REPORT

INDEPENDENT AUDITOR'S REPORT

To Plan Management and 401k Investment Committee of
Kastle Systems International LLC Retirement Plan

We have performed an audit of the accompanying financial statements of Kastle Systems International LLC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Kastle Systems International LLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kastle Systems International LLC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kastle Systems International LLC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kastle Systems International LLC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kastle Systems International LLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To Plan Management and 401k Investment Committee of
Kastle Systems International LLC Retirement Plan

Report on the Financial Statement

We were engaged to audit the accompanying statement of net assets available for benefits of Kastle Systems International LLC Retirement Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal), the trustee of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN

The following description of the Kastle Systems International LLC Retirement Plan (the Plan) provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan was established June 1, 1977, as the Kastle Systems, LLC Retirement Plan to provide retirement benefits for eligible employees of Kastle Systems LLC, the participating employer. The Plan was amended and restated as the Kastle Systems International LLC Retirement Plan on August 1, 2001. The restated Plan continues to be for the benefit of employees of Kastle Systems LLC, and includes employees of Kastle Systems International LLC, Kastle Philadelphia Joint Venture, Kastle New York LLC, Kastle Chicago LLC, Kastle Systems of Texas LLC, and Kastle Systems of Los Angeles PSP, (collectively, the Company). The Plan is a defined contribution plan covering all employees who are eligible to participate, except members of a collective bargaining unit where retirement benefits have been the subject of good faith bargaining. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's 401(k) Investment Committee (Investment Committee) is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Principal Trust Company (Trustee), which invests contributions and Plan earnings, makes investment transactions as directed by the Investment Committee and provides certain recordkeeping services and annual ERISA compliance testing.

Coronavirus Aid, Relief, and Economic Security Act of 2020

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act of 2020* (the CARES Act) was passed by Congress. The CARES Act, among other things, includes several temporary relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved changes to the Plan in 2020 to temporarily (i) add Coronavirus related distributions (CRDs) of up to \$100,000 for eligible participants, (ii) permit employees to repay CRDs within three years of the date of distribution as a rollover contribution, (iii) increase the limit on Plan loans for eligible participants to the maximum permitted under the CARES Act, (iv) suspend payments on Plan loans otherwise due in 2020 for eligible participants, and (v) suspend required minimum distributions for 2020. The Plan will be amended to reflect these changes prior to the December 31, 2025 deadline.

Eligibility

Eligible employees may become a participant of the Plan when they have reached 30 days of service and are age eighteen or older. An eligible employee may enter the Plan on the first date of the month after all entry requirements have been met.

Note 1: DESCRIPTION OF THE PLAN (Continued)

Contributions

Participants may contribute a percentage of their pretax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans. Effective January 1, 2016, newly hired eligible employees are auto-enrolled to make contributions of 2% of eligible compensation which auto-escalates by 1% annually up to a maximum of 6% of eligible compensation, unless they elect otherwise. Also, effective January 1, 2016, participants who are contributing less than 2% to the Plan, will be automatically enrolled at a 2% pre-tax deferral rate. Effective July 1, 2018, newly hired eligible employees are auto-enrolled to make contributions of 4% of eligible compensation, unless they elect otherwise.

The Company may make a discretionary matching contribution and/or profit sharing contribution to the Plan. A profit sharing contribution of \$305,900 was made during the plan year ended December 31, 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, as well as allocations of the Company's profit sharing contribution, and Plan earnings. Participant accounts are charged with withdrawals, an allocation of administrative expenses and Plan's losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and rollover accounts plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, at 20% per year, beginning in the second year. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) participant's loan account. Loan term periods range up to five years and must be adequately secured. However, if the loan is for the purchase of the participant's residence, the loan repayment term may exceed five years. Each loan is secured by the balance in the participant's account and bear interest at a rate ranging from 3.75% to 6.00% per annum, which was determined by the plan administrator to be comparable to rates found at local lending institutions on the date the loan originated. Principal and interest are repaid in equal payments deducted from the employee's compensation payments.

Plan management approved changes related to the CARES Act in 2020, increasing the limit on Plan loans for eligible participants to the lesser of \$100,000 or 100% of the participant's vested account balances in 2020 and permitting eligible participants to suspend payments on Plan loans otherwise due in 2020.

Note 1: DESCRIPTION OF THE PLAN (Continued)

Benefits Payment

Upon separation of service due to death, disability, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments. If the account balance is less than \$1,000, the distribution shall be paid in the form of a lump-sum payment. Benefits are recorded when paid.

Forfeitures

At December 31, 2021 and 2020, forfeited, non-vested accounts totaled \$35,631 and \$36,243, respectively. Forfeitures can first be used to pay administrative expenses and then to reduce future employer contributions. Forfeitures not used to pay administrative expenses will be re-allocated among participants or reduce employer contributions in the plan year following the forfeiture. During 2021, forfeitures of \$1,628 were used to pay administrative expenses.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may only be withdrawn from the employee contribution portion of the participant's balance after all other withdrawals or loans available have been taken.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for further discussion of fair value measurements, contract value, and NAV.

Kastle Systems International LLC Retirement Plan

Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 nor 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer. During the year ended December 31, 2021, expenses of \$134,620 were paid by the Plan and allocated to participant accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 17, 2022, and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee under such regulation:

- a) Total investments, at fair value and contract value, included in the statements of net assets available for benefits at December 31, 2021 and 2020.
- b) Notes receivable from participants, included in the statements of net assets available for benefits at December 31, 2021 and 2020.
- c) Investment income and interest income from notes receivable information included in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- d) All amounts included in Note 4, *Fair Value Measurements (Unaudited)*.
- e) All amounts included in Note 5, *Investments Reported at Contract Value (Unaudited)*.
- f) All investment information included in the supplemental schedule of assets (held at end of year) as of December 31, 2021.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds and registered investment funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts (CITs): The Plan's CITs invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of all these investments are used in determining the NAV of the CITs. The Plan has the ability to redeem its investments at the NAV which is published daily and deemed to be the readily determinable fair value. There are no significant restrictions, redemption terms or holding periods that would limit the ability of the Plan or the participants to transact at the NAV.

Pooled separate accounts (under the group annuity contract) (PSAs): Within the PSAs, the Plan invests in stocks and mutual funds. The majority of the underlying securities have observable level 1 quoted pricing inputs. The NAV is the basis for current transactions and the PSA can be redeemed at NAV as of the measurement date. These investments are deemed to have readily determinable fair values as the NAVs per unit are determined and published daily and are the basis for current transactions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2021				
Mutual funds	\$ 7,523,360	\$ -	\$ -	\$ 7,523,360
Pooled separate accounts	2,281,667	-	-	2,281,667
Collective investment trusts	25,745,809	-	-	25,745,809
Total investments at fair value	\$ 35,550,836	\$ -	\$ -	\$ 35,550,836

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<i>December 31, 2020</i>				
Mutual funds	\$ 6,473,478	\$ -	\$ -	\$ 6,473,478
Pooled separate accounts	1,619,429	-	-	1,619,429
Collective investment trusts	21,430,676	-	-	21,430,676
Total investments at fair value	\$ 29,523,583	\$ -	\$ -	\$ 29,523,583

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED)

The Plan holds a traditional investment contract with Principal that meets the fully benefit-responsive investment contract criteria. The investment is a single group annuity contract with a fixed rate of interest that resets semi-annually. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The specified interest rate is 1.55% for the year ended December 31, 2021. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Kastle Systems International LLC Retirement Plan

Notes to Financial Statements

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED) (Continued)

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In the event that the Plan sponsor terminates the contract and requests an immediate payout, the contract payout may be subject to a 5% surrender charge. The Plan administrator does not believe that there any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 6: TAX STATUS

Effective July 1, 2018, the Plan adopted the Principal Life Insurance Company volume submitter plan which received an opinion letter dated August 8, 2014. The letter indicate that the Plan and related trust are designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Any employer adopting this plan will be considered to have a plan qualified under the IRC. Although the plan documents have been amended since receiving the opinion letter; the Plan administrator believes that they are currently designed and being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by Principal. Principal is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. During 2021, fees of \$134,620 were paid to Principal.

Note 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Kastle Systems International LLC Retirement Plan

Notes to Financial Statements

Note 9: PLAN COMPLIANCE

The Company determined that certain participant contributions had not been remitted to the Plan in a timely manner, according to DOL regulations.

The amounts reported for the year ended December 31, 2021, were \$100,514. There were also late contributions in 2018-2019 totaling \$152,665. Although these remittances were made in 2021, they fell outside the normal processing time the Company allows. The Company will calculate lost earnings and deposit these funds into the Plan during 2022. The lost earnings are immaterial and thus not included in the accompanying financial statements.
