INDEPENDENT AUDITORS' REPORT

To the Population Reference Bureau DC Retirement Plan
Plan Administrator:

Scope and Nature of the ERISA Section 103(a)(3)(C) 2021 Audit

We have performed an audit of the accompanying financial statements of Population Reference Bureau DC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Population Reference Bureau DC Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the financial statements of Population Reference Bureau DC Retirement Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

Population Reference Bureau DC Retirement Plan does not have sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Prior to January 1, 2009, records were maintained at a contract level, not at the Plan level; therefore, management has not maintained appropriate audit evidence. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying 2021 financial statements may have been affected by these conditions.

As described in Note 1, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin ("FAB") No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. Related to such accounts, as reported by the Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), net assets available for benefits of \$4,431,696, were excluded from the statement of net assets available for benefits as of December 31, 2021. Further, investment gains of \$671,531 and distributions of \$1,255,644 related to such accounts, as identified by TIAA and CREF, have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021. Accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Population Reference Bureau DC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued. Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of Population Reference Bureau DC Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statement section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Population Reference Bureau DC Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplemental Schedules Required by ERISA

The supplemental schedules consisting of the Schedule of Delinquent Participant Contributions for year ended December 31, 2021 and Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statement section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Auditors' Report on the 2020 Financial Statements

Predecessor auditors performed an audit of the 2020 financial statements of the Population Reference Bureau DC Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year's audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, they were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements.

Their report dated March 25, 2022 indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules.

INDEPENDENT AUDITORS' REPORT

To the Population Reference Bureau DC Retirement Plan
Plan Administrator:

Scope and Nature of the ERISA Section 103(a)(3)(C) 2021 Audit

We have performed an audit of the accompanying financial statements of Population Reference Bureau DC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Population Reference Bureau DC Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the financial statements of Population Reference Bureau DC Retirement Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

Population Reference Bureau DC Retirement Plan does not have sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Prior to January 1, 2009, records were maintained at a contract level, not at the Plan level; therefore, management has not maintained appropriate audit evidence. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying 2021 financial statements may have been affected by these conditions.

As described in Note 1, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin ("FAB") No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. Related to such accounts, as reported by the Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), net assets available for benefits of \$4,431,696, were excluded from the statement of net assets available for benefits as of December 31, 2021. Further, investment gains of \$671,531 and distributions of \$1,255,644 related to such accounts, as identified by TIAA and CREF, have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021. Accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Population Reference Bureau DC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued. Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of Population Reference Bureau DC Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statement section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Population Reference Bureau DC Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplemental Schedules Required by ERISA

The supplemental schedules consisting of the Schedule of Delinquent Participant Contributions for year ended December 31, 2021 and Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statement section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Auditors' Report on the 2020 Financial Statements

Predecessor auditors performed an audit of the 2020 financial statements of the Population Reference Bureau DC Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year's audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, they were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements.

Their report dated March 25, 2022 indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules.

POPULATION REFERENCE BUREAU DC RETIREMENT PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of the Population Reference Bureau DC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Population Reference Bureau (the Company) effective January 1, 1962. The Plan covers substantially all employees of the Company that work on average 20 hours or more per week, other than any employee who is a non-resident alien or student employees. There is no age requirement and employees are eligible to enter the Plan on the first day of the month coinciding with or following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended effective October 1, 2018 to adopt a volume submitter 403(b) Plan document.

The Company also maintains the Population Reference Bureau Tax Deferred Annuity Plan (TDA Plan) and does not make any employer contributions into the TDA Plan.

Participant Contributions

Under the terms of the Plan, participants may contribute by making pre-tax contributions of either 4% or 6% of their compensation, as defined by the Plan, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled \$19,500 for the year ended December 31, 2021. Participants that elect to defer into the Plan are automatically enrolled at 4%. Once a participant has total annual earnings over the social security base, their deferral is automatically increased to 6%. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$6,500 for the year ended December 31, 2021. Participants with more than 15 years of service may also make a qualified organization catch-up deferral. Participants may roll over funds from other qualified plans into the Plan.

Company Contributions

The Company makes matching contributions to the Plan based on the participant's elective deferral contributions up to the maximum of 9% of eligible wages, as defined by the Plan. The match is calculated as follows:

Elective Deferral %	Matching Rate
0%	3%
4%	6%
6%	9%

Company matching contributions totaled \$437,963, for the year ended December 31, 2021.

POPULATION REFERENCE BUREAU DC RETIREMENT PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN – cont'd.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and Company contributions in accordance with the investment options selected by the participant. Plan earnings, losses, and administrative expenses are allocated to participant accounts based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account balance.

Vesting

Participants are immediately vested in their contributions plus earnings thereon, along with Company matching contributions.

Payment of Benefits

Upon termination of service, death, disability, or qualified reservist, a participant (or their beneficiary, in the event of death) is entitled to a distribution of their account balance. Distributions from the Plan are payable in the form of a lump sum, installment payments, or an annuity. Distributions are subject to the applicable provisions of the Plan agreement. Certain income tax and penalties may apply to withdrawals or distributions prior to age 59½. As of December 31, 2021 and 2020, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not received such distributions prior to year-end.

Notes Receivable from Participants

Participant loans are not permitted by the Plan.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid with assets of the Plan unless the Company, at its discretion, elects to pay them. All of the direct Plan expenses were paid by the Company. Expenses paid by the Company are excluded from the Plan's financial statements. Investment related expenses are included in net appreciation in fair value of investments.

POPULATION REFERENCE BUREAU DC RETIREMENT PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN – cont'd.

Department of Labor Field Assistance Bulletin (FAB) 2009-02

The U.S. Department of Labor issued FAB 2009-02 on July 20, 2009. FAB 2009-02 provided relief in the Form 5500 reporting requirements for Section 403(b) plans, stating:

Specifically, the administrator of a 403(b) plan does not need to treat annuity contracts and custodial accounts as part of the employer's Title I plan or as plan assets for purposes of ERISA's annual reporting requirements provided that:

1. The contract or account was issued to a current or former employee before January 1, 2009;
2. The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contract or account before January 1, 2009;
3. All of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and
4. The individual owner of the contract is fully vested in the contract or account.

Plan assets held by a legacy provider TIAA and CREF have been excluded from the statements of net assets available for benefits in accordance with the FAB 2009-02. If the identified contracts, as reported by TIAA and CREF, were included, net assets available for benefits would increase by \$4,431,696 and \$5,015,807 as of December 31, 2021 and 2020, respectively. Further, investment gains of \$671,533 and distributions of \$1,255,644 related to such accounts, as identified by TIAA and CREF have also been excluded from the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021. Management believes that the 403(b) Plan contracts held by the service provider meet the criteria of the U.S. Department of Labor for exclusion from the Form 5500 filing. As permitted, management chose to exclude these contracts from Plan reporting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

POPULATION REFERENCE BUREAU DC RETIREMENT PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Risks and Uncertainties

The Plan provides for investments in financial instruments that are exposed to risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur in the near term and materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurement

ASC 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

POPULATION REFERENCE BUREAU DC RETIREMENT PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Interest in non benefit-responsive unallocated insurance contract: The fair value of the TIAA Traditional Annuity contracts equal the contract value of the investments. As these investments are contract-based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals, and transfers, if any. TIAA Traditional Annuities do not trade on a secondary market nor do they fluctuate in value based on the underlying assets of the TIAA General Account. TIAA is contractually obligated to pay the amount as presented.

Interest in pooled separate accounts: Valued at the NAV of shares held by the Plan at year-end as a practical expedient to estimate fair value. The NAV practical expedient is based on the initial pricing unit for the quoted price obtained for underlying real estate holdings or other real estate related investments, which approximates fair value. Real estate holdings are valued principally using independent appraisals and pricing sources.

Interests in variable interest annuities - CREF accounts: Valued at the net asset value (NAV) of shares held by the Plan at year-end practical expedient. The NAV practical expedient is based on using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing. CREF Money Market Account (interest-bearing cash) holdings are generally valued at amortized cost.

Effective July 16, 2009, part or all of the distribution and/or administrative expenses for the CREF Money Market Fund have been waived by TIAA. Without this waiver, the 7-day current and effective annualized yields and total returns for the CREF Money Market Fund would have been lower. These waivers may be discontinued at any time without notice. Amounts waived on or after October 1, 2010, are subject to possible recovery by TIAA under certain conditions.

Interests in variable interest annuities - TIAA Access: Valued at the net asset value (NAV) of shares held by the Plan at year-end practical expedient. The NAV practical expedient is based on calculating values daily and are available on the TIAA and CREF website. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2021 and 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont’d.

Fair Value Measurement – cont’d.

In accordance with the fair value measurement and disclosure guidance, the following table presents the category, fair value, redemption frequency, redemption notice period, and unfunded commitments for Plan investments, the fair value of which are estimated using the NAV per share practical expedient as of December 31,:

	2021	2020	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
CREF Accounts ^(b)	\$ 5,618,543	\$ 4,548,008	Shareholders are locked out of an account for 90 days if a purchase, sale and repurchase with that account is made within a 60 day period	None	None
TIAA Access					
Annuities ^(c)	2,940,074	2,271,803	No restrictions	None	None
TIAA Real					
Estate Fund ^(d)	305,525	322,054	One transfer per calendar quarter	None	None

- (b) This category invests in equity securities, fixed income instruments and short-term investments in accordance with each portfolio’s investment objectives. Shares are available for transactions at the closing net asset value per share on any day the NYSE is open for business. The CREF Money Market account is not subject to a lockout restriction.
- (c) Funds in this category are variable annuities which are funded through the TIAA Separate Account VA-3 (VA-3), a separate investment account of TIAA, registered under the Investment Company Act of 1940. VA-3 invests in proprietary and non-proprietary mutual funds through various subaccounts.
- (d) This fund generally invests in real estate properties, other real estate related investments and securities. Underlying real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. Underlying securities are generally priced using values obtained from independent pricing sources.

*Unobservable inputs include discount rate applied

Subsequent Events

The Plan evaluated for disclosure any subsequent events through January 30, 2023, the date the financial statements were available to be issued and determined there were no material events that warrant disclosure, except as disclosed in Notes 10 and 11.

Reclassification

Certain amounts included in the fair value hierarchy on the prior year financial statements have been reclassified to conform to current year presentation. The reclassifications had no impact on the Plan's previously reported net assets available for benefits.

3. INVESTMENTS

All investment data contained in the accompanying financial statements and supplemental schedules, including assets held at December 31, 2021 and 2020, and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodian and Trustee of the Plan.

4. TIAA TRADITIONAL ANNUITY

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuities are offered through a variety of contract types, including Retirement Annuities (RA), Group Retirement Annuities (GRA), Retirement Choice (RC), Supplemental Retirement Annuities (SRA), Group Supplemental Retirement Annuities (GSRA), and Retirement Choice Plus (RCP). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA contracts, the crediting interest rate was 3.7% during the year ended December 31, 2021.

The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over 10 annual installments. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by TIAA and CREF. TIAA and CREF act as the Custodians for the Plan and are related to the Trustee. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

POPULATION REFERENCE BUREAU DC RETIREMENT PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

6. INCOME TAX STATUS

Effective January 2018, the Plan adopted an ERISA 403(b) volume submitter from TIAA which received a favorable opinion letter dated August 7, 2017. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business taxable income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued related to interest and penalties as of December 31, 2021 and 2020.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.

7. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

8. RECORDS MANAGEMENT

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan, established on January 1, 1961, was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, but the Company.

Accordingly, various accounting records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to July 1, 2009 were not maintained by the Plan.

Consequently, the financial statements have been prepared based on the available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

9. CARES ACT

On March 27, 2020, Congress passed the Coronavirus Aid , Relief, and Economic Security (CARES) Act in order to help the U.S. economy and workers in the midst of the COVID-19 pandemic. The CARES Act includes numerous provisions related to retirement plans. The Plan elected to adopt certain CARES Act provisions, including allowing for Coronavirus penalty-free distribution for qualified individuals through December 31, 2020. As of the report date, the Plan has not formally amended for such provisions.

10. DELINQUENT CONTRIBUTIONS

During the year ended December 31, 2010 through December 31, 2021, the Company inadvertently failed to deposit participant deferrals within the required timeframe as stated by the DOL. Accordingly, the Company owed amounts related to lost earnings totaling \$1,784 to effected participants, which were corrected through the DOL's Voluntary Fiduciary Correction Program (VFCP) subsequent to December 31, 2021.

11. OTHER MATTERS

Subsequent to December 31, 2021, it was discovered that the Plan Document had a duplicate reference regarding its 3% matching contribution which created an ambiguity with Plan terms. Management of the Company and ERISA counsel confirmed that the duplication was an unintentional and immaterial error, and corrected consistent with applicable law.
