Plan Administrator

Planned Parenthood of Southwest and Central Florida, Inc. 403(b) Employee Retirement Plan
Sarasota, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Planned Parenthood of Southwest and Central Florida, Inc. 403(b) Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of June 30, 2022, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at Year End) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 4, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

I. Description of Plan

The following description of the Planned Parenthood of Southwest and Central Florida, Inc. 403(b) Employee Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) plan covering all employees of Planned Parenthood of Southwest and Central Florida, Inc. (the Plan). The Plan was established on January 1, 1976 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan is available to all employees upon the date of employment.

Plan Amendments

As of July 1, 2015, the Plan was amended and restated to include the Planned Parenthood of Greater Orlando 401(k) Profit Sharing Plan and Trust and the Employee Benefit Plan of Planned Parenthood of Collier County.

On July 9, 2019, the Plan was amended to discontinue the requirement in the 403(b) hardship regulations that a plan loan must be taken in advance of a hardship distribution. The Plan also discontinued the six month hardship suspension on deferrals requirement in code section 403(b) after a hardship distribution. These changes took effect in the plan beginning on September 1, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Plan's earnings and losses charged with an allocation of administrative expenses thereon. Allocations of Plan earnings are based on the participant account balances in Plan investments. The participant is entitled to the benefit provided by the participant's vested account balance.

Contributions

Salary deferral contributions are made by participating employees through payroll deductions in amounts authorized by the employees. Each year, participants may contribute up to the maximum percentage allowable, not to exceed the limits of the Internal Revenue Service of \$20,500 of pretax annual compensation for 2022. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For 2022, the annual catch-up contribution limit was \$6,500.

Vesting

Participants are immediately vested 100% in their voluntary salary deferral contributions plus actual earnings thereon.

Investment Options

The Plan is participant-directed under ERISA Section 404(c). Upon enrollment in the Plan, a participant may direct and allocate their contributions to the investment options available. The percentage of contributions allocated to each of the investment options is at the discretion of the participant. Participants may change their investment options at any time using the Plan Administrator's website or via telephone, which allows a participant to access their account using a personal identification number.

I. Description of Plan (Continued)

Administrative Expenses

Reasonable Plan administrative expenses may be paid by the Plan to the extent not paid by the employer. Investment expenses attributed to terminated participants shall be allocated among the terminated participants by charging each particular expense to the account balance of the terminated participant responsible for the expense. Investment expenses attributable to active participants shall be allocated among the active participants charging each particular expense to the account balance of the active participant responsible for the expense. For the year ended June 30, 2022, the Plan's administrative expenses were \$2,643.

Benefits Paid to Participants

If a participant ceases to be employed by the Company for any reason other than death or total and permanent disability prior to satisfying the age and service requirements for normal retirement age (65), the terminated participant may elect, with the consent of his or her spouse, to receive any vested amounts plus the earnings thereon. Withdrawals may be subject to tax withholdings and penalties.

Hardship Distributions

Hardship distributions are permitted by the Plan at the discretion of the Company for allowable expenditures.

Notes Receivable from Participants

A participant may receive a loan based on the loan program set forth by the Plan. Loans must be a minimum of \$1,000 not to exceed the lesser of \$50,000 or 50% of the participant's vested interest in the Plan. The loans are secured by the balance in the participant's vested account and must be repaid within 5 years, unless made to help purchase a principal residence which would then be repaid over 10 years.

For the year ended June 30, 2022, the participant loan interest rate ranged from 2.50%-3.50%. Principal and interest are paid at least quarterly to the custodian directly by the participant over a maximum of five years; ten years if the proceeds are to be used to acquire a principal residence; suspended during the time the participant is in military service. Interest is credited to the plan at a rate of 3.00%. The difference between the participant's rate and the rate credited to the Plan is retained by the custodian, per the loan agreement.

No allowance has been established for uncollectible notes receivable from participants as of June 30, 2022 and 2021. Non-payment of the loan principal and interest within 30 days after the due date will constitute default and, if not timely cured, will be considered a distribution. The Plan Administrator retains discretionary authority over the loans to individual participants.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right under the Plan document to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts and net assets of the Plan will be distributed to the participants and beneficiaries of the Plan.

2. Summary of Significant Accounting Policies

Financial Statements

The financial statements and notes are representations of the Plan Administrator who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, changes in net assets and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Fair Value Measurement

The Company values certain assets in accordance with the *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification. The Company has previously adopted Accounting Standards Update No. 2010-06, *Improving Disclosures about Fair Value Measurements*, which requires the Company to present fair value measurements separately for each class of assets and liabilities held as of June 30, 2022 and 2021. See Note 4 for the fair value measurement disclosures required by this Topic.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are stated at fair value based on their respective net asset values, which are determined on a daily basis via quoted market prices of underlying securities held in these companies. Purchases and sales of investments are recorded on the trade date. Income from investments is recorded as earned and reinvested. Income earned from investments and gains or losses on disposal of investments are recorded using the accrual method. Dividend income is recognized when earned and recorded on the ex-dividend date.

Net Appreciation in the Fair Value of Investments

The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation in the fair value of its registered investment companies. This consists of the realized gains and losses and the unrealized appreciation and depreciation of those investments.

Financial Instruments Not Measured at Fair Value

The Plan's financial instruments that are not measured at fair value on the recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature include participant contributions receivable. The Plan's investment contract is valued at contract value.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified and Provided by AIG Federal Savings Bank and Variable Annuity Life Insurance Company

The following is a summary of the investment information as of and for the years ended June 30, 2022 and 2021, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following investments:

	<u>2022</u>	<u>2021</u>
Mutual funds	\$ 3,147,674	\$ 3,988,938
Guaranteed investment contracts, at contract value	\$ 734,232	\$ 729,523
Notes receivable from participants	\$ 73,424	\$ 81,212

AIG and VALIC also certified to the completeness and accuracy of \$706,733 of net depreciation in fair value of investments, \$14,217 of interest related to investments, and \$1,070 of interest from participant notes receivable for the year ended June 30, 2022.

The net appreciation (depreciation) in the fair value of registered investment companies by category for the year ended June 30, 2022 is as follows:

4. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic provides enhanced guidance for using fair value to measure assets and liabilities and clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the assets or liabilities and establishes a hierarchy that prioritizes the information used to develop those assumptions.

The three levels for measuring fair value are based on the reliability of inputs and are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quote prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of June 30, 2022 and 2021:

Mutual funds: Valued at the net asset value ('NAV') of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Guaranteed Investment Contract

The Plan has entered into an investment contract with Variable Annuity Life Insurance Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. In accordance with accounting principles generally accepted in the United States of America, the guaranteed interest contract is presented at contract value in the financial statements. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting. Interest is credited at the same rate for the entire contract value. The guaranteed minimum interest rate is 3.00% if the account was setup before December 31, 2003, 2.00% if the account was setup between December 31, 2003 and December 31, 2012, and 1.00% thereafter. The value of the guaranteed investment contract with VALIC was \$734,232 and \$729,523 as of June 30, 2022 and 2021, respectively.

6. Party-in-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. The guaranteed investment contract is managed by the custodian. Transactions related to this investment qualify as party-in-interest transactions.

The supplemental Schedule of Assets (Held at End of Year) identifies these investments as of June 30, 2022. Investments held by parties-in-interest represent approximately 19% and 15% of Plan net assets as of June 30, 2022 and 2021, respectively.

7. Tax Status

The Plan has been drafted in reliance on the sample language provided by the Internal Revenue Service, Revenue Procedures 2007-71. The Plan is required to operate in conformity with the Code to maintain the exclusion from tax for plan participants. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of June 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Planned Parenthood of Southwest and Central Florida, Inc.

Notes to Financial Statements (Continued)

8. Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

9. Subsequent Events

The Plan has evaluated all events subsequent to the statement of net assets available for Plan benefits date of June 30, 2022, through the date these financial statements were available for issuance, February 28, 2023, and have determined that there are no subsequent events that require disclosure.
