Independent Auditor's Report

To the Plan Administrator of the
Pacific Northwest Farmers Cooperative Profit Sharing Plan
Genesee, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pacific Northwest Farmers Cooperative Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of May 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended May 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of May 31, 2022 and 2021, and for the year ended May 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of May 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pacific Northwest Farmers Cooperative Profit Sharing Plan

Notes to Financial Statements

1. Plan Description

The following description of the Pacific Northwest Farmers Cooperative Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was established on June 1, 1979, to provide benefits for employees of Pacific Northwest Farmers Cooperative (the “Company”). The Plan was most recently restated on May 1, 2022. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

Reliance Trust Company is the trustee (“Trustee” or “Reliance”) and ADP Retirement Services is the recordkeeper (“Recordkeeper” or “ADP”) in accordance with the provisions of the service provider agreements with the Company. The administrator of the Plan is the Company. The Company determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

Full time employees of the Company are eligible to participate in the Plan and receive an allocation of Safe Harbor matching contributions and additional matching contributions the first of the month following completion of six months of service. Participants are eligible for the profit sharing contributions the first of the year following the attainment of age 21 and the completion of one year of service in which at least 1,000 hours are worked. Part time employees are not eligible for the Plan. Effective May 1, 2022, the definition of part time employees changed from those who work less than 700 hours in a year to those who work less than 1,000 hours in a year.

Contributions

Each year, participants may contribute up to 90 percent of eligible compensation, as defined in the Plan Document, on a pre-tax or after-tax Roth basis, and are subject to limitations by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans or individual retirement accounts (“IRA”) as a rollover to the Plan. All employees are automatically enrolled in the Plan at a pre-tax deferral rate of 4 percent once eligible, unless the participant makes an affirmative deferral election.

The Company makes Safe Harbor matching contributions equal to 100 percent of the participant’s contributions, up to 4 percent of eligible compensation.

The Company may elect to make discretionary profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant’s compensation bears to the total of all participants’ compensation. Employees must meet certain continuing eligibility requirements to be eligible for the profit sharing contribution. The Company may also elect to make discretionary matching contributions. There were no profit sharing or discretionary matching contributions for the year ended May 31, 2022.

Notes to Financial Statements

Participants' Accounts

Each participant's account is credited with the participant's contributions (pre-tax, Roth, catch-up and rollovers); the employer Safe Harbor matching, discretionary matching contributions, and profit sharing contributions, if any, and an allocation of Plan earnings and losses. Allocations are based on participant earnings or account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Interest is charged on the outstanding balance at prime plus one percent and are fixed for the term of the note. Two notes may be outstanding at a time. The term of repayment may not exceed five years unless the loan qualifies as a home loan, in which case the term of repayment may be longer than five years. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are 100 percent vested in their participant pre-tax, Roth and catch-up contributions, rollover contributions, and Safe Harbor matching contributions and the earnings thereon. A participant's vesting in the Company's discretionary profit sharing and discretionary matching contributions are based on years of continuous service.

Participants vest in the Company's discretionary profit sharing contributions and discretionary matching contribution based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	0 percent
2	20 percent
3	40 percent
4	60 percent
5	80 percent
6 or more	100 percent

Participants are fully vested upon death or disability, as defined in the Plan document, and termination of the Plan.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, elect payments in installments, or elect a partial withdrawal. Terminated participants with balances greater than \$1,000, may choose to keep their funds in the Plan. Unless a participant directs otherwise, distributions of vested account balances of \$1,000 or less are paid to participants in cash. In-service distributions at age 59 ½ and in the case of hardship are allowed if certain criteria are met.

Notes to Financial Statements

Forfeitures

The non-vested portions of terminated participants' account balance are treated as forfeitures. At May 31, 2022 and 2021, forfeited non-vested accounts totaled \$10. The account can be used to pay plan expenses or may be used to reduce the Company contributions. During the year ended May 31, 2022, no amounts were used to fund employer contributions nor pay expenses of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. Participants would become fully vested in their accounts upon termination of the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, as detailed in the accompanying Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), are stated at fair value as further discussed in Note 4 - *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Trustee.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, any accrued but unpaid interest is de minimis. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan Document.

Notes to Financial Statements

Contributions

Participant contributions and related Safe Harbor matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Benefit Payments

Benefits paid to participants are recorded when paid.

Administrative Expenses

Plan expenses relating to loan and distribution transactions are charged directly to participants' accounts and are included in administrative expenses. Certain investment management and advisory fees are shown net with investments earnings within the registered investment companies. All other costs of administering the Plan are paid by the Company and are excluded from these financial statements.

3. Certified Investment Information

The Plan Sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Benefits as of May 31, 2022 and 2021;
- Net investment loss and interest income on notes receivable from participants as reported on the Statement of Changes in Net Assets Available for Benefits for the year ended May 31, 2022;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - As of May 31, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification (“ASC”) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There were no changes in methodologies used as of May 31, 2022 and 2021.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust (“CIT”): Valued at fair value using NAV as a practical expedient. NAV is determined by the issuer based on the fair value of the underlying investments. The practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the NAV. This investment is a direct filing entity with the Department of Labor.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis:

<i>As of May 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,194,422	\$ -	\$ -	\$ 13,194,422
Total assets in the fair value hierarchy	\$ 13,194,422	\$ -	\$ -	\$ 13,194,422
Investments measured at net asset value (a)				277,472
Total investments at fair value				\$ 13,471,894

<i>As of May 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,131,860	\$ -	\$ -	\$ 14,131,860
Total assets in the fair value hierarchy	\$ 14,131,860	\$ -	\$ -	\$ 14,131,860
Investments measured at net asset value (a)				274,515
Total investments at fair value				\$ 14,406,375

(a) *In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.*

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of May 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the Plan.

<i>Investment Type</i>	<i>Fair Value - May 31, 2022</i>	<i>Fair Value - May 31, 2021</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Collective Investment Trust	\$ 277,472	\$ 274,515	None	Daily	None

5. Related Party and Party-In-Interest Transactions

Administrative fees were paid to ADP, the recordkeeper of the Plan. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Pacific Northwest Farmers Cooperative Profit Sharing Plan

Notes to Financial Statements

6. Income Tax Status

The Plan adopted an ADP, LLC sponsored Defined Contribution Pre-Approved Plan Document effective May 1, 2022 that received an opinion letter from the Internal Revenue Service (“IRS”) dated October 6, 2020 indicating that the Plan and Trust are designed in accordance with the applicable sections of the IRC. The Company believes the Plan is being operated in accordance with the IRC and therefore continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Concentrations, Risks and Uncertainties

The Plan provides for various investment securities in mutual funds and a common collective trust. Investment securities, in general, are exposed to various risks such as interest rate, overall market volatility and credit risks. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

As of May 31, 2022 and 2021, there were two investments, which individually represented more than 10 percent of total investments held. See the Supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held as of May 31, 2022.

8. Subsequent Events

The Plan has evaluated subsequent events through March 15, 2023, the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
