Independent Auditor's Report

To the Trustees
Parkview Baptist School, Inc.
Retirement Plan and Trust
Baton Rouge, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Parkview Baptist School, Inc. Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as August 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended August 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended August 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Parkview Baptist School, Inc. Retirement Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements Parkview Baptist School, Inc. Retirement Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 8, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2022 AND 2021

Note 1 - Description of Plan -

Description of Plan

Effective as of September 1, 1981, Parkview Baptist School, Inc. ("the School"), adopted the Parkview Baptist School, Inc. Retirement Plan and Trust ("the Plan"). The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution plan covering all full-time employees of the School who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may elect to contribute up to 90 percent of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code annual dollar limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, target date funds, a collective investment trust account and an FDIC-insured interest-bearing demand deposit account as investment options for participants. The School contributes 100 percent of the first 4 percent of base compensation that a participant contributes to the Plan. The matching contribution is invested in a portfolio of investments as directed by the participant. Additional profit-sharing amounts may be contributed at the option of the School's board of directors and are invested in a portfolio of investments as directed by the participant. The School's matching contributions were \$247,142 for the year ended August 31, 2022. No profit-sharing contributions were made.

Participant Accounts

Each participant's account is charged or credited with the participant's contribution and allocations of the School's contribution and the Plan's investment earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the School's contribution portion of their accounts is based on years of continuous service as follows:

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
Less Than 1	0%
1	0%
2	20%

Notes Receivable from Participants

Prior to June 26, 2014, participants were permitted to borrow from their accounts. Loans were at least \$1,000 and could not be greater than the lesser of \$50,000 or the greater of \$10,000 or 50% of the participant's vested account balance. The maximum loan term was 5 years and the interest rate for all loans was the New York prime rate plus 2%. Participants were only permitted to have one loan outstanding at a time. Effective June 26, 2014, the Plan was amended to discontinue participant loans. Effective May 31, 2021, the Plan was corrected through a Loan Provision Correction Agreement which added back the participant loan provisions solely for May 31, 2021, and subsequently removed the provision effective immediately. As of August 31, 2021, there was one outstanding loan for \$6,000. As of August 31, 2022, loans are no longer allowed.

Investment Options

Upon enrollment in the Plan, a participant may direct participant contributions as well as the employer's matching contributions in either a specified dollar amount per payroll period or in whole percentage increments of earnings in any of the funds offered by the Plan.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

Forfeited Accounts

At August 31, 2022 and 2021, forfeited non-vested accounts totaled \$5,125 and \$4,110, respectively. These accounts will be used to reduce future employer contributions and pay plan expenses. Also, during the 2022 plan year, none of the forfeited non-vested accounts were used.

Note 2 - Summary of Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. Investments are valued at the current fair value as quoted by the custodian of the Plan. All assets of the Plan are participant directed.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, particularly given the significant social and economic disruptions and uncertainties associated with the ongoing COVID-19 pandemic and the COVID-19 control responses, such differences may be material.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Trustees of the Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year. Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in any combination of registered investment companies, target-date funds, and a collective trust account and money market account. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative Expenses

The School, at its sole discretion, may pay the administrative expenses (i.e., trustee fees, fund fees, recordkeeping fees, and other similar expenses) of the Plan. If such expenses are not paid by the plan sponsor, they are paid out of plan assets. Certain administrative expenses of the Plan were paid by the School and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

COVID-19 Pandemic

The COVID-19 outbreak in the United States and globally has caused an economic downturn on a global scale, disrupted global supply chains, and created significant uncertainty, volatility, and disruption across economies and financial markets. Therefore, uncertainty remains regarding the ongoing impact of the COVID-19 outbreak upon the Plan's net assets available for benefits, as well as upon the significant estimates and assumptions utilized in reporting certain assets and liabilities.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through February 1, 2023, the date the financial statements were available to be issued.

Note 3 - Plan Termination -

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer accounts.

Note 4 - Tax Status -

The School has adopted a prototype plan which received a favorable determination from the Internal Revenue Service that it qualifies under the applicable section of the Internal Revenue Code. The Plan itself has not separately applied for recognition of tax-exempt status. However, the Trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2018.

Note 5 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at August 31, 2022 and 2021:

Registered Investment Companies - The fair values of the mutual funds are based on quoted net asset values ("NAV") of the shares as reported by the fund. The mutual funds held by the plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Target Date Funds - These funds are priced, and trades are executed, at the computed NAV as established by Newport Trust Company, comprised of a weighting of the underlying holdings' published closing prices and the cash liquidity of the account.

Collective Investment Trusts - These funds are priced, and trades are executed, at the computed NAV as established by Newport Trust Company, comprised of a weighting of the underlying holdings' published closing prices and the cash liquidity of the account.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2022 and 2021:

Assets at Fair Value as of August 31, 2022			
	Level 1	Level 2	Level 3

(a) Certain investments that were measured at net asset value per share (NAV) practical expedient of the fund have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Gains and losses included in changes in net assets available for benefits for the year ended August 31, 2022, are reported in net appreciation in fair value of investments.

- (1) These funds are designed to optimize the asset allocation for multiple date ranges and risk-based investment profiles by utilizing modern portfolio theory while taking into account aspects of behavioral finance and forward looking financial market conditions. With the passage of time, these funds will gradually adjust to more conservative asset allocations to lower investment risk as a plan participant approaches retirement. Aggressive funds are managed using a diversified asset mix designed to maximize the return on investment and exposes the participant to a higher level of volatility in annual returns. Aggressive funds will reach their most conservative allocation in the final year of the target date range.
- (2) These funds are designed to optimize the asset allocation for multiple date ranges and risk-based investment profiles by utilizing modern portfolio theory while taking into account aspects of behavioral finance and forward looking financial market conditions. With the passage of time, these funds will gradually adjust to more conservative asset allocations to lower investment risk as a plan participant approaches retirement. Conservative funds are managed using a diversified

asset mix designed to minimize the risk of large losses and deliver a lower level of volatility in annual returns. Conservative funds will reach their most conservative allocation in the initial year of the target date range.

- (3) These funds are designed to optimize the asset allocation for multiple date ranges and risk-based investment profiles by utilizing modern portfolio theory while taking into account aspects of behavioral finance and forward looking financial market conditions. With the passage of time, these funds will gradually adjust to more conservative asset allocations to lower investment risk as a plan participant approaches retirement. Moderate funds are managed using a diversified asset mix designed to produce average levels of market risk and market return. Moderate funds will reach their most conservative allocation at the mid-point of the target date range.
- (4) This fund seeks to earn current income and preserve capital stability of principal. The Fund also seeks to maintain a stable of \$1.00 per Unit. The Fund invests in stable value investment contracts and in fixed income instruments which underlie Stable Value Contracts as well as in money market instruments.

Note 6 - Information Prepared and Certified by Custodian -

Note 7 - Parties-In-Interest Transactions -

Certain plan investments are shares of mutual funds and collective investment trusts managed by Newport Group Consulting, LLC. Newport Group Consulting, LLC is the Plan's Section 3(28) Investment Advisor and, therefore, these transactions qualify as party-in-interest transactions. Target date funds are funds issued by Newport Trust Company. Newport Trust Company is the Custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions. The Plan hired Roland Criss Fiduciary Services to be the Section 3 (21) Fiduciary. Fees are paid to Roland Criss Fiduciary Services by both the Plan sponsor and the Plan. These transactions qualify as party-in-interest transactions. Newport Group is the Plan recordkeeper. Recordkeeping fees are paid by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Other significant expenses of the Plan are paid by the Plan sponsor (the School).

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
