Independent Auditor's Report

To the Plan Administrative Committee
St. Thomas School DC Retirement Plan
Medina, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of St. Thomas School DC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended June 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2022 and 2021, and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and TIAA and CREF did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

St. Thomas School DC Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the St. Thomas School DC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General

The Plan is a qualified defined contribution retirement plan under Section 403(b) of the Internal Revenue Code (IRC) which covers all eligible employees of St. Thomas School (the School or Employer). The Plan is subject to provisions of the IRC and the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodian and Administration of the Plan

The custodian and recordkeeper of the Plan is TIAA and CREF. The administrator of the Plan is the School. The custodian holds all assets of the Plan in accordance with the service provider contract with the School. The Plan Administrative Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the School are eligible to make salary deferral contributions to the Plan upon their date of hire. In order to receive Employer matching contributions, participants must attain age 19 and normally work more than 20 hours per week.

Contributions

Participant Contributions - In general, eligible participants may elect to contribute up to 100% of eligible compensation, as defined in the Plan document, up to the maximum allowable under the IRC. Contributions can be made on both a pre-tax and Roth basis through payroll deductions. The Plan also allows for catch up contributions for participants aged 50 years or older, as well as rollover contributions from other qualified plans.

Employer Contributions - The Plan provides that the School make a matching contribution to the Plan each year in an amount equal to 10% of a participant's compensation provided the participant is deferring 5% or more of their compensation.

Contributions are subject to certain limitations of the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the School's contributions, as applicable, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant eligible compensation, participant contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

St. Thomas School DC Retirement Plan

Notes to Financial Statements

Vesting

Participant and Employer contributions and related earnings thereon are immediately 100% vested.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount, installment, or partial payments equal to the vested portion of the participant's account, leave the account in the Plan, rollover the vested balance to another qualified retirement plan or IRA, or they may purchase an annuity contract provided their vested account balance is in excess of \$1,000. For a participant whose vested account balance is less than \$1,000, the participant, with or without consent, will receive the value of the vested interest in their account as a lump-sum distribution.

Distributions are generally only allowed after termination of employment with the School; however, distributions can be made during a participant's employment upon attainment of age 59½ or under certain hardship provisions as defined within the Plan document.

Notes Receivable from Participants

Participant loans are not allowed under the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Annual Reporting Requirements

Prior to January 1, 2009, TIAA and CREF maintained records at a contract, not plan level. TIAA and CREF administratively decided not to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As such, neither the School nor TIAA and CREF were able to produce sufficient records and supporting documents relating to certain annuity and custodian accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and accuracy of beginning balances at January 1, 2009, could not be determined.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

St. Thomas School DC Retirement Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments, with the exception of the fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contracts are valued at contract value. Contract value equals accumulated cash contributions and interest less distributions. See Note 4 for additional discussion.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses related to operating and maintaining the Plan and certain investment and transaction fees are paid by the Plan. Additionally, the School pays certain expenses of the Plan including fees for the annual audit of the Plan. Expenses paid by the School are excluded from these financial statements. Certain investment expenses which are charged within investments are presented net of the appreciation (depreciation) in fair value of investments.

Subsequent Events

The financial statements and related disclosures include an evaluation of events up through and including February 2, 2023, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.

St. Thomas School DC Retirement Plan

Notes to Financial Statements

- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used as of June 30, 2022 and 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are valued using Level 1 inputs.

Registered Investment Companies - These investments are separate accounts that are registered with the SEC. These investments are valued at the NAV which is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is published daily on NASDAQ; however, these investments but are not publicly traded. Units in the registered investments are revalued daily to reflect performance of the underlying investments minus any fees and charges, and transactions occur at this published price. In efforts to reduce market timing and excessive trading, participants will not be permitted to make electronic transfers back into the same account through purchase or exchange for 90 days if a purchase, sale, and repurchase within that account is made within a 60-day period. These investments are classified as Level 1 as the prices are published in active markets.

Variable Annuities - TIAA Access Annuities are variable annuity products that are funded through TIAA separate accounts that are registered under the Investment Company Act of 1940 but are not publicly traded. The separate account invests in proprietary and nonproprietary mutual funds through various subaccounts. Subaccount unit values are calculated daily and are available on the TIAA and CREF website. The underlying investments are generally priced using market quotations obtained from independent pricing services. The TIAA Access Annuities are reported at the NAV as a practical expedient to measuring fair value. There are no trading restrictions or unfunded commitments related to the TIAA Access Annuities.

Pooled Separate Account - Units held in the pooled separate account (PSA) are valued at the NAV based on the fair market value of the underlying investments of the account less liabilities. The NAV is published daily on NASDAQ; however, the PSA is not publicly traded. The PSA holds approximately 10% of its net assets in investments other than real estate and real estate related investments, comprised of publicly traded, liquid investments. Valuation of the PSA's real estate properties are based on real estate appraisals, which are estimates of property values based on a professional's opinion and may not be accurate predictors of the amount the PSA would actually receive if it sold a property. Appraisals can be subjective in certain respects and rely on a variety

St. Thomas School DC Retirement Plan

Notes to Financial Statements

of assumptions (included comparable property sales and historic pricing) and conditions at that property or in the market in which the property is located, which may change materially after the appraisal is conducted.

Further, as the PSA generally obtains appraisals on a quarterly basis, there may be circumstances in the period between appraisals or interim valuation adjustments in which the true realizable value of a property is not reflected in the PSA's daily NAV calculations or in the PSA's periodic financial statements.

The PSA provides participants with a liquidity guarantee enabling the account to have funds available to meet participant redemption, transfer, or cash withdrawals. TIAA guarantees that participants can redeem their accumulation unit value determined after their transfer or cash withdrawal request is received in good order. Withdrawals from the PSA are limited to once per calendar quarter. TIAA limits the ability of participants to transfer funds into the TIAA Real Estate Account. Specifically, individual participants are limited from making internal transfers into their account if, after giving effect to such transfer, the total value of such participant's account (under all contracts issued to such participant) would exceed \$150,000. These investments are classified within Level 2 of the fair value hierarchy.

Non-Fully Benefit-Responsive Investment Contracts - Non-fully benefit-responsive investment contracts represent investments in fixed annuity contracts with TIAA. Fair value is determined using the discounted cash flow method, which is approximated by contract value. These investments are classified within Level 3 of the fair value hierarchy. See Note 4.

The following tables present information about the Plan's assets that have been measured at fair value on a recurring basis, and indicate the general classification by level of input within the fair value hierarchy described above:

<i>June 30, 2022</i>	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 2,601,972	\$ 2,601,972	\$ -	\$ -

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

Purchases of the Plan's Level 3 assets were approximately \$186,000 and sales were approximately \$267,000 for the year ended June 30, 2022.

The following is a summary of quantitative information about significant unobservable inputs used in Level 3 fair value measurements:

Type	Fair Value June 30, 2022	Fair Value June 30, 2021	Principal Valuation Technique	Significant Unobservable Inputs	Crediting Rate
TIAA Traditional Annuity Contracts (RA and RC)	\$ 1,691,603	\$ 1,699,428	Discounted cash flow/ theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA 3.00%-5.00% RC 3.00%-5.25%

4. Fixed Annuity Contracts

As discussed in Note 3, fixed annuity contracts consist of investment options known as the TIAA Traditional Annuity Contracts and TIAA Stable Value Fund (together, fixed annuity). Fixed annuity contracts are established between the participants and TIAA. The investment options offered by the Plan are commonly known as the Retirement Annuity (RA), Retirement Choice (RC), Supplemental Retirement Annuity (SRA), and Group Supplemental Retirement Annuity (GSRA). The return of fixed annuity contributions plus interest to participants is subject to TIAA's claims paying ability.

Fixed annuity contracts are credited with a minimum rate of interest that is determined annually. Participants may also earn interest in addition to the guaranteed rate at the discretion of TIAA. Such discretionary interest, if any, is declared by TIAA on a year-by-year basis and remains in effect for the subsequent twelve-month "declaration year."

St. Thomas School DC Retirement Plan

Notes to Financial Statements

Contributions to the fixed annuity accounts are grouped by TIAA into “vintages” comprised of premiums received over defined time periods or one or more contiguous calendar months. The interest crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Crediting rates are also determined by the performance of investments contained in TIAA’s general account.

During the year ended June 30, 2022, the crediting rates of the fixed annuity contracts were as follows:

RA	3.00% to 5.00%
RC	3.00% to 5.25%
SRA	3.00% to 4.25%
GSRA	3.00% to 4.25%

RA account balances may only be withdrawn over 10 annual installments. RC account balances may require withdrawals in installments and may only be allowed at certain points in time. RAs and RCs are not considered to be fully benefit-responsive investment contracts as defined by ASC 960 because this provision is considered to restrict participants “reasonable access” to their contract balances. SRAs and GSRA are considered fully benefit-responsive investment contracts because they are fully liquid and immediately cashable once a participant terminates employment with the School.

The TIAA Stable Value Fund is a fixed rate group annuity contract issued by TIAA. Contributions are deposited into a non-unitized separate account. There is a guaranteed minimum rate of interest provided by the contract that falls between 1% and 3%. Any amount credited above the minimum guaranteed rate is determined by TIAA. These rates are subject to change every six months and TIAA guarantees that the declared crediting rate will not decline by more than 0.75% each time it is reset. TIAA prohibits direct transfers to competing funds. Transfers may be made to a competing fund after a 90-day waiting period after being transferred to a noncompeting fund. Additionally, transfers into TIAA Stable Value Fund may not be made for 30 days following a transfer out. The fund is considered fully benefit-responsive investment contract because it is fully liquid and immediately cashable once a participant terminates employment with the School.

5. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2022 and 2021;
- Net investment loss reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2022;
- Investment information included in Note 4;
- Investment information included in the schedule of assets (held at end of year) as of June 30, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

6. Income Tax Status

The Plan has adopted a volume submitter prototype sponsored by its third-party administrator. The prototype received a favorable opinion letter from the Internal Revenue Service dated August 7, 2017, which stated that the prototype Plan is designed in accordance with the provisions of the IRC. The Plan has since been amended; however, in the opinion of the Plan administrator, the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party and Party-in-Interest Transactions

Certain Plan investments as of June 30, 2022 and 2021, consist of investments managed or sponsored by TIAA and CREF. Certain investment related fees are recorded net of investment gains and losses in the statement of changes in net assets available for benefits and qualify as exempt party-in-interest transactions. Direct administrative expenses paid by the Plan to TIAA and CREF and other service providers also qualify as exempt party-in-interest transactions.

8. Plan Termination

The School expects to continue the Plan indefinitely but reserves the right to terminate or amend the Plan at any time. However, no such amendment or termination shall deprive any participant of any vested interest in the Plan. Upon termination, the obligation of the School to make contributions to the Plan shall cease. The School may then direct management of the Plan to either distribute the funds to the participants or continue the trust, with distributions to be made pursuant to the Plan.

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.
