INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Plumbers and Pipefitters Local 152 Retirement Annuity Fund and
American Benefit Corporation
3150 US Route 60
Ona, WV 25545

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the May 31, 2022 Financial Statements

We have performed an audit of the financial statements of Plumbers and Pipefitters Local 152 Retirement Annuity Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of May 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the May 31, 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Empower Retirement (the Custodian of the investment account) for the year ended May 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the May 31, 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the May 31, 2022 Financial Statements section:

- The amounts and disclosures in the accompanying May 31, 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying April 30, 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the May 31, 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the May 31, 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the May 31, 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the May 31, 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the May 31, 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the May 31, 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

May 31, 2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year for the year ended May 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the May 31, 2021 Financial Statements

We have audited the statement of net assets available for benefits of the Plumbers and Pipefitters Local 152 Retirement Annuity Fund as of May 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and in our report dated February 1, 2022 we expressed an unmodified opinion on those financial statements.

PLUMBERS AND PIPEFITTERS LOCAL 152 RETIREMENT ANNUITY FUND**NOTES TO FINANCIAL STATEMENTS**

May 31, 2022 and 2021

1 – DESCRIPTION OF THE PLAN

The following description of Plumbers and Pipefitters Local 152 Retirement Annuity Fund (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a multi-employer collectively bargained defined contribution plan covering eligible employees who have worked and/or are working for any of the contributing employers as established by the agreement by and between the employers that have adopted a collective bargaining agreement with Plumbers and Pipefitters Local 152 (the Plan Sponsor) and the Contractor's Association. The Plan and related trust were established on July 1, 1982. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions to the Plan are made by participating employers based on negotiated contribution rates set forth in collective bargaining agreements.

Participant Accounts

Each participant's account is credited with the contribution by the contributing employer for each commercial employee hour worked and each industrial employee hour paid. Investment income and administrative expenses of the Plan are allocated to each member's account based on the average balance of the accounts for the plan year. The benefit to which a participant is entitled is the benefit that can be provided from the balance in the participant's account.

Vesting

Participants are immediately vested in the entirety of their account.

Notes Receivable from Participants

A participant may, with the consent of the Trustees, borrow from the Plan. The amount of a participant's loan request shall not be less than \$1,000. Effective June 1, 2018, the Plan was amended for the following provisions:

- Participant loan limits cannot exceed the lesser of 50% of their vested accrued benefit or \$50,000.
- Participant loan terms cannot exceed 5 years.
- Participants can now take out 2 loans (subject to account balance and all other restrictions).
- If a participant defaults on a second loan, no further loans will be allowed until all defaulted loans are repaid or until the participant's termination, disability or retirement distribution from the Plan.

May 31, 2022 and 2021

All loans which are made pursuant to the plan agreement shall be subject to the approval of the Trustees which shall thoroughly investigate each application for a loan.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the most recent monthly valuation of his or her account, or receive periodic payments over a ten year period, as described in the amended Plan document.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Date of Management's Review**

Subsequent events were evaluated through the date of the auditor's report, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Operating Expenses

All expenses of administering the Plan are paid by the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

May 31, 2022 and 2021

Employers' Contributions Receivable

Employers' contributions receivable is reported at the amount due and is considered to be fully collectible by the Board of Trustees. The employers' contributions receivable includes those contributions received for participants that are members of reciprocal unions as well as amounts receivable for members of the Plan Sponsor. The Trustees have determined that an allowance for doubtful accounts was not considered necessary at May 31, 2022 and 2021.

Notes Receivable from Participants and Interest Income

The Plan's notes receivable from participant is comprised of participant loans carried at cost, which represents unpaid principal balance. These notes receivable from participants are considered to be fully collectible by the Board of Trustees and are collateralized by the participants vested amount. Interest income is computed based upon the contractual loan rate and is accrued as earned. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to valuation methodology include:

- ❖ Quoted prices for similar assets or liabilities in active markets;
- ❖ Quoted prices for identical or similar assets or liabilities in inactive markets;
- ❖ Inputs other than quoted prices that are observable for the asset or liability;
- ❖ Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3

Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Income Account (GIA): These investments are principally valued using a market value formula approach. The estimated fair value of the GIA is determined to be the calculated market value of the Contract.

- (i) The assumed interest rate obtainable by MassMutual on new investments where a proxy is:
 - (a) The Barclays Capitol U.S. Aggregate Index (excluding Treasuries) with an adjustment made to duration.
 - (b) Multiple indices (i.e. multi-index) as described in the Market Value Adjustment Contract amendment.
- (ii) The experience rate for the Contract, which is the weighted average of the investment year interest rates for pension account funds. The weighting reflects the distribution of Contract funds to the various investment years.

Cash Management Funds: Fair value is based on amortized cost or original cost plus accrued interest.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of May 31, 2022 and 2021:

2022

PLUMBERS AND PIPEFITTERS LOCAL 152 RETIREMENT ANNUITY FUND**NOTES TO FINANCIAL STATEMENTS**

May 31, 2022 and 2021

During the years ended May 31, 2022 and 2021 respectively purchases of level 3 securities were \$3,245,043 and \$4,261,013.

The following table represents the Plans level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those periods:

<u>Instrument</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range of Significant Input Values</u>
Mass mutual guaranteed income account	\$ 5,898,079	Market value formula	Guaranteed interest Rate	1.1-1.1%

4 – INVESTMENT CONTRACT WITH INSURANCE COMPANIES

The Plan has entered into a fully benefit-responsive guaranteed income account with Mass Mutual Retirement Services (MMRS). MMRS maintains the contributions in a general investment account investment option for defined contribution plans is a Guaranteed Income Account (the “GIA”) provided through a group annuity contract (the “Contract”). Under the terms of the Contract, a crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. Contract Value is also often referred to as “Book Value.”. The declared interest rate was 1.10% during 2022 and ranged from 1.10% to 1.50% during 2021. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan’s ability to transact at contract value with participants are probable of not occurring.

5 – PLAN TERMINATION

It is the intention of the Plan Sponsor and participating employers that this Plan shall be continued indefinitely. If the Plan were to be terminated by the Trustees, the assets of the trust fund would be used for the exclusive benefit of the eligible employees to provide benefits and pay plan expenses until exhausted, subject to the provisions of ERISA.

6 – INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated January 28, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

The Plan administration believes the Plan is no longer subject to income tax examinations for years prior to 2019.

7 – CONCENTRATION OF CREDIT RISK

All of the revenue and receivables shown on the financial statements are from plumbing and pipefitting services. The Plan's ability to collect contributions and enter into contracts could be affected by fluctuations in the plumbing and pipefitting service industry and the overall economy.

8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

During the year ended, May 31, 2021, the spread of COVID-19 has severely impacted many local economies around the globe. The duration and impact of the Coronavirus pandemic remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of The Plan for future periods.

9 – PARTY IN INTEREST TRANSACTIONS

The Plan transacts with its Custodian Empower Retirement to whom it pays various fees. Certain administrative functions are performed by the Plan's third-party administrator, American Benefit Corporation. Harris, Hardin & Company, A.C. provides payroll audit services for the plan while Gray Griffith & Mays A.C. provides financial statement audit services for the Plan. The Plan purchases insurance from Kramer-Warner Associates, Inc. John F Dascolli PLLC and Standard Valuations provide legal and investment services, respectively, for the Plan. These transactions are not considered prohibited transactions under Section 408(b) of the ERISA regulations but do qualify as party-in-interest transactions.

10 – SUBSEQUENT EVENTS

The Plan's management has evaluated events and transactions occurring after May 31, 2022, through the date of the Auditor's Report, which is the date the financial statements were available to be issued. No significant events were noted requiring adjustments to or disclosure in the financial statement.
