Independent Auditor's Report

RSM US LLP

Plan Administrator and Board of Directors
Epic CPF 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of EPIC CPF 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Epic CPF 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Epic CPF 401(k) Plan (the Plan), formerly named Epic Enterprises 401(k) Profit Sharing Plan, provides general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees of Epic Enterprises, Inc. (EPIC) and CPF, Inc. (CPF) (the Companies). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (the Code). The Plan was originally established March 1, 1992, was most recently amended effective June 9, 2021, to adopt Defined Contribution Pre-Approved Plan adoption agreement No. 001.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The pandemic and resulting global disruptions caused significant economic uncertainty and volatility in financial markets. As a result, in March 2020 the Coronavirus Aid, Relief and Economic Security Act (the CARES Act) was enacted and the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions, an increase in Plan loan amounts, deferral of loan payments, waiver of 2020 required minimum distributions. These provisions were not allowable during plan year 2021.

Eligibility: Employees of the Companies, excluding union employees, non-resident aliens and seasonal employees who work less than 1,000 hours, are eligible to participate in the Plan upon reaching the age of 18 and completing two months of service. The Plan has automatic enrollment provisions with an initial pre-tax deferral contribution of 6% for eligible employees. The employee can enter the Plan immediately after satisfying eligibility requirements.

Contributions: Each year participants may contribute, on a pre-tax or after-tax basis, whole percentages of their compensation up to 90% subject to certain limitations as defined in the plan agreement and the Code. The Companies may make a discretionary matching contribution equal to a uniform percentage of the participant's salary deferrals. The Companies elected to match half of the participant's contributions up to 6% of the participant's compensation.

The Companies may also make a discretionary profit-sharing contribution for its employees. The Companies' contribution for any year is allocated among the participants who are eligible to participate in the Plan, have six months of service as of the entry date for discretionary profit-sharing contributions and are still employed on the last day of the year, unless retirement occurs during the year, whether or not actively participating in the Plan. The entry date for discretionary profit-sharing contributions is the first day of each Plan year and the first day of the seventh month of each Plan year after completing eligibility requirements. The pre-determined discretionary profit-sharing contribution, if any, for each company is allocated based on each participant's eligible compensation divided by the total eligible compensation for the respective company in the Plan.

Rollovers: With the approval of the plan administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Participant investment elections: Each participant shall direct the investment of their account to various mutual funds and/or a common collective trust, as more fully described in the Plan's literature. All investments are participant directed. Participants may change their allocation on a daily basis.

Note 1. Description of the Plan (Continued)

Participant accounts: Each participant's account is credited with the participant's contribution, earnings, the Companies' discretionary matching contribution and an allocation of any Companies' discretionary profit-sharing contribution and charged with an allocation of expenses. Allocations of the profit-sharing contribution are based on the participant's compensation as a percentage of total plan compensation and allocations of expenses are done based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Each participant vests in the Companies' discretionary matching and profit-sharing contributions at a rate of 20% per year beginning in their second year of service and becoming fully vested in such contributions after completing six years of service.

Notes receivable from participants: The Plan allows participants to borrow against their vested account balances. Borrowings may not exceed the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum loan of \$1,000. The loan repayment term may not exceed five years unless the loan is for the purchase of primary housing, in which case the term may be longer. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the plan administrator at the time of loan initiation. The interest rates ranged between 4.25% to 6.50% on loans outstanding at December 31, 2021, and mature through 2029. Principal and interest is paid ratably through payroll deductions. In the event of termination of employment, the entire outstanding loan balance is payable immediately, with the exception that if the termination is due to a corporate action, then the loan may be rolled into the participants new employers Plan, if allowed, within 60 days of termination.

Payment of benefits: The vested value of a participant's account may be distributed upon termination of service due to death, disability, retirement or termination of employment. Active participants become 100% vested upon death or disability. Account balances less than \$5,000 will be distributed without consent in a form of lump-sum payment equal to the participant's vested interest in his or her account. If the balance is greater than \$1,000, but less than \$5,000, the Plan will roll the balance over into an Individual Retirement Account (IRA). Distributions of account balances greater than \$5,000 must be requested and can be distributed in the form of lump-sum or equal installments. Participant may request distributions during employment as in-service withdrawals for financial hardships, attaining age 59.5 or reaching the normal retirement age as defined by the Code.

Forfeitures: Forfeitures represent the non-vested portion of terminated participant account balances. Forfeitures occur as of the earlier of the of the last day of the plan year in which the former participant incurs five consecutive one year breaks in service or the distribution of the entire vested portion of the participant's account. At December 31, 2021 and 2020, forfeited, non-vested accounts totaled \$143,259 and \$67,844, respectively. Forfeitures are retained in the Plan and can be used to reduce the employers' discretionary contributions annually and to pay administrative expenses. During the year ended December 31, 2021, \$142,652 of forfeitures were generated and \$67,237 were used to reduce employer discretionary contributions. Subsequent to year end \$127,835 of the outstanding forfeiture balance at December 31, 2021 was utilized to fund the discretionary contributions.

Plan administration: Certain administrative functions were performed by officers or employees of the Companies. No such officer or employee received compensation from the Plan. Certain administrative expenses are paid by the Companies.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefit payments are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan while others are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Income taxes: U.S. GAAP requires plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for fiscal years before 2018.

Note 3. Information Certified or Provided by the Certifying Entity of the Plan

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by the trustee, Fidelity Management Trust Company (Fidelity), and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information throughout the financial statements and supplemental schedule related to the following assets:

	2021	2020
Investments at fair value:		
Mutual funds	\$ 30,334,743	\$ 27,461,847
Common collective trust	1,252,785	895,575
Money market fund	-	1,619,102
Total investments, at fair value	<u>\$ 31,587,528</u>	<u>\$ 29,976,524</u>
Notes receivable from participants	<u>\$ 695,086</u>	<u>\$ 634,614</u>

The trustee also certified to the completeness and accuracy of \$2,231,347 of net appreciation in fair value of investments, \$872,010 of interest and dividend income related to the aforementioned assets and \$35,166 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds and money market fund: Valued at quoted market prices of shares held by the Plan.

Common collective trust: Valued at net asset value (NAV) per unit based on the underlying investments comprising the trust. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no transfers in or out of Level 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

December 31, 2021					
	Level 1	Level 2	Level 3	Investments Measured at NAV (a)	Total

Note 4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2021 and 2020:

Investment	December 31, 2021			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	<u>\$ 1,252,785</u>	<u>\$ -</u>	Daily	12 months for full plan liquidation

Investment	December 31, 2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	<u>\$ 895,575</u>	<u>\$ -</u>	Daily	12 months for full plan liquidation

Note 5. Tax Status

The Plan has adopted a non-standardized form of a pre-approved plan. The pre-approved plan provider, FMR, LLC, has received on June 30, 2020 an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Party-in-Interest Transactions

The Plan's investments are managed by Fidelity, the trustee of the Plan, who holds the Plan's assets and executes transactions. Transactions in such investments qualify as exempt party in interest transactions. Notes receivable from participants also qualified as exempt party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participant accounts and the amounts reported in the statements of net assets available for benefits.
