Retirement Plan Committee
The University of Scranton Mandatory Tax Deferred Annuity Plan
Scranton, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of The University of Scranton Mandatory Tax Deferred Annuity Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of May 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended May 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of The University of Scranton Mandatory Tax Deferred Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The University of Scranton Mandatory Tax Deferred Annuity Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The University of Scranton Mandatory Tax Deferred Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The University of Scranton Mandatory Tax Deferred Annuity Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of The University of Scranton Mandatory Tax Deferred Annuity Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated March 8, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

The University of Scranton Mandatory Tax Deferred Annuity Plan

Notes to Financial Statements May 31, 2022 and 2021

Note 1: Description of Plan

The following description of The University of Scranton Mandatory Tax Deferred Annuity Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan that operates under Section 403(b) of the Internal Revenue Code (IRC) covering faculty, administrative and professional staff of the University of Scranton (University) who have completed six months of service. Student teachers and any other employee who works less than 20 hours per week are not eligible to participate. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Street Bank and Trust Company is the trustee of the Plan. It, along with Transamerica Financial Life Insurance Company, Inc. (Transamerica) and the Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF), serve as custodians of the Plan.

Contributions

Each year, participants may elect to contribute any amount of their annual eligible compensation, up to the maximum limits defined by the IRC. Participants who have attained the age of 50 before the close of the Plan year are eligible to make catch-up contributions. Participants who have completed 15 years of service may also make additional contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with contributions and an allocation of Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

The University of Scranton Mandatory Tax Deferred Annuity Plan

Notes to Financial Statements May 31, 2022 and 2021

Payment of Benefits

On termination of service, death, disability, attainment of age 59 1/2, or retirement, a participant is eligible to receive a distribution equal to the value of the participant's vested interest in his or her account. The normal form of payment is a lump-sum payment.

The Plan allows automatic rollovers if the present value of the participant's vested account balance is greater than \$1,000. The participant must consent to the distribution if the present value is more than \$5,000.

In April 2020, the Plan Sponsor (University) implemented the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Borrowings are secured by the balance in the participant's account and bear interest at rates determined by the custodians. The interest rates on these loans varied between 4.25% and 6.25% at May 31, 2022 and between 4.25% and 6.50% at May 31, 2021. Principal and interest are paid directly by the participants. Terms range from one to five years or greater for the purchase of a primary residence.

In April 2020, the Plan Sponsor (University) adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

The University of Scranton Mandatory Tax Deferred Annuity Plan

Notes to Financial Statements May 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are stated at their unpaid principal balance plus accrued interest. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Plan Tax Status

The Plan operates under a volume submitter agreement in connection with a volume submitter plan and trust document sponsored by TIAA. This volume submitter plan document has obtained an advisory letter from the IRS stating that the volume submitter satisfies the requirements under Section 403(b) of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Administrative Expenses

Administrative expenses may be paid by the University or the Plan, at the University's discretion.

Subsequent Events

Subsequent events have been evaluated through March 14, 2023, which is the date the financial statements were available to be issued.

The University of Scranton Mandatory Tax Deferred Annuity Plan

Notes to Financial Statements May 31, 2022 and 2021

Note 3: Contracts With Insurance Companies

The Plan has guaranteed investment contracts with Transamerica and TIAA and CREF who maintain the contributions to the contracts in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica and TIAA and CREF are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan offers the option to invest in The New York Life Insurance Company Guaranteed Interest Account (GIA), which is a stable value product that guarantees the return of principal and accumulated interest held with Transamerica. The GIA contract seeks to provide participants with competitive credit rates and limited volatility consistent with the preservation of capital. New York Life Insurance Company issues the Guaranteed Interest Account (GIA) group annuity contract and provides the guarantees of principal and accumulated interest. Contributions are directed to a broadly diversified fixed income portfolio within New York Life's general account. The crediting rate will be reset on January 1 and July 1 and guaranteed for a six-month period. The minimum guaranteed rate of interest for the GIA contract is subject to change every six months, but will always be greater than 1.00%. The crediting interest at May 31, 2022 and 2021 was 1.95%.

The Plan also offers the option to invest in the TIAA Traditional Annuity Account, a guaranteed annuity contract with TIAA and CREF, which invests in the Retirement Annuity (RA) account. The TIAA Traditional Annuity Account is a contractual obligation to repay the principal and a specified interest rate that is guaranteed to the Plan. The Traditional Annuity Account has both fully benefit-responsive and nonbenefit-responsive properties. As discussed in Note 2, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to a fully-benefit responsive contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The nonbenefit-responsive portion of the contract is valued based upon TIAA and CREF's quoted redemption value of the contract owned by the Plan participant at year end. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer, which will not be less than zero percent. Such interest rates are reviewed on an annual basis for resetting. The crediting interest for each portion of the contract at May 31, 2022 and 2021 was 4.75% and 3.00%, respectively.

Certain events limit the ability of the Plan to transact at contract value. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The University of Scranton Mandatory Tax Deferred Annuity Plan

Notes to Financial Statements May 31, 2022 and 2021

The TIAA Traditional Annuity Account is a single group annuity contract with a fixed rate of interest. Interest is credited to the account and accumulations include a guaranteed rate, plus discretionary additional amounts determined annually by the TIAA and CREF Board of Trustees. The additional amounts, when declared, remain in effect through the “declaration year”, which begins each March 1. The guaranteed annual interest rate is 3.00% for all premiums remitted since 1979 under all TIAA Traditional Annuity accumulating contracts. They are not a portfolio of contracts whose yields are based on changes in fair value of underlying assets, therefore, the average yield earned by the Plan is the interest earned on the group annuity contract. The TIAA Traditional Annuity Account does not permit TIAA and CREF to terminate the agreement prior to the scheduled maturity date.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain administrative functions of the Plan are performed by officers or employees of the University. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid by the University.

The Plan held \$123,822 and \$74,099 in funds to pay future fees at May 31, 2022 and 2021, respectively. The Plan’s investments are managed by Diversified Investment Advisors, the Plan’s recordkeeper, Transamerica, State Street Bank and Trust Company and TIAA and CREF, and therefore, qualify as party-in-interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participants’ account balances. These transactions qualify as party-in-interest transactions.

In addition to the participant loans discussed in Note 1, the Plan also allows for TIAA and CREF to issue loans to Plan participants, which are secured by the participant’s account balance but are contractual agreements between TIAA and CREF and the Plan participant and are funded from TIAA and CREF’s general fund. A participant is required to transfer 110% of the loan value to the TIAA Traditional Annuity Account upon the issuance of the loan and is restricted from transfers or withdrawals. The restricted account balance is used as collateral on the loan balance in accordance with the terms of the note. The loans are to be repaid over not more than five years, unless for a principal residence and the interest rates range from 4.25% to 6.50%. These transactions qualify as party-in-interest transactions. Participant account balances which were held in the TIAA Traditional Annuity Account to collateralize these loans totaled \$526,376 and \$694,457 at May 31, 2022 and 2021, respectively.

Notes to Financial Statements May 31, 2022 and 2021

Note 5: Plan Termination

Although it has not expressed any intent to do so, the University has the right to terminate the Plan subject to the provisions of ERISA.

Note 6: Information Certified by Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, State Street Bank and Trust Company and TIAA and CREF, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of May 31, 2022 and 2021.
- Investment (loss) income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended May 31, 2022 and 2021.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of May 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 7: Fair Value Measurements

The Plan measures its investments at fair value on a recurring basis in accordance with U.S. GAAP. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

- Level 1** Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.
- Level 2** Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets or liabilities and other observable inputs.
- Level 3** Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows and similar techniques.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements May 31, 2022 and 2021

The following is a description of the valuation methodologies and inputs used for investments measured at fair value on a recurring basis. There have been no changes in methodologies used at May 31, 2022 and 2021.

The self-directed brokerage account is invested in registered investment companies, which are valued at the quoted net asset value of shares held by the account at year end.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Level 3 Activity

Activity, transfers into and out of Level 3 and the reasons for those transfers are as follows:

Notes to Financial Statements May 31, 2022 and 2021

The following tables present the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs at May 31, 2022 and 2021:

Instrument	May 31, 2022		
	Fair Value	Valuation Technique	Unobservable Inputs
TIAA Traditional Annuity Account	\$ 15,905,368	Discounted cash flow	Risk adjusted discount rate
New York Life Guaranteed Interest Account	1,983,286	Discounted cash flow	Risk adjusted discount rate

Instrument	May 31, 2021

TIAA Traditional Annuity Account	\$ 17,311,734	Discounted cash flow	Risk adjusted discount rate
New York Life Guaranteed Interest Account	2,100,681	Discounted cash flow	Risk adjusted discount rate

Note 8: Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
