Independent Auditor's Report

Participants and Retirement Committee
Gray Reed & McGraw LLP Profit Sharing Plan

Opinion on the 2021 Financial Statements

We have audited the financial statements of Gray Reed & McGraw LLP Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2021 financial statements.

Emphasis of Matter—Plan Transfer

As discussed in Note 10 to the financial statements, Plan management amended the Plan effective December 22, 2021, to spin-off certain participant balances to the Gray Reed & McGraw LLP Attorneys' 401(k) Plan and Trust during the year ended December 31, 2021. Our opinion was not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter—Auditor's Report on the 2020 Financial Statements

Predecessor auditors performed an audit of the 2020 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 5, 2021 indicated that (a) the amounts and disclosures in the 2020 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2020 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2020 supplemental schedule, other than the information in the 2020 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2020 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Gray Reed & McGraw LLP Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Gray Reed & McGraw LLP Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially employees of Gray Reed & McGraw LLP (the Employer) who are at least 21 years of age and completed 3 months of service.

Effective December 22, 2021, the Plan was amended to exclude certain employees. See Note 10 for further discussion. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute up to the maximum allowable percentage of their pretax compensation subject to limits imposed by the Internal Revenue Code (IRC). Eligible employees are automatically enrolled in the Plan with a deferral amount of 6% of their eligible compensation unless the employee elects otherwise. The deferral rate of all eligible participants deferring less than 12% of compensation will automatically increase 1% annually, unless the participant elects not to participate in the automatic increase. Automatic enrollment only applies to participants hired or rehired after January 1, 2019. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). Such contributions are subject to the provisions of the IRC.

The Plan provides that the Employer may make discretionary matching and non-elective Employer contributions to the Plan as approved by the Board of Directors. The Employer elected to make discretionary employer contributions of \$1,947,036 to eligible participants for the year ended December 31, 2021.

Investment options: Upon enrollment, participants may direct contributions among the investment options provided by the Plan. Participants may change their investment options any time.

Participant accounts: Accounts are separately maintained for each participant. Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contributions, (b) Plan earnings and (c) Plan administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and any discretionary safe harbor matching contributions allocated to their account plus investment earnings thereon. Vesting in the Employer's matching and non-elective discretionary contributions plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 2 years	-
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Note 1. Description of the Plan (Continued)

Upon normal retirement age (65 years), death, or disability, the participant will automatically become 100% vested.

Forfeited accounts: Forfeited balances of terminated participants' nonvested accounts are used to fund future Employer contributions or to pay Plan expenses. As of December 31, 2021 and 2020, forfeited nonvested accounts amounted to \$6,379 and \$329, respectively. During the year ended December 31, 2021, there were no forfeitures used to offset Employer contributions or to reduce Plan expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the current vested value of their account. Loans must be repaid, including interest at a fixed rate as determined at the time of issuance, over a period not exceeding five years except for the purpose of acquiring a principal residence. Interest rates are commensurate with local prevailing rates as determined by the Plan Administrator. The loans are secured by the balance in the participant's account and repayments, including interest, are paid ratably through payroll deductions. Participant loans outstanding at December 31, 2021, have various interest rates ranging from 4.25% to 6.50%.

Payment of benefits: Payment of the vested portion of the participant's account at retirement, death, disability or termination will be made in a lump sum or a participant may elect to leave their balance in the Plan subject to certain minimum distribution requirements. In addition, upon reaching 59 1/2, a participant may elect to withdraw all or portion of their vested account balance. The Plan allows hardship withdrawal limited to the participant's vested account balance. Distributions from a participant's rollover account may be made at any time.

Other: During 2020, the Plan allowed participants to take advantage of the provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act to help provide financial stability and relief for eligible participants. The CARES Act provisions that were implemented allowed for special coronavirus-related distributions and waiver of 2020 required minimum distributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefit and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as an asset on the statements of net assets available for benefits, and continue to accrue interest until they are considered to be in default. Loans are considered to be in default and cancelled according to the terms of the loan policy. Loans in default are classified as distributions on the statement of changes in net assets available for benefits.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain costs related to the administration and operation of the Plan (primarily custodian fees) are paid from the assets of the Plan as provided in the Plan document. However, costs arising from the Plan administrator, Company executives or officers, and legal and audit fees are primarily paid by the Employer and, accordingly, are not reflected in the accompanying financial statements of the Plan.

Subsequent events: Management has evaluated subsequent events through February 27, 2023, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Gray Reed & McGraw LLP Profit Sharing Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are valued at the closing price reported on the active market on which the mutual funds are traded and are classified within Level 1 of the valuation hierarchy.

Common collective trust funds: Common collective trust funds are valued at the net asset value (NAV) of shares held by the Plan in the collective investment trust fund at year-end, as determined by the trustee based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined probable that the fund will sell the investment for an amount different from the reported NAV.

Stable value fund: Stable value fund is valued at the NAV of shares held by the Plan in the stable value fund at year-end, as determined by the trustee based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	2021			
	Level 1	Level 2	Level 3	Total
Investments, at fair value, mutual funds	\$ 23,677,622	\$ -	\$ -	\$ 23,677,622
Investments measured at NAV (a)				21,974,395
Total investments, at fair value				<u>\$ 45,652,017</u>

	2020			
	Level 1	Level 2	Level 3	Total
Investments, at fair value, mutual funds	\$ 28,082,091	\$ -	\$ -	\$ 28,082,091
Investments measured at NAV (a)				28,858,718
Total investments, at fair value				<u>\$ 56,940,809</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan evaluates the significance of transfers between levels based on the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no significant transfers in or out of Level 3.

Note 3. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the NAV practical expedient as of December 31, 2021 and 2020:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Common collective trust funds	\$ 19,718,094	\$ 26,062,592	\$ -	Daily	None
Stable value fund	2,256,301	2,796,126	-	Daily	None
	<u>\$ 21,974,395</u>	<u>\$ 28,858,718</u>			

Note 4. Information Certified or Provided by Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2020 obtained by management and agreed or derived from information provided by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets was complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, included throughout the financial statements related to the following assets:

Investments at fair value:	
Mutual funds	\$ 28,082,091
Common collective trust funds	26,062,592
Stable value fund	2,796,126
	<u>\$ 56,940,809</u>
Notes receivable from participants	<u>\$ 404,921</u>

Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investments are management by a company affiliated with Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services amount to \$4,330 for the year ended December 31, 2021.

Gray Reed & McGraw LLP Profit Sharing Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a non-standardized form of a pre-approved plan. The pre-approved plan provider, FMR LLC, has received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended subsequent to the date of the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally acceptable in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31 2021 and 2020:

Transfer to other plan	21,058,624
Net income per the Form 5500	<u>\$ 9,560,177</u>

Note 10. Plan Transfer

Effective December 22, 2021, the Employer resolved to amend the Plan disallowing certain classes of employee participation in the Plan. As a result of the spin-off, participants' account balances totaling \$21,058,624 were transferred into legal control of the Gray Reed & McGraw LLP Attorneys' 401(k) Plan and Trust, a newly formed plan, on December 22, 2021.
