INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Management of
Hitachi Astemo Rock Spring, Inc. 401(k) Plan
(Formerly, Nissin Brake Georgia, Inc. 401(k) Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hitachi Astemo Rock Spring, Inc. 401(k) Plan (formerly, Nissin Brake Georgia, Inc. 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of March 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these 2022 financial statements in accordance with GAAS, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAP will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of March 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

The 2021 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated November 3, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Hitachi Astemo Rock Spring, Inc. 401(k) Plan (formerly, Nissin Brake Georgia, Inc. 401(k) Plan) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was adopted to provide retirement benefits for employees of Hitachi Astemo Rock Spring, Inc. (the Plan Sponsor or the Company). The Plan covers substantially all employees, except nonresident aliens, reclassified employees, as defined, and residents of Puerto Rico, who have completed two months of service (participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by the Company. Pursuant to certain Reinsurance and Administration Agreements entered into between Massachusetts Mutual Life Insurance Company (MassMutual) and Talcott Resolution Life Insurance Company (TRLIC) (formerly named Hartford Life Insurance Company), TRLIC had appointed MassMutual as TRLIC's administrative agent and attorney-in-fact to perform all necessary administrative services for the group variable annuity contracts and funding agreements (Contracts) issued by TRLIC as part of TRLIC's former Retirement Plans Group (RPG) business, and for the related TRLIC separate accounts available through the Contracts. As such, MassMutual served as the custodian for the Plan and the Massachusetts Mutual Life Insurance Company Retirement Services Business was the record keeper for the Plan. On December 31, 2020, Empower Retirement acquired the retirement business of MassMutual. As the Plan held a contract which was issued by TRLIC and administered by MassMutual, this product is be provided by Great-West Life & Annuity Insurance Company, an affiliate with Empower Retirement. As such, effective January 1, 2021, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Great-West) assumed custodial responsibilities of the group variable annuity contracts and fixed account held by the Plan. Empower Retirement is the recordkeeper for the Plan.

Contributions

Each year, eligible participants may contribute pretax deferrals up to 100% of their eligible compensation, as defined in the Plan not to exceed the amount allowed for income tax purposes. Participants may also rollover contributions from other qualified defined benefit or defined contribution plans. Catch-up contributions are permitted under the Plan and are subject to employer match.

The Plan provides that the Plan Sponsor will make discretionary matching contributions. For the 2022 plan year, the Company elected match was an amount equal to 50% of each participant's contributions up to 6% of each participant's compensation.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

1. DESCRIPTION OF PLAN – CONTINUED

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of Plan Sponsor contributions, investment earnings and losses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Effective August 1, 2019, all Plan Sponsor matching contributions are immediately vested. Participants with a termination date prior to August 1, 2019, are subject to a vesting schedule which provides 20% vesting for each year of service, as defined.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at fixed rates which are commensurate with local prevailing rates. Loans are repayable over a period of up to five years, unless the proceeds are used to purchase a principal residence, in which case a period in excess of five years is available. Principal and interest are collected ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement (age 62) or separation from service, a participant or their beneficiary may receive their vested balance in either a single lump-sum distribution, a direct rollover into a qualified retirement plan or individual retirement account, monthly installments, or defer receiving payments until age 72. Terminated participants with a vested balance of \$1,000 or less that have not elected payment will be cashed out. In-service distributions are available upon reaching age 59 ½, for financial hardships as defined by the Plan, and from rollovers or after-tax accounts.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. At March 31, 2022 and 2021, forfeited nonvested accounts totaled \$12,961 and \$14,191, respectively. Such forfeitures reduce the Plan Sponsor's contributions or expenses to the Plan. In 2022, Plan Sponsor contributions were not reduced from forfeited nonvested accounts.

Administrative Expenses

The Company pays substantially all administrative costs of the Plan, except for recordkeeping fees, investment advisory fees and various fees associated with these activities, which are paid by the participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fixed annuity account which is stated at contract value. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the custodians of the funds. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowance for credit losses has been recorded as of March 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at March 31, 2022 or 2021.

Pooled Separate Accounts (PSA): The Plan entered into a group annuity contract with Talcott Resolution Life Insurance Company (TRLIC), formerly named Hartford Life Insurance Company, in which the Plan investments in the Hartford separate sub rider agreement with TRLIC in which certain investments are offered. These investments are PSAs that are valued based upon net asset value (NAV) as provided by the custodian of the funds. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

4. INFORMATION CERTIFIED BY PLAN CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of March 31, 2022 and 2021, and net depreciation in fair value of investments and interest and dividend income for the year ended March 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodians of the Plan.

NOTES TO THE FINANCIAL STATEMENTS

5. GROUP ANNUITY INVESTMENT CONTRACT WITH GREAT-WEST (FORMERLY TRLIC)

The Plan is funded with a group annuity contract originally issued by TRLIC; however, as described in Note 1, this product has been assigned to Great-West. The contract offers a fixed investment option through Great-West. As described in Note 2, the contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts since this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value for the fixed option represents amounts contributed or transferred to the fixed option less any withdrawals or transfers out, plus all accrued interest. The fixed option earns interest at the higher of the rate guaranteed under the contract or the current rates established and declared in advance by Great-West. Interest rates for new contributions are declared prior to the beginning of a calendar quarter and are applicable to all contributions received in that quarter until the end of the calendar year next following the current year. The fixed option is backed by Great-West's general account. There are no reserves against the contract value for credit risk of the contract issuer as of March 31, 2022 and 2021.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory requirements.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. INCOME TAX STATUS

In 2021, the Plan adopted a prototype plan document sponsored by Great-West. The prototype plan document received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The prototype plan document has been amended since receiving the opinion letter. However, Great-West and the Company believe that the prototype plan document is currently designed and operated in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

**HITACHI ASTEMO ROCK SPRING, INC. 401(k) PLAN
(FORMERLY, NISSIN BRAKE
GEORGIA, INC. 401(k) PLAN)
NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 2022 AND 2021**

6. INCOME TAX STATUS – CONTINUED

Prior to the adoption of the non-standardized prototype in 2021, the Plan operated under the MassMutual sponsored volume submitter profit-sharing plan. The volume submitter profit-sharing plan received an advisory letter from the IRS dated March 31, 2014, stating that the form of the prototype plan is qualified under Section 401(a) of the IRC; therefore, the related trust is tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that most likely would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West, the custodian of the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each account. Fees paid to Empower Retirement for participant requested transactions are included as administrative expenses on the statement of changes in net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through February 21, 2023, which is the date the financial statements were available to be issued and have determined that there are no subsequent events that require disclosure under FASB ASC 855, *Subsequent Events*.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 04/01/2021 - 03/31/2022 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Important Note: On December 31, 2020, Empower Retirement acquired the retirement business of Massachusetts Mutual Life Insurance Company ("MassMutual"). Following an initial transition period, Empower Retirement will become the sole administrator of this business. If the Plan utilizes an insurance product and the contract was issued by MassMutual, this material is being provided to you by Great-West Life & Annuity Insurance Company, affiliated with Empower Retirement, with respect to Empower Retirement's role as the administrator of this business, on MassMutual's behalf and pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by MassMutual. If the Plan utilizes an insurance product and the contract was issued by Talcott Resolution Life Insurance Company ("Talcott", formerly named Hartford Life Insurance Company) and formerly administered by MassMutual, this material is being provided to you by Great-West Life & Annuity Insurance Company, affiliated with Empower Retirement, with respect to Empower Retirement's role as the administrator of this business pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by Talcott. Empower Retirement refers to the products and services offered by Great-West Life & Annuity Insurance Company ("GWLA") and its subsidiaries, including Empower Retirement, LLC. Neither Great-West Life & Annuity Insurance Company nor Empower Retirement is affiliated with MassMutual, Talcott or their respective affiliates.

Important Note: The information in this document is applicable to the plan prior to transitioning recordkeeping platforms.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 04/01/2021 - 03/31/2022 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

Total Direct Compensation Paid	\$3,782.50
---------------------------------------	-------------------

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Great-West Life & Annuity Insurance Company ("GWLA") EIN: 84-0467907

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation	\$3,782.50
----------------------------	-------------------

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2021 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2021, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2021. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Management of
Hitachi Astemo Rock Spring, Inc. 401(k) Plan
(Formerly, Nissin Brake Georgia, Inc. 401(k) Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hitachi Astemo Rock Spring, Inc. 401(k) Plan (formerly, Nissin Brake Georgia, Inc. 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of March 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these 2022 financial statements in accordance with GAAS, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAP will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of March 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

The 2021 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated November 3, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 2022 AND 2021**

1. DESCRIPTION OF PLAN

The following description of the Hitachi Astemo Rock Spring, Inc. 401(k) Plan (formerly, Nissin Brake Georgia, Inc. 401(k) Plan) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was adopted to provide retirement benefits for employees of Hitachi Astemo Rock Spring, Inc. (the Plan Sponsor or the Company). The Plan covers substantially all employees, except nonresident aliens, reclassified employees, as defined, and residents of Puerto Rico, who have completed two months of service (participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by the Company. Pursuant to certain Reinsurance and Administration Agreements entered into between Massachusetts Mutual Life Insurance Company (MassMutual) and Talcott Resolution Life Insurance Company (TRLIC) (formerly named Hartford Life Insurance Company), TRLIC had appointed MassMutual as TRLIC's administrative agent and attorney-in-fact to perform all necessary administrative services for the group variable annuity contracts and funding agreements (Contracts) issued by TRLIC as part of TRLIC's former Retirement Plans Group (RPG) business, and for the related TRLIC separate accounts available through the Contracts. As such, MassMutual served as the custodian for the Plan and the Massachusetts Mutual Life Insurance Company Retirement Services Business was the record keeper for the Plan. On December 31, 2020, Empower Retirement acquired the retirement business of MassMutual. As the Plan held a contract which was issued by TRLIC and administered by MassMutual, this product is be provided by Great-West Life & Annuity Insurance Company, an affiliate with Empower Retirement. As such, effective January 1, 2021, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Great-West) assumed custodial responsibilities of the group variable annuity contracts and fixed account held by the Plan. Empower Retirement is the recordkeeper for the Plan.

Contributions

Each year, eligible participants may contribute pretax deferrals up to 100% of their eligible compensation, as defined in the Plan not to exceed the amount allowed for income tax purposes. Participants may also rollover contributions from other qualified defined benefit or defined contribution plans. Catch-up contributions are permitted under the Plan and are subject to employer match.

The Plan provides that the Plan Sponsor will make discretionary matching contributions. For the 2022 plan year, the Company elected match was an amount equal to 50% of each participant's contributions up to 6% of each participant's compensation.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 2022 AND 2021**

1. DESCRIPTION OF PLAN – CONTINUED

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of Plan Sponsor contributions, investment earnings and losses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Effective August 1, 2019, all Plan Sponsor matching contributions are immediately vested. Participants with a termination date prior to August 1, 2019, are subject to a vesting schedule which provides 20% vesting for each year of service, as defined.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at fixed rates which are commensurate with local prevailing rates. Loans are repayable over a period of up to five years, unless the proceeds are used to purchase a principal residence, in which case a period in excess of five years is available. Principal and interest are collected ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement (age 62) or separation from service, a participant or their beneficiary may receive their vested balance in either a single lump-sum distribution, a direct rollover into a qualified retirement plan or individual retirement account, monthly installments, or defer receiving payments until age 72. Terminated participants with a vested balance of \$1,000 or less that have not elected payment will be cashed out. In-service distributions are available upon reaching age 59 ½, for financial hardships as defined by the Plan, and from rollovers or after-tax accounts.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. At March 31, 2022 and 2021, forfeited nonvested accounts totaled \$12,961 and \$14,191, respectively. Such forfeitures reduce the Plan Sponsor's contributions or expenses to the Plan. In 2022, Plan Sponsor contributions were not reduced from forfeited nonvested accounts.

Administrative Expenses

The Company pays substantially all administrative costs of the Plan, except for recordkeeping fees, investment advisory fees and various fees associated with these activities, which are paid by the participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fixed annuity account which is stated at contract value. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the custodians of the funds. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowance for credit losses has been recorded as of March 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at March 31, 2022 or 2021.

Pooled Separate Accounts (PSA): The Plan entered into a group annuity contract with Talcott Resolution Life Insurance Company (TRLIC), formerly named Hartford Life Insurance Company, in which the Plan investments in the Hartford separate sub rider agreement with TRLIC in which certain investments are offered. These investments are PSAs that are valued based upon net asset value (NAV) as provided by the custodian of the funds. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

4. INFORMATION CERTIFIED BY PLAN CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of March 31, 2022 and 2021, and net depreciation in fair value of investments and interest and dividend income for the year ended March 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodians of the Plan.

5. GROUP ANNUITY INVESTMENT CONTRACT WITH GREAT-WEST (FORMERLY TRLIC)

The Plan is funded with a group annuity contract originally issued by TRLIC; however, as described in Note 1, this product has been assigned to Great-West. The contract offers a fixed investment option through Great-West. As described in Note 2, the contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts since this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value for the fixed option represents amounts contributed or transferred to the fixed option less any withdrawals or transfers out, plus all accrued interest. The fixed option earns interest at the higher of the rate guaranteed under the contract or the current rates established and declared in advance by Great-West. Interest rates for new contributions are declared prior to the beginning of a calendar quarter and are applicable to all contributions received in that quarter until the end of the calendar year next following the current year. The fixed option is backed by Great-West's general account. There are no reserves against the contract value for credit risk of the contract issuer as of March 31, 2022 and 2021.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory requirements.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. INCOME TAX STATUS

In 2021, the Plan adopted a prototype plan document sponsored by Great-West. The prototype plan document received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The prototype plan document has been amended since receiving the opinion letter. However, Great-West and the Company believe that the prototype plan document is currently designed and operated in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

6. INCOME TAX STATUS – CONTINUED

Prior to the adoption of the non-standardized prototype in 2021, the Plan operated under the MassMutual sponsored volume submitter profit-sharing plan. The volume submitter profit-sharing plan received an advisory letter from the IRS dated March 31, 2014, stating that the form of the prototype plan is qualified under Section 401(a) of the IRC; therefore, the related trust is tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that most likely would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West, the custodian of the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each account. Fees paid to Empower Retirement for participant requested transactions are included as administrative expenses on the statement of changes in net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through February 21, 2023, which is the date the financial statements were available to be issued and have determined that there are no subsequent events that require disclosure under FASB ASC 855, *Subsequent Events*.
