To the Plan Administrator McGillis School Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of McGillis School Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of June 30, 2022, and the related statement of changes in assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of McGillis School Defined Contribution Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of McGillis School Defined Contribution Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

To the Plan Administrator McGillis School Defined Contribution Plan

Report on the Financial Statements

We were engaged to audit the accompanying statement of assets available for benefits of McGillis School Defined Contribution Plan (the Plan) as of June 30, 2021, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2021 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by TIAA and CREF, the custodians of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the Plan Administrator that the custodians hold the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2021, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2021 financial statement. Accordingly, we do not express an opinion on the 2021 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2021 Financial Statement

The form and content of the information included in the 2021 financial statement, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. Description of the Plan

The following description of the McGillis School Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan covering employees of the McGillis School (the Plan Sponsor or the Employer). In general, employees, excluding employees who normally work less than 1,000 hours per year, are eligible to make pre-tax salary reduction contributions to the Plan. The Plan, established effective May 15, 2007, and most recently restated effective January 1, 2010, is intended to be a qualified retirement plan under the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may contribute up to 100% of their pretax compensation as defined in the Plan, subject to the maximum amount allowable under the IRC. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants who attain age 50 before the end of the year are eligible to make additional catch-up contributions as allowable under the IRC. The Employer has provided an automatic 2.5% contribution, and matching contributions in accordance with the schedule below, of eligible participants' compensation. Participants must be at least 21 years old to be eligible for the Employer match. Participants direct the investment of contributions into various investment options offered by the Plan.

<u>Years of Experience/Service</u>	<u>Matching Percentage</u>
Less than or equal to 5 years	2.0%
Greater than 5 years but less than 10 years	3.5%
Greater than 10 years	5.0%

Participant Accounts

Each participant's account is adjusted for the participant's contributions, the Employer's contributions, and an allocation of the Plan's actual earnings or losses. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer contributions and earnings thereon, is based on years of continuous service and is subject to the following vesting schedule:

<u>Vesting Service (Whole Years)</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 or more	100%

Forfeitures

Upon termination, the nonvested portion of a participant's account is forfeited. Forfeitures are used to reinstate previously forfeited account balances of participants. Any remaining forfeitures are used to reduce Employer contributions. As of June 30, 2022 and 2021, there were no remaining forfeitures.

Payment of Benefits

Upon a participant's death, attainment of age 59½, retirement, or termination of employment, a participant or his or her beneficiaries may receive a distribution equal to the vested balance in his or her account (1) in a single, lump-sum cash payment, (2) through various annuity options, or (3) through installment payments, subject to the Plan's provisions. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to the occurrence of these events.

Administrative Expenses

A substantial majority of the administrative expenses of the Plan, except investment expenses which are netted against investment returns, are paid by the Plan Sponsor.

2. Summary of Significant Accounting Policies***Basis of Accounting***

The accompanying financial statements of the Plan were prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. One of those key estimates is the determination of the fair value of investments.

Investment Valuation and Income Recognition

Equities funds are reported at fair value based on the daily quoted net asset value (NAV) closing price as reported by the equities fund on the last day of the Plan year. This NAV price is not considered a fair value practical expedient. Unit values are determined by dividing the funds' net assets at fair value by the units outstanding in each fund at the valuation date. Variable annuity contracts are recorded at fair value using NAV as a practical expedient and have no quoted market price. In general, net asset values are estimated based on market quotations or prices obtained from independent pricing services for the underlying assets. NAV is calculated daily. The value of the real estate fund is principally derived from the market value of the underlying real estate holdings, which are valued principally using independent appraisals. The non-fully benefit-responsive investment contract is recorded at fair value, which approximates contract value. The fully benefit-responsive investment contract is recorded at contract value. Contract value equals the accumulated cash contributions and interest credited, less any withdrawals and transfers.

In general, these investments are exposed to various risks, such as interest rate, credit, and overall market volatility.

Net appreciation in the fair value of investments includes realized and unrealized gains (losses) on investments, and is recognized in income currently. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends and interest are reinvested when received.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Subsequent Events

Plan management has evaluated events occurring subsequent to year-end through March 6, 2023, which is the date the financial statements were available to be issued.

3. Custodians Certification

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by TIAA and CREF, the custodians, except for comparing such certified information to information included in the Plan's financial statements and supplemental schedule:

- The investments of the Plan
- The recording of transactions related to the investments, including related earnings or losses

4. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by National Benefit Services LLC (NBS). NBS received an opinion letter from the IRS, dated March 31, 2017, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the Internal Revenue Service. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management has concluded that as of June 30, 2022 and 2021, there are no uncertain tax positions that require either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities for tax years for which the applicable statutes of limitations have not expired. There are no audits for any tax periods in progress.

5. Plan Investments

Variable Annuity Contracts

Variable annuity contracts are TIAA Access Annuities. These annuities are variable annuities registered with the Securities and Exchange Commission (SEC) as an investment company under the Investment Company Act of 1940. They operate as a unit investment trust. As such, they invest in shares of underlying mutual funds. Contributions to TIAA Access Annuities buy accumulation units whose value is calculated daily based on the net asset value as a practical expedient. The value of a participant's investment rises and falls with the return on the underlying assets.

Equities Funds

Quoted market prices of the underlying investments are used to determine the fair value per unit, which represents the net asset value of units held by the Plan at year-end.

Mutual Funds

Quoted market prices are used to determine the fair value of shares of registered investment companies, which represent the net asset value of shares held by the Plan at year-end.

Non-Fully Benefit-Responsive Investment Contract

This investment contract is invested in the TIAA Traditional Non-Benefit Responsive funds, which are fixed-rate guaranteed annuities offered by TIAA. Contributions to the annuities purchase a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns are backed by TIAA's claims-paying ability.

Liquidity restrictions apply to the TIAA Traditional Non-Benefit Responsive contract under three types of annuity contracts held: Retirement Annuity (RA), Group Retirement Annuity (GRA), and Retirement Choice (RC) – held by the TIAA Traditional Annuity. RA contracts restrict lump-sum withdrawals and limit participant-initiated transfers to 10 annual installments. GRA contracts permit lump-sum withdrawals within 120 days following termination of employment, which are subject to a 2.5% surrender charge. Participant-initiated transfers may only be made in 10 annual installments, and participant-initiated withdrawals are limited to 5 annual installments following termination of employment. RC contracts permit participant-initiated lump-sum withdrawals within 120 days following termination of employment, which are subject to a 2.5% surrender charge. Participant-initiated transfers may only be made in 84 monthly installments, and participant-initiated withdrawals other than lump-sum withdrawals made in the 120-day period following termination of employment may only be made in 84 monthly installments.

Real Estate Fund

This fund is a separate account that invests in real estate properties and real estate-related investments. The fund is also a variable annuity. This fund's value is principally derived from the market value of the underlying real estate holdings which are valued primarily using independent appraisals, which are estimates of property values based on a professional's opinion, and are used in determining the NAV per share as a practical expedient. This fund sometimes holds securities which are generally priced using values obtained from independent pricing sources.

6. Fair Value Measurement

Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, the fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three broad levels. These levels, in order of highest priority to lowest priority, are described as follows:

Level 1 – Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2 – Observable prices other than Level 1 that are based on inputs quoted in less active markets or other observable inputs that can be corroborated by observable market data.

Level 3 – Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of:

Description	June 30, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 892,668	\$ -	\$ -	\$ 892,668

Fair Value Measurement and Disclosure (Topic 820): *Investments in Certain Entities that Calculate Net Asset Value Per Share (or its equivalent)* requires disclosure of certain attributes in entities that calculate a NAV per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes as of June 30, 2022 and 2021.

June 30, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Variable annuity contracts	\$ 2,450,651	-	Daily	One week
Real estate fund	\$ 184,603	-	Daily	One day

June 30, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Variable annuity contracts	\$ 2,998,586	-	Daily	One week
Real estate fund	\$ 134,494	-	Daily	One day

The following table sets forth information summarizing the changes in fair value of the Plan's Level 3 investment in the non-fully benefit-responsive investment contract for the year ended June 30, 2022

Non-Fully Benefit-Responsive Investment Contracts	
Beginning balance as of June 30, 2021	\$ 125,485
Realized/unrealized gains	4,854
Purchases	61,355
Ending balance as of June 30, 2022	\$ 191,694

The following table presents information about significant unobservable inputs related to the Plan's Level 3 investment in the non-fully benefit-responsive investment contract for the year ended June 30, 2022:

Valuation Techniques:

1. Discounted cash flow
2. Theoretical transfer (exit value)

Unobservable Inputs:

Risk-adjusted discount rate applied

	Range:
Retirement Annuity (RA)	3.00% - 3.80%
Group Retirement Annuity (GRA)	3.00% - 3.80%
Retirement Choice (RC)	3.25% - 3.90%

Plan management's valuation process for its Level 3 investments consists of reviewing the investment returns and fair values for reasonableness and consulting, as necessary, with investment advisors.

7. Fully Benefit Responsive Guaranteed Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with TIAA Insurance Company. TIAA Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Accordingly, the GIC is considered a traditional investment contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract between 1 and 3 percent. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Since the GIC is fully benefit-responsive, it was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (5) premature termination of the contract. The occurrence of any of these events that would limit the ability of the Plan to transact at contract value with plan participants is not probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include; (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; (4) a material amendment to the agreement without the consent of the issuer.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer's contributions.

9. Exempt Party-In-Interest Transactions

Party-in-interest balances and transactions include investments provided through TIAA and CREF, the custodians of the Plan, with a balance of \$4,854,712 and \$5,815,131 as of June 30, 2022 and 2021, respectively.
