INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Zywave 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Zywave 401(k) Plan, ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the plan. As permitted by 29 CFR 2520.013-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 8, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ZYWAVE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Zywave 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2021 through February 10, 2023, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Zywave, Inc. is the plan sponsor/employer and the plan administrator. During 2020 and 2021, Zywave, Inc. completed acquisitions of four companies, including Advisen, Insurance Technologies Corporation ("ITC"), Enquiron, and IBIS, LLC dba miEdge ("miEdge") (collectively "the acquired companies"). All of the acquired companies sponsored their own retirement plans. The ITC and miEdge plans were merged into the plan throughout 2021. The Advisen and Enquiron plans were terminated and those plan assets were transferred to the plan throughout 2021 through rollovers. Great-West Trust Company, LLC ("Great-West") is the agent that holds custody of the plan's investments, the plan trustee, the tax counsel that performs various compliance tests, and the third party administrator that maintains participant records. Empower Retirement is the brand name which refers to the products and services provided by Great-West. Spectrum Investment Advisors, Inc. is the plan's investment advisor.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of the investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Common/collective trust - The plan invests in the MetLife Stable Value Series 25053, which is a bank collective trust fund managed by Reliance Trust Company. The goal of the fund is to preserve principal while generating earnings at rates competitive with short-term high quality fixed income investments. The fund is a direct filing entity valued at net asset value ("NAV") based on the underlying unit value as reported by the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Mutual funds - Valued at the daily closing price as reported by the funds. Mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily NAV and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$50,046,363	\$ -	\$ -	\$50,046,363
Total investments in the fair value hierarchy	\$50,046,363	\$ -	\$ -	50,046,363
Investments measured at NAV (a)				864,989
Total investments at fair value				\$50,911,352

Investments at fair value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	\$31,536,130	\$ -	\$ -	\$31,536,130
Total investments in the fair value hierarchy	\$31,536,130	\$ -	\$ -	31,536,130
Investments measured at NAV (a)				593,848
Total investments at fair value				\$32,129,978

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

December 31, 2021	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$864,989	n/a	Daily	12 months
December 31, 2020	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$593,848	n/a	Daily	12 months

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan was established as a defined contribution plan and has a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Contributions - Contributions to the plan can be made as follows:

- a. Participants may contribute a percentage of their annual wages subject to certain limitations (elective deferral contributions). The plan allows Roth elective deferrals.
- b. The employer may make matching contributions equal to a discretionary percentage of the elective deferral contributions. Employer matching contributions were equal to 50% of the first 6% of the employee compensation contributed as elective deferral contributions in 2021 and 2020. Matching contributions per participant were limited to \$8,700 and \$8,550 in 2021 and 2020.
- c. The employer may also make discretionary contributions to the plan. Such contributions would be allocated to participants in the ratio that each participant's compensation bears to the compensation of all eligible participants. There were no discretionary contributions made in 2021 or 2020.
- d. Participants may make rollover contributions to the plan.

Eligibility - Employees that have reached 20 years of age are eligible to make elective deferral contributions and receive employer matching contributions. An employee will be allowed to enter the plan on the January 1, April 1, July 1, or October 1 immediately following the employee's hire date. Employees are eligible for discretionary contributions if they have reached 20 years of age, are employed as of the last day of the plan year and have completed 1,000 hours of service during the plan year. The last day of the plan year and hours of service conditions are waived if a participant dies, becomes disabled or reaches normal retirement age (defined as age 65) during the plan year.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants become 20% vested in their employer contributions and related earnings after completion of their second year of service. Prior to April 1, 2021, the participant's vesting then increased at the rate of 20% per year. Effective April 1, 2021, the participant becomes 40% vested in year three and 100% vested in year four. Employees of the acquired companies were given prior service credit for years worked prior to the acquisition dates. Upon death, normal retirement age or disability, a participant becomes 100% vested.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions and an allocation of the employer contributions, if any. Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Payment of benefits - Benefit payments may commence upon death, disability, attainment of normal retirement age or termination of employment. Participants may receive the distribution of their accrued benefits in the form of a single lump sum payment or in installments. Hardship withdrawals and in-service distributions after reaching age 59 ½ are permitted under certain circumstances.

Forfeitures - Forfeitures may be used to pay administrative fees of the plan or to reduce employer contributions. Forfeitures used to reduce employer contributions were \$197,000 and \$130,000 in 2021 and 2020. Unused forfeited nonvested accounts were insignificant as of December 31, 2021 and were \$11,000 as of December 31, 2020.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and non-participant directed charges for service, administrative and advisory fees. Non-participant directed charges are allocated to participants on an account value basis.

Notes receivable from participants - Participants may obtain loans from their accounts with approval of the plan administrator. Each participant may only have one loan outstanding at any time. The minimum loan amount is \$1,000 and the loan cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000. Loans must generally be paid back over a period not to exceed five years, unless used to purchase a primary residence. As of December 31, 2021, loans outstanding had various repayment schedules through August 2032 with interest rates ranging from 3.25% to 6.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

4. INCOME TAX STATUS

Prior to April 1, 2021, the plan was operating under a Great-West Trust Company, LLC prototype profit sharing plan that received a favorable opinion letter dated March 31, 2014. Effective April 1, 2021, the plan adopted a Great-West Trust Company defined contribution prototype plan that received a favorable opinion letter dated June 30, 2020. There were no functional changes to the plan as a result of the adoption. The opinion letters from the Internal Revenue Service stated that the plans, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2021 and 2020. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

5. INFORMATION CERTIFIED BY GREAT-WEST

Management has obtained certifications from Great-West, a qualified institution under the Department of Labor's rules and regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held for the plan and the fair values of such as of December 31, 2021 and 2020;
- b. Interest and dividends on investments and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2021 and 2020;
- c. Contributions to, withdrawals from, purchases, sales and transfers between investment accounts for the years ended December 31, 2021 and 2020; and
- d. The report of individual participant accounts for the years ended December 31, 2021 and 2020.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Great-West. Great-West is the custodian of plan assets and plan trustee and, therefore, these transactions qualify as party-in-interest transactions.

In addition, the plan entered into an administrative service agreement with Great-West in which Great-West provides certain administrative services to the plan. Direct fees paid to Great-West, recorded as a component of administrative expenses, were \$72,000 in 2021 and \$43,000 in 2020. The plan also receives positive monthly asset fees from mutual fund providers pursuant to the administrative service agreement. Such positive asset fees were recorded as a reduction of administrative expenses in these financial statements and totaled \$41,000 in 2021 and \$3,000 in 2020. Direct investment advisory fees provided by another outside party, recorded as a component of administrative expenses, were \$23,000 in 2021 and 2020.

Great-West also receives revenue, in the form of indirect compensation, from mutual fund service providers for services Great-West provides to the funds. Under the administrative service agreement, this revenue is used to offset certain amounts owed to Great-West for its administrative services to the plan.

Notes receivable from participants also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
