Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Millwright Union Individual Account Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Millwright Union Individual Account Retirement Plan as of May 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Millwright Union Individual Account Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Millwright Union Individual Account Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Millwright Union Individual Account Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Millwright Union Individual Account Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of May 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Board of Trustees
Millwright Union Individual Account Retirement Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MILLWRIGHT UNION INDIVIDUAL ACCOUNT RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

This Plan was created for the purpose of providing annuity, severance, and retirement benefits for participants and their beneficiaries. Participants are immediately eligible upon employment with a participating employer. The Plan is subject to the provisions of ERISA, as amended, and Section 401(k) of the Internal Revenue Code (IRC). The Plan is funded by employer contributions and by elective deferrals from participants' earnings in accordance with the terms of the participating employers' collective bargaining or other written agreements between the Allied Construction Employers Association, Inc., the Eastern Wisconsin Erectors Association, Inc., and the North Central States Regional Council of Carpenters. Contributions are subject to certain limitations.

The Plan is administered by a Board of Trustees consisting of a union group and an employer group of representatives, each having equal voting power. The Board is responsible for oversight of the Plan and determines the appropriateness of the Plan's investments and monitors investment performance.

Plan Administration

Wells Fargo was the custodian for the Plan through April 30, 2021. Effective May 1, 2021, Securian Financial Group became the custodian for the Plan. The Board of Trustees, as Plan administrator, have engaged the services of Wilson-McShane Corporation as the third-party administrator to handle the daily administration of the Plan.

Contributions

The Plan is financed by employer and participant contributions in accordance with the terms of collective bargaining agreements between the union and participating employers. The Millwright and Piledriver rates are as follows:

Millwright:

Year Ended May 31, 2022	\$	6.78
Year Ended May 31, 2021	\$	6.78

Piledriver:

Year Ended May 31, 2022	\$	7.46
Year Ended May 31, 2021	\$	7.46

The Plan includes a 401(k) feature which allows employees of participating employers to make additional tax deferred contributions to the Plan. Participants can contribute any multiple of \$.50 per hour, up to \$10.00 per hour in each pay period, pre-tax, to be deposited into their individual account, subject to limits determined by the Internal Revenue Service (IRS). Participants who attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Effective January 1, 2021, the Plan was amended to allow for receipt of reciprocal contributions through reciprocal agreements with other local unions. In accordance with these agreements, the Plan is required to remit funds received and is entitled to receive funds from participating employers on behalf of temporary employees to and from the employees' participating local unions. Reciprocal contributions received and paid are recorded as employer contributions in the statement of changes in net assets available for benefits.

Effective May 4, 2021, participants direct the investment of contributions into various investment options offered by the Plan. Prior to May 4, 2021, the Board of Trustees directed the investment of contributions into various investment options offered by the Plan.

For the year ended May 31, 2021, all investment activity shown on the statements of changes in net assets available for benefits is related to nonparticipant-directed investments except for approximately \$343,000 of net appreciation and \$310,000 of distributions. During the year ended May 31, 2021, approximately \$40,166,000 was transferred from nonparticipant-directed investments to participant-directed investments.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the employer contributions, participant's deferrals, plan earnings (loss) and forfeitures, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Unallocated Plan assets were \$108,435 and \$194,810 as of May 31, 2022 and 2021, respectively.

Vesting

Participants are immediately fully vested in the balance of their account.

Payment of Benefits

On termination of service due to death, disability, or retirement, participants may elect to receive their account balance in either a lump-sum amount or monthly payments. Withdrawals are permitted due to other circumstances as described in the Plan agreement and are subject to certain limitations. Terminated participants with a nonforfeitable interest in an account that has never exceeded \$1,000 will have their balance directly distributed to them in a lump-sum distribution. Certain withdrawals are permitted during employment for hardships, as defined in the Plan. All or any part of a participant's employer contribution account balance may be distributed as a hardship withdrawal. During October 2020, the Plan was amended to clarify hardship distribution language.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Concentration

Credit Risk – The Plan maintains its cash balances in a high credit quality financial institution in Minnesota. Accounts at this institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. At times, such cash balances may be in excess of the insurance limit.

Employer Contributions – The Plan has two employers who accounted for approximately 35% and 34% of the employer contributions for the years ended May 31, 2022 and 2021, respectively.

Contributions Receivable

Contributions due but not paid prior to year-end are recorded as contributions receivable. Reciprocal contributions receivable is also included with employer contributions receivable. Delinquent contributions and payroll audit findings are individually analyzed for collectability. As of May 31, 2022 and 2021, all outstanding contributions receivable amounts are reported net of contributions considered uncollectible by the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment consultant and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants and beneficiaries are recorded when paid.

Reclassifications

Certain amounts in the 2021 financial statements have been reclassified to conform with the 2022 presentation. These reclassifications do not affect net assets available for benefits as previously reported.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through March 10, 2023, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in active markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at May 31, 2022 and 2021.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2022 and 2021.

Pooled Separate Account: Valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31:

		2022			
		Level 1	Level 2	Level 3	Total
Pooled Separate Accounts		\$ -	\$ 38,505,079	\$ -	\$ 38,505,079
Total Assets in the					
Fair Value Hierarchy		\$ -	\$ 38,505,079	\$ -	\$ 38,505,079

		2021			
		Level 1	Level 2	Level 3	Total
Pooled Separate Accounts		\$ -	\$ 40,198,008	\$ -	\$ 40,198,008
Total Assets in the					
Fair Value Hierarchy		\$ -	\$ 40,198,008	\$ -	\$ 40,198,008

NOTE 4 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by Wells Fargo, the custodian through April 30, 2021 and by Securian Financial Group (a related company of Minnesota Life Insurance Company), the custodian effective May 1, 2021; therefore, these transactions qualify as party-in-interest transactions. These are transactions for which a statutory exemption exists under ERISA.

NOTE 5 TAX STATUS

The IRS has determined and informed the Plan by letter dated June 23, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Board of Trustees and the Plan's legal counsel believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 PLAN TERMINATION

Although they have not expressed intent to do so, the Board of Trustees has the right to suspend or terminate the Plan at any time. In the event of Plan termination, participant accounts will be distributed in such manner as otherwise provided by the Plan. The Plan provides that at no time will any of the assets of the Plan revert to any employer or the union or be used for any purpose other than for the exclusive benefit of the participants and their beneficiaries.

NOTE 7 RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
