INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Holy Family Institute Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Holy Family Institute Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Holy Family Institute Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Holy Family Institute Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Holy Family Institute Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Holy Family Institute Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Holy Family Institute Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule as noted in the accompanying table of contents is presented for additional analysis and is not a required part of the 2022 financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In our opinion —

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2021 Financial Statements

We were engaged to audit the statement of assets available for benefits of Holy Family Institute Retirement Plan as of June 30, 2021 and the statement of changes in assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our procedures with respect to the information certified by the qualified institution. Our audit report, dated February 9, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HOLY FAMILY INSTITUTE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Holy Family Institute Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan, established effective July 1, 1994 and restated effective July 31, 2015, is a defined contribution profit-sharing plan under Section 401(k) of the Internal Revenue Code and covers substantially all employees of Holy Family Institute (the "Sponsor") who have attained the age of 18 and have completed at least 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During the year ended June 30, 2021, participants and beneficiaries were able to elect whether or not to receive required 2021 minimum distributions as provided by the Coronavirus Aid, Relief and Economic Security ("CARES") Act.

Contributions - Eligible employees may elect to contribute to the Plan up to the limit established by the Internal Revenue Code ("IRC"). Such amounts are deducted from the participant's compensation each payroll period. Employees are automatically enrolled in the Plan with a contribution rate of 2% of eligible compensation, unless the employee has elected to defer a different amount or declines to participate in the Plan.

The employer may make discretionary matching contributions to the Plan based on each employee's participation rate in the Plan. For the years ended June 30, 2022 and 2021, employee deferrals of up to 6% of eligible wages each pay period were matched 50% by the employer. For the years ended June 30, 2022 and 2021, participants were required to have one year of service to be eligible for the employer match. Effective July 1, 2022, the plan was amended to remove the one year of service requirement, making participants eligible for the employer match on the first day of the month following their completion of 30 days of service.

Participant Accounts - Each participant's account is credited with the participant's contributions, an allocation of the discretionary employer matching contribution and an allocation of Plan earnings or losses thereon and is decreased by any account distributions. Allocations are based on the participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct their contributions and any related earnings into the Transamerica Stable Value Core account or a variety of pooled separate account options provided under the Plan.

Vesting - Participants are immediately vested in their voluntary contributions, including rollovers and transfers, and actual earnings thereon. Employer contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 or more	100%

Forfeitures - Forfeitures represent the portion of non-vested account balances remaining in the Plan for all current-year terminated employees. Forfeitures are used at the Sponsor's discretion to reduce future Sponsor contributions or Plan administrative expenses. Unallocated forfeitures as of June 30, 2022 and 2021 were \$4,870 and \$6,005, respectively. During 2022 and 2021, forfeitures used to reduce sponsor contributions were \$15,332 and \$10,247, respectively. Forfeitures for the years ended June 30, 2022 and 2021 were \$14,165 and \$14,629, respectively. Appreciation of \$32 and \$208 served to increase the unallocated forfeitures during the years ended June 30, 2022 and 2021, respectively.

Participant Loans - The Plan does not permit participants to borrow from their accounts.

Payment of Benefits - Distributions are permitted upon termination, death, hardship (as defined in the Plan agreement) or reaching age 59½. Benefit payments must begin by age 70½, unless the participant is still actively employed by Holy Family Institute. Benefits are reflected when they have been approved for payment and are paid by the Plan. Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Administrative Expenses - Administrative fees assessed on certain Plan transactions are paid directly out of the respective participant's account and are reflected as an expense of the Plan; other administrative expenses of the Plan are paid by the Sponsor.

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Investment Income Recognition - The Plan's investments in pooled separate accounts are stated at fair value. The group annuity contract is stated at contract value (see Note 2). For all investments, the Plan Trustee calculates a daily unit value, based on either the daily credited interest rate (group annuity contract) or the underlying market value of investments (pooled separate accounts). The value of a participant's fund balance is equal to the daily unit value multiplied by the number of units accumulated.

The net appreciation in the fair value of investments held by the Plan is recorded as an increase to investment income based on the valuation of the investments as of the date of the statement of assets available for benefits.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value of financial assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priorities to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs are not quoted prices in active markets but are observable either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments in pooled separate accounts are valued using publicly available quoted market prices for the underlying securities (Level 1) or, when not available, using market prices for similar securities (Level 2). There have been no changes in the valuation methodologies used at June 30, 2022 and 2021.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting dates.

Investments measured at fair value are as follows at June 30, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Pooled separate accounts:		
Level 1	\$ 2,567,671	\$ 3,195,753
Level 2	<u>4,212,669</u>	<u>5,451,566</u>
Total	<u>\$ 6,780,340</u>	<u>\$ 8,647,319</u>

Subsequent Events - Management has evaluated subsequent events through March 9, 2023, the date which the financial statements were available to be issued.

2. GROUP ANNUITY CONTRACT

The Transamerica Stable Value Core investment option is a group annuity contract backed by the general account of Transamerica Life Insurance Company ("TLIC") or Transamerica Financial Life Insurance Company ("TFLIC").

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits attributable to the group annuity contract. Contract value, as reported to the plan by TLIC or TFLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value; however, TLIC or TFLIC may impose a holding period at the contract level in the event of a full or partial contract discontinuance. Further, the Plan will not have the ability to execute transactions at contract value with the issuer in certain circumstances that are defined in the annuity contract. Management does not believe that these events are likely to occur.

The Transamerica Stable Value Core option has a portfolio investment rate design in which all deposits in this account are credited with the same interest rate on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return. The effective annual yields for the years ended June 30, 2022 and 2021 were 0.75% and 0.78%, respectively, with an effective yield of 0.75% as of June 30, 2022 and 2021.

3. PLAN TERMINATION

The Sponsor anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The net assets of the Plan will be distributed by the trustee in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan is a prototype plan for which the custodian has obtained a favorable determination letter dated March 31, 2014 in which the Internal Revenue Service states that the Plan, as designed, was in compliance with the applicable requirement of the IRC. Therefore, the administrator believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date. Management believes there is no liability related to uncertain tax positions at June 30, 2022 or 2021. The Plan is no longer subject to tax examinations for years before June 30, 2019.

5. CERTIFIED FINANCIAL INFORMATION

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian, Transamerica Retirement Solutions, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statements of assets available for benefits as of June 30, 2022 and 2021
- Investment activity, as shown in the statements of changes in assets available for benefits for the years ended June 30, 2022 and 2021
- The schedule of assets held for investment purposes at June 30, 2022, as shown on the accompanying schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. PARTIES-IN-INTEREST AND RELATED PARTIES

Transamerica Retirement Solutions serves as the custodian of the Plan and provides access to plan investments and, accordingly, is considered a party-in-interest.

Neither the Sponsor nor the employees of the Sponsor involved in administering the Plan receive any compensation from the Plan.
