Independent Auditors' Report

To the Board of Directors and Investment Committee
Apyx Medical Corporation 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Apyx Medical Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated September 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

APYX MEDICAL CORPORATION 401(K) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) **Description of the Plan**

The following description of the Apyx Medical Corporation 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

(a) **General**

The Plan Sponsor is Apyx Medical Corporation, formerly Bovie Medical Corporation, (the “Company”, “Plan Sponsor” or “Plan Administrator”). The Plan, which was established on January 1, 1995, is a defined contribution plan covering substantially all employees of the Company who have attained age 18 and completed two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Directors (“Board”) is responsible for oversight of the Plan, however has delegated such authority to the Investment Committee. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Board.

In August 2018, the Plan Sponsor sold its core segment. As part of the sale, the Company agreed to change their name. Effective January 1, 2019, the Plan Sponsor’s name was formally changed to Apyx Medical Corporation and the plan name, formerly Bovie Medical Corporation 401(k) Plan, was changed to Apyx Medical Corporation 401(k) Plan.

The Plan operates under an agreement with ADP, LLC (“ADP”) to act as recordkeeper of the Plan. ADP enters into a trust agreement with a third party trustee to hold the investments and execute investment transactions of the Plan during the year. Reliance Trust Company (“RTC”) served as trustee at December 31, 2021 and 2020. At year end, all investments and related investment activity are certified by RTC (see Note 3).

On December 7, 2021, the Plan entered into an agreement with Fidelity Management Trust Company (“Fidelity”) as trustee and plan administrator. On December 29, 2021 the Plan entered into a black-out period and transfer of all assets was initiated December 31, 2021. On December 31, 2021 the assets of the Plan were liquidated to cash. The transfer to Fidelity was initiated on January 1, 2022.

(b) **Contributions**

Each year, participants may contribute up to 90% of eligible compensation, as defined in the plan document on a pre-tax or Roth after-tax basis, subject to Internal Revenue Code limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan accepts rollovers and direct transfers from other tax-qualified plans.

On January 1, 2019, the Plan adopted an automatic enrollment feature. Effective February 1, 2019 all eligible employees (including currently eligible and not active) were automatically enrolled in the Plan at 1%, with no escalation, unless they opt out or choose a different percentage.

(1) Description of the Plan - Continued

(b) Contributions - Continued

The Company may make discretionary matching and/or profit sharing contributions. For the year ended December 31, 2021, the Company made discretionary matching contributions of 50% of the first 6% of eligible compensation that participants contributed to the Plan. There were no discretionary profit sharing contributions made for 2021.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, if any, and plan earnings and expenses. The Plan allows participants to direct their contributions to any investment option available to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company matching and discretionary profit sharing contributions and earnings thereon is based on years of continuous service.

Participants become vested in Company matching and discretionary profit sharing contributions in accordance with the following schedule:

<u>Completed Years of Service</u>	<u>Percentage Company Contributions Vested</u>
1	33%
2	66%
3	100%

(e) Forfeitures

The Plan allows the Company to use forfeitures of terminated participants' non-vested accounts to reduce future Company matching contributions or pay administrative expenses of the Plan. At December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$6,000 and \$39,000, respectively. In 2021, forfeitures of approximately \$47,000 were used to reduce the Company's matching contributions.

(f) Payment of Benefits

Participants are immediately 100% vested in their entire account balance upon termination of the Plan, upon reaching the early retirement age of 59½ and completing at least one year of service, or upon disability or death while an employee of the Plan Sponsor. Normal retirement age under the Plan is 65. The Plan provides for benefit distributions by lump-sum payment. The Plan also allows for in-service withdrawals for those 59 ½ or older. Benefits are recorded when paid.

(1) Description of the Plan - Continued

(g) Hardship Withdrawals

The Plan allows participants to withdraw a portion of their account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to plan provisions.

Effective September 21, 2019, the Plan adopted the provisions of the Bipartisan Act of 2018 which removes the requirement to exhaust loan distributions prior to receiving a hardship distribution and participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

(h) Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 and maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the term may be longer. Loans are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates.

Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding loan. The interest rates on all outstanding loans ranged from 4.25% to 6.50% at December 31, 2021.

(i) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

APYX MEDICAL CORPORATION 401(K) PLAN

Notes to Financial Statements - Continued

(2) **Summary of Significant Accounting Policies - Continued**

(c) **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices.

The MetLife Stable Value Fund Series 25157 is a bank collective trust which is valued by RTC on a daily basis. The underlying assets are fixed income investments. Participant may redeem this investment daily with no notice. There are no commitments to purchase this investment in the future.

Net appreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

(e) **Payment of Benefits**

Benefits are recorded when paid.

(f) **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

APYX MEDICAL CORPORATION 401(K) PLAN

Notes to Financial Statements - Continued

(3) **Trustee Certification of Plan Investments**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, RTC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Non-interest bearing cash, total investments and notes receivable from participants as of December 31, 2021 and 2020, as shown in the statements of net assets available for benefits;
- Total investment income, interest income on notes receivable from participants, and related investment activity for the year ended December 31, 2021, as shown in the statement of changes in net assets available for benefits.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(4) **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

APYX MEDICAL CORPORATION 401(K) PLAN

Notes to Financial Statements - Continued

(4) Fair Value Measurements - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies: Valued at the daily closing price as reported by the fund and are classified as Level 1 investments.

Common/Collective Trust Funds: Units of participation in the collective investment funds are valued at net asset value provided by the Fund's trustee as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

During 2021, the Plan converted all investments to non-interest bearing cash. The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

<u>Description</u>	<u>Assets Measured at Fair Value at December 31, 2020</u>	<u>Fair Value Measurements at Reporting Date Using</u>		
		<u>Quoted Prices in Active Markets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Registered investment companies	\$ 8,027,990	<u>8,027,990</u>	<u>-</u>	<u>-</u>
Common/collective trust funds at NAV	<u>903,311 (a)</u>			
Investments at fair value	<u>\$ 8,931,301</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value ("NAV") per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of the net assets available for benefits.

APYX MEDICAL CORPORATION 401(K) PLAN

Notes to Financial Statements - Continued

(5) Parties-in-Interest Transactions

During 2021, the Plan paid approximately \$25,000 in expenses to ADP for recordkeeping services with an additional \$34,600 paid to other service providers for investment advisory services. Notes receivable from participants transactions are also considered to be party-in-interest transactions, because they are transacted with plan participants. While these transactions qualify as party-in-interest transactions as defined in Section 3(14) of ERISA, they are expressly exempted from the prohibited transaction rules.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(7) Tax Status

The Plan has adopted the ADP prototype plan which obtained a favorable opinion letter dated July 16, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Subsequent Events

Effective January 1, 2022, the Plan adopted the Fidelity Volume Submitter Plan. The assets of the Plan were transferred to Fidelity, the Plan's new trustee and recordkeeper, on January 1, 2022. The assets of the Plan were received by Fidelity on January 3, 2022.

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through January 31, 2023, the date the financial statements were available to be issued.
