To the Plan Administrator
Skills of Central Pennsylvania, Inc.
401(k) Retirement Plan
State College, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements Skills of Central Pennsylvania, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 194 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of April 11, 2022 (Date of Merger), and the related statement of changes in net assets available for benefits for the period January 1, 2022 through April 11, 2022 (Date of Merger), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period January 1, 2022 through April 11, 2022 (Date of Merger), stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Skills of Central Pennsylvania 401(k) Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt Skills of Central Pennsylvania, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103 (a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Skills of Central Pennsylvania, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Skills of Central Pennsylvania, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of April 11, 2022 (Date of Merger) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SKILLS OF CENTRAL PENNSYLVANIA, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
APRIL 11, 2022 (DATE OF MERGER) AND DECEMBER 30, 2021

NOTE 1 PLAN DESCRIPTION

The following description of the Skills of Central Pennsylvania, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Skills of Central Pennsylvania, Inc. (Organization) except for certain classes of employees as defined in the Plan Document. Employees are eligible for initial entry upon the attainment of the age of eighteen (18) and the completion of six (6) months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger into the FNB Retirement Success Pooled Employer Plan

Effective April 11, 2022, the Skills of Central Pennsylvania, Inc. 401(k) Retirement Plan merged into the FNB Retirement Success Pooled Employer Plan. As a result, the Skills of Central Pennsylvania, Inc. 401(k) Retirement Plan assets and participant accounts in the amount of \$24,562,380 were transferred from this plan into the FNB Retirement Success Pooled Employer Plan and the Plan Sponsor became a participating employer in a new pooled plan sponsored by Minnesota Life Insurance Company – a Securian Financial Company.

Contributions

Each year, participants may contribute up to the maximum percentage allowable of pretax annual compensation, as defined in the Plan, not to exceed certain IRS limits. Upon reaching eligible status, participants become automatically enrolled in the Plan and one percent (1%) of pretax annual compensation is withheld from the participant's eligible compensation. The Plan also contains a provision for a discretionary matching contribution which is equal to a discretionary percentage, to be determined by the Organization, of the participant's elective deferrals. The matching contribution was sixty-five percent (65%) of the participant's elective deferral, not to exceed six percent (6%) of the participant's annual compensation for the period January 1, 2022 through April 11, 2022 (Date of Transfer). In addition, the Organization may make a discretionary profit sharing contribution to the Plan at the discretion of the Board of Directors. The discretionary contributions are allocated to participants based on the percentage of the participant's contribution divided by total employee contributions. The discretionary contribution is subject to certain limits. For the the period January 1, 2022 through April 11, 2022 (Date of Transfer), there were no discretionary contributions to the Plan. Contributions to the Plan are recorded in the period that payroll deductions are made from participants. Organization contributions, including the discretionary contribution, are accrued based upon the period those contributions relate to.

Effective January 1, 2016, the Plan modified the conditions regarding eligibility for the profit sharing contribution. In order to share in the profit sharing contribution for a plan year, the following conditions must be met: a) if employed on the last day of the plan year, employee will share if a year of service was completed during the plan year; b) if terminated (not employed on the last day of the plan year), employee will not share regardless of service completed during the plan year; and c) employee will share in profit sharing contribution regardless of the amount of service completed during the plan year in the year of death, disability or termination of employment after normal retirement age.

Participants who have attained age fifty (50) by the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Participants may direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, common collective trust funds, registered investment companies, as well as an investment contract with an insurance company as investment options.

Participant's Accounts

Each participant's account is credited with (a) the participant's contribution and related employer matching contribution, (b) an allocation of the Organization's discretionary profit sharing contribution, (c) investment earnings, and (d) charged administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always fully vested in their voluntary contributions, rollover contributions, and any earnings thereon. Vesting in the remainder of their account is earned in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Regardless of the number of years of service, a participant's account balance becomes fully vested when the participant retires, becomes permanently disabled, or dies.

Forfeitures

Forfeitures of terminated participants nonvested accounts are used to pay administrative expenses or offset contributions paid by the Organization. Cumulative forfeited non-vested accounts of \$-- and \$1,083 remained unallocated as of April 11, 2022 (Date of Transfer) and December 31, 2021, respectively.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump sum distribution or an annuity. Participants with account balances of less than \$5,000 upon termination will automatically receive a lump sum distribution. Upon reaching age 59 ½, participants may elect to receive in-service withdrawals. The Plan also maintains a provision for hardship withdrawals.

Participant Loans

Participant loans are not permitted under the terms of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a collective investment trust that invests in a variety of fully benefit-responsive investment contracts. Since the investment contracts are indirectly owned by the plan fair value is the appropriate measure.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan or the Organization.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy establishes three (3) levels of inputs that may be used to measure fair value:

Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 11, 2022 and December 31, 2021.

Pooled separate accounts: The value of the pooled separate accounts are expressed in units as determined by dividing the value of the entire account by the total number of units in the plan account. Valued at the respective fair value of the underlying assets, which are principally marketable equity and fixed income securities. One pooled separate account invests mainly in commercial real estate which is stated at fair value as determined by an independent third party appraiser.

Common collective trust funds: The fair value of the investments in the common collective trust is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of the shares held by the Plan at year-end.

Registered Investment Companies: Valued at the net asset value (“NAV”) of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2021. There were no investments held by the plan as of April 11, 2022 (Date of Transfer).

As of December 31, 2021 –

Registered Investment Companies	\$ 4,535,565	\$ ---	\$ ---	\$ 4,535,565
Total Investments in the Fair Value Hierarchy	4,535,565	---	---	4,535,565
Common Collective Trust Funds measured at Net Asset Value (a)				19,489,506
Pooled Separate Accounts Measured at Net Asset Value(a)				3,625,229
Total Investments at Fair Value				<u>\$ 27,650,300</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Investments Whose Fair Value is Calculated Using Net Asset Value Per Share

The following table sets forth additional disclosures for the investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2021. There were no investments held by the plan as of April 11, 2022 (Date of Transfer). The disclosures describe the nature and risks associated with such investments as well as whether it's probable those investments will be sold at amounts different from their reported net asset value per share based on redemption restrictions, if any.

*Certain pooled separate accounts contain restrictions which limit the number of times participants can transfer within a set period of time, usually between thirty (30) and ninety (90) days.

NOTE 4 PRINCIPAL STABLE VALUE FUND

The Plan invests in a fully benefit-responsive stable asset fund called the Principal Stable Value Fund ("Stable Value Fund") which is offered by the Principal Global Investors Trust Company. Principal Global Investors Trust Company is trustee and investment manager for the Fund. The objective of the Stable Value Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. These objectives are achieved by investing primarily in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents.

It is intended that the Stable Value Fund's investment contracts will maintain a minimum weighted average credit quality rating of A or better. The underlying fixed income securities must be rated investment grade and meet issuer diversification guidelines. The duration of investments in the Stable Value Fund will not exceed four (4) years.

The contributions to this fund are maintained in a trust. The trust is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. The Trustee determines the net asset value at the contract value, which approximates fair value, of the Fund each business day (valuation date) by dividing total assets less liabilities by the number of outstanding units. Individual assets of the synthetic investment contracts include domestic and foreign fixed income securities and investments in insurance company commingled accounts or collective investment trusts. No distributions are made to unitholders as net investment income is reinvested into the Fund in accordance with the Fund's investment objectives. Unitholder transactions may be processed daily by the Fund at the current net asset value at contract value and are considered as made immediately after the daily valuation. Withdrawals from the Fund for benefit payments and participant transfers to noncompeting options to be paid to plan participants shall be made within thirty (30) days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the Trustee's approval. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve (12) month advance written notice.

Market value events may limit the ability of the Stable Value Fund to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation and lead to any material adverse effect on the operations of the Stable Value Fund and a financial effect on the investment contract or wrap issuer's interest hereunder. Such events may include but are not limited to: Fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Fund, transfers to competing options without meeting the equity wash provisions of the Fund, and plan sponsor withdrawals without the appropriate notice to the Fund and /or issuer. In the normal course of business, such events or conditions would not limit the ability of the Stable Value Fund to transact at contract value with the participants. The Stable Value Fund is managed to maintain a certain amount of liquidity to provide for the day to day liquidity needs of participants as well as the occasional market value event.

The underlying investment contracts of the Stable Value Fund are typically issued with a fixed crediting rate and a fixed maturity date that does not change over the life of the contract. Crediting rates on wrap contracts typically reset on a monthly or quarterly basis as negotiated with the wrap issuer and wrap contracts do not have a final stated maturity date. The wrap contracts in this Fund are predominately reset on a monthly basis with a one month look back for the portfolio statistics. The wrap contract issuer guarantees a minimum 0% crediting rate; however, a wrap does not absorb any loss for credit defaults in an underlying portfolio. A number of factors can influence future crediting rates, which may include but are not limited to: portfolio cash flows, underlying portfolio performance, current market interest rates for reinvestment, duration posture, change in credit ratings, default or bankruptcy by an asset or wrap issuer, the unexpected receipt of principal and interest payments, extraordinary withdrawals and certain wrap contract terms, including wrap fees.

NOTE 5 INCOME TAX STATUS

Effective January 1, 2015, the Plan adopted a volume submitter profit sharing plan sponsored by Principal Life Insurance Company. The volume submitter plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2020.

NOTE 6 RELIANCE ON INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the Statements of Net Assets Available for Benefits as of April 11, 2022 (Date of Merger) and December 31, 2021.
- Investment income shown in the Statement of Changes in Net Assets Available for Benefits for the period January 1, 2022 through April 11, 2022 (Date of Merger).
- Investment information included in the Schedule of Assets (Held at End of Year) as of April 11, 2022 (Date of Merger), as shown on the ERISA required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA required supplemental schedule

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Principal Life Insurance Company, the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE 9 SUBSEQUENT EVENT EVALUATION

Subsequent events were considered through February 13, 2023, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
