Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Funai Corporation, Inc. 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Funai Corporation, Inc. 401(k) and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Funai Corporation, Inc. 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from the qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Funai Corporation, Inc. 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Funai Corporation, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funai Corporation, Inc. 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Funai Corporation, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and (2) Form 5500 Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of Funai Corporation, Inc. 401(k) and Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 31, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Funai Corporation, Inc. 401(k) and Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1. Description of the Plan

The following description of the Funai Corporation, Inc. 401(k) and Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted on June 1, 1989 to qualify as a defined contribution retirement plan for eligible employees. The Plan covers five related employers: Funai Corporation, Inc., Funai Service Corporation, Funai Lexington Technology Corporation and Funai Trading Corp. (collectively the “Company” or “Employer”). The Plan has a pre-tax salary reduction provision as defined under Section 401(k) and an employer matching contribution under 401(m) of the Internal Revenue Code (the “IRC”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan, except for employees covered under a collective bargaining agreement, non-resident aliens and Puerto Rican employees. The Company’s eligible employees can participate in the Plan on the first day of each calendar month upon attaining the age of 18 and after the completion of 3 months of service.

Contributions

The Company’s eligible employees may contribute from 3% to 100%, subject to limitations as set forth by the IRC. The Plan includes an automatic deferral feature whereby the Company will withhold 3% from the participant’s compensation as the automatic deferral amount each payroll period for eligible employees who do not make an election. An employee may elect a higher deferral rate or opt out of participating in the Plan. A participant can elect to have their contributions as pre-tax deferrals or after tax Roth deferrals.

The Company makes a matching contribution equal to 25% of the participant’s elective deferrals to the extent the elective deferral contribution does not exceed 16% of the participant’s compensation. The Company may also make a discretionary contribution to each participant’s account. The Company did not make a discretionary contribution for the Plan year ended December 31, 2021.

Participants direct the investments of all contributions in their accounts into various investment options offered by the Plan.

Note 1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contributions, (b) the Company's discretionary contributions and (c) Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations of Company discretionary contributions, if any, are allocated to participants who have completed 1,000 hours of service during the Plan year and who are active participants on the last day of the Plan year.

Vesting

Participants are immediately 100% vested in their elective deferrals, employer contributions, and earnings on those contributions.

Unallocated Assets

Unallocated assets represent corrections of employer matching contributions. Unallocated assets may be used to offset Company contributions or to pay Plan expenses. During the year ended December 31, 2021, no unallocated assets used to reduce Company matching contributions. As of December 31, 2021 and 2020, there was approximately \$24,400 and \$24,000, respectively, of unallocated assets available.

Payment of Benefits

Active participants may withdraw in a single sum any part of their vested account resulting from rollover contributions at any time, any part of their vested account resulting from elective deferral contributions in the event of undue financial hardship, or any part of their account upon attainment of age 59 ½.

Upon termination of employment, death, disability, or retirement, participants receive distribution of all their accounts including their rollovers, the Company's contributions, their elective deferrals, and earnings on those contributions and deferrals as soon as administratively feasible. Participants with a vested account balance of less than \$1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. Any distribution greater than \$1,000 but less than \$5,000 that is made without the participant's consent will be rolled over to an individual retirement plan.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participants' accounts and are included in administrative expenses. Additionally, plan recordkeeping fees may be paid by forfeitures when forfeitures are available. When forfeitures are not available the Company pays the recordkeeping fees.

Note 1. Description of the Plan (continued)

Plan Administrative Expenses (continued)

Investment management related expenses are included in net appreciation of fair value of investments. A portion of the investment management related expenses represent revenue sharing fees earned by Prudential Retirement Insurance and Annuity Company (“Prudential”). The Plan has an arrangement with Prudential in which a portion of revenue sharing amounts received by Prudential will be credited back to the Plan to pay authorized expenses of the Plan. Amounts are not held by the Plan, and not reported on the statements of net assets available for benefits.

During the year ended December 31, 2021, approximately \$93,400 of these fees were credited back to the Plan and used to pay Plan administrative expenses. The fees credited back have been included as a reduction in administrative expenses during the year ended December 31, 2021. There were no unused credits as of December 31, 2021 and 2020.

Contribution Funding

The Company remits employee deferrals and employer matching contributions to the Plan consistent with each pay period.

Notes Receivables from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions.

Delinquent or defaulted notes receivables from participants are written off as “deemed” distributions at the end of the quarter following the quarter in which the default occurs. The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Except for unallocated assets (see Note 1), the net assets of the Plan are allocated entirely to participants’ accounts.

Note 2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

All investments are carried at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan but recognizes such benefits as a deduction from net assets in the year in which such benefits are paid.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2021, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available for issuance.

Note 3. Guaranteed Interest Account

The Plan participates in a contract with Prudential whereby the assets of the Plan are part of the general assets of Prudential. This contract is identified and accounted for as a guaranteed interest account. The guaranteed interest account is a fully benefit-responsive investment contract that offers a guarantee on principal and interest by Prudential Retirement Insurance and Annuity Company ("the Issuer"), an affiliate of the trustee.

This investment is valued at contract value which represents the deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. The guaranteed interest account promises contract value for a benefit event (termination, death, disability and retirement), and upon discontinuation of the contract. There are no market value adjustments when funds are withdrawn.

Note 3. Guaranteed Interest Account (continued)

The guaranteed interest account provides guaranteed interest rates for specified periods of time as determined or allowed by the contract. The rate credited is the rate in effect on the day when each deposit is directed to the funds. The interest crediting rate is determined semi-annually. The minimum crediting rate is 1.50%.

The interest crediting rate is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The guarantees made with regard to the guaranteed interest account are supported by Prudential's general account. There are no reserves against contract value for credit risk of contract issuer or otherwise.

Note 4. Information Certified by the Trustee and Investment Contract Issuer

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Prudential Bank & Trust, F.S.B., the trustee, and Prudential Retirement Insurance and Annuity Company, an investment contract issuer, as complete and accurate, except for comparing such information certified by the trustee and investment contract issuer to information included in the Plan's financial statements and supplemental schedules.

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust funds: This investment is valued using Net Asset Value ("NAV") as a practical expedient based on contract value, which represents invested principal plus accrued interest thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While fair value of the investments in the common/collective trust fund is determined by the investee's trustee based on the fair value of the underlying securities within the investment at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is at contract value. Contract value is the relevant fair value for such an investment as that is the value that participant's transactions are reported.

Pooled separate account: The Plan participates in a contract with Prudential Retirement Insurance and Annuity Company ("Prudential") whereby the assets of the Plan are pooled with those of other unrelated plans. The Plan owns units of participation in the fair value of the account's underlying assets. Prudential holds these assets in trust for the participating plans. These investments are public investment securities valued using the Net Asset Value ("NAV") as a practical expedient provided by the investment contract issuer. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (continued)

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2021 and 2020:

<u>December 31, 2020</u>	Fair Value Measurements Using Input Type			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Common/collective trust fund measured at NAV*				<u>8,643,882</u>

<u>December 31, 2021</u>	Fair Value Measurements Using Input Type			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds	<u>\$ 6,657,860</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 6,657,860</u>
Total investments categorized in the fair value hierarchy	<u>\$ 6,657,860</u>	<u>\$ ---</u>	<u>\$ ---</u>	6,657,860

Common/collective trust fund measured at NAV*				<u>7,669,017</u>
Total investments at fair value				<u><u>\$16,939,810</u></u>

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

Note 5. Fair Value Measurements (continued)

The common/collective trust funds offered in the Plan are subject to a daily redemption frequency and a redemption restriction of direct exchange from this fund to a “competing” fund (e.g., stable value funds, money market funds, other fixed-income investment options, balanced funds, target risk funds, or other investment option of which the majority of assets are invested in competing investment options) is prohibited. Instead, the participant must first exchange to a non-competing fund for 90 days. Another redemption restriction is the investment is subject to a twelve-month advance written notice for any plan sponsor directed withdrawal (full or partial) of assets invested in the fund and the investment is subject to deferral of redemption requests of 30 days at the participant level at the discretion of the trustee. There are no other redemption restrictions, redemption notice requirements, or unfunded commitments as of December 31, 2021.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan has adopted a standardized prototype plan which obtained its latest opinion letter on December 14, 2020 from the Internal Revenue Service stating that the plan document as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision was made for federal income taxes in the accompanying financial statements.

Note 8. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 9. Related Party and Party-in-Interest Transactions

Certain Plan investments are mutual funds managed by Prudential Investments. Prudential Investments is affiliated with Prudential Bank and Trust, F.S.B., the trustee of the Plan. The Plan also has an investment in a guaranteed interest account which is part of the general assets of Prudential Retirement Insurance and Annuity Company, an investment contract issuer.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Prudential Bank and Trust, F.S.B., its affiliates, other investment custodians and investment advisors.

Additionally, as noted in Note 1, certain administrative expenses related to participant related activities are paid directly to an affiliate of Prudential Bank and Trust, F.S.B. In addition, certain plan recordkeeping fees may be paid by the Plan. All fees paid directly by the Plan to Prudential Bank and Trust, F.S.B. are included in administrative expenses.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 10. Prohibited Transactions and Plan Operational Issues

During the year ended December 31, 2021, the plan sponsor inadvertently failed to deposit \$186 of participant deferrals within the required timeframe as stated by ERISA. These deferrals deposited in the Plan later than the "administratively possible" standards set by contribution remittances of other pay periods. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor calculated lost earnings on 2022 deferrals and is in the process of depositing the lost earnings into the Plan during 2022.

The plan sponsor has self-corrected these prohibited transactions and does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.
