INDEPENDENT AUDITORS' REPORT

To the Trustees of
Stansell Electric Company, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Stansell Electric Company, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of May 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended May 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section

- The amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Stansell Electric Company, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 Financial Statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stansell Electric Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements were issued, or available to be issued, where applicable.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stansell Electric Company, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stansell Electric Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended May 31, 2022 and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of May 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Stansell Electric Company, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 15, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STANSELL ELECTRIC COMPANY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MAY 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Stansell Electric Company, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement adopted on August 1, 2015, and was restated on June 1, 2020, ("Plan Adoption Agreement") and summary plan description for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution 401(k) plan generally covering all eligible, non-union, full-time employees of Stansell Electric Company, Inc., and a related party company, C&D Safety Company, LLC, that is under the same management group (collectively the "Company", the "Companies", the "Plan Sponsor", or the "Plan Sponsors").

The Plan covers substantially all employees who have completed three months of service ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Voya Retirement Insurance and Annuity Company ("Voya") is the custodian of the Plan and holds all of the Plan's investment assets. Voya invests all employee and employer contributions, as well as earnings thereon, pursuant to the terms of the Plan. The Plan Administrator is responsible for oversight of the Plan, which includes determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Effective November 28, 2022, the Plan Sponsor changed the Plan's year-end from May 31st to December 31st.

PARTICIPANT CONTRIBUTIONS

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute Roth after tax contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

EMPLOYER SAFE HARBOR MATCHING CONTRIBUTIONS

The Plan provides that the Plan Sponsor will make safe harbor matching contributions in an amount equal to 100% of each participant's contributions up to 3% of each participant's compensation, as well as match an additional amount equal to 50% of the next 2% of each participant's contributions up to 5% of the participant's compensation.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MAY 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

EMPLOYER PROFIT SHARING CONTRIBUTIONS

The Plan Sponsor may contribute a discretionary amount authorized by the Plan Sponsor's Board of Directors; however, such discretionary contributions by the Plan Sponsor are not required. Participants are eligible to receive an allocation of Profit Sharing Contributions after having reached 1,000 hours of service and are employed on the last day of the Plan year. No discretionary employer contribution was made by the Plan Sponsor during the year ended May 31, 2022.

Plan Sponsor and participant contributions may not exceed the maximum amounts established in the Internal Revenue Code ("IRC").

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions (including Rollovers), Plan earnings (losses), and an allocation of any discretionary Company contributions if active in the Plan at year end. Participant accounts are charged for any withdrawals, distributions, and an allocation of administrative expenses that are paid by the Plan. Allocations are based on formulas as defined in the Plan Adoption Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan offers a variety of pooled separate accounts and a guaranteed insurance contract as investment options for participants. Participants may change their investment options at will.

Upon distribution of the account to a participant who separates from service before vesting, the portion of the account attributable to the non-vested portion of the Company's contribution is forfeited.

VESTING

Participants are immediately and fully vested in the value of their salary deferral contributions and rollovers and safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on years of continuous service. A Plan year during which a participant works at least 1,000 hours of service in the Plan year is counted as one year of vesting service.

STANSELL ELECTRIC COMPANY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MAY 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

VESTING (CONTINUED)

Vesting in the Company's discretionary profit sharing contributions is based on a six-year graded vesting schedule in accordance with the Plan Agreements, as described below:

<u>Years of Service</u>	<u>Percentage</u>
Less Than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The Plan provides for 100% vesting of Company's contributions and earnings thereon upon attainment of normal retirement age of 65, disability or death.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the vested interest in his or her account in a lump sum amount to the participant or named beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution upon meeting certain requirements. A participant whose account is greater than \$5,000 may elect to defer that distribution of vested benefits until they reach the required retirement age.

HARDSHIP WITHDRAWALS

The Plan permits distributions in the event of a hardship, as defined in the plan document. Hardship withdrawals are limited to the vested portion of the participant's elective deferral account. For the year ended May 31, 2022, hardship withdrawals amounted to approximately \$100,000, which are included in benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MAY 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

FORFEITURES

If a participant is not 100% vested on his or her termination date, the discretionary profit sharing contribution portions of the participant's account will be forfeited. All amounts forfeited may be used to offset future Plan expenses and Company contributions. For the years ended May 31, 2022 and 2021 there were \$40 and \$0 forfeitures, respectively.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

USE OF ESTIMATES

The preparation of the financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the guaranteed investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

STANSELL ELECTRIC COMPANY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MAY 31, 2022 AND 2021

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION (CONTINUED)

The Plan's guaranteed investment contract is reported at contract value. Contract value is the measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the guaranteed investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5).

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Administrative expenses incurred in relation to the maintenance of the Plan are paid by the Plan Sponsors and the Plan. For the year ended May 31, 2022, expenses incurred by the Plan totaled approximately \$55,500. Expenses that are paid by the Plan Sponsors are excluded from these financial statements. Certain investment related expenses are included in net appreciation of investments presented in the accompanying statement of changes in net assets available for benefits.

SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through March 14, 2023, the date the financial statements were available to be issued. Except for the matters disclosed below and in Note 1, there were no events that have been identified that should be recorded or disclosed in these financial statements.

The Consolidated Appropriations Act, 2023, signed into law on December 29, 2022 included a division featuring nearly 90 retirement plan-related provisions, ranging from new design choices and opportunities, to new obligations and changes to plan reporting. Though many provisions will not take effect until taxable years after 2023, certain provisions and opportunities will become immediately available to plan sponsors.

STANSELL ELECTRIC COMPANY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MAY 31, 2022 AND 2021

NOTE 3 - CERTIFICATION OF INVESTMENT INFORMATION

All investment information disclosed in the accompanying financial statements and supplemental schedules including investments held at May 31, 2022 and 2021, and net depreciation in fair value of investments and dividends for the year ended May 31, 2022, were obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan. This information has not been audited by the Plan's independent auditors.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

STANSELL ELECTRIC COMPANY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MAY 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2022 and 2021.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with accounting standards, certain investments that were measured at net asset value per share (or its equivalent) have not been classified as a level in the fair value hierarchy. The nature of the Plan's assets are pooled separate accounts which are valued at net asset value and as of May 31, 2022 and 2021 were \$11,316,574 and \$12,378,778, respectively. Investments in pooled separate accounts provide for daily liquidity and have no redemption features or other restrictions.

The pooled separate accounts include investments in the following categories: (i) bonds, (ii) asset allocation, (iii) large cap value, (iv) small/mid/specialty, and (v) global/international. Bonds with higher yields are generally subject to greater market fluctuations and risks of loss of income and principal than bonds with lower yields. Asset allocation investments are target retirement funds that are subject to the risks of their underlying funds, and will gradually shift its emphasis from more aggressive investments to more conservative ones based on its target date. Small company stocks may include relatively low trading volumes, a greater degree of change in earnings and greater short-term volatility. Global and international investing involves special risks such as currency fluctuation and public disclosure, as well as economic and political risks. Sector funds may involve greater than average risk and are more often volatile than funds holding diversified portfolio of stocks in many industries.

STANSELL ELECTRIC COMPANY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MAY 31, 2022 AND 2021

NOTE 5 - GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive guaranteed investment contract, Voya Fixed Account Fund (the Fund), with Voya Retirement Insurance and Annuity Company, the guaranteed investment contract issuer. The guaranteed investment contract issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the portion of the net assets available for benefits. The guaranteed investment contract is presented on the face of the accompanying Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value with the guaranteed investment contract issuer. Such events include the following: (1) amendments to the Plan's Adoption Agreement (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any of such events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The guaranteed investment contract does not permit the issuing company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - PARTIES-IN-INTEREST TRANSACTIONS

The Plan's assets are managed by Voya Retirement Insurance and Annuity Company, which is the custodian of the Plan. Therefore, administrative expenses paid to the custodian of the Plan qualify as party-in-interest transactions. Party-in-interest transactions also include transactions with any person who provides services to the Plan, and an employer whose employees are covered by the Plan.

STANSELL ELECTRIC COMPANY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED MAY 31, 2022 AND 2021

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

NOTE 8 - TAX STATUS

The Company adopted a volume submitter Plan, which received an opinion letter from the IRS dated November 30, 2020, stating that the Company may rely on the opinion letter with respect to the qualification of the Plan under Internal Revenue Code (IRC) Section 401(a), and also informed the Company that the volume submitter Plan will not receive a determination letter. The Company may separately request a determination letter with respect thereto. The Company has not requested such a determination. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore, believe the Plan is qualified and tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

NOTE 9 - PROHIBITED TRANSACTION

For 2022 and 2021, the Company failed to remit \$4,073 and \$11,942, respectively, of participant contributions for certain payroll periods within the DOL regulations. These are deemed prohibited transactions in accordance with ERISA and the IRC. The Company intends to correct these prohibited transactions by depositing lost earnings. All remittances that the Company has identified as late are included in the Supplemental Schedule of Delinquent Participant Contributions in the supplemental information to the financial statements.
