## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries  
of the Village Super Market, Inc. Employees' Retirement Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the December 31, 2021 and final period June 14, 2022 Financial Statements***

We have performed an audit of the financial statements of the Village Super Market, Inc. Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (in liquidation) as of June 14, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits (in liquidation) for the final period ended June 14, 2022 and the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period ended June 14, 2022, and, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### ***Opinion on the Financial Statements***

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## ***Basis for Opinion on the Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## ***Plan Termination and Liquidation Basis of Accounting***

As further discussed in Note A to the financial statements, the governing body of the Plan approved a plan of liquidation on June 30, 2020, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in the 2019 financial statements to the liquidation basis used in presenting the 2020, 2021 and the final period ending June 14, 2022 financial statements. Our opinion is not modified with respect to this matter.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditor's Responsibilities for the Audit of the December 31, 2021 and final period ending June 14, 2022 Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2021 (in liquidation) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## *Auditor's Report on the 2020 Financial Statements*

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

# VILLAGE SUPER MARKET, INC. EMPLOYEES' RETIREMENT PLAN

## Notes to Financial Statements

June 14, 2022, December 31, 2021 and 2020 (in liquidation)

### NOTE A - DESCRIPTION OF PLAN

The following brief description of Village Super Market, Inc. Employees' Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

#### [1] General:

Pursuant to an amendment executed June 23, 2020, the Plan was terminated effective June 30, 2020, and the Committee determined at that time liquidation of the Plan was imminent. On June 14, 2022, the final distribution payments were made to satisfy all outstanding benefit obligations as further discussed in [2] Pension benefits below and the liquidation of the plan was complete. As a result, the accompanying financial statements were prepared under the liquidation basis of accounting as further discussed in Note B[1].

The Plan was a defined benefit plan sponsored by Village Super Market, Inc. (the "Company"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Certain members of the Board of Directors of the Company served as trustees for the Plan.

The Plan was administered by certain members of the Company Management (the "Committee"). The Committee had overall responsibility for the operation and administration of the Plan. The Committee determined the appropriateness of the Plan's investment offerings, monitors investment performance and reported to the Plan's Board of Trustees.

#### [2] Pension benefits:

The following description of pension benefits is prior to the Plan being frozen on March 31, 2016 to eligibility and accrual of benefits.

Benefits under the Plan were determined as follows:

Each participant will receive a benefit equal to the pension accrued through December 31, 1988, including amounts related to employee contributions and credited interest thereon, plus the sum of 1.00% of average compensation, as defined, times each year of post-1988 service, plus 0.75% of such compensation in excess of Table II of the 1989 Covered Compensation Table, times each year of post-1988 service. Years of service, as defined, will be limited to 35 years of post-1988 service for purposes of the base portion of the benefit formula. The excess portion of the formula shall be reduced by 1/15 for each of the first five years and 1/30 for the next five years by which the early retirement age precedes the normal retirement age.

The normal retirement age is the later of age 65 and completion of five years of Plan participation. A participant may retire at age 55 if 15 years of service, as defined, have been completed. The benefits payable to a participant on an early retirement date are actuarially reduced.

The normal retirement benefit is payable monthly for life. If a participating employee is married at the time of his or her normal retirement date, his or her benefit is payable in the form of a qualified joint and survivor annuity, unless this provision is specifically revoked by the participating employee with written consent of the spouse. If the participant is not married or the joint and survivor annuity has been waived, the participant may elect one of the following methods of benefit payment:

1. A lump-sum distribution;
2. Life annuity with period certain;
3. Life annuity with cash refund; or
4. A joint and survivor annuity.

The Plan also provided for death and disability benefits, as defined.

The Plan was terminated effective June 30, 2020. On June 14, 2022, the Plan sponsor completed the liquidation of the Plan by distributing the Plan assets by purchasing annuity contracts from an insurance company for all the participants who do not elect a lump sum distribution.

### Notes to Financial Statements

June 14, 2022, December 31, 2021 and 2020 (in liquidation)

#### NOTE A - DESCRIPTION OF PLAN (CONTINUED)

##### [3] Eligibility:

The following description of pension benefits is prior to the Plan being frozen on March 31, 2016 to eligibility and accrual of benefits.

Substantially all full-time employees of the Company were eligible for participation provided they had at least six months of service, as defined, and had attained age 20½ and were not employed to render services within the jurisdiction of a union, unless the applicable collective bargaining agreement expressly provided that the member of the union was entitled to participate in the Plan.

Part-time employees were eligible after completion of 1,000 hours of service within a calendar year provided they had attained age 20½.

Employees that met these eligibility requirements by March 31, 2016, the date the Plan was frozen, were able to participate in the Plan.

##### [4] Contributions:

Prior to January 1, 1985, mandatory employee contributions of 3% were required for participation. Subsequent to that date, the Plan was amended to change the mandatory employee contribution to 1%, which was discontinued after December 31, 1988. Participants should refer to the Plan document for more complete information.

##### [5] Vesting:

The following description of vesting is prior to the Plan being frozen on March 31, 2016 to eligibility and accrual of benefits.

A participant became fully vested in his or her normal retirement benefit after the completion of five years of service, as defined. No partial vesting occurred prior to the completion of five years of service.

Effective March 31, 2016, the accrued benefit of each participant in the Plan became fully vested.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### [1] Basis of accounting:

As a result of the Plan termination effective June 30, 2020, the financial statements are prepared under the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

As a result of the Plan's application of the liquidation basis of accounting in 2020, approximately \$546,000 of accrued expenses expected to be incurred in liquidation was recorded as of and for the year ended December 31, 2020. As of December 31, 2021 the accrual was adjusted to approximately \$115,000 to reflect the actual remaining net costs paid in 2022 to complete the liquidation of the Plan. Additionally, approximately \$1,500,000 of contributions were paid by the Company and received by the Plan in 2022 during the liquidation process, and were therefore recorded on the statement of net assets available for benefits (in liquidation) as of December 31, 2021. Refer to Note E for information surrounding the ultimate liquidation of the Plan which was completed on June 14, 2022.

## VILLAGE SUPER MARKET, INC. EMPLOYEES' RETIREMENT PLAN

### Notes to Financial Statements

June 14, 2022, December 31, 2021 and 2020 (in liquidation)

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

##### [2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

##### [3] Investment valuation and income recognition:

The Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determined the Plan's valuation policies utilizing information provided by its investment advisor and custodians.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments included the Plan's gains and losses on investments bought and sold, as well as held during the year.

##### [4] Cash:

The Plan has, at times, maintained cash balances in bank accounts in excess of amounts insured by the Federal Deposit Insurance Corporation ("FDIC").

##### [5] Mutual fund fees:

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of funds. These fees were deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

##### [6] Payment of benefits:

Benefits were recorded when paid.

##### [7] Administrative expenses:

The Plan's expenses were paid either by the Plan or the Company, as provided by the Plan document. Expenses that were paid directly by the Company were excluded from the Plan's financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan were recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses were included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits. Additionally, the Company provided personnel and office facilities for the administration of the Plan at no cost to the Plan. See Note B[1] for liquidation basis of accounting adjustments recorded.

### Notes to Financial Statements

June 14, 2022, December 31, 2021 and 2020 (in liquidation)

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

##### [8] Adjusted Funding Target Attainment Percentage ("AFTAP"):

The Pension Protection Act (the "Act") included many provisions and numerous revisions to rules surrounding defined benefit plans, including rules that govern Plan funding. The Act established minimum funding standards for defined benefit plans and limited benefit increases and accruals for underfunded plans. Pursuant to the Act, each year the actuaries are required to certify to the Plan's funded percentage. The Plan received such certification for the 2020 Plan year for the AFTAP, which is one way of measuring the funded status of a plan using actuarial assumptions mandated by the Internal Revenue Service ("IRS"), and the actuary determined that the 2020 AFTAP for the Plan is approximately 142%.

##### [9] Subsequent events:

The Plan has evaluated events through February 24, 2023, the date the financial statements were available to be issued.

#### NOTE C - INVESTMENT CERTIFICATION

The Plan administrator had elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Principal Life Insurance Company has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of June 14, 2022 and December 31, 2021 and 2020 (in liquidation), the statement of changes in net assets available for benefits for the period ended June 14, 2022 and years ended December 31, 2021 and 2020 (in liquidation) and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021 (in liquidation).

#### NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

### NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020. As of June 14, 2022, the Plan's liquidation process was complete and the value of the plan assets was reduced to \$0.

*Pooled separate accounts* - Valued at net asset value ("NAV"), as a practical expedient, based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market. The pooled separate accounts were comprised of a wide variety of underlying investments such as equities, bonds, and mutual funds.

*Common stocks* - Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020 which are approximately:

#### Investment Assets at Fair Value as of December 31, 2021 (in liquidation)

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at net asset value (A):				
Pooled separate accounts (B)	\$	\$	\$	\$ 56,221,000
Investment assets at fair value	<u>531,000</u>	-	-	<u>531,000</u>
Total investment assets at fair value	<u>\$ 531,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 56,752,000</u>

#### Investment Assets at Fair Value as of December 31, 2020 (in liquidation)

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at net asset value (A):				
Pooled separate accounts (B)	\$	\$	\$	\$ 62,460,000
Investment assets at fair value	<u>501,000</u>	-	-	<u>501,000</u>
Total investment assets at fair value	<u>\$ 501,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 62,961,000</u>

(A) Certain investments that were measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(B) The majority of the Plan's pooled separate account investments were in Principal LDI Bond Accounts. The Plan's investment in the Principal LDI Bond Accounts sought to allocate assets in various fixed income corporate, foreign and municipal securities.

#### NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

##### Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer was reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The pooled separate accounts were measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy as indicated above. The Village Stock investment was reflected as a Level 1 investment. The pooled separate accounts and the Village stock fair value measurement in 2021 is consistent with 2020.

#### NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED BENEFITS

As previously discussed in Note A, the Plan was terminated effective June 30, 2020. Accumulated benefits were those future periodic payments, including lump-sum distributions that were attributable, under the Plan's provisions, to the service employees have rendered. Accumulated benefits included benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan were based on the average of the total annual compensation of the participant during the last five consecutive Plan years in which a participant's compensation is the highest. The accumulated benefits for active employees were based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - were included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets were excluded from accumulated benefits.

On June 14, 2022, the Plan's liquidation process was complete and all accumulated benefit obligations were satisfied. The Plan paid \$53,389,678 in distributions, lump sum settlement payments, and annuity buy outs in 2022 in order to complete the liquidation process.

In the 2020 Plan year, the actuarial present value of accumulated benefits was determined by an actuary from Principal Life Insurance Company, and it is that amount that results from applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

In the 2020 Plan year, Plan contributions were made and the actuarial present value of accumulated benefits were reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The significant actuarial assumptions used in the valuation as of January 1, 2020 are as follows:

- a. The discount rate was 2.50%;
- b. Assumed postretirement mortality rate based upon the IRS prescribed mortality - optional combined table for small plans, female and male; and
- c. Retirement at normal retirement age 65.

#### NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED BENEFITS (CONTINUED)

The actuarial present value of accumulated benefits as of January 1, 2020, the date of the most recent actuarial valuation, is approximately as follows:

	<u>2020</u>
Vested benefits:	
Participants currently receiving benefits	\$ 11,088,000
Other participants	<u>52,008,000</u>
	63,096,000
Nonvested benefits	<u>-</u>
Total actuarial present value of accumulated benefits	<u>\$ 63,096,000</u>

The change in the actuarial present value of accumulated benefits as of January 1, 2020 consists of approximately the following:

	<u>2020</u>
Total actuarial present value of accumulated benefits, beginning of period	\$ 49,078,000
Benefits accumulated and plan experience	525,000
Interest	2,194,000
Change in actuarial assumptions	17,133,000
Benefits paid	<u>(5,834,000)</u>
Total actuarial present value of accumulated benefits, end of period	<u>\$ 63,096,000</u>

#### NOTE F - FUNDING POLICY

The funding requirements for the Plan were determined using the aggregate actuarial cost method. The Company's funding policy was to make annual contributions to the Plan in amounts that are at least sufficient to comply with the minimum funding requirements of ERISA. The minimum funding requirements of ERISA have been met for all years and periods presented.

#### NOTE G - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments at December 31, 2021 and 2020 were shares of pooled separate accounts managed by Principal Life Insurance Company. As a result, these transactions qualified as party-in-interest transactions.

Certain Plan investments at December 31, 2021 and 2020 were invested in shares of Village Super Market, Inc. common stock. Village Super Market, Inc. is the Plan sponsor and therefore, these transactions qualified as party-in-interest transactions.

Fees paid by the Plan to Principal Life Insurance Company were approximately, \$94,000, \$238,000 and \$364,000 for the final period ended June 14, 2022 and the years ended December 31, 2021 and 2020, respectively.

#### NOTE H - PLAN TERMINATION

Effective June 30, 2020, the Plan elected to terminate under the provisions of ERISA. As a result of the termination, the net assets of the Plan were allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination.
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC") (a U.S. government agency) up to the applicable limitations (discussed subsequently).
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).

Certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Upon satisfaction of all regulatory requirements, the Plan fully funded and liquidated all plan assets to purchase annuity contracts from an insurance company for all the participants who did not elect a lump sum distribution. The Company filed the required forms with the PBGC and completed the liquidation process on June 14, 2022.

#### NOTE I - TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated June 29, 2012, stating that the Plan is qualified under the Internal Revenue Code ("IRC") and therefore the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believed that the Plan was designed and was operated in compliance with the applicable requirements of the IRC and therefore, believed that the Plan was qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator had analyzed the tax positions taken by the Plan, and had concluded that as of June 14, 2022, December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.
