Thai Summit America Corporation Profit Sharing & 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Thai Summit America Corporation Profit Sharing & 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of March 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- » the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- » the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- » Exercise professional judgment and maintain professional skepticism throughout the audit.
- » Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- » Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- » Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- » Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules, as identified in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- » the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- » the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our reported dated January 18, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Thai Summit America Corporation Profit Sharing & 401(k) Plan

Notes to Financial Statements

Note A: Plan Description

The following description of the Thai Summit America Corporation Profit Sharing & 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Thai Summit America Corporation (the "Plan Sponsor" and the "Company") meeting the eligibility requirements discussed below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Management of the Plan Sponsor is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Plan's trustees.

Eligibility

Employees who have attained the age of 18 are eligible to participate in the Plan and may enter the Plan on the first day of the month following the date that the eligibility requirements are met; there are no service requirements to be considered eligible for voluntary contributions. A participant is eligible to receive a discretionary matching contribution upon meeting the general eligibility requirements; however, to be eligible to receive a discretionary profit sharing contribution, a participant must meet the requirements noted below.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in an age-appropriate fund until changed by the participant.

Contributions

Contributions to participant accounts are made by employees through salary deductions and by the Company from its earnings. Participants may voluntarily contribute to the Plan on a pre-tax or post-tax basis, not to exceed the maximum amount allowable by the Internal Revenue Code ("IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as allowed by the IRC. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis. Participants may elect to change contribution percentages at the beginning of each payroll period. Employees may also directly "roll over" assets from a qualified plan and transfer the assets into their Plan account.

The Company may elect to provide discretionary matching contributions to eligible participants. The Plan Sponsor elected provide discretionary matching contributions at a rate equal to 50% of the employees' contributions, up to 4% of eligible compensation each pay period, for the year ended March 31, 2022. Total discretionary matching contributions for the Plan year ended March 31, 2022 were approximately \$742,000.

The Company may also provide a discretionary profit sharing contribution to the Plan. In order to be eligible, a participant must have provided at least a year of service and be employed on the last day of the Plan year. The Company did not provide a profit sharing contribution during the year ended March 31, 2022.

Participant Accounts

Each participant's account is credited directly with the participant's contributions, an allocation of the Company's discretionary matching and profit-sharing contributions, and an allocation of Plan earnings or losses. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Thai Summit America Corporation Profit Sharing & 401(k) Plan

Notes to Financial Statements

Note A: Plan Description

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company discretionary matching contribution and Company discretionary profit-sharing contribution portion of their accounts is based on years of service. A participant is 100% vested after four years of credited service for matching contributions and six years of credited service for profit sharing contributions, or upon other conditions as defined in the Plan Document.

Forfeitures

Forfeitures of non-vested Company contributions are used to offset Plan expenses or used to reduce future Company contributions. At March 31, 2022 and 2021, unallocated forfeited non-vested accounts totaled approximately \$19,000 and \$31,000, respectively. For the year ended March 31, 2022, approximately \$70,000 of forfeitures were used to pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from the Plan an amount up to the lesser of one-half of their total vested account balance reduced by the outstanding balance of all other loans from the Plan on the date of the new loan application, or \$50,000, reduced by the highest loan balance outstanding during the prior 12 months. Principal and interest payments are made through payroll deductions over a term not to exceed five years (except for home purchase loans, which can be for terms consistent with normal mortgages). Participant loans are secured by the balance in the participant's account and bear interest at a rate set by the Plan administrator in accordance with local prevailing rates for similar types of loans.

Distributions and Withdrawals

Distributions are allowed upon retirement, attainment of age 59½, disability, death or termination of service without affecting rights under the Plan. A participant or their beneficiary may receive a lump sum distribution equal to the value of the vested interest in their account or installment payments as requested by the participant, subject to minimum distribution requirements by the IRC. If a participant is no longer employed by the Company, they may be subject to various force-out provisions depending on the participant's account balance upon the date of valuation after termination.

Note B: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America periodically requires the Plan administrator to make estimates and assumptions that affect the reported amounts presented in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan determines the Plan's valuation policies utilizing information provided by the Plan Trustee. See Note D for further details regarding investments at fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B: Summary of Significant Accounting Policies

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at March 31, 2022 and 2021. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements, as described in Note E. Fees related to the administration of participants' accounts and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note C: Certification of Information

Fidelity Personal Trust Company ("Fidelity"), the Plan's Trustee, holds the Plan's investments, executes investment transactions as well as other participant transactions. Fidelity has certified that investment balances, noninterest-bearing cash and investment income (loss) that have been included in the accompanying financial statements, as well as the supplemental schedule, are complete and accurate as of March 31, 2022 and 2021 and for the year ended March 31, 2022.

Note D: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability fair value measurement.

Note D: Fair Value Measurements

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in methodologies used at March 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment funds: Valued at the NAV of units in a bank or insurance company collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The estimated value of the collective investment trust funds is NAV. The use of NAV as fair value is deemed appropriate as the collective investment funds do not have a finite life, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value as of March 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 52,953,749	\$ -	\$ -	\$ 52,953,749
Total assets in the fair value hierarchy	52,953,749	-	-	52,953,749
Investments measured at net asset value	-	-	-	5,161,950
	<u>\$ 52,953,749</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 58,115,699</u>

Investments at fair value as of March 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 54,640,267	\$ -	\$ -	\$ 54,640,267
Total assets in the fair value hierarchy	54,640,267	-	-	54,640,267
Investments measured at net asset value	-	-	-	4,716,928
	<u>\$ 54,640,267</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 59,357,195</u>

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Notes to Financial Statements

Note D: Fair Value Measurements

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of March 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

March 31, 2022	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective investment funds	\$ 5,161,950	\$ -	Daily	1 Day

March 31, 2021	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective investment funds	\$ 4,716,928	\$ -	Daily	1 Day

Note E: Party-in-Interest Transactions

Certain expenses, including salaries and services required for Internal Revenue Service ("IRS") reporting, related to the administration of the Plan are paid by the Company, as described in Note B. The Company sponsors the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain plan investments are managed by Fidelity. Fidelity is the trustee; therefore, these qualify as party-in-interest transactions.

Note F: Plan Termination

The Company may, by action of its Board of Directors, amend the Plan, discontinue its contributions, or terminate the Plan, subject to the provisions of ERISA, although its expectation is to continue the Plan as a permanent program. Upon termination, participants would be 100% vested in their accounts, and the assets of the Plan would be distributed among participants according to their respective account balances.

Note G: Income Tax Status

The Company adopted a prototype plan, which received a favorable opinion letter from the IRS stating that the plan is designed in accordance with the applicable sections of the IRC and is qualified for federal income tax exempt status. The Plan has not individually sought its own determination letter.

Note H: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

Note I: Subsequent Events

The financial statements were approved and authorized for issuance by management on the date of the accompanying Independent Auditor's Report. All events and transactions through that date were evaluated by management for potential recognition and disclosure in the financial statements.

Effective June 1, 2022, the plan sponsor adopted an amended and restated plan adoption agreement; however, there were no significant changes to the administration of the Plan, elections, or provisions, from those described above in Note A.
