Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Teamsters Union Local 970 Pension Plan for Metal-Matic, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets in liquidation available for benefits as of May 31, 2022 and December 31, 2021, and the related statements of changes in net assets in liquidation available for benefits for the period ended May 31, 2022 and year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets in liquidation available for benefits of Teamsters Union Local 970 Pension Plan for Metal-Matic, Inc. as of May 31, 2022 and December 31, 2021, and the changes in its net assets in liquidation available for benefits for the period ended May 31, 2022 and year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Notes 1, 2, and 6 to the financial statements, the Pension Committee authorized the termination of the Plan effective April 30, 2021 and liquidated all assets by May 31, 2022. In accordance with accounting principles generally accepted in the United States of America, the Plan has presented the financial statements on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Plan Administrator
Teamsters Union Local 970 Pension Plan
for Metal-Matic, Inc.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 DESCRIPTION OF PLAN

The following brief description of Teamsters Union Local 970 (the Union) Pension Plan for Metal-Matic, Inc. (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan is in a "frozen" state and employees who were not participants prior to April 1, 2007, are not eligible to enter the Plan. Also, no future pension accrual service will be credited after such date. The Plan was liquidated by May 31, 2022.

General

The Plan is a defined benefit pension plan, effective June 1, 1971, under an agreement between union trustees and employer trustees to establish and maintain a trust fund for the purpose of providing pension benefits for eligible union member employees. The Plan was most recently restated effective January 1, 2020. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Retirement and Disability Benefits

Employees with five or more years of vesting service are entitled to annual pension benefits upon defined retirement dates. Retirement and disability benefits are determined based on years of pension accrual service and specified benefit levels. On December 8, 2008, the Plan was amended retroactive to January 1, 2002, with regard to minimum benefit requirements. Benefit payments are made in the form of a life annuity or joint and 75% survivor annuity. Participants may also receive distributions in a direct rollover into a Roth individual retirement account.

Plan Termination

In 2021, the Pension Committee approved to amend and terminate the Plan effective April 30, 2021 (also see Note 6). As part of the plan for liquidation, the Plan was amended to allow for a lump-sum distribution or purchase of an annuity. The Plan administrator notified eligible participants of their options, subject to amended provisions. All Plan assets were distributed to eligible participants by May 31, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Pension Committee authorized the termination of the Plan effective April 30, 2021 and management determined liquidation of imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan presented the financial statements on the liquidation basis of accounting.

**TEAMSTERS UNION LOCAL 970 PENSION PLAN
FOR METAL-MATIC, INC.
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2022 AND DECEMBER 31, 2021**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of account would include any expected costs of the disposal of asset and other costs expected to be incurred during the liquidation process. Investments are stated at fair value, which approximates the amount the Plan expects to collect.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021. The Plan held no assets as of May 31, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities and actuarial present value of accumulated plan benefits at the date of the financial statements. Estimates also affect the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

103-12 Investment Entity (IE)

The Teamsters Union Local 970 Master Pension Trust is a 103-12 Investment Entity (IE) that serves as an investment vehicle in order to fund benefits to participants of the underlying unrelated plans. The purpose of this vehicle is to pool investment transactions and to achieve uniform rates of return on comparable funds under all the Plans. The Plan deposits funds in the 103-12 IE and owns an interest in the net assets of the 103-12 IE.

Valuation of Investments and Income Recognition

The investment in 103-12 IE is valued based on the beginning of year value of the Plan's investment in 103-12 IE, plus actual contributions and allocated investment income or losses, certain administrative expenses, less actual benefit payments and certain actual administrative expenses. Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued based on the terms of the underlying investments and dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by an actuary from Hildi Incorporated and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

FOR METAL-MATIC, INC.
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2022 AND DECEMBER 31, 2021**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

The significant actuarial assumption used in the valuation as of December 31, 2021 (in liquidation) was as follows:

- a. Investment Return* – 3.0% per annum, compounded annually, net after investment expense.

No other assumptions were necessary because the actual known benefit payments and settlement amounts were used.

The actuarial assumptions for the January 1, 2022 valuation were based on the liquidation basis.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2022. Had the valuation been performed as of December 31, 2021, there would be no material differences.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through March 14, 2023, the date the financial statements were available to be issued.

NOTE 5 FUNDING POLICY

Prior to Plan termination, Metal-Matic, Inc. (the Company) contributes to the 103-12 IE for the purpose of developing benefits under this Plan for such amounts at such times as may be required by an applicable collective bargaining agreement or any contractual agreement entered into between the Union and the Company. There were no contributions made for the period ended May 31, 2022 and year ended December 31, 2021 as the minimum funding requirement of ERISA was \$-0-.

NOTE 6 PLAN TERMINATION

Effective April 30, 2021, the Plan was terminated and distributed all assets by May 31, 2022. The net assets of the Plan were allocated among the participants and beneficiaries of the Plan in the order provided for in ERISA as follows:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination.
- b. Annuity benefits former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations (discussed below).
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).
- e. All nonvested benefits.

In 2020, the Pension Committee resolved to terminate the Plan. The Plan filed a notice with the Internal Revenue Service (IRS) to fully terminate the Plan effective April 30, 2021 and, on August 27, 2021, the Plan received a favorable determination letter from the IRS for the termination. The Plan then proceeded with the termination by distributing each participant's beneficial interest in the Plan pursuant to participant elections as soon as administratively feasible.

**TEAMSTERS UNION LOCAL 970 PENSION PLAN
FOR METAL-MATIC, INC.
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2022 AND DECEMBER 31, 2021**

NOTE 6 PLAN TERMINATION (CONTINUED)

Options were given to participants to receive a lump sum payment or have an annuity purchased on their behalf from an insurance company. In December 2021, approximately \$7,714,000, in lump-sum payments were paid out to participants who elected this option. In December 2021, the Plan entered into agreements to purchase annuity contracts with an insurance company for approximately \$12.7 million, to satisfy all remaining obligations of the Plan. After settling these obligations, excess assets remained in the Plan. Management chose to distribute these excess assets to eligible participants whom received a distribution in December 2021 in the same manner as they had elected (lump sum or annuity contracts) and based on a ratio of their December 2021 payment to total Plan December 2021 distributions. In March 2022, the Plan paid out approximately \$489,000 in lump sum payments and purchased \$831,000 in annuity contracts with an insurance company for eligible participants to distribute the excess assets. The Plan was fully liquidated on May 16, 2022. Based on the estimates, the Plan accrued approximately \$65,000 in administrative expenses to be incurred through liquidation at December 31, 2021.

NOTE 7 PLAN TAX STATUS

The IRS has determined and informed the sponsor by a letter dated February 20, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's legal counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. On August 27, 2021, the Plan received a favorable determination that Plan termination does not affect its tax qualification status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

Prior to liquidation, the Plan invested in a pooled investment fund. In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Union Bank and Trust is the custodian as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions.

CLA (CliftonLarsonAllen LLP) is a network member of CLA Global. See CLAGlobal.com/disclaimer. Investment advisory services are offered through CliftonLarsonAllen Wealth Advisors, LLC, an SFC-registered investment advisor.
