Independent Auditor's Report

The Plan Administrator
Tervis Tumbler Company 401(K) Plan
North Venice, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Tervis Tumbler Company 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institutions), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Tervis Tumbler Company 401(K) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Tervis Tumbler Company 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document and adoption agreement for a more comprehensive description of the Plan's provisions.

General

The Plan, effective July 1, 1997 and most recently restated December 13, 2021, is a defined contribution plan covering all eligible employees, as defined, of Tervis Tumbler Company (the Company or Employer). The Plan is intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The third-party administrator for the plan was John Hancock Trust Company, LLC as of December 31, 2020 and for the period January 1, 2021 to December 22, 2021 and Great-West Trust Company, LLC (Great-West) for the period December 23, 2021 to December 31, 2021.

Eligibility

All full-time employees of the Company, as defined, are eligible to participate in the Plan upon attaining age 18 and completing three consecutive months of service, as defined. Employees who are part-time, temporary or seasonal are not eligible to participate in the Plan, unless they complete one year of service.

Contributions

Participants may elect to make pre-tax or after-tax Roth contributions up to 100% of their eligible compensation, as defined in the Plan agreement, up to a certain statutory maximum which is set by law each year. Participants who are 50 years of age or older may contribute catch-up contributions. In addition, participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Plan has an automatic deferral election. Upon becoming eligible to make salary deferrals under the Plan, a participant will be deemed to have entered into a salary deferral election of 3% of Plan compensation unless the participant elects a contrary salary deferral election. The Plan does not contain an automatic escalation provision.

The Plan provides for discretionary employer matching contributions equal to a discretionary percentage determined by the Employer. For the year ended December 31, 2021, the Company elected to make a discretionary matching contribution of \$335,515. Additionally, the Company may elect to make a discretionary profit sharing contribution to participants employed by the Company on the last day of the year. The Company elected not to make a discretionary profit sharing contribution for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's and Company contributions, and allocations of the Plan's earnings, and charged with benefits payments and an allocation of the Plan's losses and administrative expenses. Plan earnings and losses are allocated based on account

Tervis Tumbler Company 401(K) Plan

Notes to Financial Statements

balances while contributions are credited based upon elective deferrals and compensation, as defined. Administrative expenses are charged directly to the accounts of the participants who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary profit sharing contributions follow a vesting schedule in which participants are 33% vested after one year of service, 66% vested after two years of service and 100% vested after three years of service. Participants must work a minimum of 1,000 hours during each Plan year to earn a year of vesting service. Upon termination due to a participant death or disability, or participant reaching normal retirement age, as defined, Company discretionary matching and discretionary profit sharing contributions vest immediately.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant with a vested balance greater than \$5,000 may elect to receive either a lump-sum amount or partial withdrawals of at least \$1,000 equal to the value of the participant's vested interest in his or her account. If the amount of the participant's vested balance is less than or equal to \$5,000, a single lump-sum payment will be made to the participant. Hardship withdrawals may be requested from participant deferrals and rollover contributions and are paid in one lump-sum upon approval. In-service distributions from vested account balances may be made to participants who have attained age 59½.

Forfeitures

Any non-vested amounts remaining after the distribution of a terminated participant's account balance are forfeited. Forfeitures are used to reduce the Company's contributions. During the year ended December 31, 2021, no forfeitures were used and the Plan held approximately \$13,700 and \$9,000 in the forfeiture account at December 31, 2021 and 2020.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Tervis Tumbler Company 401(K) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value except for the guaranteed interest account, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Certain transaction fees for distributions are charged directly to the accounts of the participants who incur those fees. Any costs associated with the investment of a participant's account are charged to that participant.

3. Information Prepared and Certified by the Trustees

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustee, as of December 31, 2021 and for the period December 23, 2021 to December 31, 2021 and John Hancock Trust Company LLC, the trustee, as of December 31, 2020 and for the period January 1, 2021 to December 22, 2021, as complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income (loss), net as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Investment Contract with Insurance Company

At December 31, 2021, the Plan has a fully benefit-responsive group annuity investment contract with Great-West. Great-West maintained the contributions and deposits in the guaranteed interest

Tervis Tumbler Company 401(K) Plan

Notes to Financial Statements

account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The average yield and crediting interest rate for the investment in the guaranteed fund account was 0.90% for the year ended December 31, 2021.

This contract met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events were probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

Tervis Tumbler Company 401(K) Plan

Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds - Valued as determined by quoted market price, which represents the net asset value (NAV) of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund - The John Hancock Stable Value fund is a common/ collective trust that is composed primarily of fully benefit-responsive investment contracts. This fund is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily for the fund. Redemptions occur at net asset value following a 12-month notice period. There are no unfunded purchase commitments within this fund. This fund files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under FASB ASU 2015-12 with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The remainder of this page was intentionally left blank.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021

	Fair Value Measurements Using			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual funds measured at fair value	\$ 18,895,025	\$ -	\$ -	\$ 18,895,025
Common/collective trust measured at NAV*				491
				\$ 18,895,516

December 31, 2020

	Fair Value Measurements Using			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual funds measured at fair value	\$ 20,610,729	\$ -	\$ -	\$ 20,610,729
Common/collective trust measured at NAV*				573,615
				\$ 21,184,344

* Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been included in the fair value hierarchy. The NAV's presented in this table are intended to reconcile the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Income Tax Status

The Plan adopted its latest Non-Standardized Pre-Approved Profit-Sharing Plan, which obtained a favorable IRS opinion letter on June 30, 2020, in which the IRS stated that the form of the underlying volume submitter plan was acceptable under provisions of the Internal Revenue Code (the Code) and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Party-in-Interest and Related Party Transactions

Certain plan investments are held and managed by the trustee. Transactions related to these investments qualify as party-in-interest transactions. During the year ended December 31, 2021, the Plan paid recordkeeper and investment advisory fees to the trustee and certain entities related to the trustee.

Notes to Financial Statements

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

10. Concentrations

Two investments comprised 23% and 17% of net assets available for benefits as of December 31, 2021. The same two investments comprised 19% and 15% of net assets available for benefits as of December 31, 2020.

11. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2021 as of March 15, 2023, the date the financial statements were issued. No material events have occurred since December 31, 2021 that require recognition or disclosure in the financial statements.
