Supplemental Retirement Savings Plan

Opinion

We have audited the accompanying financial statements of SMART Local 265 Supplemental Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of May 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of general and administrative expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

SMART LOCAL 265 SUPPLEMENTAL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED MAY 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the SMART Local 265 Supplemental Retirement Savings Plan (the Plan) provides general information only. Participants should refer to the Plan Agreement for more complete information.

General - The Plan is a defined contribution pension plan established June 1, 1993. Effective June 1, 1998, the Plan was amended and restated to change the Plan from a defined contribution money-purchase plan to a defined contribution profit sharing plan. Effective March 22, 2018, the Plan was amended to change its name from "Sheet Metal Workers Local 265 Supplemental Retirement Savings Plan" to "SMART Local 265 Supplemental Retirement Savings Plan." Effective January 1, 2022, the Plan was amended to allow elective deferrals from Participants' compensation to the Plan.

The Plan is administered by the Board of Trustees (the Trustees) of the SMART Local 265 Supplemental Retirement Savings Plan, under the terms of an agreement between the Local Union No. 265 of the Sheet Metal Workers International Association and the Sheet Metal Contractors Association. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer Contributions - Contributions to the Plan are made in accordance with the provisions of the collective bargaining agreement between the employers and the union. The contribution rate effective December 1, 2019 was \$9.00 per hour worked. Effective September 1, 2020, the contribution rate was increased to \$9.75 per hour worked. Effective June 1, 2021, the contribution rate was increased to \$10.25 per hour worked. Effective June 1, 2022, the contribution rate was increased to \$10.50 per hour worked. The revenue of the Plan is dependent on the continued activity of the employers of the Plan.

Participant Contributions - An eligible participant may elect through payroll deduction to have their wage reduced and the corresponding amount be contributed to the Plan on their behalf by the employer as an employee pre-tax elective deferral. Employee pre-tax elective deferrals to the Plan shall be permitted in \$0.50 per hour of service increments up to \$5.00, and then either \$10.00 or \$15.00 per hour.

Participant Accounts - Participants in this Plan prior to June 1, 1998 may have two accounts: a money purchase pension account and a profit sharing account. The money purchase pension account includes all employer contributions made before June 1, 1998 or made for work prior to such date. It also includes earnings and expenses allocated to the account. The profit sharing account includes all employer contributions made after

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

May 31, 1998. It also includes earnings and expenses allocated to the account. Each participant's account is credited with the employer's contributions made on behalf of the participant and the net investment income (as defined under the Plan), less administrative expenses incurred by the Plan. The benefit to which the participant is entitled is the benefit that can be provided from the participant's account. Effective January 1, 2019, the Trustees approved an amendment to the Plan which transitioned it to a participant directed model. Under this model, participants direct the investment of their accounts into various investment options offered by the Plan.

Vesting - A participant is vested and shall have a non-forfeitable interest in his account after one hour of service in a plan year for a contributing employer.

Payment of Benefits - Upon retirement or termination of service, a participant's account balance in the profit sharing account may be paid in a lump sum. A participant may request a lump sum benefit for the money purchase pension account if a participant has filed a valid waiver of the 50% joint and survivor annuity or single life annuity.

A participant may request a hardship withdrawal of all or a portion of their profit sharing account. A total of four lifetime hardship withdrawals are allowed.

During the year ended May 31, 2021, the Plan did allow for participants to utilize the aid from the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). This act provided for Coronavirus-related distributions, increases in loan limits, loan payment suspensions, and changes to the required minimum distribution administration.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized as incurred.

Valuation of Investments - Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash and cash equivalents held by custodians for investment purposes are reported as investments.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions Receivable - The Plan estimates amounts receivable from reporting employers and participants at year-end based upon amounts collected subsequent to year-end. The Plan considers the receivables to be fully collectible; accordingly, no allowance for doubtful receivables is required. Employer records are subject to audit and additional revenue, if any, which may arise as a result of these audits is recognized when received.

Property and Equipment - Furniture, computer equipment and leasehold improvements are stated at cost. Major additions are capitalized while maintenance and repairs, which do not improve or extend the lives of the respective assets, are expensed currently. Depreciation is computed over the estimated useful lives of 5 years for computer equipment and 7 years for furniture and equipment by the straight-line method. Depreciation expense for the years ended May 31, 2022 and 2021 was \$1,360 and \$1,063, respectively.

NOTE 3. INVESTMENTS

The Plan's investments at May 31, 2022 and 2021, are as follows.

	2022	2021
Common collective trusts	\$ 211,282,147	\$ 216,209,296
Mutual funds	75,910,812	74,959,703
Total investments	<u>\$ 287,192,959</u>	<u>\$ 291,168,999</u>

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2022 and 2021.

Mutual funds: Value is determined based on the closing price reported in the active market in which the individual assets are traded.

Investments measured at net asset value: Common collective trusts are valued based on the net asset value (NAV) of the value of the shares held by the Plan at year end as reported by the custodian of the trust. NAV is calculated based on the fair value of the underlying securities held by the Trust on the date of valuation.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2022 and 2021:

	2022			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 75,910,812	<u>\$ 75,910,812</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value *	<u>211,282,147</u>			
	<u>\$287,192,959</u>			

	2021			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 74,959,703	<u>\$ 74,959,703</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value *	<u>216,209,296</u>			
	<u>\$291,168,999</u>			

* In accordance with Accounting Standards Codification, investments that were measured at NAV value per share (or its equivalent) have not been classified in the fair hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits. For the years ended May 31, 2022 and 2021, there were no transfers in or out of Levels 1, 2 or 3.

NOTE 5. FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment entity that does not have a readily determinable fair value based upon the NAV per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

NOTE 5. FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE (CONTINUED)

The Plan's investment in investment entities is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities. To diversify its investment risk, the Plan looked for different investment vehicles where the return did not necessarily correlate to general market returns as what was previously invested.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis, but longer lock-up periods can apply to certain investments.

The following table summarizes the Plan's investments in certain entities that calculate NAV per share as fair value measurement as of May 31, 2022 and 2021:

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
a. Common collective trusts	<u>\$211,282,147</u>	<u>\$216,209,296</u>	\$ -	Daily-Yearly	Daily-Yearly

a. All report as direct filing entities. L & G MSCI ACWI ex US DC CIT F, L & G S&P 400 CIT Class F, L & G S&P 500 CIT Class F, L & G S&P 600 CIT Class F can be redeemed daily. Withdrawals from the Morley Stable Value Fund, other than for benefit payments and participant transfers to noncompeting options, require a twelve month advance written notice to the Trustee of the Fund, although at the Trustee's discretion, may allow for earlier withdrawal.

NOTE 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Common salaries, payroll taxes and fringe benefits incurred with related SMART Local 265 Funds are paid by the SMART Local 265 Welfare Fund and SMART Local 265 Union. Other common administrative expenses incurred with various SMART Local 265 Funds and the SMART Local 265 Union were paid by the various SMART Local 265 Funds and the Union. These expenses are charged to the various funds annually based on an allocation approved by the funds' Trustees. Reimbursements for these expenses for the years ended May 31, 2022 and 2021 were \$177,842 and \$184,945, respectively.

At May 31, 2022 and 2021, there was a net payable due to affiliated funds of \$71,142 and \$78,245, respectively.

The Plan pays certain investment and administrative fees directly to service providers. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Trustees has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, distribution of Plan assets will be made to the participants after all expenses incurred by the Plan are paid.

NOTE 8. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by letter dated July 8, 2016 that the Plan and related Trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. As of May 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9. OPERATING LEASE

The Plan entered into an agreement with the SMART Local 265 Pension Fund to lease a portion of the office and warehouse space at 205 Alexandra Way, Carol Stream, Illinois. The lease agreement requires monthly payments of \$307 plus the Plan's share of occupancy expenses and extends through December 31, 2020. Effective January 1, 2021 and January 1, 2022, the lease periods were extended to December 31, 2021 and December 31, 2022, respectively, and require monthly payments from the Plan of \$613. Rent expense for the years ended May 31, 2022 and 2021 totaled \$7,356 and \$5,214, respectively.

Total minimum future rental payments are:

<u>Year End</u>	<u>Amount</u>
May 31, 2023	<u>\$ 4,291</u>

NOTE 10. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The COVID-19 pandemic, whose effects first became known in January 2020, is having a broad and negative impact on commerce and financial markets around the world. The extent of the impact of the pandemic on the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on the Plan's participants, employers, and vendors, all of which, at present, cannot be determined. Accordingly, the extent to which the pandemic may impact the Plan's net assets available for benefits and changes in net assets available for benefits is uncertain, and the accompanying financial statements include no adjustments relating to the effects of this pandemic.

NOTE 11. SUBSEQUENT EVENTS

Subsequent events have been evaluated through December 9, 2022, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
