INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the
TSUDA USA 401(k) PLAN
Greenfield, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TSUDA USA 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of May 31, 2022 and December 31, 2021 and the related statement of changes in net assets available for benefits (modified cash basis) for the period from January 1, 2022 to May 31, 2022, and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of May 31, 2022 and December 31, 2021, and for the period from January 1, 2022 to May 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting; and
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

TSUDA USA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) AS OF MAY 31, 2022 AND DECEMBER 31, 2021 AND FOR THE PERIOD FROM JANUARY 1, 2022 TO MAY 31, 2022

1. DESCRIPTION OF PLAN

The following description of the TSUDA USA 401(k) PLAN (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General –TSUDA USA CORPORATION (the “Company”) established the Plan effective January 1, 2014. The Plan is a defined contribution plan covering all eligible employees of the Company. There are no age or service requirements for employees to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective May 1, 2022, the Company entered into the Shepherd Pooled Employer Plan (the “Shepherd Plan”), which is a type of qualified retirement plan commonly referred to as a 401(k) plan. It is a Pooled Employer Plan, sponsored by a Pooled Plan Provider, which is a financial institution or other type of entity that is approved by the Department of Labor. A Pooled Employer Plan allows employers to pool retirement resources with those of other unrelated employers and delegate most administrative responsibilities to the Pooled Plan Provider.

During May 2022, the Plan transferred all its assets into the Shepherd Plan. The Shepherd Plan provides the same benefits to Participants and vesting and eligibility requirements. As a result of the transition into the Shepherd Plan, the participants were required to select investment options offered by the Shepherd Plan.

Contributions– Each year, participants may contribute 100% of their annual compensation, not to exceed contribution limits established by the Internal Revenue Service (“IRS”), as defined in the Plan. Participants may make pre-tax salary deferral or after-tax salary deferral (“Roth”) contributions to the Plan, which amounted to \$58,893 and \$18,924 respectively, for the period from January 1, 2022 to May 31, 2022.

The Company may contribute a discretionary matching contribution in an amount not to exceed 100% of each participant’s 5% of compensation. All employees that make elective deferrals are eligible for the Company’s matching contribution. Additional profit-sharing amounts may be contributed at the option of the Company’s Board of Directors. Contributions are subject to certain limitations. There were no employer profit-sharing contributions for the period from January 1, 2022 to May 31, 2022.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, allocation of Company’s matching contribution, and Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments – Upon enrollment in the Plan, a participant may direct contributions into various domestic and international funds, and a guaranteed account managed by Great-West Life & Annuity Insurance Company (“GWLA”), an affiliate of Great-West Trust Company, LLC (the “Trustee”).

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting – Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their account and nonelective contributions are based on the number of years of service according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	50%
3 or more	100%

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant’s fully vested account balance. Loan terms generally range from 1 to up to 5 years. The interest rate is fixed for the life of the loan. The interest rate is generally based on the Prime Rate published in the Wall Street Journal plus one percent on the first business day of the month in which the loan is originated.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant receives a lump-sum amount equal to the value of the participant’s vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant’s normal retirement date is when he or she reaches the age of 65. Distributions from participants’ Roth deferral account may be withdrawn tax-free after the fifth taxable year that the Roth account is first established or after the participant reaches the age of 59 ½.

Forfeited Accounts – Forfeitures are the nonvested amounts in the accounts of participants who terminate employment. Forfeitures may be used to pay for Plan expenses or used to reduce any matching contribution. If a participant terminated employment and a participant’s account was forfeited because a participant was not vested at the time of a participant’s termination, a participant forfeited account will be restored upon a participant’s reemployment with the Company if a participant’s break-in-service did not exceed five years. Forfeitures available as of May 31, 2022, and December 31, 2021 were \$12,999 and \$12,019, respectively. Forfeitures of \$12,999 were transferred to the Shepherd Plan in May 2022.

Basis of Accounting – The financial statements of the Plan have been prepared under the modified cash basis of accounting. The principal difference between this basis and a basis that is in conformity with accounting principles generally accepted in the United States of America (“US GAAP”) is that contributions are recorded when received rather than when receivable by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition – Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are recorded as a distribution based upon the terms of the plan document. The Plan had notes receivable from participants of \$0 and \$59,070 as of May 31, 2022 and December 31, 2021, respectively. The loans are secured by the balance in the participant's account. Accordingly, the allowance for uncollectability of notes receivable from participants was zero as of May 31, 2022 and December 31, 2021. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits – Benefit payment to participants are recorded upon distribution. Amounts allocated to accounts of individuals who had elected to withdraw from the Plan, but who had not yet been paid totaled \$0 as of May 31, 2022 and December 31, 2021.

Administrative Expenses – Certain administrative expenses of the Plan are paid by the Company.

Subsequent Events – The Company evaluated all events subsequent to the balance sheet date of May 31, 2022, through the date the financial statements were available to be issued, March 13, 2023.

3. FEDERAL INCOME TAX STATUS

The Plan adopted the prototype plan sponsored by Great-West Trust Company, LLC. The Plan obtained an opinion letter dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2022 and December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, all amounts credited to participant's account will be fully vested.

As disclosed in Note 1, the Plan continues as part of the Shepherd Plan. The right to terminate participation in the Shepherd Plan is reserved to each participating company.

5. INVESTMENT CONTRACT FUND

The Plan invested in the GWI Fixed Account – Series Class VI (“GWI”) during the period from January 1, 2022 to May 31, 2022, fully benefit-responsive investment contracts with GWLA in the form of guaranteed investment contracts that invests in traditional investment contracts. The guaranteed investment contracts are carried at contract value. Participants ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value represents contributions made plus interest credited less withdrawals and administrative expenses. Interest earned is compounded daily to the effective annual interest rate.

GWI consists of general account products. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The average yield earned by the Plan is derived by averaging the quarterly gross interest rates for the fund over the year. The average yield for GWI during the period from January 1, 2022 to May 31, 2022 was 2.07%.

Certain events limit the Plan’s ability to transact at contract value with the Trustee, including plan termination and other events as specified in the guaranteed investment contract. If an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, they will no longer be considered fully benefit-responsive. The occurrence of an event that limits the Plan’s ability to transact at contract value with the participants is not probable.

Either party to the annuity contract may terminate the contract with at least 60 days advance written notice to the other party.

6. INFORMATION CERTIFIED BY THE TRUSTEE

All investment information disclosed in the accompanying financial statements, including investments and notes receivable from participants as of May 31, 2022 and December 31, 2021, net depreciation in fair value of investments, and interest and dividends for the period from January 1, 2022 to May 31, 2022 were prepared by the Trustee and furnished to the plan administrator. The plan administrator has obtained a certification from the Trustee that such information is complete and accurate.

7. FAIR VALUE MEASUREMENTS

In accordance with the authoritative accounting guidance on fair value measurements and disclosures in conformity with US GAAP, the Plan discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (Level 3).

Level 1 – quoted prices in active markets for identical securities — Investments whose values are based on quoted market prices in active markets, and whose values are therefore classified as Level 1 prices, include active listed equities.

7. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.) — Investments that trade in markets that are not considered to be active, but whose values are based on quoted market prices, dealer quotations or valuations provided by alternative pricing sources supported by observable inputs are classified as Level 2 prices. These generally include certain U.S. government and sovereign obligations, most government agency securities, investment-grade corporate bonds, certain mortgage products, less liquid listed equities, state, municipal, and provincial obligations, and collective trust funds. In addition, international securities whose markets close hours before the valuation of the holdings in the different investment funds may require revised valuations due to significant movement in the U.S. markets occurring after the daily close of the foreign markets. As investments whose values are classified as Level 2 prices include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or nontransferability, which are generally based on available market information.

Level 3 – significant unobservable inputs (including each investment fund options own assumptions in determining the fair value of its investments) — Investments whose values are classified as Level 3 prices have significant unobservable inputs, as they may trade infrequently or not at all. When observable prices are not available for these securities, the investment funds use one or more valuation techniques for which sufficient and reliable data is available. The inputs used in estimating the value of Level 3 prices may include the original transaction price, quoted prices for similar securities or assets in active markets, completed or pending third-party transactions in the underlying investment or comparable issuers, and changes in financial ratios or cash flows. Level 3 prices may also be adjusted to reflect illiquidity and/or non-transferability, with the amount of such discount estimated in the absence of market information. Assumptions used by the Plan due to the lack of observable inputs may significantly impact the resulting fair value and therefore the Plan’s results of operations.

As of December 31, 2021, assets measured at fair value consisted of mutual funds and collective trust funds.

Mutual Funds:

Mutual funds are valued at the net asset value per share (“NAV”) by the Plan at year end. NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation daily.

Collective Trust Funds:

The collective trust funds are stated at fair value as reported to the Plan by the Trustee, based on the quoted market prices of the underlying assets. The collective trust funds are valued based on the NAV, or price per share, and because collective trust funds use NAV practical expedient for fair value measurement, they are not categorized within the fair value hierarchy, and the share prices per NAV are generally obtained directly from the fund house or other investment provider.

General Account:

General account consists of the remaining balance of forfeitures at December 31, 2021 and 2020, invested in GWI. The general account is valued daily obtainable or observable through the review of existing contracts and readily available financial information on the Web sites of the issuing financial institutions. Under the accounting guidance, this type of investment is considered as Level 2.

There were no assets as of May 31, 2022 as the assets were transferred into the Shepherd Plan.

7. FAIR VALUE MEASUREMENTS (CONTINUED)

The following are the major categories of assets measured at fair value on a recurring basis as of December 31, 2021:

Investment Category	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	\$ 2,183,251	\$ -	\$ -	\$ 2,183,251
General account		12,019		12,019
Investment measured using NAV(*) – Collective Trust Funds	-	-	-	1,226,981
Total	\$ 2,183,251	\$ 12,019	\$ -	\$ 3,421,951

(*) All investments which are measured using the NAV practical expedient are not categorized within the fair value hierarchy. The table above is disclosed for the sole purpose of reconciling the amounts of the fair value hierarchy to the corresponding line items on the statements of net assets available for benefits as of December 31, 2021. The following table shows the relevant information regarding the investments for which fair value is measured using the NAV practical expedient as of December 31, 2021:

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Funds	\$1,226,681	None	Daily	None

8. TRANSACTIONS WITH PARTIES-IN-INTEREST

GWI, a guaranteed interest account, held by the Plan, is managed by a group member of the Trustee. Therefore, these transactions qualify as exempt party-in-interest transactions.
