Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of **Harbor Retirement Associates, LLC 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Independent Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Independent Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and delinquent participant contributions as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HARBOR RETIREMENT ASSOCIATES, LLC 401(k) PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Harbor Retirement Associates, LLC 401(k) Plan* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of *Harbor Retirement Associates, LLC* (the "Company") who have completed one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Risks and Economic Uncertainties

The Plan invests in investments with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan's investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Contributions

Each year participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes 100% of each participant's contributions up to a maximum of 4% of their eligible compensation. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common collective trust as investment options for participants. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and an allocation of Plan earnings and charged with an allocation of administrative expenses, unless paid by the Company. Participants who initiate a benefit payment are charged a fee for that transaction. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

HARBOR RETIREMENT ASSOCIATES, LLC 401(k) PLAN

Notes to Financial Statements

Vesting

Participants are immediately vested in their 401(k) voluntary contributions, plus actual earnings thereon, and Company matching contributions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account balance is \$1,000 or less, payment will be made in an immediate lump-sum without the participant's consent. If the account balance is greater than \$1,000 but less than \$5,000, payment will be made to an individual retirement account at the trustee, or such other provider as the Company designates in accordance with Department of Labor ("DOL") guidelines, unless the participant requests a different disposition of his or her account balance within the applicable election period.

In-service withdrawals of vested balances may be elected by participants who have reached 59 ½ years of age. The Plan also permits withdrawals of active participants' elective contributions and rollover contributions, only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, accounting, and audit and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for recordkeeping and custodial services are generally paid by the Plan. In 2020 and a portion of 2021, the Company elected to pay the Plan's administrative expenses, except for those fees related to participant benefit payments. When the Plan was restated in 2021 (see Note 6), fees for custodial and recordkeeping services were then paid by the Plan. Participants are charged directly for fees related to certain distribution types, with such amounts reducing the amount paid to the participant.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

HARBOR RETIREMENT ASSOCIATES, LLC 401(k) PLAN

Notes to Financial Statements

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the contracts.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds, common collective trusts and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of such investments.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

HARBOR RETIREMENT ASSOCIATES, LLC 401(k) PLAN

Notes to Financial Statements

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2021, the most recent statement of net assets available for benefits presented herein, through February 15, 2023, the date these financial statements were available to be issued. No such significant events or transactions were identified other than the matters described in Note 8.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC ("Great-West Trust"), as trustee, and Mass Mutual, as administrative agent and attorney-in-fact for Talcott Resolution Life Insurance Company (formerly named Hartford Life Insurance Company) ("TRLIC"), trustee, have certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, (2) the December 31, 2021, schedule of assets (held at end of year), (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2021 and 2020, and (4) the information presented in Note 4.

During August 2021, the custodial agreement with Mass Mutual was terminated and remaining Plan assets held by Mass Mutual were either distributed to participants or transferred to Great-West Trust. Accordingly, the fully-benefit responsive investment contract with Mass Mutual was also terminated.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

HARBOR RETIREMENT ASSOCIATES, LLC 401(k) PLAN

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value (NAV) of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the collective trust, is classified as "other" and is not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12 month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: These investments are valued using the NAV of units held by the Plan at year-end as provided by the insurance company and are not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the account net of investment management fees. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

HARBOR RETIREMENT ASSOCIATES, LLC 401(k) PLAN

Notes to Financial Statements

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

2021	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 7,245,673	\$ -	\$ -	\$ -	7,245,673
Stable value common collective trust	-	-	-	2,654	2,654
Total investments at fair value	\$ 7,245,673	\$ -	\$ -	\$ 2,654	\$ 7,248,327
2020	Level 1	Level 2	Level 3	Other (1)	Total
Pooled separate accounts	\$ -	\$ -	\$ -	\$ 4,854,668	4,854,668

(1) Certain investments are measured at NAV per share (or its equivalent) on a non-active market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets into or out of Level 3 in 2021 and 2020.

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	2021			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice
Stable value common collective trust	\$ 2,654	\$ -	Daily	12 months
Investment Type	2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice
Pooled separate accounts	\$ 4,854,668	\$ -	Daily	Daily

HARBOR RETIREMENT ASSOCIATES, LLC 401(k) PLAN

Notes to Financial Statements

The following is a description of the investment strategies for investments in certain entities that calculate net asset value per share (or its equivalent) at December 31, 2021 and 2020:

Stable value common collective trust: These funds include investments that seek capital appreciation to provide a fixed income.

Pooled separate accounts: A portion of these funds include investments that seek to provide long-term capital growth, current income, capital appreciation or conservation of principal by investing primarily in the equity securities of small to large-sized companies, short-term investments using index funds, and stocks of companies contained in the S&P 500 and 600 stock indices and are perceived by the manager of the funds to have excellent growth potential and have the potential to pay dividends. Other funds seek to provide for retirement outcomes based on quantitatively measured risk and invests among a combination of equity, bond and money market funds. Certain other funds seek maximum long-term total return, consistent with reasonable risk and invest in the fixed income securities markets.

4. INVESTMENT CONTRACT WITH AN INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Talcott Resolution Life Insurance Company ("TRLIC"), the guaranteed investment contract issuer ("Issuer"), with a balance of \$1,692,903 at December 31, 2020. Mass Mutual, who administered the contract, maintained the contributions in a general account through August 23, 2021, the effective date of the transition of the Plan from MassMutual to Empower Retirement ("Empower"). The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate was based on a formula established by the Issuer but may not be less than 3%. The crediting rate was reviewed on an annual basis for resetting. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value was the relevant measure for the fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could direct the withdrawal or transfer of all or a portion of their investment at contract value through August 23, 2021, the effective date of the transition of the Plan from MassMutual to Empower.

The Plan's ability to receive amounts due was dependent on the Issuer's ability to meet their financial obligations. The Issuers' ability to meet its contractual obligations may have been affected by future economic and regulatory developments.

HARBOR RETIREMENT ASSOCIATES, LLC 401(k) PLAN

Notes to Financial Statements

Certain events might have limited the ability of the Plan to transact at contract value with the Issuers. Such events included:

- 1) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
- 2) Premature termination of the contracts.
- 3) Plan termination or merger.
- 4) Changes to the Plan's prohibition on competing investment options.
- 5) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

At no time did Plan management believe there were any events probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would have limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allowed the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. The following are only examples of such events.

- 1) An uncured violation of the Plan's investment guidelines.
- 2) A breach of material obligation under the contract.
- 3) A material misrepresentation.
- 4) A material amendment to the agreements without the consent of the issuer.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by MassMutual, the recordkeeper, and Talcott, the trustee, from January 1, 2020 through August 23, 2021 and, therefore, these transactions qualify as party-in-interest transactions. Certain Plan investments were managed by Empower Retirement (formerly MassMutual), the record keeper, and Great-West Trust, the trustee, effective August 23, 2021 and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to \$7,180 in 2021. There were no fees paid by the Plan for custodial and recordkeeping services in 2020. Fees paid by the Plan for investment management services are included as a reduction in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

6. TAX STATUS

On July 17, 2021, the Plan was amended and restated. Upon restatement, the Company's board of directors adopted the Great-West Trust Company Defined Contribution Pre-Approved Plan basic plan document. The plan document has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the written form of the plan document is qualified under Section 401 of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401 of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Notes to Financial Statements

Prior to the July 17, 2021 amendment and restatement, the Company's board of directors adopted the PDS Advantage Volume Submitter 401k Savings plan document. The Plan document received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document was qualified under Section 401(a) of the Code and that any employer adopting that form of the Plan would have been considered to have a plan qualified under Section 401(a) of the Code. The Plan was required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan was operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan was qualified, and the related trust was tax-exempt.

The Plan Administrator has considered the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. While the Plan may be subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS AND SUBSEQUENT EVENT

During 2021, the Company was untimely in remitting certain participant contributions in the amount of \$68,374. There were no untimely remittances in 2020. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Company remitted \$68,128 of the delinquent participant contributions, as well as the related Company matching contributions of \$47,870, in 2021. The Company will reimburse the Plan for lost earnings related to these 2021 contributions, and uncorrected 2019 contributions, in 2023. The Company remitted the remaining \$246 in delinquent 2021 participant contributions, and related Company matching contributions of \$121, in 2022, and reimbursed the Plan for lost earnings related to those contributions at that time. Additionally, the Company reimbursed the Plan for lost earnings related to 2018 delinquent contributions in 2021.
