INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants of
San Juan Capestrano 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of San Juan Capestrano 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, and Schedule of Delinquent Participant Contribution for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of San Juan Capestrano 401k Plan (the Plan). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

San Juan Capestrano 401k Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of the San Juan Capestrano 401K Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on July 1, 2012 as a defined contribution plan, covering all regular employees of San Juan Capestrano Hospital, Inc. (the Plan Sponsor), who have completed three months of service, as defined, and are age of twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 1081.01 of the Puerto Rico Internal Revenue Code (the Code).

Contributions

Each year, participants may contribute an amount of their compensation not exceeding the maximum deferral as specified by local law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, subject to the conditions and limitations set forth in the Plan agreement. The Plan Sponsor may make discretionary matching contributions. The Plan's Sponsor matches the 100% of contributions up to maximum of 2% of the participant's contribution.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of: (a) the Plan Sponsor's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

December 31, 2021 and 2020

Note 1 - Description of Plan – (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contributions portion of their accounts plus earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	25%
3	50%
4	75%
5	100%

Notwithstanding the above, all participants are fully vested on their contributions, upon attaining age 65.

Investments Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a money market fund as investment options for participants.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the plan during the one year period ending on the day before the loan is made, over the outstanding balance for loans from the plan on the date such loan is made; or 50% of the vested participant's account balance. The loans are secured by the balance in the participant's account and bear interest at prime rates at the time funds are borrowed. Principal and interest are paid ratably through monthly payroll deductions. Loan repayments may be scheduled for up to 60 months. Notes receivable from participants are valued at the outstanding loan balance.

Excess Participants Contribution

Participants may contribute excess contributions which will be reimbursed to the participants. Excess contributions are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant-directed contributions for the year.

Note 1 - Description of Plan – (continued)

Payment of Benefits

On termination of service due to death, disability, retirement and separation from service, a participant or the participant beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or periodic installments.

Forfeitures

Upon participant's termination or withdrawal from the Plan for any reason other than death, retirement or disability, the employer contributions on behalf of the participants not then vested are forfeited and will be used to reduce the Plan's administrative expenses or to reduce future Plan Sponsor contributions. The forfeitures account balance at December 31, 2021 and 2020 amounted to \$8,703 and \$11,592, respectively.

Administrative Expenses

Administrative expenses are paid by the Plan Sponsor, as provided in the Plan document.

Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting and Presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes to Financial Statements (continued)

December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies – (continued)

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Benefits Payable

The Plan accounts for benefits payable in accordance with the guidance provided by the *American Institute of Certified Public Accountants* (AICPA) Audit and Accounting Guide, *Audits of Employee Benefit Plans*. This guidance requires that benefits payable to persons who have withdrawn from participation in a defined contribution plan be disclosed in the notes to the financial statements rather than recorded as a liability of the Plan. At December 31, 2021 and 2020, there was no benefits payable.

Note 3 - Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of compliance permitted by Section 103(a)(3)(C) (for 2021) and 29 CFR 2520.103-8 (for 2020) of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan, Banco Popular de Puerto Rico (the Trustee), has certified as to the completeness and accuracy of all investment related information reflected in the accompanying financial statements of as December 31, 2021 and 2020, and for the year ended December 31, 2021 and the related notes to the financial statements, and the schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2021. The Trustee maintains all records, executes investment transactions, and holds all the assets of the Plan.

During 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$249,703.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820-10-35, *Fair Value Measurements and Disclosures*, establishes a framework, for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active market that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets.• Quoted prices for identical or similar assets or liabilities in inactive markets.• Inputs other than quoted prices that are observable for the asset or liability.• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

Note 4 - Fair Value Measurements – (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net assets value (NAV) of shares held by the Plan at the year end.

Money market: Fund is valued using amortized cost, which approximates fair value.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

Note 5 - Party-In-Interest Transactions

Plan investments are managed by Banco Popular of Puerto Rico, the Trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Note 6 - Non-discrimination test

The Plan did not comply with the discrimination test for the years ended December 31, 2021 and 2020. This test requires compliance with a determined percentage of contributions to the Plan as established in Section 1081.01 of the Code. The Plan Sponsor had the following alternatives to correct the non-compliance: additional employer contributions to non-highly compensated participants; or reimbursement to highly compensated participants of their excess contributions, which would result in reporting this reimbursement, as taxable income for the year in which the noncompliance takes place.

For the years ended December 31, 2021 and 2020, the Plan Sponsor elected to refund excess contributions to highly compensated employees amounting to \$4,190 and \$1,381, respectively. Excess contribution for the year 2020 was paid on October 14, 2021. The amount of the excess contribution for the year 2021 has not been paid as of the date that these financial statement were available to be issued.

Note 7 - Delinquent Participant Contributions

During the year ended December 31, 2021, the Plan Sponsor did not remit certain participant contributions to the Plan amounting to \$11,023 in a timely manner, as defined by ERISA. Delay in remitting contributions to the Trustee were due to unintentional administrative errors. As of December 31, 2021, the Plan has not entered in the voluntary fiduciary correction program for the 2021 transactions identified.

On September 20, 2021, the Plan corrected late participant contributions corresponding to the years ended December 31, 2014, 2015, 2016, 2017, 2018, and 2019 amounting to \$ 373,442 under the Voluntary Fiduciary Correction Program.

Note 8 - Tax Status

The Plan constitutes a qualified plan exempt from income taxes under the provision of Section 1081.01 of the Code, as amended.

San Juan Capestrano 401k Plan

Notes to Financial Statements (continued)

December 31, 2021 and 2020

Note 8 - Tax Status – (continued)

The Plan obtained a favorable determination letter on September 6, 2013 in which the Commonwealth of Puerto Rico tax authorities stated that the Plan, as then designed, was in compliance with the applicable requirements of Section 1081.01. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan and the related trust continue to be tax-exempt.

Note 9 - Coronavirus (COVID-19) Pandemic

In March 2020, the World Health Organization declared the coronavirus disease COVID-19 a global pandemic. This highly contagious disease has spread across the world and into Puerto Rico and has resulted in local government enforced business lockdowns and curfews on non-essential services, as well as other restrictions on social and business activities involving large numbers of individuals and/or participants. In addition, governments around the world have imposed similar restrictions affecting workforces, customers, and economies globally, which have resulted in significant volatility in the financial markets. Because of the uncertainties related to the effects of the COVID-19 pandemic in the world's economies and the resulting volatility in the financial markets, the ultimate impact of the pandemic on the Plan's financial statements cannot be reasonably estimated at this time.

In accordance with the provisions of Circular Letters No. 20-09 and No. 20-23 issued by the Puerto Rico Treasury Department on February 19, 2020 and March 29, 2020, respectively, they allow financial hardship in-service withdrawals of up to \$100,000 from the participants' vested balances, as special disaster distributions, to provide relief to participants for unexpected and/or incidental expenses incurred to cover basic living expenses due to the COVID-19 pandemic.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events through February 13, 2023, which is the date the financial statements were available to be issued. No events have occurred subsequent to the date of the statement of net assets available for benefit and through the date the financial statements were available to be issued, that would require additional adjustment to, or disclosure in, the financial statements.
