INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Bel Red Energy Solutions 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Bel Red Energy Solutions 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets in liquidation available for benefits as of June 10, 2022, December 31, 2021 and 2020, and the related statements of changes in net assets in liquidation available for benefits for the short year ended June 10, 2022 and year ended December 31, 2021, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 10, 2022, December 31, 2021 and 2020, and for the short year ended June 10, 2022 and year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bel Red Energy Solutions 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bel Red Energy Solutions 401(k) Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bel Red Energy Solutions 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bel Red Energy Solutions 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BEL RED ENERGY SOLUTIONS 401(k) PLAN

Notes to Financial Statements

June 10, 2022, December 31, 2021 and 2020

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN

The Bel Red Energy Solutions 401(k) Plan (the Plan) has been in effect since January 1, 2017. The Plan has been amended and restated to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective December 20, 2021, the Plan was terminated and contributions were discontinued. The liquidation process began on that date (see Note 2), and was completed on June 10, 2022.

General

The Plan was a defined contribution plan sponsored by Bel Red Energy Solutions (the Company). Employees were eligible to participate in the Plan upon hire. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator was responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Contributions

The Plan provided for automatic enrollment of employees. Newly eligible employees were enrolled in the Plan at a salary reduction rate of 3% of eligible compensation, as defined in the Plan document. Participants could elect to stop or change the payroll deductions at any time, and could elect to contribute up to 100% of their eligible compensation to the Plan, within statutory limits. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. These contributions were paid to the Plan after each pay period. Participants could also contribute amounts representing distributions from other qualified plans.

Participant Accounts

Individual participant accounts were maintained by the Plan's third party administrator. Each participant's account was credited or charged with the participant's contribution, allocations of investment income and losses on the individual account balances, and administrative expenses, if any. Allocations were based on participant compensation, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's account.

Investment Options

Participants directed employee contributions among various mutual fund options.

Vesting

Participants were 100% vested in their own contributions plus actual earnings thereon.

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants

Participants could borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Terms of the notes receivable could not exceed five years, except for the purchase of a primary residence. The notes receivable were secured by the balance in the participant's account and bore interest at rates commensurate with local prevailing rates as determined by the third party administrator at the time of issuance. Principal and interest was paid ratably through payroll deductions.

Payment of Benefits

Benefits became available to all participants effective December 20, 2021. Prior to the Plan termination, benefits were available for distribution upon retirement, death, disability, or other termination of employment. Benefits equal to the value of the participant's vested account could be paid in a lump-sum, or participants could withdraw partial sums, depending on certain factors as described in the Plan document and at the participant's election. Under certain hardship circumstances or attainment of age 59½, participants could request a distribution of their account balance prior to retirement or other termination of employment.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees for individual transactions such as distributions were deducted from the respective participant's account. Investment related expenses, and revenue sharing fees or credits, were included in the net appreciation or depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through February 28, 2023, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies used by the Plan:

Plan Liquidation and Basis of Accounting

The Company, having the right under the Plan to terminate the Plan subject to the provisions of ERISA, terminated the Plan effective December 20, 2021 as a result of the sale of the Company, and authorized liquidation of the Plan's assets. In accordance with generally accepted accounting principles in the United States of America (GAAP), the Plan has used the liquidation basis of accounting, which requires assets to be valued at their net realizable values. During 2022, all of the Plan's assets were distributed to participants and full liquidation was completed on June 10, 2022.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's mutual fund investments were reported at net realizable value, which approximates fair value based on published daily net asset values (NAV) in actively traded markets.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus accrued but unpaid interest, if any. Related fees were recorded as administrative expenses and were expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020. If a participant ceased to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Payment of Benefits

Benefits were recorded when paid.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants that is disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held and notes receivable from participants at June 10, 2022, December 31, 2021 and 2020, and net appreciation or depreciation in fair value of investments, dividends, and interest on notes receivable from participants for the period ended June 10, 2022, and year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company, the trustee of the Plan.

NOTE 4 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Vanguard Group, an affiliate of the trustee. Therefore, transactions with Vanguard Group and its affiliates qualify as party-in-interest transactions. Fees are paid by the Plan to these parties for administrative services. Additionally, these affiliates collect revenue sharing from the Plan's investments to pay for administrative services.

NOTE 5 – TAX STATUS

The Plan operated under the provisions of a prototype plan which received an opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the prototype plan, as then designed, was acceptable under the applicable sections of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan was amended since receiving the determination letter, the Plan Administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified, and the related trust was tax-exempt through the date of liquidation.

NOTE 5 – TAX STATUS (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
