Independent Auditor's Report

To the Plan Administrator
The Connell Company Retirement Plan

Opinion

We have audited the financial statements of The Connell Company Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended June 30, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2022 and 2021, and the changes in net assets available for benefits for the year ended June 30, 2022 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE CONNELL COMPANY RETIREMENT PLAN

Notes to Financial Statements

June 30, 2022

Note 1 – Plan Description

The following description of The Connell Company Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of The Connell Company (the “Company” or “Plan Sponsor”) and its subsidiaries. The Plan was established in 1956 and provides benefits per the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Vanguard Group, Inc. (“Vanguard”), a mutual fund company, manages the assets of the Plan. The Plan is a self-directed plan under section 404(c) of ERISA, where participants are responsible for their own investment decisions.

Contributions

The Company contributes 20% of each participant’s annual compensation to the Plan up to a maximum per participant of \$58,000 and \$57,000 in Plan years ending in 2022 and 2021, respectively. Company contributions are computed and allocated on a quarterly basis to participants who are employed on the last day of the corresponding quarter.

Participant Accounts

Each participant’s account is credited with allocations of the Company’s contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Full vesting of benefits in employer contributions occurs on completion of six years of service or if while employed by the Company the employee dies, becomes disabled or on attainment of age 65. Otherwise, the vesting of benefits is in accordance with the schedule set forth below:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

THE CONNELL COMPANY RETIREMENT PLAN

Notes to Financial Statements

June 30, 2022

Note 1 – Plan Description – Continued

Forfeitures

Forfeitures, which arise when a participant's employment terminates prior to becoming 100% vested, are used to reduce future Company contributions to the Plan. Forfeitures that reduced employer contributions were approximately \$30,000 for the year ended June 30, 2022. There are no forfeited nonvested amounts available as of June 30, 2022 and 2021.

Funding Policy

The Company's funding policy is to make quarterly contributions to the Plan on a current basis at a constant percentage of the participants' compensation each year.

Payments of Benefits

Upon separation from service with the Company due to death, disability or retirement, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum payment or annuity payments. A participant whose vested account balance is \$5,000 or less that has not commenced receiving annuity payments may automatically receive an immediate lump-sum distribution equal to their vested account balance.

Payments of benefits upon separation from service with the Company due to termination and prior to the participant reaching normal or early retirement age are subject to the \$5,000 threshold as described above and a one year wait period from the date of termination of employment.

All benefit payments are recorded when paid.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Administrative and Investment Expenses

The Company pays certain expenses incurred in the administration of the Plan. Investment expenses, which are charged to participants, consist of expense ratios included in the pricing of mutual funds that are offered as investment choices.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

THE CONNELL COMPANY RETIREMENT PLAN

Notes to Financial Statements

June 30, 2022

Note 2 – Significant Accounting Policies – Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board's Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level input that is significant to the fair value measurement in its entirety.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs, minimize the use of unobservable inputs to the extent possible and consider valuation risks including counterparty credit risk and nonperformance risk when applicable in its assessment of fair value.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2022 and 2021.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

THE CONNELL COMPANY RETIREMENT PLAN

Notes to Financial Statements

June 30, 2022

Note 3 – Fair Value Measurements – Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets carried at fair value as of June 30, 2022 and 2021:

June 30, 2022

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Note 4 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue contributions and terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants' accounts would become fully vested and nonforfeitable.

Note 5 – Tax Status

Effective July 1, 2021 the Plan adopted a Cycle 3 Pre-Approved Defined Contribution Plan (the "Contribution Plan"). The Internal Revenue Service has previously stated in an opinion letter that the Contribution Plan is in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and therefore is exempt from taxation. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Notes to Financial Statements

June 30, 2022

Note 5 – Tax Status - Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at June 30, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Note 7 – Related Party and Party-In-Interest Transactions

Certain investments are shares of mutual funds managed by Vanguard, the Plan's custodian; therefore, transactions related to these investments qualify as party-in-interest transactions.

Note 8 – Subsequent Events

The Plan has evaluated subsequent events through March 9, 2023, the date these financial statements were available to be issued.
