THE ROSEDALE GROUP, INC., 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2020 AND 2019

Note 1: Description of Plan

The following description of The Rosedale Group, Inc., 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General-

The Plan is a defined contribution retirement plan covering all full-time employees of The Rosedale Group, Inc., and its subsidiaries ("Company") who have completed two months of service. The Plan is subject to the Employment Retirement Income Security Act of 1974 (ERISA).

Contributions-

Each year, participants may contribute up to 100 percent of pretax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may choose to match employee contributions at its discretion. Effective September 1, 2015, the Company began matching employee contributions at a rate of 25% of the employee contribution up to a maximum of 1.5%. The Company may also make discretionary contributions that are not tied to employee contributions.

Participant Accounts-

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution (if any), Plan earnings, and forfeitures of terminated participants' non-vested accounts. Each participant's account may be charged a small administrative fee each year. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting-

Participants are immediately vested in their elective contributions plus actual earnings thereon. Participants are vested in the company contributions and earnings thereon after six years of continuous service.

Investment Options-

Participants self-direct their elective and company contributions by choosing from among multiple diverse investment options. Employees may choose any combination of the options, which cover a broad spectrum of investment vehicles. All of the investment options are widely-recognized mutual funds provided to the retirement market. Participants may change these investment options by contacting the Company or American Funds.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2020 AND 2019

Note 1: Description of Plan (Continued)

Participant Loans (Notes Receivable)-

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50 percent vested interest in their account balances. These loans are secured by the balance of the participants' account and bear interest at prevailing rates and remain fixed for the life of the loan. Principal and interest is payable ratably through payroll deductions over periods ranging from five to ten years from the date of the loan.

Payment of Benefits-

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the participant's life expectancy. For termination of service due to other reasons, a participant with a vested account balance less than \$5,000 will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. A participant with a vested account balance greater than \$5,000 may elect a lump-sum distribution or leave the account open until retirement and receive annual installments over a period not to exceed the participant's life expectancy or over a period not to exceed the joint and last survivor expectancy of the participant and the designated beneficiary.

Forfeited Accounts-

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$0 and \$26,725, respectively. These amounts may be used to reduce the employer's matching contribution.

Automatic Enrollment-

Effective September 1, 2015, the Plan was amended to include an automatic enrollment feature for all employees. Upon completion of two months service, employees are automatically enrolled at 3% of compensation at the beginning of the following month unless the employee signs a form opting to not participate.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting-

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates-

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

THE ROSEDALE GROUP, INC., 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2020 AND 2019

Note 2: Summary of Significant Accounting Policies

Notes Receivable from Participants-

Loans to Participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation-

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits-

Benefits are recorded when paid.

Administrative Expenses-

The majority of the accounting and administrative fees attributable to the Plan are paid by the Plans sponsor. Participants may be charged directly for loan or redemption fees.

Change in Presentation-

The fund amounts presented in the Financial Statements for the year ended December 31, 2019, are shown in a different format to conform with presentations for the year ended December 31, 2020.

Subsequent Events-

Subsequent events have been evaluated through August 25, 2021, which is the date the financial statements were available to be issued.

Note 3: Tax Status

The Plan operates under a Regional Prototype Plan administered by CPH Pension Administrators of Chattanooga, Tennessee. Consequently, no determination letter has been issued for the Plan. However, the Plan Administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

THE ROSEDALE GROUP, INC., 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2020 AND 2019

Note 4: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets

Quoted prices for identical or similar assets or liabilities in inactive markets

Inputs other than quoted prices that are observable for the asset or liability

Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.
