsequent events were evaluated through February 14, 2023, which is the date the financial statements were available to be issued.

Note 3 – Investments Certified by the Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 (certification) and 29 CFR 2520.103-8 (limitation of scope) of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Custodians of the Plan have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits as of and for the years ended December 31, 2021 and 2020 the schedule of assets (held at end of year) at December 31, 2021, and the related investment activity reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2021.

Note 4 – Guaranteed Interest Account with Insurance Company

The Plan offered a FBRIC option, the GIA with MassMutual. MassMutual maintained the contributions in a general account. Participants may withdraw or transfer all or portions of their balance in this investment option at contract value. The contract was included in the financial statements at contract value as reported to the Plan by MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The GIA issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent (3%). Such interest rates are reviewed semi-annually.

Certain events related to the participant may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification.

The GIA does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5 – Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Note 5 – Fair Value Measurements, continued

The three levels of the fair value hierarchy under GAAP are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value; there have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds held in Pooled Separate Accounts – Valued at fair value established by the Custodian on the last business day of the Plan year.

This method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis:

At December 31, 2021				
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 6,665,648</u>	<u>\$ -</u>	<u>\$ 6,665,648</u>	<u>\$ -</u>
At December 31, 2020				
	Fair Value	Level 1	Level 2	Level 3
Mutual funds held in pooled Separate Accounts	<u>\$ 4,730,127</u>	<u>\$ -</u>	<u>\$ 4,730,127</u>	<u>\$ -</u>

Note 6 – Income Tax Status

The Plan is a prototype profit sharing plan, sponsored by EJ Reynolds and Starbridge, and designed in accordance with applicable sections of the IRC. EJ Reynolds received an opinion letter from the Internal Revenue Service (“IRS”), dated March 31, 2014 and June 30, 2018, stating that the Plan is qualified under section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. The Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan, as amended, is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Party-in-Interest Transactions

MassMutual, John Hancock and EJ Reynolds qualify as parties-in-interest, and the investments and certain investment activity presented in the accompanying financial statements are considered transactions with parties-in-interest according to the DOL guidelines; however, they are exempt from the prohibited transactions rules under ERISA. Direct fees paid by the Plan for recordkeeping activities were \$18,533 for the year ended December 31, 2021.

Certain participants of the Plan have outstanding notes receivable with the Plan at December 31, 2021 and 2020. These notes receivable are also considered party-in-interest transactions according to the DOL guidelines. Total outstanding notes receivable from participants at December 31, 2021 and 2020 were \$424,835 and \$321,777, respectively.

Note 8 – Risks and Uncertainties

Investments

In general, the investments provided by the Plan are exposed to various risks, including but not limited to, interest rate, credit default, and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for Plan benefits.

Note 9 - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to amend any or all provisions of the Plan as well as to discontinue its contributions or terminate the Plan at any time subject to the provisions of ERISA.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500
