INDEPENDENT AUDITORS' REPORT

To the Participants and the Trustee of
Ancora MEP - Canterbury Capital, LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Ancora MEP - Canterbury Capital, LLC, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the year ended December 31, 2021 and for the period November 2, 2020 to December 31, 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021 and for the period November 2, 2020 to December 31, 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of Ancora MEP - Canterbury Capital, LLC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ancora MEP - Canterbury Capital, LLC's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ancora MEP - Canterbury Capital, LLC's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ancora MEP - Canterbury Capital, LLC's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

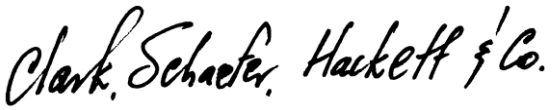

Other Matters - Supplemental Schedules Required by ERISA
The supplemental schedule of delinquent contributions for the year ended December 31, 2021 and the schedule of assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its/their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN:

The following description of the Ancora MEP – Canterbury Capital, LLC (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, multiple employer plan covering eligible employees, as defined, of Canterbury Capital, LLC and participating affiliated companies (collectively, the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Canterbury Capital, LLC (Plan Sponsor) elected to merge and transfer Plan assets from the Canterbury Capital, LLC – ADP TotalSource Retirement Savings Plan to the Ancora – MEP effective November 2, 2020. Assets totaling $1,079,628 were transferred into the Plan on November 2, 2020. Additionally, the Plan approved a merger of the Vincent Lighting Systems Company 401(k) Profit Sharing Plan effective November 2, 2020 and assets in the amount of $4,366,978 were transferred in 2020.

The following is a list of participating affiliated companies:

Canterbury Capital, LLC
KAC Partners, LLC
MRT Partners, LLC
Columbus Roof Trusses, Inc.
Vincent Lighting Systems Company
Platinum Partners, LLC

Eligibility

Under the terms of the Plan, eligible employees, as defined, who have attained the age of 18 and completed 3 months of service are eligible for Plan participation on the first day of each month coinciding with, or next following the date employees satisfy the eligibility requirements.

Contributions

Each year, participants may contribute pre-tax or Roth salary deferrals on up to 100% of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make a discretionary matching contribution. In May 2021, the Employer elected to contribute an Employer match equal to 100% of the first 4% of compensation. There was no Employer match for the two month period ended December 31, 2020. The Employer may also make a discretionary profit sharing contribution. There was no discretionary profit sharing contribution made in 2021 and 2020. The Plan also provides for a safe harbor nonelective contribution; however, no participating employer elected to have safe harbor contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts
Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer match contribution portion of their accounts is based on years of continuous service. For all participating affiliated companies, except Vincent Lighting Systems Company (VLS), a participant is 0% vested after 2 years of credit service and 100% vested in Employer matching contributions after three years of credited service. Prior to January 1, 2021, VLS participants were 100% vested in the discretionary employer matching contributions. Effective January 1, 2021, VLS participants vested following the three years vesting schedule. All other, participants vest in discretionary profit sharing contributions 20% after one year of credited service, 40% after two years of credited service, 60% after three years of credited service, 80% after four years of credited service, and 100% after five years of credited service for all participating affiliated companies.

Participant notes receivable
If elected by a participating employer, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. The note interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits
Upon termination, death, disability, or retirement, a participant may elect to receive a lump sum, partial withdrawal, or substantially equal installment payment in amounts equal to the value of the participant's vested interest in their account. The Plan also provides for in-service distributions upon reaching age 59 ½. Hardship distributions are permitted in accordance with IRS guidelines.

Forfeited accounts
At December 31, 2021 and 2020, forfeited nonvested accounts totaled $1,401 and $-0- respectively. These accounts may be used to restore participant balances, pay administrative expenses, or reduce future Employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting
The financial statements of the plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable
Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Upon default, as defined, the plan administrator treats the default as a distribution and offsets the outstanding balance of the note against the participants' vested account balance.

Excess contributions payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of participant notes receivable or other participant directed transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through March 6, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company (Newport), the trustee, has certified to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020 and the supplemental schedule of assets (held at end of year) as of December 31, 2021, the related investment activity and interest income on participant notes receivable reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2021 and the period from November 2, 2020 to December 31, 2020.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate account: The pooled separate account is held in investment contracts with the trustee and is invested according to the stated objectives of the various accounts. The principal is not guaranteed. The pooled separate account is valued at the net asset value (NAV), which is based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Fair Value
Assets in the fair value hierarchy:				
Mutual funds	$ 301,592	-	-	301,592
Investments measured at NAV	-	-	-	5,192,809
Total assets at fair value	$ 301,592	-	-	5,494,401

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Fair Value
Assets in the fair value hierarchy:				
Mutual funds	$ 139,197	-	-	139,197
Investments measured at NAV	-	-	-	5,836,774
Total assets at fair value	$ 139,197	-	-	5,975,971

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2021				
Pooled separate account	$ 19,079	n/a	Daily	Daily
Collective trust funds	5,173,730	n/a	Daily	Daily
	$ 5,192,809			
December 31, 2020				
Pooled separate account	$ 1,363	n/a	Daily	Daily
Collective trust funds	5,835,411	n/a	Daily	Daily
	$ 5,836,774			

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Newport is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. TAX STATUS:

The Employer adopted a volume submitter profit sharing plan which received a favorable opinion letter from the IRS dated March 31, 2014. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has since been amended. While the Employer has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the period November 2, 2020 to December 31, 2020, to Form 5500:

		2020
Changes in net assets available for benefits per the financial statements, before transfers	$	568,840
Adjustment for contributions withheld prior to Plan start		58,117
Changes in net assets available for benefits per the Form 5500, before transfers	$	626,957
Transfers to the Plan per the financial statements	$	5,446,606
Adjustment for contributions withheld prior to Plan start		(58,117)
Transfers to the Plan per the Form 5500	$	5,388,489

10. PLAN OPERATIONS IMPACTED BY COVID-19:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans during 2020. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the plan document. The Employer elected not to adopt the optional provisions of the CARES Act.

11. NONEXEMPT TRANSACTIONS:

During the year ended December 31, 2021, certain employee withholdings totaling $21,738 were not remitted to the Plan in a timely basis within the Department of Labor guidelines. Those transactions constitute nonexempt prohibited transactions. The Employer is in the process of taking the necessary corrective action for the affected participants.

12. SUBSEQUENT EVENTS:

Effective January 1, 2022, the Plan was restated using a non-standardized pre-approved profit sharing/money purchase/CODA plan which received an IRS opinion letter dated June 30, 2020. There were no significant provision changes in relation to the restatement.
