Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

Board of Trustees
Puget Sound Electrical Workers 401(k) Savings Plan
Seattle, Washington

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Puget Sound Electrical Workers 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of May 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Puget Sound Electrical Workers 401(k) Savings Plan as of May 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Puget Sound Electrical Workers 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Puget Sound Electrical Workers 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Puget Sound Electrical Workers 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Puget Sound Electrical Workers 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of May 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of administrative expenses for the years ended May 31, 2022 and 2021 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Prior Period Financial Statements

The financial statements of Puget Sound Electrical Workers 401(k) Savings Plan as of and for the year ended May 31, 2021, were audited by other auditors whose report dated March 9, 2022, expressed an unmodified opinion on those statements.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Puget Sound Electrical Workers 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for more complete information.

General

The Plan was established in June 1989 as a defined contribution plan covering employees whose employers have a collective bargaining agreement or special agreement that provides coverage under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The administration of the Plan is the responsibility of a board of trustees comprising Union Trustees and Employer Trustees. The Union Trustees and Employer Trustees have equal voting rights. The individual investment funds of the Plan are managed by an investment advisor and are maintained by a separate plan custodian.

Employer contributions are accounted for in the nonelective employer contribution account within the Plan. Employees of a state or local governmental entity or its political subdivision, agency or instrumentality (for example, the Port of Seattle), will not be able to make wage or salary deferral contributions to the Plan. However, the public employer may continue to make employer contributions on a participant's behalf to the profit-sharing plan, as required under the terms of the collective bargaining agreement or special agreement. Catch-up contributions provided for under Code Section 414(v) are not permitted.

Employer Contributions

Contributions to the Plan are based on hours worked by covered employees. The rate per hour is set by collective bargaining agreements.

Participant Contributions

Participants may elect to defer a flat dollar amount per hour (in one dollar increments to not more than $5 per hour) of their compensation, not to exceed limits set by law. No participant contributions will be made unless an election is made for salaried employees participating under a special agreement; contributions shall be made for 173 hours for each month the employee has a least one hour of service, regardless of actual hours worked. Effective January 1, 2021, the maximum contribution rate was increased to $6 per hour. In addition, additional employee hourly contribution options of $6 per hour and $7 per hour were also added for employees who are age 50 and older before January 1, 2020. Effective January 1, 2021, an additional employee hourly contribution option of $8 per hour was added for employees who are age 50 and older before December 31, 2021. Effective January 1, 2023, additional employee hourly contribution options of $9 per hour and $10 per hour were also added for employees who are age 50 and older before January 1, 2023.

Participant Accounts

Each participant's account is credited with the contributions paid on their behalf and any additional voluntary, variable employer/employee contributions. Each account will also be charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are vested immediately in their employer contributions, voluntary variable contributions and rollover contributions, as adjusted for expenses and investment gains and losses.

Benefits

Participants may elect to receive a distribution from their account: (a) in-the event of a disability; (b) in the event of retirement on or after normal retirement age of 65; (c) if age 55 has been attained and no contributions have been made to the Plan on the participant's behalf for at least six consecutive months; (d) if age 55 has been attained and the participant qualifies for and has elected "special early retirement" under the Puget Sound Electrical Workers Pension Plan; (e) if, regardless of age, no contributions have been made to the participant's account under the Plan for at least 12 consecutive months and the participant is no longer working in the electrical industry; (f) if, regardless of age, there have been less than 250) hours of contributions made to the Plan on the participant's behalf in each of two consecutive fiscal years and the participant is no longer working in the electrical industry; or (g) if, regardless of age, no contributions have been made to the Plan on the participant's behalf for a period of 24 consecutive months, whether or not the participant continues working in the electrical industry (amount distributable is limited to contributions based on hours worked prior to September 1, 2016, plus investment earnings and less administrative expenses applied thereto to the date of distribution).

Participants eligible for a distribution may take a partial distribution from their available balance with a $10,000 minimum per transaction, limited to one time per fiscal year (June 1-May 31). This provision will also allow participants to take the remaining balance of any original partial distribution in the same fiscal year, if eligible for a distribution.

If the participant is not married, distribution of their account will be made in the form of a life annuity, which will provide equal monthly payments for life. If married, the participant will normally receive a 75% joint and survivor annuity. The participant may elect a 50% or 100% joint and survivor annuity for self and spouse. A participant may also elect to waive the annuity and receive their account in the form of a single-sum payment or, if married, in the form of a single-life annuity.

In June 2020, in response to the COVID-19 pandemic, the Plan agreed to certain changes under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, effective May 1, 2020. Specifically, the Plan adopted temporary emergency distribution provisions to allow Plan participants to access the money in their individual accounts. Participants must meet certain requirements to qualify for these emergency distribution provisions, which were available until December 31, 2020. Participants were notified of these temporary relief provisions.

Effective with March 1, 2022 distributions, the Plan added an installment distribution option that will permit level monthly, quarterly, or annual installment distributions in the amount designated by the participant.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Loans

The Plan allows participants to borrow up to the lesser of $50,000 or 50% of their account balance. The loans are secured by the participant's balance. Such loans bear interest at the prime rate plus 1.0% at the time of the loan and must be repaid to the Plan over a period of not more than five years. Outstanding loans at May 31, 2022 and 2021, carry interest rates ranging from 4.25% to 9.25%.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments (except for fully benefit-responsive investment contracts, which are reported at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisor and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest.

Contributions Receivable

Employer and participant contributions due but not paid at year-end are recorded as employer contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reciprocal Contributions

The Plan has entered into various reciprocal agreements with other union pension plans. In accordance with these agreements, the Plan is required to remit funds received, and is entitled to receive funds, from participating employers on behalf of temporary employees to and from the employees' participating local union(s).

Payment of Benefits

Participants' benefits and withdrawals are deducted from Plan assets when paid.

Reclassification

Certain amounts in the 2021 financial statements have been reclassified to conform with the 2022 presentation. These reclassifications do not affect net assets available for benefits as previously reported.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual Funds: The fair value of mutual funds is generally based on quoted prices in active markets (Level 1).

Money Market Mutual Fund: The fair value of the money market mutual fund, which is not actively traded, is based on cost, which approximates fair value of the underlying investments (Level 2).

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of May 31:

	2022			
	Level 1	Level 2	Level 3	Total
Money Market Mutual Fund	$ -	$ 2,906,282	$ -	$ 2,906,282
Mutual Funds	375,229,593	-	-	375,229,593
Total Investments at Fair Value	$ 375,229,593	$ 2,906,282	$ -	$ 378,135,875

	2021			
	Level 1	Level 2	Level 3	Total
Money Market Mutual Fund	$ -	$ 2,641,062	$ -	$ 2,641,062
Mutual Funds	398,579,425	-	-	398,579,425
Total Investments at Fair Value	$ 398,579,425	$ 2,641,062	$ -	$ 401,220,487

NOTE 4 PLAN TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the rights of all affected participants to all account balances shall be nonforfeitable. After payment of expenses properly chargeable against the Plan, the Trustees shall determine the time of commencement of payment of benefits and the method of distribution.

NOTE 5 TAX STATUS

The Plan obtained its latest determination letter, dated October 13, 2015, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS.

Management has analyzed the tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure to the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's cash balances are held at two financial institutions. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation up to $250,000 through May 31, 2022, at which time the insured coverage may be changed. At times the balances in these accounts may exceed the insured limit.

NOTE 7 LATE PARTICIPANT CONTRIBUTIONS

During the years ended May 31, 2022 and 2021, certain participating employers were late in remitting participant contributions to the Plan. According to Prohibited Transaction Exemption (PTE) 76-1, neither the failure of a participating employer to make a contribution to the Plan when due nor the failure of the Plan to collect such a delinquent contribution does not constitute a prohibited transaction under Code Section 4975 if the Plan is making a systematic, reasonable and diligent effort to collect delinquent contributions. The Plan has written procedures for the collection of delinquent contributions and assesses liquidating damages and interest in accordance with PTE 76-1. As such, the late participant contributions are not reported as a prohibited transaction. The total amount of known late participant contributions totaled $381,292 and $654,586 for the years ended May 31, 2022 and 2021, respectively.

NOTE 8 CONCENTRATION OF REVENUE

Approximately 26% and 22% of employer contributions were received from two employers for the years ended May 31, 2022 and 2021, respectively.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan pays expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE 10 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has a traditional fully benefit-responsive guaranteed investment contract with New York Life (the Insurance Company). The Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the Insurance Company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by the Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 10 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The guaranteed investment contract does not permit the Insurance Company to terminate the agreement prior to the schedule maturity date.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 11 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through March 14, 2023, the date the financial statements were available to be issued.
