Independent Auditors' Report

To the Plan Administrator of the
Orchid Underwriters Agency, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Orchid Underwriters Agency, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 (in liquidation), and the related statement of changes in net assets available for benefits for the year then ended (in liquidation), and the statement of net assets available for benefits as of December 31, 2020 (ongoing), and the related statement of changes in net assets available for benefits for the year then ended (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of July 20, 2022 (liquidation date) and December 31, 2021 and for the period from January 1, 2022 to July 20, 2022 and year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

As described in Note 1 to the financial statements, the governing body of the Orchid Underwriters Agency, LLC 401(k) approved a termination of the Plan on March 31, 2022 and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2021 financial statements to the liquidation basis used in presenting the 2022 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

Independent Auditors' Report (continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Orchid Underwriters Agency, LLC 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

1. Description of Plan

The following description of the Orchid Underwriters Agency, LLC 401(k) Plan (the Plan) is provided for general purposes only. Participants should refer to the Summary Plan Document for a more complete description of the Plan's provisions.

General

The Plan, established on October 16, 2015, was a defined contribution plan, available to all employees of Orchid Underwriters Agency, LLC (the Company) who had met the eligibility requirements stipulated by the Plan. The Plan was administered by the management of the Company and was subject to the provisions of the Employee Retirement Income Security Act (ERISA). Effective March 1, 2021 the Plan was amended and restated to reflect changes in eligibility requirements.

In early 2022, Brown and Brown, Inc. acquired the Orchid Underwriters Agency, LLC and also acquired the Plan in the transaction. This transaction had no impact on the Plan until the Plan termination date of March 31, 2022. After termination, all participant funds were distributed for the benefit of the participants, which were finalized as of July 20, 2022.

Eligibility

In general, employees who were not governed by a collective bargaining agreement were eligible to participate in the Plan on the first day of the month after six months of service. There was no age requirement. Employees were credited for one month of service for each month in which they complete one hour of service. Employees were subject to automatic deferrals of 1% with no arranged escalation after meeting the eligibility requirements of the plan. On March 1, 2021, the Plan was amended to shorten the eligibility period for employee elective and Roth deferrals. Under the new amendment, employees become eligible to make elective and Roth deferrals the first of the month following their date of hire. The amendment went into effect for any employees hired before that date who had met the previous requirement.

Contributions

Each year, participants could contribute a percentage from 1% to 90% of any combination of their pretax and after-tax annual compensation as defined by the Plan. Participant contributions are subject to limitations imposed by the Internal Revenue Code, which was \$20,500 for 2022 and \$19,500 for 2021, plus an additional \$6,500 for 2022 and 2021, for certain eligible catch-up contributions for participants over age 50.

Orchid Underwriters Agency, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions (continued)

Management made a safe harbor matching contribution each payroll period equal to 100% of the first 3% of the participants pre-tax or Roth salary deferral contributions, plus 50% of the next 2% of the participants' pre-tax or Roth salary deferral contributions up to a maximum of 4% of the participants' salary. Employer safe-harbor matching contributions were \$101,477 and \$424,667 for the years ended December 31, 2022 and 2021, respectively.

Investment Options

All of the assets of the Plan were held by Ascensus Trust Company, the trustee. All investments were fully participant directed. Participants could direct the investment of their contributions and the Company's matching contribution into any of the Plan's available investment options.

Participant Accounts

Individual accounts were maintained for each Plan participant. Each participant's account was credited with the participant's contribution, the Company's safe-harbor matching contribution, and allocations of Plan earnings, and charged with withdrawals and an allocation of Plan losses and certain administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions, Company safe harbor matching contributions, plus earnings thereon. As such, there were no forfeited accounts as of December 31, 2022 and 2021.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants was recorded when it was earned. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance was reduced and a benefit payment was recorded.

Orchid Underwriters Agency, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Notes Receivable from Participants (continued)

Participants could borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, and a minimum of \$500, and could only have one loan outstanding at a time. In general loans were repaid over a period of 5 years unless the loan was used for the purchase of a primary residence, which could be paid over a period of no more than 30 years. Payments of principal and interest were made through payroll deductions over the loan period. A loan was secured by the vested balance in the participant's account. The loan bore interest at a rate that was determined by the Plan Administrator based on prevailing market conditions and was fixed over the life of the note. There were no outstanding loans as of December 31, 2022.

Payment of Benefits

Upon a participant's separation from service due to death, disability, termination, or retirement, benefits could be distributed to them in a single lump sum amount equal to the vested value of their account. Active participants could also withdraw funds from their accounts under certain hardship conditions.

If the vested benefit is less than \$5,000, the Plan Administrator might have initiated an involuntary distribution. Prior to such distribution, the participant had the right to request that the amount be distributed directly to the participant in the form of a lump sum amount or request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

Forfeitures

As participants were always 100% fully vested in their total account balances, there were no forfeited non-vested accounts in the Plan.

Administrative Expenses

Individual Participant accounts could be charged directly for all administrative expenses, if not paid by the Company. The Plan did not seek reimbursement from the Company. Individual Participant accounts were charged directly for loan recordkeeping, if applicable.

Orchid Underwriters Agency, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on a liquidation basis, in accordance with accounting principles generally accepted in the United States of America (“GAAP”). This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets is reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts. As a result of the Plan termination effective March 31, 2022, the Plan’s financial statements as of December 31, 2022 and for the year then ended have been prepared on the liquidation basis and the December 31, 2021 financial statements have been prepared on a going concern basis, in accordance with GAAP. There were no material changes to the 2022 financial statements as a result of the change under the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Benefit Payments

Benefits were recorded when they had been approved for payment and paid by the Plan.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further information on fair value measurements utilized by the Plan.

Purchases and sales of securities were recorded on a trade-date basis. Net (depreciation) appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

Orchid Underwriters Agency, LLC 401(k) Plan

Notes to Financial Statements (continued)

3. Information Certified by the Trustee

The Company entered into an agreement with Ascensus Trust Company on December 1, 2020. Pursuant to the trust agreements, the assets of the trust are held and administered by the trustee, Ascensus Trust Company, as of July 20, 2022 (liquidation date) and December 31, 2021 and for the period from January 1, 2022 to July 20, 2022 and year ended December 1, 2021. The Trustee holds mutual funds stated at fair value.

In accordance with the trust agreements, the Trustee holds the Plan assets and executes investment transactions. All investment information disclosed in the accompanying financial statements, including investments held and notes receivable from participants at July 20, 2022 (liquidation date) and December 31, 2021, and interest income, dividends and net (depreciation) appreciation in fair value of investments for the period from January 1, 2022 to July 31, 2022 and year ended December 31, 2021, was obtained and certified as complete and accurate by the trustee.

4. Fair Value Measurements

Under US GAAP, a framework for measuring fair values has been established to clarify the definition of those fair values and expand disclosures about assets and liabilities measured at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy described under US GAAP are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Funds – Valued at the daily closing price report by the fund sponsor from an actively traded exchange. These are included within cash equivalents as Level 1 measurements.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the fair values and levels within the hierarchy in which the fair value measurements fall for assets measured on a recurring basis as of December 31, 2021:

Description	Level 1	Level 2	Level 3	Total
Investments:				
Money market fund	\$ 39,530	\$ -	\$ -	\$ 39,530
Mutual funds	5,879,025	-	-	5,879,025
Total investments	<u>\$ 5,918,555</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,918,555</u>

5. Plan Termination

The Plan was terminated as of March 31, 2022, subject to the provisions of ERISA. Subsequent to March 31, 2022, no contributions, loan payments or new loans were allowed into or out of the Plan. All balances were distributed as of July 20, 2022.

6. Party-in-Interest Transactions / Related Party

During the Plan years ended December 31, 2022 and 2021, \$3,504 and \$1,203, respectively, of administrative fees were paid to the trustees. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Notes receivable from Participants also qualify as exempt party-in-interest transactions as defined by ERISA.

7. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks.

8. Income Tax Status

The underlying prototype non-standardized profit-sharing plan with CODA (cash or deferred arrangement) had received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the form of the Plan was qualified under Section 401(a) of the IRC, was exempt from federal income taxes under Section 501(a) of the IRC and that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan had been amended since receiving the opinion letter, however, the Plan Administrator believes the Plan was designed in compliance with the applicable requirements of the IRC and that the Plan was qualified, and the related trust was tax-exempt as of the financial statement dates.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of an entity is considered a tax position. No such uncertain tax positions had been recognized by the Plan.

The Plan filed Form 5500 with the IRS and is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.
