INDEPENDENT AUDITORS' REPORT

To the Trustees of
The Cathedral Foundation of Jacksonville, Inc.
Retirement Plan and Trust
Jacksonville, Florida

Opinion

We have audited the accompanying financial statements of The Cathedral Foundation of Jacksonville, Inc. Retirement Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Cathedral Foundation of Jacksonville, Inc. Retirement Plan and Trust as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Cathedral Foundation of Jacksonville, Inc. Retirement Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Cathedral Foundation of Jacksonville, Inc. Retirement Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Cathedral Foundation of Jacksonville, Inc. Retirement Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Cathedral Foundation of Jacksonville, Inc. Retirement Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), Schedule H, Line 4i- Schedule of Assets (Acquired and Disposed of Within Year) and Schedule H, Line 4j – Schedule of Reportable Transactions, referred to as “supplemental information,” are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for

Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: Description of the Plan

The following description of the Cathedral Foundation of Jacksonville, Inc. Retirement Plan and Trust (the “Plan”), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General. The Plan, which was adopted effective January 1, 1988 and subsequently amended, is classified as a defined contribution plan. The employees of The Cathedral Foundation of Jacksonville, Inc., Urban Jacksonville, Inc., and Cathedral Gerontology Center, Inc. (collectively the “Company”) are eligible to participate in the Plan after they have completed six months of service and attained the age of 20.5. Any employee who was a participant in the Plan prior to the effective date of the amendment and restatement continues to be eligible to participate in the Plan. The primary purpose of the Plan is to provide employees of the Company with the financial benefits upon retirement. The Board of Trustees is responsible for oversight of the Plan.

Contributions. Each year, participants may contribute, from their gross compensation, an amount up to the maximum amount which will not cause the Plan to violate the provisions of the Plan and not to exceed IRS limits. Participants’ deductions are made through a salary reduction agreement. For each Plan year the Company may contribute to the Plan a discretionary amount. All eligible employees who complete 1,000 hours of service during the Plan year are eligible to participate in the Company’s discretionary contribution on the closest entry date which is generally the first day of the plan year. For the 2021 year, the Company made a 5.14% discretionary contribution to all divisions except the Cathedral Gerontology Center division which received a 2.69% discretionary contribution and for the 2020 year, the Company made a 4.52% discretionary contribution. Beginning on June 25, 2021, participants can direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts. Under the Plan, a separate account is maintained for each participant. Participant contributions and employer contributions are allocated to each participant’s account.

As of each valuation date, before the current valuation period allocation of employer contributions and forfeitures, any earnings or losses of the Plan’s assets (the “Trust Fund”) are allocated in the same proportion that each participant’s and former participant’s non-segregated accounts bear to the total of all participants’ and former participants’ non-segregated accounts as of such date. Participants’ transfers from other qualified plans deposited in the general Trust Fund share the earnings and losses in the same manner as the non-segregated accounts. Each segregated account maintained on behalf of a participant is credited or charged with separate earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Trust Fund investments are held at both Empower Trust Company LLC and Sanford C. Bernstein & Co., LLC and are herein referred to as the “Custodians” of the Plan.

Note 1: Description of the Plan (Continued)

On September 11, 2012, the Plan was amended to include a Safe Harbor Employer Contribution effective January 1, 2013. The safe harbor contribution is 0% of Plan compensation for 2021 and 0% of Plan compensation for 2020.

No loans are permitted under this Plan.

Vesting. Participants are immediately vested in their own contributions, rollover accounts, and employer safe harbor contributions, plus actual earnings thereon. Vesting in the employer discretionary-contributed portion, if any, of their accounts is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
3	50%
4	75%
5	100%

Investments. Plan assets are invested at the discretion of the employer. Participants may not direct the investment of any contributions. Investments consist primarily of equity securities, corporate debt securities, and United States government debt securities.

Payment of Benefits. On termination of service due to death, permanent disability, or retirement, participants are fully vested in their account. Upon the death of a former participant, the administrator of the Plan directs the Trustee to distribute any remaining vested amounts credited to the account to the former participant's beneficiary.

A former participant is a person who has been a participant but who has ceased to be a participant for any reason.

Distributions of benefits are made in a lump-sum payment in cash or in payments of monthly, quarterly, semiannual, or annual cash installments as determined by the participant. Unpaid amounts allocated to participants who elected to withdraw from the Plan at December 31, 2021 and 2020, were \$0 and \$0, respectively.

Forfeiture of Benefits. Forfeitures of terminated participants are allocated to the remaining qualifying contributing plan participants in accordance with the Plan. Forfeitures allocated to qualifying contributing plan participants were \$0 and \$106,282 for the years ended December 31, 2021 and 2020, respectively. Unallocated forfeitures as of December 31, 2021 and 2020 were \$46,094 and \$0, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting modified by the recognition of unrealized gains and losses on asset values at year end and by the recognition of the payment of benefits as a reduction in net assets when they are disbursed to participants.

Investment Valuation and Income Recognition

The Plan's investments in U.S. government securities, interest bearing money market funds, corporate bonds, and corporate stocks are stated at fair value based upon the last reported sales price on the last business day of the fiscal year which also approximates fair value. The Plan's investments in registered investment company fund vehicles are stated at fair value based upon quoted market prices of the underlying securities held in the registered investment company fund vehicles. Purchases and sales of marketable securities are reflected on a trade-date basis. Interest income is recorded as earned on the accrual basis. Interest is automatically reinvested in additional fund units. Dividends are recorded on the ex-dividend date.

In accordance with the Plan's policy of stating marketable securities at market value, the net appreciation (depreciation) in fair value of investments each year for the Plan is reflected in the Plan's Statement of Changes in Net Assets Available for Plan Benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

During the Plan years ended December 31, 2021 and 2020, administrative expenses were paid by the Plan through contributions made by the sponsor of the Plan. Certain investment fees and commissions are netted against investment earnings.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the valuation of the Plan's investments. Actual results could differ from those estimates.

THE CATHEDRAL FOUNDATION OF JACKSONVILLE, INC.
RETIREMENT PLAN AND TRUST
Notes to Financial Statements

Note 3: Concentrations of Credit Risk

The Plan's cash and cash equivalents are held in a money market mutual fund and are not covered by Federal Deposit Insurance Corporation ("FDIC") insurance. Management does not consider the money market mutual fund a significant credit risk.

Note 4: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used only if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair value of common stocks traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year.

The following table provides a summary of investments measured at fair value:

<u>December 31, 2021</u>	<u>Level 1</u>	<u>Total</u>

Note 5: Fully Benefit-Responsive Investment Contract

In fiscal year 2021, the Plan entered into a group annuity contract with Great-West Life and Annuity Insurance Company (“GWL&A”), the Great-West Investments Fixed Account. The contract is a traditional investment contract. Under the contract, the participant principal and interest are fully guaranteed by the general account assets of GWL&A. The investment strategy employed seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment-grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, private equity, etc.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. Each quarter an interest rate is established for new deposits received in that quarter and that interest rate is guaranteed for the remainder of the current calendar year. A renewal interest rate is then established each subsequent calendar year and is guaranteed for one calendar year. The contract does not have a maturity date.

The Plan’s ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

THE CATHEDRAL FOUNDATION OF JACKSONVILLE, INC.
RETIREMENT PLAN AND TRUST
Notes to Financial Statements

Note 5: Fully Benefit-Responsive Investment Contract (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include, but are not limited to the Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code; premature termination of the contract; Plan terminations or merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Sponsor, such as divestitures, that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer as that would limit the ability of the Plan to transact at contract value with the participants.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' individual accounts will become 100% vested in the aggregate value regardless of years of service under the vesting schedule.

Note 7: Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("the IRC").

The Plan is not subject to income tax, but is required to file a Federal information return. The Plan has evaluated the tax positions it has taken and has determined that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2018.

Note 8: Risks and Uncertainties

The Plan's investments are not insured by the Plan's Custodian, the Company, the Federal Deposit Insurance Corporation, or any other governmental agency; accordingly, the Plan is subject to the normal investment risks associated with money market funds, mutual funds, stocks, bonds, and other similar types of investments.

THE CATHEDRAL FOUNDATION OF JACKSONVILLE, INC.
RETIREMENT PLAN AND TRUST
Notes to Financial Statements

Note 8: Risks and Uncertainties (Continued)

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Party-in-interest Transactions

Certain of the Plan's investments at December 31, 2021 and 2020 were managed by Sanford C. Bernstein & Co., LLC, one of the Custodians as defined by the Plan, and therefore, these transactions qualify as party-in-interest. The investment management expenses were \$11,017 and \$19,604 for the years ended December 31, 2021 and 2020, respectively. Furthermore, Empower Trust Company, LLC, one of the Custodians as defined by the Plan, provides administrative services. The administrative expenses were \$12,185 and \$0 for the years ended December 31, 2021 and 2020, respectively.

Empower Trust Company, LLC is affiliated with Great-West Life & Annuity Insurance Company ("GWL&AIC"). GWL&AIC offers a fully benefit-responsive investment contract to Empower Trust Company, LLC which is a party-in-interest transaction. This transaction is included in the Supplemental Schedules is Schedule H, Line 4i - Schedule of Assets (Held at End of Year) which identifies the party-in-interest transactions.

At December 31, 2021 and 2020, the Plan held 0 and 371,598 shares, respectively, of registered investment company mutual funds of Bernstein, a Custodian, with a cost basis of \$0 and \$4,038,759, respectively.

Lastly, the Plan sponsor, The Cathedral Foundation of Jacksonville, Inc., is a party in-interest.

Note 10: Commitments and Contingencies

Since the advent of the COVID-19 pandemic in March 2020, the Plan has maintained relative operating normalcy. The extent of the impact of the pandemic on the Plan's operational and financial performance depends on the duration and spread of the outbreak and the related impact on its employees, vendors, and customers. At this point, the extent to which the pandemic may impact the Plan's financial condition or results of operations remains uncertain; however, the plan administrator does not believe this uncertainty to pose a significant risk.

Note 11: Subsequent Events

Events that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statement of net assets available for benefits date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the statement of net assets available for benefits date require disclosure in the accompanying notes. The plan administrator evaluated the activity of the Plan through March 10, 2023, (the date on which the financial statements were available to be issued) and determined that the following subsequent event should be disclosed.

From December 31, 2021, the end of the Plan year, to March 7, 2023, before the last day of field work on March 10, 2023, the Plan's investment value has decreased from \$6,409,775 to \$3,130,697. The decrease in the Plan's investment value is primarily due to the deterioration of the value of the stock market during the subsequent period from January 1, 2022 to March 7, 2023. The Standard & Poor's 500 index has declined 16% and the Nasdaq Composite index has declined 26% during this subsequent period of approximately fourteen months.
