INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
DLH Holdings Corp. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of DLH Holdings Corp 401(k) Plan (the "Plan"), an employee benefit Plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the DLH Holdings Corp 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the DLH Holdings Corp 401(k) Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DLH Holdings Corp 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the DLH Holdings Corp 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, schedule H, part IV, line 4a - schedule of delinquent participant contributions for the year ended December 31, 2021 and schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the DLH Holdings Corp 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient and appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DLH Holdings Corp. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following description of DLH Holdings Corp. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document and summary for a more complete description of the Plan’s provisions.

General

The Plan was adopted and became effective January 1, 1996, and has been amended from time to time to qualify under Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is designed to provide retirement benefits to qualifying employees of DLH Holdings Corp. (the “Company”). The Plan is a defined contribution Plan to which participants who have attained the age of twenty-one can make contributions to an account held in the participant’s name. The entry date into the Plan is the first day of the month following employment. The retirement benefits the participant receives depends upon their investment selection and upon the investment performance of the amounts that are in their accounts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2021, the Plan changed plan custodian from Principal Trust Company (“Principal”) to Fidelity Management Trust Company (“Fidelity”). At this time, substantially all Plan assets were transferred from Principal to Fidelity.

During 2021, assets from the Social and Scientific Systems, Inc. Profit Sharing/Section 401(k) Plan and the Irving Burton Associates 401(k) Plan were transferred into the DLH 401(k) Plan. Total assets transferred in amounted to \$97,776,163.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Annual contributions are subject to certain limitations set by the Internal Revenue Service (“IRS”). Participants direct the investment of their contributions into various options offered by the Plan.

The Plan provides for three types of employer contributions. *Employer Matching Contributions:* The Company may elect, at the discretion of the Board of Directors, to contribute 100% of employee elective deferral contributions, limited to 4% of eligible compensation. Any matching Company contribution is invested in the portfolio of investments as previously determined by the participants. *Wage Rate Contributions:* The Company will also make wage rate contributions which are equal to the fringe benefit amount determined according to the prevailing rate schedule for each person reduced by contributions made to other plans that count towards the fringe rate stated in the prevailing rate schedule. *Discretionary Profit-Sharing Contributions:* The Company may elect to make a discretionary contribution of profit-sharing amounts at the approval of the Board of Directors; however, no such profit-sharing contributions were made for 2021.

For the year ended December 31, 2021, Company contributions consisting of employer matching contributions and wage rate contributions, net of forfeitures applied, were \$2,453,351.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of: (a) the Company’s contribution and (b) Plan earnings (losses), and (c) an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

DLH Holdings Corp. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Investment Options

All contributions are deposited in various investment funds administered and managed by Principal. Each participant makes the selection as to what portion, in increments of 1%, of their investment is allocated among the funds. The general investment policy for the funds is established by the Plan's trustee.

Vesting

A participant's interest in his/her deferral, wage rate contributions, and the investment earnings (losses) thereon, under the Plan, is at all times fully vested and non-forfeitable.

Multiple vesting schedules apply to various classifications of participants and various employer-sourced contributions. Participants should refer to the Plan document for a more detailed explanation of the vesting provisions.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and a maximum of 50% of their vested account not to exceed \$50,000. Participants may repay the note through payroll deductions and may extend payments over a five-year period. If purchasing a home, participants may extend payments over a 15-year period. The interest rate on the notes receivable will be equal to the prime rate plus 1%, as disclosed in the *Wall Street Journal*. The loans bear interest ranging from 4.25% to 7.50%. Principal and interest repayments are credited to the participant's account in the Plan.

Forfeitures

Participants who terminate employment before becoming fully vested will forfeit the non-vested portion of their matching account balances unless they resume employment before incurring a five-year break in service. Forfeitures may be used to pay Plan expenses or reduce Company contributions. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$359,838 and \$-0-, respectively.

Cash – Deposit in Transit

In December 2020, the Plan changed investment custodians and transferred substantially all Plan assets from Principal Trust Company to Fidelity Management Trust Company. As a result, \$26,232,094 of Plan assets are reported as cash in transit as of December 31, 2020. In early 2021, the funds were allocated to various investments in accordance with participant instructions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities, and additions and deductions to net assets available for benefits at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

DLH Holdings Corp. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

The Plan adheres to the provisions described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 962. This guidance clarifies the definition of fully benefit-responsive investment contracts for defined contribution Plan's along with the financial statement presentation and disclosure of such contracts. In evaluating the provisions of this guidance, the Plan's investment contracts are required to be reported at fair value. However, contract value is the relevant measurement criteria for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Net investment income earned and unrealized gains or losses on investments and Plan expenses are allocated to the participant's account based on the ratio that the individual account bears to all participant accounts within each investment fund as of each valuation date. Accounts are valued on a daily basis.

Administrative Expenses

All administrative costs of the Plan are absorbed by the Company, except for Fidelity's expenses, including certain investment related expenses which have been offset against net investment income.

Payment of Benefits

Participants in the Plan are eligible to receive payment of vested benefits when the participant attains the retirement age of 65 years, dies, becomes disabled, or terminates his or her service with the Company. Benefits are payable in a lump-sum payment or, under certain circumstances, in periodic installments as elected by the participant or beneficiary. Benefits paid to participants are recorded upon distribution.

Termination of the Plan

The Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the Plan document. In the event of Plan termination, participants will become 100% vested in their accounts. These amounts may be distributed to the participants at that time or may be distributed in accordance with the Plan's benefit distribution rules.

3. FAIR VALUE MEASUREMENTS

The FASB issued guidance relating to fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities, in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

DLH Holdings Corp. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Registered Investment Companies - Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: Valued at NAV as determined by the issuer of the fund based on the fair value of the underlying investments. NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and investment categories at fair value as of December 31, 2021.

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 118,389,150	\$ -	\$ -	\$ 118,389,150
Investments measured at net asset value*				1,896,057
Total Investments, at fair value				\$ 120,285,207

As of December 31, 2020, there were no investments in the Plan that required fair value hierarchy disclosure.

*In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following is a summary of the Plan's investments for which fair value is estimated using the NAV value per share as of December 31, 2021:

Investment Type	Fair Value at December 31, 2021	Unfunded Commitment	Redemption Restrictions	Redemption Notice Period
Common collective trust	\$ 1,896,057	N/A	Daily	Daily

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

No auditing procedures were performed by the independent public accountants as permitted by ERISA Section 103(a)(3)(c) with respect to information certified as complete and accurate by Fidelity Management Trust Company (Fidelity, the current trustee) and Principal Trust Company (Principal, the former trustee), except for comparing such information with the information reported in the financial statements.

DLH Holdings Corp. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Based on information provided and certified by the trustee, there are no fixed obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2021. Accordingly, the trustee of the Plan assets has certified to the completeness and accuracy of:

Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020 as well as the supplemental schedule of assets (held at end of year) as of December 31, 2021.

Net appreciation in fair value of investment, dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

During the year ended December 31, 2020, the Plan held fully-benefit responsive investment contracts with Principal Life Insurance Company. The accounts are credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The Plan's units are included in the financial statements at contract value as reported by Principal Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2020 was \$575,612,

6. TAX STATUS

The Plan adopted a non-standardized pre-approved profit-sharing plan with Cash or Deferred Arrangement ("CODA"). By letter dated June 30, 2020, the IRS has determined that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties included in the accompanying financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity is the investment Trustee as defined by the Plan and therefore, these investments and any related net investment income (net of certain investment related expenses) qualify as party-in-interest transactions. Fees paid by the Plan amounted to \$181,290 for the year ended December 31, 2021, which are included in administrative expenses. Notes receivable from participants qualify as exempt party-in-interest transactions.

Notes to Financial Statements
December 31, 2021 and 2020

8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of stocks, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the December 31, 2021 statement of net assets available for benefits.

The Plan is exposed to credit loss in the event of non-performance by the companies with whom investment contracts are placed. However, the Plan does not anticipate non-performance by these companies and believes that the risk to Plan assets from credit loss is not material due to the diversified nature of the assets held.

9. RECONCILIATION OF INFORMATION CONTAINED IN FINANCIAL STATEMENTS AND INFORMATION CONTAINED ON THE FORM 5500, SCHEDULE H

The Plan financial statements are on the accrual basis of accounting which includes recording receivables and accruing payables and expenses. However, the IRS Form 5500 does not require the use of the accrual basis of accounting, and as such, the Plan sponsor prepares the IRS Form 5500 on the cash basis of accounting. Accordingly, the IRS Form 5500 does not report receivables and accruals.

Following is a reconciliation of the net assets available for benefits as of December 31, 2021, and 2020 and for the year ended December 31, 2021 per these financial statements to amounts reported in Form 5500.

	<u>2021</u>	<u>2020</u>

Plus: Change in certain deemed distributions	30,000	
Less: Change in accrued interest not paid	(21)	
Net loss reported on Form 5500, Schedule H	<u>\$ (3,881,466)</u>	

10. DELAYED DEPOSITS OF EMPLOYEE CONTRIBUTIONS

U.S. Department of Labor regulations require that salary deferrals to a 401(k) plan and loan repayments that are withheld from employees' paychecks must be deposited into the plan as soon as they can be reasonably segregated from the employer's general assets.

DLH Holdings Corp. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

For the years ended December 31, 2018 and 2017, the Employer delayed making certain deposits of employee withholdings as soon as they could be reasonably segregated. Such delayed deposits totaled approximately \$64 and \$474,147, respectively. The Plan will take corrective action relating to these delayed deposits, which consists of restoring lost earnings to affected participants. Such lost earnings, relating to these delayed deposits, are immaterial to the financial statements as a whole.

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through February 10, 2023, the date the financial statements were available to be released. Based upon this evaluation, the Plan has determined that no subsequent events have occurred, which require adjustment to or disclosure in the financial statements.
