INDEPENDENT AUDITOR'S REPORT

To the Trustee
Ross Industries, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Ross Industries, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (held at end of year) as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ROSS INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Ross Industries, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for more complete information.

General: The Plan is a defined contribution plan covering substantially all employees of Ross Industries, Inc. (the Company). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year participants may make salary deferral contributions up to the maximum percentage allowed by the IRC, as defined in the Plan. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. Effective July 1, 2015, the Plan was amended to a safe harbor plan and the Plan sponsor must make a required contribution of 100% of the first 3% of participants deferral and 50% of the next 2% of the participants deferral into the plan. In addition, the Company may make a discretionary profit sharing contribution.

Participant accounts: Each participant's account is credited with the participant's contributions and a portion of the Company's discretionary contributions as defined in the Plan. Plan earnings are allocated based on participant account balances in their chosen investments.

Participants' investment options: Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan administrator. Participants may change their investment options any time throughout the year via direct phone and internet access to their accounts.

Vesting: Participants are immediately vested in their salary reduction amounts and safe harbor contributions plus earnings thereon. In addition, participants are entitled to receive 100% of other funds accumulated in their accounts upon becoming fully vested. Vesting in the Company's contribution segment of their accounts is based on years of continuous service. A participant is 20% vested after two years of credited service. Vesting increases 20% per year thereafter. A participant is 100% vested after six years of credited service. Participants also become 100% vested upon the attainment of age 65, upon total and permanent disability, or death.

Participant loans: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator.

Forfeitures: Forfeited balances are used first to pay administrative expenses of the Plan with, any remaining amounts used to reduce Company contributions. Forfeited nonvested accounts totaled \$24,290 and \$12,615 at December 31, 2021 and 2020, respectively.

Payment of benefits: The full value of a participant's vested account becomes payable upon retirement, death, disability, or termination of service before retirement, death, or disability. Under certain circumstances, payment may be deferred until the participant reaches the age of 70 1/2. The participant may elect benefit payments to be in the form of a lump-sum amount or installment payments available only for required minimum distribution upon attainment of age 70 1/2.

ROSS INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies

Significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Net realized and unrealized appreciation (depreciation) for the year is reflected in the statement of changes in net assets available for benefits. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable: Participant notes receivable are reported at their unpaid principal balance plus accrued interest.

Payments of benefits: Benefits are recorded when paid.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Estimates and assumptions: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent events: Subsequent events have been evaluated through February 27, 2023, which was the date the financial statements were available to be issued.

Note 3. Plan Administration

In addition to the administration costs charged to the Plan, significant costs of Plan administration are absorbed by the Plan sponsor, Ross Industries, Inc.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the accounts of participants shall vest and become nonforfeitable.

ROSS INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5. Information Certified and Provided by the Trustees

The following is a summary of information included in the accompanying financial statements as of December 31, 2021 and 2020, and for the year ended December 31, 2021, and the supplementary schedule as of December 31, 2021, that was prepared by or derived from information provided by the trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that information provided is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following:

	2021	2020
Mutual funds, at fair value	\$ 7,716,305	\$ 6,972,533
Participant notes receivables	205,587	274,040
Investment income	1,030,350	**
Interest on participant notes receivable	12,548	**

Note 6. Income Tax Status

The Company adopted a non-standardized form on a pre-approved profit sharing plan which received a favorable opinion from the IRS on June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2018.

ROSS INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Fair Value Measurements

The *Fair Value Measurements Topic* of the Financial Standards Accounting Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the codification are described below:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end based on the quoted market values of the underlying assets for Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ROSS INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total Assets at Fair Value
Mutual funds	\$ 7,716,305	\$ -	\$ -	\$ 7,716,305
Total assets in the fair value hierarchy	\$ 7,716,305	\$ -	\$ -	\$ 7,716,305

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total Assets at Fair Value
Mutual funds	\$ 6,972,533	\$ -	\$ -	\$ 6,972,533
Total assets in the fair value hierarchy	\$ 6,972,533	\$ -	\$ -	\$ 6,972,533

Note 8. Collective Investment Funds

In 2021, the Plan entered into a fully benefit-responsive investment contract with Great-West Investments, which maintains the contributions in collective investment funds. The funds are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The funds are included in the financial statements at contract value as reported to the Plan by the Plan's trustee. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses and amounted to \$210,388 at December 31, 2021. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Interest rates are reviewed on a quarterly basis for resetting.

ROSS INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 8. Collective Investment Funds (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 9. Reconciliation of Financial Statement to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>2021</u>	<u>2020</u>

NOTES TO FINANCIAL STATEMENTS

Note 10. Nonexempt Transactions

During the years 2015-2021, the Plan sponsor inadvertently failed to withhold \$63,370 of participant deferrals from bonus pay, as well as \$71,535 in employer match, as dictated by the Plan Document. The Plan sponsor intends to reimburse the plan for missed contributions and lost interest in the amount of \$172,081. The Plan sponsor intends to file Form 5330 and intends to pay the applicable excise tax in 2023. The excise payments will be made from the Plan sponsor's assets and not from the assets of the Plan.

Note 11. Plan Amendments

The Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), was signed into law on March 27, 2020 to provide relief to Plan participants who have been affected by the COVID-19 pandemic as specified in the CARES Act. Plan management implemented the CARES act provisions during 2020. Formal Plan amendments will be executed within the timeframe required by law.

The Plan Adoption Agreement was restated effective February 12, 2021. The restatement was to update the trustee and custodian of the Plan, formerly SunTrust Bank, to the new trustee and custodian, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC.
