## Independent Auditor's Report

To the Trustee and Plan Administrator of  
360° Physical Therapy 401(k) Profit Sharing Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of 360° Physical Therapy 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets in liquidation available for benefits as of April 8, 2022 and December 31, 2021, and the related statement of changes in net assets in liquidation available for benefits for the period from January 1, 2022 through April 8, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 360° Physical Therapy 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 8, 2022 and December 31, 2021, and for the period from January 1, 2022 through April 8, 2022, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 360° Physical Therapy 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter – Terminating Plan and Liquidation Basis of Accounting***

As further discussed in *Note 1* and *Note 6* to the financial statements, the sole manager of 360° Physical Therapy LLC, the Plan's sponsor, voted on September 1, 2021 to terminate the Plan. As a result, the 360° Physical Therapy 401(k) Profit Sharing Plan changed its basis of accounting from the going-concern basis to the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 360° Physical Therapy 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 360° Physical Therapy 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 360° Physical Therapy 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Note 1 – Plan Description

The following description of the 360° Physical Therapy 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

#### **General:**

The Plan was a defined contribution plan originally effective January 1, 2018. The Plan excluded all leased employees, non-resident aliens and employees covered by a collective bargaining agreement. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee was responsible for the oversight of the Plan. The plan administrator determined the appropriateness of the Plan's investment offerings, monitored investment performance, and reported to the Trustee.

#### **Plan termination:**

Effective September 1, 2021, the Plan Sponsor approved a consent to terminate the Plan. All affected participants in the Plan were made 100% vested in all accounts. All Plan assets held by Plan participants were transferred out of the Plan at the direction of the Plan participants by April 8, 2022.

#### **Eligibility:**

The Plan was a defined contribution plan covering all qualified employees of 360° Physical Therapy LLC and 360 PT Management, LLC. These companies are related entities and are collectively referred to as "the Company." Employees were eligible to participate in the employee deferral and employer matching components of the Plan after completing three months of service, and could enroll on January 1<sup>st</sup> or July 1<sup>st</sup>. Participants were eligible for employer profit sharing contributions if they met the eligibility requirements above and had completed at least one hour of service during the Plan year.

#### **Contributions:**

Prior to the Plan's termination, the Plan included a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants were permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan, up to the maximum allowed by the IRC. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. The Company could, at its discretion, contribute a match, profit sharing, or non-elective contribution, as determined and authorized by the Company. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Effective August 31, 2021, the Plan no longer accepted any contributions.

Participants directed the investment of contributions into various investment options offered by the Plan. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

#### **Participant accounts:**

Each participant's account was credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings or losses. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided by the participant's vested account.

### Note 1 – Plan Description (Continued)

#### **Vesting:**

Participants were immediately vested in their voluntary contributions, plus actual earnings thereon. Prior to the Plan's termination, vesting in the Company's matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, was based on years of credited service. A participant was 20% vested after two years of credited service with an additional 20% vesting per year until the participant was 100% vested after six years of service. Notwithstanding the above, a participant was fully vested upon reaching normal retirement age, death, or permanent disability. All participants became 100% vested in all employer contributions, regardless of years of service, as of September 1, 2021.

#### **Notes receivable from participants:**

Prior to the Plan's termination, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes were secured by the balance in the participant's account and bore interest at the prime rate plus 1% as of the note execution date. Notes must have been repaid within five years and principal and interest were paid ratably through payroll deductions. All notes receivable from participants were offset during the plan year ended December 31, 2021.

#### **Payment of benefits:**

Prior to the Plan's termination, upon termination of service due to death, disability, or retirement, a participant could elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. For termination due to death or required minimum distributions, the participant could also elect to receive installments. The Plan allowed for in-service distributions if a participant reached age 59 ½ and hardship distributions subject to Plan provisions. If a participant terminated employment and the participant's account balance did not exceed \$1,000, the plan administrator could authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account was between \$1,000 and \$5,000, the Plan Sponsor could authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

#### **Forfeited accounts:**

Forfeited non-vested accounts may be used to reduce employer discretionary contributions or to pay plan expenses. During the period ended April 8, 2022 and the year ended December 31, 2021, forfeitures used to reduce employer discretionary contributions and pay plan expenses totaled \$4,878 and \$12,097, respectively. At April 8, 2022 and December 31, 2021, there were zero and \$4,878 of unallocated forfeitures, respectively.

### Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies follows:

#### **Basis of accounting:**

On September 1, 2021, the Plan Sponsor elected to terminate the Plan. As a result, the Plan changed its basis of accounting from the ongoing basis to the liquidation basis.

#### **Use of estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Note 2 – Summary of Significant Accounting Policies (Continued)

#### Investment valuation and income recognition:

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determined the Plan's valuation policies utilizing information provided by the custodian and investment advisors. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the period ended April 8, 2022.

#### Payment of benefits:

Benefits were recorded when paid.

#### Administrative expenses:

Certain administrative expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments were charged directly to the participant's account and are included in administrative expenses. Certain expenses incurred in connection with general administration of the investments of the Plan that were paid by the Plan were recorded as deductions in the accompanying statement of changes in net assets in liquidation available for benefits. Administrative expenses for the period ended April 8, 2022 consisted of recordkeeper, third-party administrator and custodial fees. Investment expenses paid by the Plan were included in net depreciation of fair value of investments in the accompanying statement of changes in net assets in liquidation available for benefits.

#### Subsequent events:

Plan management has evaluated subsequent events through February 3, 2023, which is the date the financial statements were available to be issued.

### Note 3 – Information Certified and Provided by the Custodian

John Hancock Life Insurance Company (John Hancock), the custodian of the Plan, has supplied the plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets in liquidation available for benefits as of April 8, 2022 and December 31, 2021, and the statement of changes in net assets in liquidation available for benefits for the period ended April 8, 2022.

### Note 4 – Fair Value Measurement

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# 360° Physical Therapy 401(k) Profit Sharing Plan

## Notes to Financial Statements

April 8, 2022

### Note 4 – Fair Value Measurement (Continued)

- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 8, 2022 and December 31, 2021.

*Pooled separate accounts:* Valued at the net asset value (NAV) or equivalent based on units of the pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. There were no unfunded commitments or redemption restrictions associated with these investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	\$ _____	\$ _____	\$ _____	\$ 2,075,786

\*In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at December 31, 2021.

The Plan had investments in various pooled separate accounts which invested in equity, fixed income, and target date funds. The objective of these investment vehicles invested in equity instruments was to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objectives of investment vehicles invested in fixed income was to provide investment results that approximated the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The objective of the investment vehicles invested in target date funds was to provide various levels of asset allocations which become more conservative over time so participants can stay with the same fund before and after selected retirement dates.

### Note 5 – Party-in-Interest Transactions

Certain Plan investments were managed by John Hancock, the custodian as defined by the Plan and, therefore, the investment transactions qualified as party-in-interest transactions. As described in *Note 2*, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions were party-in-interest transactions under ERISA.

### Note 6 – Plan Termination

On September 1, 2021, the Company was acquired through a stock sale by Physical Rehabilitation Network, LLC. As a result, the Plan Sponsor approved a consent to terminate the Plan as of September 1, 2021. Effective with the Plan's termination, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of status or years of vested service. Existing 360° Physical Therapy LLC and 360 PT Management, LLC employees who became employees of the acquiring company had the option to transfer their account and participant loan balances to the PRNPT 401(k) Plan upon the Plan's termination. Participants who still had balances in the Plan upon the liquidation of Plan assets had their account balances distributed in accordance with their written distribution instructions. For those participants who did not provide written distribution instruction, their balances were rolled over to an IRA for their benefit with Millennium Trust Company.

### Note 7 – Tax Status

The Plan adopted a non-standardized form of a volume submitter plan, which received an opinion letter dated March 31, 2014, from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter had been relied upon by the Plan. The plan administrator believed that the Plan was designed and operated in compliance with the applicable requirements of the IRC and that the Plan was qualified, and the related trust was tax-exempt, through the date of asset liquidation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods in progress.

### Note 8 – Risks and Uncertainties

The Plan invested in various investment securities which were exposed to various risks such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets in liquidation available for benefits.
