Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Plan Administrator and Trustees of
Atlantic Coast Automotive, Inc. 401(k) Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Atlantic Coast Automotive, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, are presented for purposes of additional analysis are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Atlantic Coast Automotive, Inc. 401(K) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Atlantic Coast Automotive, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Adoption Agreement and Summary Plan Description, for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on January 1, 2010. On July 28, 2021, the Plan was amended and restated to conform to certain Internal Revenue Service (“IRS”) regulatory requirements. The Plan covers substantially all employees of Atlantic Coast Automotive, Inc. (the “Employer”) who have at least six months of service and are age 18 or older. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan also includes employees of the following related entities: Aventura CJ, LLC dba Aventura Chrysler Jeep Dodge Ram; Cape Coral CDJR, LLC; Ellicott AMD N, LLC; Hollywood Chrysler Plymouth, Inc.; John Sisson Motors, Washington APA NMB, LLC; Kendall Lakes Automotive, LLC; Miami Lakes AM, LLC; Atlantic VA AG, LLC; Greenbrier AVA BKG, LLC; Greenbrier AVA C, LLC; Greenbrier AVA Collision, LLC; Greenbrier AVA V, LLC; Pierce AFL VF, LLC dba Sunrise Volkswagen of Fort Pierce; Adamsburg APA F, LLC; Castle Shannon APA F, LLC; North Huntington APA M, LLC; North Huntington APA S, LLC; Lake Worth AFL, LLC; Roanoke AVA AM, LLC; Star City Tire & Battery, LLC.

Contributions

Participants may elect to contribute to the plan a portion of their eligible compensation, as defined by the Plan, subject to IRS limitations. Each year, participants may contribute up to 100% of annual compensation on a pre-tax basis and/or an aftertax (roth) basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions, which are amounts representing distributions from other qualified benefit plans. The Plan has an automatic enrollment feature that newly eligible employees that do not affirmatively elect to contribute or not to contribute to the Plan will be automatically enrolled in the Plan at a deferral rate of 2%.

The Employer may elect to make discretionary matching and discretionary non-elective contributions. Employer discretionary non-elective contributions are allocated to participants employed on the last day of the Plan year in the same ratio as each participant’s eligible compensation for the Plan year bears to the total eligible compensation for all participants for the Plan year. Employer discretionary matching contributions are allocated as of the last day of the Plan year to the account of each participant who elects to have deferred cash contributions made under the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, an allocation of the Employer’s contribution, if applicable, and Plan earnings thereon, and charged with benefit payments and allocation of the Plan’s losses and administrative expenses. Plan earnings and losses are allocated based on account balances while contributions are credited based upon elective deferrals and compensation, as defined. Administrative expenses for participant requested transactions are charged directly to the accounts of the participants who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Atlantic Coast Automotive, Inc. 401(K) Plan

Notes to Financial Statements

Investment Options

A participant may direct their contributions into any of several investment options including pooled separate accounts. Participants may change their investment options at their discretion.

Vesting

Participants are immediately vested in their voluntary contributions (elective deferral and rollover accounts). When the Employer elects to make discretionary contributions, that portion of the participant's account balance becomes 100% vested after 7 years of credited service in accordance with the schedule presented below. A participant will also be fully vested upon death or disability or attainment of normal retirement age, as defined.

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
3	20%
4	40%
5	60%
6	80%
7	100%

Forfeitures

Forfeitures of terminated participants' nonvested accounts can be used to pay Plan expenses and then to reduce the Employer's matching contribution. Forfeitures are created when participants terminate employment before becoming entitled to their full benefit under the vesting provisions of the Plan. Forfeited nonvested accounts totaled \$5,323 and \$810 as of December 31, 2021 and 2020, respectively. There were no forfeitures applied to plan expenses or Employer contributions during the year ended December 31, 2021.

Payment of Benefits

On termination of service due to death, disability or normal retirement, a participant will receive a lump-sum amount equal to the vested portion of the participant's account. In-service withdrawals are permitted from pre-tax contributions account balances for participants after attainment of normal retirement or upon demonstration of financial hardship. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. Upon termination, account balances that do not exceed \$5,000 are automatically distributed. A participant may withdraw all or part of the value of his or her after-tax Roth or rollover contributions account at any time.

Notes Receivable from Participants

A participant may borrow from the Plan at a minimum of \$1,000, an aggregate amount not to exceed the lesser of: (a) \$50,000 or (b) 50% of the participant's vested account balance. Interest on participant loans is based on comparable market rates. Participants may only have one outstanding loans at any given time. Loan terms range from one to five years or fifteen years for loans used for the purchase of a primary residence. The notes are secured by the vested balance in the participant's

Atlantic Coast Automotive, Inc. 401(K) Plan

Notes to Financial Statements

account and principal and interest are paid according to the note agreements through payroll deductions. Interest rates on the participant loans are set at the prime rate in effect on the first day of the quarter in which the loan is made plus two percent. Interest rates range from 4.25% to 6.75% and 4.50% to 6.75% as of December 31, 2021, and 2020, respectively.

Administrative Expenses

The Employer absorbs a significant part of the administrative costs for the Plan, including professional fees for accounting, auditing and Plan administration, contract charges and servicing fees. Administrative fees paid by the Employer are excluded from these financial statements. Participant requested transaction fees such as loan origination and distribution fees and plan advisory fees are paid by the participants of the Plan. Investment management fees charged to the Plan are deducted from income earned and are reflected as a component of net appreciation (depreciation) in the fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Atlantic Coast Automotive, Inc. 401(K) Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in the fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the FASB ASC are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used during the years ended December 31, 2021 and 2020.

Pooled separate accounts: The Plan's pooled separate accounts purchase specific mutual funds at the direction of variable annuity contract owners (i.e., Unit Investment Trusts ("UIT") separate accounts). Assets within the UIT separate accounts are valued at the net asset value ("NAV") as reported by the UIT separate accounts based on the fair value of the underlying investments. The NAV per share is used as a practical expedient to estimate the fair value of a pooled separate account. There are no unfunded commitments or redemption restrictions. Investment strategies of these investments are to offer differing types of alternative platforms with differing levels of risk to the Plan and are described as follows:

(a) Bond funds: These funds seek a high level of current income.

(b) Asset allocation funds: These funds seek high total return through their target retirement dates.

(c) Aggressive growth funds: These funds seek long-term growth of capital.

(d) Growth funds: These funds seek growth of capital and track the performance of a benchmark index that measures the investment return of large-capitalization growth stocks.

(e) Growth and income funds: This fund seeks to provide high total investment return.

(f) Conservative funds: This fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

Notes to Financial Statements

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value hierarchy tables are not presented for investments measured at fair value on a recurring basis given that all investments at fair value are measured at NAV as the practical expedient.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

7. Party-In-Interest Transactions

John Hancock Life Insurance Company served as the custodian and record-keeper of the Plan, and as such, fees and expenses paid to the custodian qualify as party-in-interest transactions. The AimPoint Group serves as the third-party administrator of the Plan, and as such, fees paid for services qualify as party-in-interest transactions. Merrill Lynch FAS and Merrill Lynch EPS serve as the advisors of the Plan, and as such, fees paid for services qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts and qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. See Note 9 for a discussion on non-exempt party-in-interest transactions.

8. Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan of John Hancock Life Insurance Company, which had obtained a favorable IRS opinion letter as of March 31, 2014. On July 28, 2021, the Plan adopted the current non-standardized pre-approved profit-sharing plan of John Hancock Life Insurance Company, which has obtained a favorable IRS opinion letter as of June 30, 2020. For both pre-approved plans, the IRS stated that the form of the underlying non-standardized plans was acceptable under provisions of the Internal Revenue Code (IRC) and that any employer adopting this form of the Plan will be considered to have a plan qualified under the IRC.

Atlantic Coast Automotive, Inc. 401(K) Plan

Notes to Financial Statements

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Prohibited Transactions

During the year ended December 31, 2021 and 2020, there were employee withholdings in the amount of \$156,639 and \$135,798, that were not remitted to the Plan within the appropriate time period by the Employer in accordance with Department of Labor (“DOL”) regulations. These transactions constitute prohibited transactions as defined by ERISA. The Employer took the appropriate steps to partially correct the delinquent participant contributions in February 2022 through the voluntary fiduciary correction program (“VFCP”). The Employer is in the process of taking the appropriate steps to correct the remaining delinquent participant contributions and intends to file with the VFCP. The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Employer’s general assets. Failure to remit participant contributions to the Plan in a timely manner result in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Plan. The accompanying supplemental Schedule of Delinquent Participant Contributions presents the prohibited transactions of the Plan.

10. Subsequent Events

The Plan has evaluated subsequent events through February 10, 2023, which is the date the financial statements were available to be issued.
