INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Wisk Aero LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Wisk Aero LLC 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Wisk Aero LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wisk Aero LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wisk Aero LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wisk Aero LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at Year-End) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Wisk Aero LLC 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 15, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WISK AERO LLC 401(K) PLAN
Notes to Financial Statements

1. PLAN DESCRIPTION

The following description of the Wisk Aero LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete discussion of the Plan's provisions.

General and eligibility - The Plan is a defined contribution plan covering all eligible employees of Wisk Aero LLC (Plan Sponsor). On June 28, 2019, the Plan was spun off from another qualified plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401 (a) of the Internal Revenue Code (IRC). All employees of the Company who have completed 90 days of service are eligible to participate in the Plan.

Plan administration - The Company administers the Plan and is the Plan's named fiduciary. Fidelity Management Trust Company (Trustee) is the directed trustee and Fidelity Investments is the third party administrator. The Company has assigned the power to hold title to Plan assets to the Trustee.

Contributions -

Participant contributions – Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions and after- tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer discretionary match – The Plan Sponsor makes discretionary match contributions equal to 50% of the employee's contributions for pre-tax and Roth deferrals. The discretionary contribution for the years ended December 31, 2021, and 2020 were \$1,932,677 and \$1,686,110, respectively, which were paid on a per-pay-period basis.

Additional matching employer contributions – The Plan Sponsor may make an additional matching employer contribution to each eligible participant. The Plan did not make any additional matching employer contributions during the years ended December 31, 2021 and 2020.

Contributions are subject to regulatory limitations.

Participant accounts and allocations – Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching, and Plan earnings (losses), and is charged with withdrawals and administrative expenses. Allocations are based on participant earnings, as defined under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investments - Participants direct the investment of their account interest into various investment options offered by the Plan. Participants may direct investment fund allocations of their account among the available options on a daily basis.

Vesting – Participants are 100% vested immediately in their contributions plus actual earnings thereon, as well as all employer match contributions to the Plan.

Loans to participants - Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at a rate established by the Plan administrator. Interest rates on notes receivable ranged from 4.25 to 6.50% at December 31, 2021 and 2020. Principal and interest are repaid by payroll deductions.

1. PLAN DESCRIPTION (CONTINUED)

Payment of benefits – The Plan provides for the payment of benefits to the participant or the participants' beneficiary at retirement, death, hardship, disability or termination of employment with the Plan Sponsor.

Forfeitures – At December 31, 2021 and 2020, forfeited accounts totaled \$4,392 and \$3,940, respectively. Forfeitures are used to pay administrative expenses of the Plan and reduce the Plan Sponsor's matching contributions. For the year ended December 31, 2021, no forfeitures were used to offset employer contributions and administrative expenses. For the year ended December 31, 2020, forfeitures of \$15,343 were used reduce employer contributions and \$145 was used for payment of administrative expenses.

CARES Act - The Coronavirus Aid, Relief, and Economic Security (CARES) Act became law on March 27, 2020. It was a response to the market volatility and instability resulting from the coronavirus pandemic, and includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES act and has implemented the following provisions: (a) special coronavirus distributions up to \$100,000 (b) increase the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance (c) extend the period for loan repayments, if applicable, up to one year and (d) suspended required minimum distributions for 2020. The Plan did not elect to adopt the optional provisions of the CARES Act.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Actual results may differ from such estimates.

Valuation of investments and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of investments are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses was recorded as of December 31, 2021 and 2020.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Recently Adopted Accounting Pronouncement - In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, *"Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement"*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. This guidance became effective for the Plan for the year ended December 31, 2020, but did not have a material impact on the Plan financial statements and disclosures.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividends, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments reflected on the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

WISK AERO LLC 401(K) PLAN
Notes to Financial Statements

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Registered investment companies (mutual funds) and money market funds – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Stable value fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued using the net asset value practical expedient (“NAV practical expedient”), an estimate of fair value. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. From participant level, the fund can be redeemed daily and there are no redemption restrictions or notice requirements.

Self-directed brokerage accounts – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
<u>2021</u>				
Registered investment companies	\$ 33,477,183	\$ -	\$ -	\$ 33,477,183

4. FAIR VALUE MEASUREMENTS (CONTINUED)

<u>2020</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs	Total

Investments measured at NAV*				<u>\$ 413,727</u>
Total investments at fair value				<u>\$ 26,776,745</u>

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Fidelity Investments serves as the custodian of the Plan's assets, as defined by the Plan. All transactions with the Plan's custodian qualify as party-in-interest transactions. Administrative expenses and transaction fees are paid by the Plan. Participant loans also qualify as party-in-interest transactions.

6. TAX STATUS

The Plan Document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. PLAN TERMINATION

Although the Plan Sponsor has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the Trustees will distribute the entire net assets available for benefits to the participants or their beneficiaries in accordance with the terms and provisions of the Plan and ERISA.

WISK AERO LLC 401(K) PLAN
Notes to Financial Statements

8. OPERATIONAL ERROR

The Plan Sponsor erroneously allocated a fiscal year 2022 deferral contribution in the amount of approximately \$3,800, as well as the related employer matching contribution in the amount of approximately \$1,900, to the 2021 Plan year. The transactions were excluded from the respective employee and employer contributions receivables on the accompanying Statement of Net Assets Available for Benefits and have no impact on Form 5500. The operational error will be corrected during the Plan's fiscal year ended December 31, 2022.

9. RISKS AND UNCERTAINTIES

Investments in funds are subject to risk conditions of the individual fund objectives, the stock market, interest rates, economic conditions, world affairs and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on the Form 5500 as of December 31:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits, per the financial statements	\$ 36,664,012	\$ 27,285,172
Less: amounts accrued for employee contribution receivable	(130,719)	(109,834)
Less: amounts accrued for employer contribution receivable	<u>(58,522)</u>	<u>(51,480)</u>
Net assets per Form 5500	<u>\$ 36,474,771</u>	<u>\$ 27,123,858</u>

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements and the net income reported on the Form 5500 for the year ended December 31, 2021:

Change in net assets per the financial statements	\$ 9,378,840
Add: prior year employee contribution receivable	109,834
Add: prior year employer contribution receivable	51,480
Less: current year employee contribution receivable	(130,719)
Less: current year employer contribution receivable	<u>(58,522)</u>
Net income per Form 5500	<u>\$ 9,350,913</u>

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

11. SUBSEQUENT EVENTS

The Plan's management has reviewed the results of operations for the period of time from its year ended December 31, 2021 through March 16, 2023, the date the financial statements were available to be issued, and has determined that no additional adjustments are necessary to the amounts reported in the accompanying financial statements nor subsequent events have occurred, the nature of which would require disclosure.

Board of Trustees
Wisk Aero LLC 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Wisk Aero LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(c) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(c), our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Trust Management Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiency in the Wisk Aero LLC 401(k) Plan's internal control to be a material weakness:

Significant Audit Delay

The audit was significantly delayed due to not receiving client prepared audit schedules and requests in a timely manner. Further delays occurred due to a necessary consultation by the Plan Sponsor with an ERISA attorney regarding the inclusion of certain compensation components as eligible Plan compensation, as well as consultation regarding an operational error. We recommend assigning a designated individual to oversee and manage the annual audit process.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Wisk Aero LLC 401(k) Plan's internal control to be significant deficiencies:

Participant's Ineligible Contribution

A participant became eligible to participate and entered into the Plan in late December 2021. Consistent with the Plan's standard operational procedures, the participant's enrolment was processed in early January 2022. However, the Participant desired to allocate the contribution and the related employer match to the 2021 Plan year. Due to the Plan Sponsor's mistaken belief that an operational error had occurred by not allocating the funds to the 2021 Plan year, the Plan Sponsor manually corrected and allocated the contributions to the 2021 Plan year. Upon recommendation of the Plan Sponsor's ERISA attorney, a correction of this operational error is to be made subsequent to the December 31, 2021 Plan year via the IRS' self-correction program. We recommend strengthening the Plan Sponsor's controls over consistently following its operational procedures and controls.

Financial Reporting - Accrual versus Cash Basis of Accounting

The Plan's annual financial statements are prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP), whereas the Plan's Trust and other statements, as well as Form 5500, are prepared on the cash basis of accounting. In order to properly present the GAAP financial statements, the Plan Sponsor is required to convert the employee and employer contributions from a cash to the accrual basis of accounting via capturing a non-standard adjusting journal entry (AJE) at the end of the annual reporting period.

While the Plan Sponsor provided supporting documentation to determine the required adjustments, the Plan Sponsor has no process and/or designated individual in place to prepare and provide such AJE. The total required adjustment to the employee and employer contribution receivables was approximately \$131,000 and \$58,000, respectively. The total net adjustment to the relating employee and employer contribution revenue was \$21,000 and \$7,000, respectively, with a total adjustment to beginning net assets available for benefits of approximately \$161,000. We recommend assigning a designated individual to prepare the annual cash to accrual schedule and the required AJE.

During our audit, we also became aware of the following deficiencies in internal control, other than significant deficiencies or material weaknesses, and other matters that are opportunities for strengthening internal controls and operating efficiency:

Documentation of Review of SOC 1 Reports & User Entity Controls

We noted that the Plan Sponsor does not document the review of the service providers' SOC 1 reports. As a best practice, we recommend that the SOC 1 reports be formally reviewed for any exceptions that might impact the Plan and its maintenance. Furthermore, internal control documentation should include how the Plan Sponsor's controls address the significant user entity controls as identified in the SOC 1 reports.

Use of Forfeiture Funds

The Plan did not use any of its forfeiture funds during the Plan year ended December 31, 2021. Per the Plan's accounting policy, forfeitures must be used in the subsequent year, and will first be used to pay the Plan's administrative expenses, with any remaining amount used to reduce future employer contributions. We recommend that the Plan sponsor adheres to the Plan document and accounting policy.

Proper Completion of Form I-9

We noted that an I-9 form did not contain the participant's correct date of birth (DOB). While the Census Report included the correct DOB, and as such did not impact the participant's eligibility to participate in the Plan, we recommend strengthening the controls over properly completing source documents such as the I-9 forms.

We will review the status of this comment during our next audit engagement. We have already discussed this comment and suggestions with Plan personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of this matter, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of management, trustees, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Board of Trustees
Wisk Aero LLC 401(k) Plan

We have audited the financial statements of the Wisk Aero LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021, and we will issue our report thereon dated March 16, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 29, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Wisk Aero LLC 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

The completion of our audit was significantly delayed due to delays in receiving audit schedules and other supporting documentation.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures

and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 16, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Board of Trustees and management of Wisk Aero LLC 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
