Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of International Union of Operating Engineers Local 112 Defined Contribution Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of International Union of Operating Engineers Local 112 Defined Contribution Pension Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of International Union of Operating Engineers Local 112 Defined Contribution Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International Union of Operating Engineers Local 112 Defined Contribution Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Board of Trustees
International Union of Operating Engineers Local 112 Defined
Contribution Pension Plan

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of International Union of Operating Engineers Local 112 Defined Contribution Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about International Union of Operating Engineers Local 112 Defined Contribution Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of reportable transactions as of or for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CONTRIBUTION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the International Union of Operating Engineers Local 112 Defined Contribution Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan established on January 1, 2013, for the benefit of eligible employees. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective April 20, 2020. The rights and benefits of participants shall be determined as provided in the Plan document.

The Plan is administered by a joint Board of Trustees consisting of representatives from the participating employers and from the employees represented by the International Union of Operating Engineers Local 112 (the Local). A participating employer is an employer that is required to pay contributions to the Plan pursuant to a collective bargaining agreement. A trust agreement dictates the duties and responsibilities of the Board of Trustees. The assets of the Plan shall be invested in accordance with the provisions of the trust agreement. The Plan is subject to ERISA.

Eligibility

A person shall become a participant in the Plan on the date for which he is paid as an employee under the collective bargaining agreement or other agreement with a participating employer.

Employer Contributions

Employers make contributions to the Plan on behalf of the participants at rates specified in the applicable collective bargaining agreements, for each hour worked. Rates vary based on each collective bargaining agreement. Employer contribution rates ranged from \$2.00 to \$5.10 and \$2.00 to \$4.80 per hour per member for 2021 and 2020, respectively. The Board of Trustees, in connection with participating employers, regularly evaluate contribution rates to ensure the Plan has adequate assets to satisfy Plan obligations.

Participant Accounts

A separate account has been established for each participant. Each participant's account is credited with the value of contributions made on the participant's behalf adjusted for investment earnings and Plan expenses.

As of December 31 (valuation date), the value of each participant's account is adjusted for a proportional share of the net investment income (loss), less administrative expenses. The amount allocated to each participant's account is based on the account balance as of the valuation date before adjustment for investment income and expenses. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

**INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL 112 DEFINED
CONTRIBUTION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately and fully vested in their participant account.

Benefit Payments

A participant is entitled to a lump-sum payout upon complete withdrawal from employment within the collective bargaining jurisdiction of the Local or upon becoming totally and permanently disabled. If the terminated participant's account balance does not exceed \$1,000, the Board of Trustees will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Board of Trustees may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Effective January 1, 2020, the Plan was amended to comply with the SECURE Act, which increases the age at which required distributions must commence from age 70½ to age 72 for those participants that have not yet attained age 70½ prior to January 1, 2020.

Effective April 20, 2020, the Plan was amended to modify the lump-sum benefit payment provisions. As a result of the amendment, benefits are paid in two installments, the first of which amounts to 80% of the participant's individual account balance as of the most recent valuation date prior to the distributable event, and the second installment consisting of the balance remaining as of the valuation date following the distributable event.

In the event a participant dies before receiving the amount in their participant account, their account shall be paid to their beneficiary in the form of a lump-sum payout.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by its investment advisors. See Note 3 for a discussion of fair value measurements.

**INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL 112 DEFINED
CONTRIBUTION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions Receivable

Employer contributions receivable represent employer contributions due to the Plan for hours worked prior to the end of the Plan year. Employer contributions receivable are carried at reported amounts less an estimate made for doubtful receivables. Management determines the allowance for doubtful accounts by regularly evaluating individual employer receivables and considering an employer's financial condition, payment history, and current economic conditions. Employer contributions receivable are written off against the allowance for doubtful accounts when deemed uncollectible. Employer contribution reports are required to be submitted monthly. Contributions are considered delinquent if not received within 15 days following the end of the month. Management has determined that no allowance for doubtful accounts is necessary at December 31, 2021 and 2020.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to the investment custodian and consultants. These expenses are reported on the statements of changes in net assets available for benefits as Administrative Expenses.

Subsequent Events

The Plan has evaluated subsequent events through February 22, 2023, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL 112 DEFINED
CONTRIBUTION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Interest-Bearing Cash and Cash Equivalents: Valued at cost plus accrued interest, which approximates fair value.

Certificates of Deposit: Valued at amortized cost, which approximates fair value.

Corporate Bonds, Municipal Bonds, and United States Government and Agency Securities: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote is available.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds and exchange-traded funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intention to do so, the Board of Trustees has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the assets remaining, after providing for the expenses of the Plan and for the payment of any account balances theretofore approved, shall be distributed amongst the participants. Each affected participant will receive part of the total remaining assets in the same ratio as their account balance bears to the aggregate amount of the account balances of all participants. Distributions under this section shall be made as soon as administratively feasible after the Plan termination date. No assets of the Plan may revert to the participating employers or be used for purposes other than for the exclusive benefit of the Plan's participants.

NOTE 5 TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has obtained a favorable tax determination from the IRS dated January 23, 2015. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

As described in Notes 1 and 2, the Plan has several arrangements with service providers. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

The Plan shares office and administrative services with the Local. The Plan is charged for its share of office and administrative expenses by the Local. The charges are based on a formula which allocates indirect expenses based on estimates of administrative staff time. Administrative expenses charged to the Plan by the Local were \$57,303 and \$39,006 in 2021 and 2020, respectively. There were no amounts of administrative expenses payable to the Local at December 31, 2021 and 2020, respectively.

NOTE 7 PARTICIPATING EMPLOYER CONCENTRATIONS

For the year ended December 31, 2021, the Plan has two major contributing employers which comprised approximately 67% of total contributions. For the year ended December 31, 2020, the Plan has four major contributing employers which comprised approximately 85% of total contributions. At December 31, 2021 and 2020, contributions receivable due from these employers were approximately \$235,000 and \$398,000, respectively.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
