To the Trustees of
Alliant Technologies 401(k) Plan
Fanwood, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Alliant Technologies 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 24, 2022 (in liquidation), and the related statement of changes in net assets available for benefits (in liquidation) for the period then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period ended June 24, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Alliant Technologies 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated May 18, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). As further discussed in Note 7 to the financial statements, the Trustees of Alliant Technologies 401(k) Plan approved a plan liquidation effective March 15, 2022, and management determined liquidation was imminent. As a result, Alliant Technologies 401(k) Plan's 2021 financial statements were prepared on the liquidation basis of accounting. Their opinion was not modified with respect to this matter.

ALLIANT TECHNOLOGIES 401(k) PLAN

Notes to Financial Statements

June 24, 2022 and December 31, 2021

1 - DESCRIPTION OF PLAN

Effective January 1, 2002 and most recently amended effective March 15, 2022, Alliant Technologies, LLC (d/b/a Tenfour) established the Alliant Technologies 401(k) Plan (the "Plan") as a defined contribution plan for employees of Alliant Technologies, LLC (hereinafter referred to as the "Company" or the "Plan Sponsor").

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was signed into law. The CARES Act contains several provisions that temporarily impact 401(k) type plans, such as the waiver of required minimum distributions for 2020. The Plan allows eligible individuals to receive COVID-19 relief available under the CARES Act in the form of coronavirus-related distributions and a delay in the due date for repayments for outstanding plan loans occurring during the period beginning on March 27, 2020, and ending on December 31, 2020, for one year as provided. The Plan has been formally amended, effective January 1, 2021, to incorporate these provisions into the Plan. The Plan was amended and terminated effective March 15, 2022.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a. **General** - The Plan was a 401(k) defined contribution plan covering all regular full-time employees, as defined in the Plan. The provisions of the Plan provided for entry into the Plan for those who had completed one month of service and are age 18 or older. Employees were eligible to enter the Plan on the first day of the calendar month following completion of the eligibility requirements. Part-time employees, seasonal employees, and interns who had not attained the age of 21 and who had not completed at least 1 year of service, as defined, are excluded from the Plan ("excluded employees"). If such excluded employees completed 1 year of service and attained the age of 21, such excluded employees could enter the Plan on January 1 or July 1 coincidental with or next following the date of such service was completed. If such excluded employees were converted to a regular full-time employee after 6 months of service, as defined, such excluded employees could enter the Plan immediately. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2018, participants were automatically enrolled into the Plan upon completion of the eligibility requirements at a 3% deferral rate if no election was made. Automatically enrolled participant deferrals were invested in a designated target date fund based upon the participant's age until changed by the participant.
- b. **Contributions** - Participants could contribute up to 92% of pretax annual compensation, as defined in the Plan, subject to certain statutory limitations. Individuals who attained age 50 by the end of the plan year could make additional pre-tax "catch-up" contributions. Participants could also contribute amounts representing distributions from other qualified plans. Contributions were subject to certain limitations as permitted under the Internal Revenue Code ("IRC").

Effective January 1, 2018, the Company, at its discretion, made matching contributions equal to 50% of participant's contributions up to 3% of eligible compensation. The Company could also make profit-sharing contributions at its discretion. For the period ended June 24, 2022, no discretionary profit-sharing contribution was made by the Company.

All investments were participant-directed. Participants directed the investment of their contributions into the various investment options offered by the Plan.

1 - DESCRIPTION OF PLAN (CONTINUED)

- c. **Participant Accounts** - Each participant's account was credited with the participant's contributions, employer matching and discretionary profit-sharing contributions, and allocations of Plan earnings and losses. Participant accounts were charged with an allocation of administrative expenses that were also paid by the Plan. Allocations of Plan earnings or losses were based upon actual performance of each participant's investment elections. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.
- d. **Vesting** - Participants were immediately vested in their voluntary contributions and rollover contributions, if any, plus actual earnings thereon. Participants became vested in the Company's matching and discretionary profit-sharing contributions, plus earnings thereon, based upon hours of service, as defined, at a rate of 20% per year. Participants became fully vested at the earlier of the completion of five years of service or retirement, if the participant is employed on or after the normal retirement age of 65.
- e. **Notes Receivable from Participants** - Participants could borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the participant's highest outstanding note balance to the Plan during the one-year period ending on the day before the date on which the note is made, or 50% of their vested account balances, less current outstanding note balances. All notes, other than those used to purchase a principal residence, were to be repaid within five years. The notes were secured by the balance in the participant's vested account and bore interest at a rate commensurate with interest rates being charged by local lenders, at inception, as determined by the plan administrator. Principal and interest were paid ratably through semi-monthly payroll deductions over the term of the note, which generally did not exceed 60 months. Loan repayments could be suspended for up to 12 months for any period during which a participant is on unpaid leave of absence, and for any period a participant is on military leave. Participant notes were due and payable on the date the participant terminates employment with the Company.
- f. **Payment of Benefits** - On termination of service due to death, disability, or retirement, a participant whose vested balance exceeded \$5,000 could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments, or have the value applied to the purchase of an annuity, other than a life annuity. Participants whose vested benefits did not exceed \$5,000 after termination from the Company were to be distributed directly to them in cash. For termination of service due to other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution, a direct rollover to another qualified plan, or a direct rollover to an IRA.
- g. **Forfeited Accounts** - The forfeited portion of nonvested accounts would be used either to reduce future employer contributions or to pay plan expenses. At June 24, 2022 and December 31, 2021, forfeitures amounted to \$-0- and \$6, respectively. During the period ended June 24, 2022, total forfeited accounts amounted to \$3,041, which were utilized to reduce employer contributions.
- h. **Plan Expenses** - The Plan allowed for third-party administrator and investment related expenses to be paid out of Plan assets and allocated to each participant based on his or her proportionate share of the Plan assets. However, specific direct expenses incurred by an individual participant was deducted from that participant's account only. The Company elected to absorb the remaining costs of the Plan. Expenses that were paid by the Company are excluded from these financial statements.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- a. **Basis of Accounting** - As a result of the Plan termination effective March 15, 2022, the Plan's statements of net assets available for benefits and changes in statements of net assets available for benefits are presented on the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process. Adoption of the liquidation basis of accounting had no effect on the valuation of the Plan's assets and liabilities.
- b. **Investment Valuation and Income Recognition** - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

- c. **Notes Receivable from Participants** - Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees were recorded as administrative expenses and were expensed when they are incurred. No allowance for credit losses had been recorded as of June 24, 2022 and December 31, 2021. Delinquent participant loans were reclassified as deemed distributions based on the terms of the plan document. During the period ended June 24, 2022, due to the Plan termination, loans in the amount of \$20,212 were recorded as *deemed distributions* in the accompanying statement of changes in net assets available for benefits in liquidation.
- d. **Payments of Benefits** - Benefits were recorded when paid.
- e. **Use of Estimates** - The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.
- f. **Excess Contributions Payable** - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") were recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions prior to March 15, 2022.

3 - INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements including investments at fair value, investments at contract value, and notes receivable from participants held at June 24, 2022 and December 31, 2021, and net appreciation in fair value of investments, dividend income, interest income, other income, and interest on notes receivable from participants for the period ended June 24, 2022, were obtained or derived from information supplied to the Plan trustee and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"), the custodian of the Plan.

4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. The Plan had no investments as of June 24, 2022. There have been no changes in the methodologies used at December 31, 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust Funds - Valued on a per-unit basis, which is calculated based on the NAV of the underlying investment in the Collective Investment Trust ("CIT") and adjusted for an annual expense charge, as defined.

ALLIANT TECHNOLOGIES 401(K) PLAN

Notes to Financial Statements

June 24, 2022 and December 31, 2021

4 - FAIR VALUE MEASUREMENT (CONTINUED)

Pooled Separate Accounts – Valued at the NAV of the pooled separate account which is based upon the fair value of the underlying investment in publicly quoted mutual funds or other investments with quoted Level 1 pricing inputs.

The preceding methods described could produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<i>Investments at Fair Value</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Investments at NAV</i>	<i>Total</i>
December 31, 2021					
Mutual Funds	\$ 719,375	\$ -	\$ -	\$ -	\$ 719,375
Collective Investment Trust Funds	-	-	-	3,094,301	3,094,301
Pooled Separate Accounts	-	225,301	-	-	225,301
Total Investments at Fair Value	\$ 719,375	\$ 225,301	\$ -	\$3,094,301	\$4,038,977

The Plan's policy was to recognize transfers into and out of any level as of the date of the event or the change in circumstances that caused the transfer. There were no transfers into or out of any level for the period ended June 24, 2022.

The following describes the investment strategies for Level 2 investments and for investments valued at the NAV, held by the Plan for the year ended December 31, 2021:

Collective Investment Trust Funds

Principal Lifetime Hybr Income CIT R3 – The investment option seeks current income and, as a secondary objective, capital appreciation. To pursue its goal, the Target Date Funds generally invest in affiliated and may invest in nonaffiliated open-ended mutual funds, insurance company separate accounts, and collective trust funds that Principal Trust considers appropriate based on investors who have reached their investment time horizon.

Principal Lifetime Hybr Target Date Funds – The investment option seeks a total return consisting of long-term growth of capital and current income. To pursue its goal, the Target Date Funds generally invest in affiliated open-ended mutual funds, insurance company separate accounts, unaffiliated mutual funds, and unaffiliated collective trust funds that Principal Trust considers appropriate based on the remaining time horizon of a particular Target Date Fund.

4 - FAIR VALUE MEASUREMENT (CONTINUED)

Pooled Separate Accounts

Principal LargeCap S&P 500 Index Fund Class R3 – The investment option normally invests the majority of assets in common stocks of companies that compose the S&P 500 Index. Management attempts to mirror the investment performance of the index by allocating assets in approximately the same weightings as the S&P 500 Index. Over the long-term, management seeks a very close correlation between the performance of the Separate Account before expenses and that of the S&P 500 Index.

Principal SmallCap S&P 600 Index Fund Class R3 – The investment seeks long-term growth of capital and normally invests the majority of assets in common stocks of companies that compose the S&P SmallCap 600 Index. Management attempts to mirror the investment performance of the index by allocating assets in approximately the same weightings as the S&P 600 Index. Over the long-term, management seeks a very close correlation between the performance of the Separate Account before expenses and that of the S&P 600 Index.

Principal Real Estate Securities Fund Class R3 – The investment seeks to generate a total return. Under normal circumstances, the fund invests at least 80% of its net assets, plus any borrowings for investment purposes, in equity securities of companies principally engaged in the real estate industry at the time of purchase. It invests in value equity securities, an investment strategy that emphasizes buying securities that appear to be undervalued. The fund concentrates its investments (invest more than 25% of its net assets) in securities in the real estate industry. It is non-diversified.

Principal MidCap S&P 400 Index Fund Class R3 – The investment option normally invests the majority of assets in common stocks of companies that compose the S&P MidCap 400 Index. Management attempts to mirror the investment performance of the index by allocating assets in approximately the same weightings as the S&P MidCap 400 Index. Over the long-term, management seeks a very close correlation between the performance of the Separate Account before expenses and that of the S&P MidCap 400 Index.

Principal Preferred Securities Fund Class R3 – The investment seeks to provide current income. The fund invests at least 80% of its net assets, plus any borrowings for investment purposes, in preferred securities and capital securities at the time of purchase. Preferred securities typically include preferred stock and various types of junior subordinated debt and trust preferred securities. It concentrates its investments (invests more than 25% of its net assets) in securities in one or more industries (i.e., banking, insurance, and commercial finance) within the financial services sector.

Principal LargeCap Growth I Separate Account Class R3 – The investment seeks long-term growth of capital. The fund normally invests at least 80% of its net assets, plus any borrowings for investment purposes, in equity securities of companies with large market capitalizations at the time of purchase. It invests in growth equity securities; growth orientation emphasizes buying equity securities of companies whose potential for growth of capital and earnings is expected to be above average.

Principal Core Fixed Income Separate Account R3 – The investment seeks to provide a high level of current income consistent with preservation of capital. The fund invests primarily in a diversified pool of investment-grade fixed-income securities, including corporate securities, asset-backed securities and mortgage-backed securities. It maintains an average portfolio duration that is within 75% to 125% of the duration of the Bloomberg Barclays US Aggregate Bond index.

Equity Income Separate Account R3 – The investment seeks to provide current income and long-term growth of income and capital. Under normal circumstances, the fund invests at least 80% of its net assets, plus any borrowings for investment purposes, in dividend-paying equity securities at the time of purchase. It usually invests in equity securities of companies with large and medium market capitalizations. The fund invests in value equity securities, an investment strategy that emphasizes buying equity securities that appear to be undervalued.

5 - GUARANTEED INVESTMENT CONTRACT

The Plan had a traditional fully benefit-responsive investment contract with Principal that totaled \$-0- and \$248,316 as of June 24, 2022 and December 31, 2021, respectively. Principal maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The guaranteed investment contract did not permit Principal to terminate the agreement prior to the scheduled maturity date.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer, but it could not be less than 1% or greater than 3%. Such interest rates were reviewed on a quarterly basis for resetting.

This contract met the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; and (5) premature termination of the contract. As disclosed in Note 7, the Plan was terminated effective March 15, 2022, however, management believes that such an event did not limit the ability of the Plan to transact at contract value with the contract issuers nor would it limit the ability of the Plan to transact at contract value with the participants.

5 - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and (4) a material amendment to the agreement without the consent of the issuer.

6 - RELATED PARTY TRANSACTIONS

Plan investments included mutual funds, collective investment trust funds, pooled separate accounts and a guaranteed investment contract, which were managed by Principal. Therefore, these transactions qualified as party-in-interest transactions. Fees paid by the Plan for investment management services are included in *net depreciation in fair value of investments*. Fees relating to loan setup, maintenance, and withdrawals amounted to \$15,444 and are included in *administrative expenses* for the period ended June 24, 2022. In addition, fees relating to accounting services amounted to \$73,012 and are included in *administrative expenses* for the period ended June 24, 2022.

7 - PLAN TERMINATION

The Plan's trustees notified the custodian of the Plan's termination effective March 15, 2022, and to distribute Plan assets as soon as administratively feasible. In accordance with Plan provisions, the participants became 100% vested in the value in their accounts and all account balances were removed by June 24, 2022.

8 - TAX STATUS

The Plan had not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, as permitted by Revenue Procedures 2002-6, the Plan Sponsor had elected to rely on the favorable opinion letter issued to its prototype plan provider on June 20, 2020. Although the Plan had been restated since receiving the determination letter, Plan management believes that the Plan is designed and was being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9- RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of these investments, it was at least reasonably possible that changes in market conditions could have materially affected participants' account balances and the amounts reported in the statement of net assets available for benefits prior to their withdrawal and termination of the Plan.

10- RECONCILIATION OF FINANCIAL STATEMENT AMOUNTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of certain financial statement amounts to Schedule H of Form 5500:

<i>Line Item</i>	<i>Financial Statements</i>	<i>Reconciling Items</i>	<i>Form 5500</i>
Statement of Changes in Net Assets Available for Benefits - 2022			
Benefits paid	\$ (3,681,389)	\$ (20,212)	\$ (3,701,601)
Deemed distributions	(20,212)	20,212	-
Corrective distributions	(1,675)	(18,264)	(19,939)
Net decrease in net assets available for benefits	(4,284,760)	(18,264)	(4,303,024)
Statement of Net Assets Available for Benefits - 2021			
Excess contributions payable	\$ (18,264)	\$ 18,264	\$ -
Net assets available for benefits	4,284,760	18,264	4,303,024

Contributions received from participants for 2021 are net of an accrual of \$18,264 made at December 31, 2021 to reflect a liability for excess deferral contributions as required to satisfy the relevant nondiscrimination provision of the Plan for 2021. That amount was returned to the participants in March 2022.

11- SUBSEQUENT EVENTS

The Company's management has evaluated subsequent events through February 17, 2023, the date the financial statements were available to be issued.
