INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
CSI International, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of CSI International, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements. ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of CSI International, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CSI International, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CSI International, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CSI International, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of CSI International, Inc. Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following brief description of the CSI International, Inc. Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a 401(k) plan (defined contribution plan) covering all eligible employees of CSI International, Inc. (the "Company"), who have completed one year of service during which at least 1,000 hours of service were performed and have attained the age of 21. The Plan was established effective January 1, 1998 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may contribute up to 15% of their compensation, subject to maximums established by the Internal Revenue Code. Tax deferred contributions were limited to a maximum of $19,500 in 2021. Certain participants (age 50 and older) can make an additional catch-up contribution. Catch-up contributions were limited to $6,500 in 2021. The Company makes annual contributions to the Plan equal to a percentage determined by the Company prior to the end of each plan year. The Company may also contribute an additional amount determined in its sole judgment. The Company made matching contributions of $36,178 and $36,008 to the Plan for the years ended December 31, 2021 and 2020, respectively. The Plan had rollover contributions of $111,445 and $-0-, for the years ended December 31, 2021 and 2020, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the employer contribution to the Plan, plan earnings, and forfeitures of terminated participants' nonvested accounts. Additionally, an allocation of plan expenses is deducted from each participant's account. Allocations are based on participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Plan Description (Continued)

Vesting

Participants' contributions and the earnings thereon are fully vested immediately.

Vesting in the Company's contributions portion of participant accounts, plus earnings thereon is as follows:

Years of Service	Percentage Vested
1	50%
2	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 30 years. The loans are secured by the balance in the participant's account and bear interest at a rate between 5.25% and 7.25% at December 31, 2021. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant or beneficiary may receive any amount to which he or she is entitled under the Plan in one or more of the following methods: (a) a lump sum distribution, (b) a lump sum distribution payable upon participant's death before normal retirement, (c) disability retirement, (d) hardship withdrawals prior to termination of employment, and (e) a distribution of the participant's account without terminating employment upon attainment of age 59 1/2.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled $-0- and $10,444, respectively. These accounts may be used to reduce future employer contributions. During 2021 and 2020, employer contributions were reduced by forfeited nonvested accounts of $6,089 and $-0-, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses in excess of the amounts recorded by the Plan are paid by the Company.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events and transactions through February 14, 2022, the date that the financial statements were available to be issued.

Note 3 - Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the plan administrator has obtained certification from Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company LLC ("Great-West")/Empower Retirement LLC, the trustee of the Plan, that the information pertaining to the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

On December 31, 2020, Empower Retirement LLC ("Empower Retirement") acquired the retirement business of MassMutual.

	2021	2020
Investments, at fair value:		
Pooled separate accounts	$ 3,833,761	$ 3,468,064
Investments, at contract value:		
MassMutual Guaranteed Fund	292,331	315,435
Total investments	$ 4,126,092	$ 3,783,499
Investment income:		
Net appreciation in fair value of investments	$ 543,636	$ 593,431
Interest and dividends	4,226	5,160
Net investment income	$ 547,862	$ 598,591

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Investment Contract with Insurance Company

In 2019, the Plan entered into a fully benefit-responsive investment contract (the "MassMutual Guaranteed Fund") with MassMutual Retirement Services ("MassMutual"). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As disclosed in Note 3, on December 31, 2020, Empower Retirement LLC ("Empower Retirement") acquired the retirement business of MassMutual. Following an initial transition period, Empower Retirement became the sole administrator of this business. As the Plan utilizes an insurance product and the contract was issued by MassMutual, this material is being provided by Great-West Life & Annuity Insurance Company, an affiliate of Empower Retirement, with respect to Empower Retirement's role as the administrator of this business, on MassMutual's behalf and pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by MassMutual.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based upon a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) temporary absence, (2) change in position or other occurrence qualifying as a temporary break in service under the Plan, (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer, or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 4 - Investment Contract with Insurance Company (Continued)

The MassMutual Guaranteed Fund, which is deemed to be fully benefit-responsive, is stated at contract value. The contract value of this investment at December 31, 2021 and 2020 was $292,331 and $315,435, respectively.

Note 5 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. It defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Plan's principal or most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date.

The fair value hierarchy generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability, and are to be developed based on the best information available in the circumstances.

The Plan determines the fair market value of its investment in securities based on the established fair value definition and hierarchy levels. The three levels within the hierarchy that may be used to measure fair value are:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs, including Level 1 prices that have been adjusted; quoted prices for similar assets or liabilities; quoted prices in markets that are less active than traded exchanges; and other inputs that are observable or can be substantially corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities.

Note 5 - Fair Value Measurements (Continued)

The lowest level of input that is a significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts:

The fair values of participation units held in pooled separate accounts are based on net asset values ("NAV") reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance requirements, and has redemption prices that are determined by the fund's net asset value per unit.

The preceding valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Fair Value Measurements (Continued)

The following tables set forth, by level, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2021 and 2020:

Investments in securities:

December 31, 2021	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Investments measured at NAV*:				
Pooled separate accounts*	$ 3,833,761	$ -	$ -	$ -
Total investments	$ 3,833,761	$ -	$ -	$ -

Investments in securities:

December 31, 2020	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Investments measured at NAV*:				
Pooled separate accounts*	$ 3,468,064	$ -	$ -	$ -
Total investments	$ 3,468,064	$ -	$ -	$ -

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan's investment in the pooled separate accounts consists of holdings in the following:

Capital World Growth and Income Fund seeks global growth with a dividend focus. The fund invests primarily in seasoned companies, including those paying consistent dividends and with attractive growth prospects, which historically has led to lower volatility and downside protection.

Note 5 - Fair Value Measurements (Continued)

Capital Income Builder Fund takes a globally diversified multi-asset approach to building income. The fund focuses on prudently generating a high and growing stream of income, which has historically led to equity-like returns and relatively less volatility than global markets. This flexible equity-income strategy uses a mix of stocks and bonds in pursuit of its income objective.

EuroPacific Growth Fund takes a diversified approach to international growth. Invests in attractively valued companies in developed and emerging markets that are positioned to benefit from innovation, global economic growth, increasing consumer demand or a turnaround in business conditions.

Fundamental Investors Fund takes a flexible approach to growth-and-income investing. With an emphasis on growth over income, the strategy seeks undervalued and overlooked opportunities, investing in companies with high-quality products and leading market shares with the underappreciated potential for growth in sales, earnings and dividends.

Global Bond Fund seeks to generate current income consistent with preservation of capital. The fund invests primarily in fixed-income securities, with no sector restrictions. This includes debt securities denominated in U.S. dollars or local currencies from both developed and emerging markets, as well as selective below investment-grade securities.

Global Opportunities Fund seeks long-term growth of capital. The fund takes a long-term investment strategy that focuses on absolute valuation in its stock selection to identify attractive opportunities in global equities – regardless of geography, market capitalization, style and sector.

Government Securities Fund seeks total return with an emphasis on current income, but also considering capital appreciation. The fund seeks to drive performance through sector rotation among various government securities, including: U.S. Treasuries, Ginnie Maes, Freddie Macs, Fannie Maes, and other U.S. agencies and instrumentalities.

Growth Fund of America takes a flexible approach to growth investing. The fund seeks opportunities in traditional growth stocks, as well as cyclical companies and turnaround situations with significant potential for growth of capital.

Note 5 - Fair Value Measurements (Continued)

Income Fund seeks to maximize current income; long-term capital appreciation is a secondary objective. The fund invests in a broad range of fixed income securities (0-8 years average duration).

Mid Cap Value Fund seeks capital appreciation. The fund focuses on high-quality companies with resilient business models, above-average returns, solid balance sheets and prudent capital deployment. The fund will also consider opportunistic investment ideas consisting of improvement potential opportunities and/or low market expectations.

Premier Global Fund seeks long-term growth of capital. The fund has a long-term investment strategy that seeks exposure to high-quality growth opportunities primarily in the global large-cap equity universe, across both developed and emerging markets.

Premier High Yield Fund seeks to achieve a high level of total return, with an emphasis on current income, by investing primarily in high yield debt and related securities.

RREEF Real Estate Securities Fund seeks long-term capital appreciation and current income. The fund invests in real estate investment trusts ("REITs"), which present a compelling opportunity to potentially capitalize on the real estate market.

Select Mid Cap Growth Fund seeks growth of capital over the long term. The fund invests primarily in equity securities of mid-capitalization companies. It normally invests at least 80% of its net assets in a broadly diversified portfolio of common stocks of mid-cap companies whose earnings are expected to grow at a faster rate than the average company.

Select Strategic Bond Fund seeks a superior total rate of return by investing in fixed income instruments. Under normal circumstances, the fund invests at least 80% of its net assets in U.S. dollar-denominated fixed income securities and other debt instruments of domestic and foreign entities, including corporate bonds, securities issued or guaranteed as to principal or interest by the U.S. government or its agencies or instrumentalities, mortgage-backed or asset-backed securities, and money market instruments.

Select Blue Chip Growth Fund seeks growth of capital over the long term. The fund invests at least 80% of its net assets in the common stocks of large-sized and medium-sized blue chip growth companies. Equity securities may include common stocks, preferred stocks, securities convertible into common or preferred stock, rights, and warrants.

Note 5 - Fair Value Measurements (Continued)

Select Small Cap Growth Fund seeks long-term capital appreciation. The fund invests primarily in equity securities of smaller companies that it believes offer potential for long-term growth. It normally invests at least 80% of its net assets in the securities of companies whose market capitalizations at the time of purchase are within the market capitalization range of companies included in the Russell 2000 Index or the S&P Small Cap 600 Index. While most assets typically will be invested in common stocks of U.S. companies, the fund also may invest up to 20% of its total assets in foreign securities, including emerging market securities.

Small Cap Value Fund seeks long-term total return by investing at least 80% of its net assets in investments of small-capitalization companies, which are those with market capitalizations not exceeding either the highest market capitalization of the Russell 2000 Index or the 12-month average of the highest market capitalization in the Russell 2000 Index, whichever is greater at the time of purchase.

Washington Mutual Investors Fund takes a disciplined approach to growth-and-income investing. The fund uses strict eligibility criteria to screen for companies across a broad array of industries with strong balance sheets and consistent dividends. The fund seeks to be fully invested and avoids companies that primarily derive revenue from alcohol or tobacco products.

MSCI EAFE International Index Fund seeks to provide investment results approximating (before fees and expenses) the aggregate price and dividend performance of the securities included in the MSCI EAFE Index. Under normal circumstances, the fund invests at least 80% (and, typically, substantially all) of its net assets in the equity securities of companies included in the MSCI EAFE Index, in weightings that approximate the relative composition of the securities contained in that index, and in MSCI EAFE Index future contracts. The index is a widely recognized, unmanaged index representative of equity securities in developed markets, excluding the U.S. and Canada.

Select 80/20 Allocation Fund seeks to achieve as high a total return over time as is considered consistent with prudent investment risk, preservation of capital, and recognition of the fund's stated asset allocation. The fund seeks to achieve its investment objective by investing in a combination of domestic and international mutual funds using an asset allocation strategy.

Note 5 - Fair Value Measurements (Continued)

Russell 2000 Small Cap Index Fund seeks to provide investment results approximating (before fees and expenses) the aggregate price and dividend performance of the securities included in the Russell 2000 Index. Under normal circumstances, the fund invests at least 80% (and, typically, substantially all) of its net assets in the equity securities of companies included in the Russell 2000 Index, in weightings that approximate the relative composition of the securities contained in that index, and in Russell 2000 Index future contracts. The index is a widely recognized, unmanaged index representative of common stocks of smaller capitalized U.S. companies.

S&P 500 Index Fund seeks to approximate as closely as practicable (before fees and expenses) the capitalization-weighted total rate of return of that portion of the U.S. market for publicly-traded common stocks, composed of larger-capitalized companies. Under normal circumstances, the fund invests at least 80% (and, typically, substantially all) of its net assets in the equity securities of companies included within the S&P 500 Index. The index is a widely recognized, unmanaged index representative of common stocks of larger capitalized U.S. companies.

S&P Mid Cap Index Fund seeks to provide investment results approximating (before fees and expenses) the aggregate price and dividend performance of the securities included in the Standard & Poor's 400 Index. Under normal circumstances, the fund invests at least 80% (and, typically, substantially all) of its net assets in the equity securities of companies included in the S&P MidCap 400 Index, in weightings that approximate the relative composition of the securities contained in that index, and in S&P MidCap 400 Index future contracts. The index is a widely recognized, unmanaged index representative of common stocks of mid-capitalized U.S. companies.

Select T. Rowe Price Retirement 2025 Fund seeks the highest total return over time consistent with an emphasis on both capital growth and income. The fund is a "fund of funds" and pursues its objective by investing in a diversified portfolio of other stock and bond series of both the MassMutual Select Funds and T. Rowe Price Funds that represent various asset classes and sectors. The fund is primarily designed for an investor who anticipates retiring at or about the target date and who plans to withdraw the value of the account in the fund gradually after retirement. At the target date, the fund's allocation to stocks is anticipated to be approximately 55% of its assets. The fund's exposure to stocks will continue to decline until approximately 30 years after its target date, when its allocation to stocks will remain fixed at approximately 20% of its assets and the remainder will be invested in bonds.

Note 5 - Fair Value Measurements (Continued)

Select T. Rowe Price Retirement 2030 Fund seeks the highest total return over time consistent with an emphasis on both capital growth and income. The fund is a "fund of funds" and pursues its objective by investing in a diversified portfolio of other stock and bond series of both the MassMutual Select Funds and T. Rowe Price Funds that represent various asset classes and sectors. The Fund is intended for retired investors who seek income and relative stability from bonds along with some capital appreciation potential from stocks. The Fund's "neutral allocations", which are what T. Rowe Price considers broadly appropriate for investors during their retirement years, are 40% stock funds and 60% bond funds.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, or the Plan and Trust, by delivering to the plan administrator and the trustee written notice of such termination, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 7 - Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated May 28, 2002, that the Plan and related Trust are designed in accordance with Section 401(a) of the Internal Revenue Code (the "IRC"). Accordingly, the Plan is exempt from federal income taxation under Section 501(c). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Employee benefit plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan. During 2014, the Plan underwent an audit by the IRS for the year ended December 31, 2013. The audit was completed and the Plan received a "no change letter" from the IRS. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Related Party Transactions

For the years ended December 31, 2021 and 2020, certain plan investments are shares of pooled separate accounts managed by Great-West/Empower Retirement. Great-West/Empower Retirement is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
