INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee and Participants of the
Pixelle Specialty Solutions LLC 401(k) Savings Plan C

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pixelle Specialty Solutions LLC 401(k) Savings Plan C (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of May 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period January 1, 2022 through May 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 31, 2022 and December 31, 2021 and for the period January 1, 2022 through May 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

As discussed in Note 1 to the financial statements, the Plan merged into the Pixelle Specialty Solutions 401(k) Savings Plan and the Pixelle Specialty Solutions Hourly 401(k) Plan effective May 31, 2022. All Plan assets were transferred to the Pixelle Specialty Solutions 401(k) Savings Plan and the Pixelle Specialty Solutions Hourly 401(k) Plan on May 31, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Respectfully submitted,

NOTES TO FINANCIAL STATEMENTS MAY 31, 2022 AND DECEMBER 31, 2021

Note 1 **Description of the Plan**

The following description of Pixelle Specialty Solutions LLC 401(k) Savings Plan C (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established effective July 1, 2020, covering all eligible employees of the Stevens Point, Wisconsin and Androscoggin, Maine facilities of Pixelle Specialty Solutions LLC (the Company), as defined in the Plan document. Employees are immediately eligible upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On May 31, 2022, salaried participants of the Plan merged into the Pixelle Specialty Solutions 401(k) Savings Plan and union participants of the Plan merged into the Pixelle Specialty Solutions Hourly 401(k) Savings Plan (Union). Effective June 1, 2022, employees of the Stevens Point, Wisconsin and Androscoggin, Maine facilities who were actively employed and met eligibility definitions could elect to participate in either the Pixelle Specialty Solutions 401(k) Savings Plan or the Pixelle Specialty Solutions Hourly 401(k) Savings Plan (Union), depending on participant union status. The following information is for periods prior to the merger.

Contributions

Participants are permitted to contribute up to 85% of their pre-tax compensation, subject to certain limitations under the terms of the Plan and the Internal Revenue Code (IRC). The plan allows for pre-tax, after-tax and Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan includes an auto enrollment provision whereby all newly eligible employees will be automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. On an annual basis, elective deferrals are automatically increased by 1% until the participant reaches a 10% deferral, or opts out of auto escalation for elective deferrals.

The Company may make discretionary matching contributions to eligible participants of the Plan. For the period ended May 31, 2022, the Company made a discretionary matching contribution. The formula for determining the matching and fixed contributions depends on the participant's respective collective bargaining agreement and their status as either grandfathered or non-grandfathered in the Pixelle Retirement Plan.

NOTES TO FINANCIAL STATEMENTS MAY 31, 2022 AND DECEMBER 31, 2021

***Note 1* Description of the Plan - Continued**

Contributions - Continued

During 2022, the Grandfathered union employees, as defined in the union agreement, received a Company discretionary matching contribution equal to 100% of the first 3% of a participant's compensation contributed. Non-grandfathered union employees received a Company discretionary matching contribution equal to 100% of the first 2% of a participant's compensation contributed and 50% of the next 4% of a participant's compensation contributed, up to a maximum of 3% of pay. Non-union employees received a Company discretionary matching contribution equal to 100% of the first 3% of a participant's compensation contributed and 50% of the next 3% of participant's compensation contributed, up to a maximum of 4.5% of pay.

Additionally, the Company may choose to make a non-elective contribution, as defined in the Plan document. During 2022, the Grandfathered union employees and non-union employees, received a non-elective contribution equal to 3% of a participant's eligible compensation. Non-grandfathered union employees received a non-elective contribution equal to a range of 2.5% to 6.5% of eligible compensation based on employee's age plus years of vesting service.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and investment earnings (losses), and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is equal to the value of the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and Company matching contributions to the Plan. For non-elective Company contributions participants become fully vested after completing three years of service. Additionally, participants are subjected to additional vesting for contributions from the Verso Retirement Savings Plan for Bargained Employees and Verso Corporation Retirement Savings Plan for Non Union Employees Plans.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance; or (b) \$50,000 reduced by the excess of the highest outstanding loan balance in the previous 12 months. The loans are collateralized by the balance in the participant's account and bear interest at the Prime Rate plus 1%. Principal and interest is paid ratably through payroll deductions. Loans are to be repaid over a period not to exceed five years, or 15 years for the purchase of a primary residence. Participants can only have two loans outstanding at one time.

***Note 1* Description of the Plan - Continued**

Payment of Benefits

The Plan provides for normal retirement benefits in the form of installment payments or lump sum distributions upon reaching the age of 65 and has provisions for disability, death and termination benefits for those participants who are eligible to receive such benefits. Withdrawals for hardship, upon attainment of age 59½, and distributions out of rollover and after-tax contributions are permitted by the Plan, provided the participant is still employed by the Company at that time.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Transamerica Retirement Solutions, LLC (Transamerica) serves as the recordkeeper for the Plan. State Street Bank and Trust Company is the custodian and trustee of the Plan.

Administrative Expenses

All expenses of administering the Plan may be paid by the Plan, unless elected to be paid by the Company.

***Note 2* Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting.

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through March 15, 2023, the date that the financial statements were available to be issued.

Notes Receivable from Participants

Notes receivable from participants (participant loans) are measured at their unpaid principal balance, plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS MAY 31, 2022 AND DECEMBER 31, 2021

***Note 2* Summary of Significant Accounting Policies - Continued**

Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances.

***Note 3* Investment Valuation and Income Recognition**

Except for guaranteed interest account described in Note 4, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

PIXELLE SPECIALTY SOLUTIONS LLC 401(k) SAVINGS PLAN C

NOTES TO FINANCIAL STATEMENTS MAY 31, 2022 AND DECEMBER 31, 2021

***Note 3* Investment Valuation and Income Recognition - Continued**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for investments measured at fair value:

Interest-Bearing Cash: Held in a short-term demand deposit account which is valued at cost plus accrued interest at year end.

Registered Investment Companies: These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Self-Directed Brokerage Account: The self-directed brokerage account consists primarily of common stock, mutual funds, corporate bonds and money market funds. Common stock and corporate bonds are valued at the closing price reported on the investments' respective stock exchange or active market. Mutual funds and money market funds are valued using NAV. All investments are classified within level 1 of the valuation hierarchy.

Common Collective Trusts: Valued at NAV based on the underlying assets of the trust. The NAV is used as a practical expedient to estimate fair value and is obtained from information provided by the investment advisor using the audited financial statements of the common collective trusts at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

PIXELLE SPECIALTY SOLUTIONS LLC 401(k) SAVINGS PLAN C

NOTES TO FINANCIAL STATEMENTS MAY 31, 2022 AND DECEMBER 31, 2021

Note 3 Investment Valuation and Income Recognition - Continued

The following table sets forth, by level within the fair value hierarchy, the Plan's investments measured at fair value as of:

	Investments, at Fair Value as of December 31, 2021	
	Level 1	Total
Registered Investment Companies	\$ 110,383,477	\$ 110,383,477
Interest-Bearing Cash	39,897	39,897
Self-Directed Brokerage Account	3,441,642	3,441,642
Common Collective Trusts Measured at NAV ^(a)		29,117,371
Total Investments, at Fair Value	\$ 113,865,016	\$ 142,982,387

^(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 Guaranteed Interest Account

The Plan has a Guaranteed Interest Account with New York Life Insurance Company (NYL), which is considered to be a guaranteed investment contract, or GIC. The account is a stable value product that guarantees the return of principal and accumulated interest, guaranteed by NYL. NYL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. All transactions are at contract value, including the discontinuance of the contract, and as such the contract is considered to be fully benefit-responsive.

Fully benefit-responsive investment contracts are required to be presented at contract value. Contract value, as reported by the Plan by NYL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balances at contract value.

PIXELLE SPECIALTY SOLUTIONS LLC 401(k) SAVINGS PLAN C

NOTES TO FINANCIAL STATEMENTS MAY 31, 2022 AND DECEMBER 31, 2021

Note 4* **Guaranteed Interest Account - Continued*

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based upon a formula agreed upon with the issuer, but will always be subject to a range between 1.00% and 3.00%. Such interest rates are reviewed on a semi-annual basis for resetting.

Note 5* **Tax Status*

The Plan adopted a volume submitter profit sharing plan sponsored by Transamerica Retirement Solutions. The volume submitter profit sharing plan document received its latest opinion letter, dated March 31, 2014, from the Internal Revenue Service (IRS). In the opinion letter, the IRS stated that the volume submitter profit sharing plan is in compliance with the applicable requirements of the IRC. The volume submitter profit sharing plan's opinion letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the opinion letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6* **Certified Information*

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of May 31, 2022 and December 31, 2021, the related investment activity (including interest and dividend income and net depreciation in fair value of investments), and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the period January 1, 2022 through May 31, 2022.

Note 7* **Party-in-Interest Transactions*

Certain Plan investments are managed by State Street Bank and Trust Company, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
