Request Foods, Inc. Profit Sharing and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Request Foods, Inc. Profit Sharing and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Request Foods, Inc. Profit Sharing and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Request Foods, Inc. Profit Sharing and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal

control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Request Foods, Inc. Profit Sharing and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Request Foods, Inc. Profit Sharing and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that

agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Request Foods, Inc. Profit Sharing and Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 29, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements and supplemental schedules, and (b) the form and content of the information included in the 2021 financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Request Foods, Inc. Profit Sharing and Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a defined contribution plan covering all eligible employees of Request Foods, Inc. (the "Company") who have completed 30 days of service with respect to employee elective contributions and matching contributions. Employees are eligible for all other employer contributions upon the completion of one full year of service, if they have worked at least 1,000 hours within the Plan year, and if they are age 21 or older. Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company, (the "Trustees") serves as the Trustees of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - A participant may make elective pre-tax and Roth payroll reduction contributions in amounts not to exceed the maximum allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or other eligible plans (rollover). The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions are automatically invested in a designated allocation of funds until changed by the participant. The Plan includes an automatic annual escalation provision of 1%, up to 10% of eligible compensation, unless the participant affirmatively elects to not participate or elects a deferral other than 4%. The Plan provides for matching Company contributions as determined by the Company. The Company's matching contribution for the years ended September 30, 2022 and 2021, for each eligible participant was 100% of participant contributions, up to 4% of each participant's eligible compensation, and 50% of participant contributions, in excess of 4% and up to 6% of each participant's eligible compensation. The Plan further provides for discretionary non-elective and profit-sharing contributions. For the years ended September 30, 2022 and 2021, profit sharing contributions were 5% and 4%, respectively, of each eligible participant's compensation up to the maximum allowed by the Internal Revenue Service. The participants are able to direct current contributions and redistribute accumulated contributions between separate funds maintained by the Trustees.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of (a) the Company's profit-sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting - Participants are vested immediately in their elective contributions, authorized rollovers, matching Company contributions, and discretionary Company non-elective contributions, plus actual earnings thereon. Vesting of the profit-sharing contribution is based on years of service. After six years of vested service, participants are fully vested.

Payment of Benefits - Funds may be withdrawn from a participant's account upon the occurrence of one of the following: hardship, death, normal retirement, total disability, termination of employment, transfer of employment, or attainment of age required minimum distribution age according to IRS rules. Normal retirement is defined as age 60 for participants who joined the Plan before October 1, 2021 and the later of age 60 or five years of service for participants who join the Plan on October 1, 2022 or later. Upon termination of service, a participant may elect to receive either a lump-sum amount or a direct transfer to another plan equal to the value of the vested interest in his or her account.

Forfeited Accounts - At September 30, 2022 and 2021, forfeited non-vested accounts totaled \$79,553 and \$60,988, respectively. These accounts are used to reduce employer contributions and Plan expenses. Employer contributions and plan expenses were reduced by \$93,258 and \$66,458 for the years ended September 30, 2022 and 2021, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Investment Valuation and Income Recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - Some administrative expenses of the Plan are paid by the Plan Sponsor as provided in the Plan document. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

During 2022 and 2021, Prudential Retirement Insurance and Annuity Company (PRIAC) provided certain administrative services to the Plan pursuant to a service agreement between the Company and PRIAC. PRIAC receives revenue from the asset management charge assessed on the Plan's assets.

If the asset management charge collected exceeds the amount that is owed under the service agreement, PRIAC remits the excess to the Plan Expense Account on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. At September 30, 2022 and 2021, nonvested expense reimbursement accounts totaled \$182 and \$14,597, respectively. These accounts will be used to reduce Plan expenses. Plan expenses were reduced \$41,426 and \$48,496 from the expense reimbursement account for the years ended September 30, 2022 and 2021, respectively.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Reclassifications - Certain amounts as reported in the 2021 financial statements and footnotes have been reclassified to conform with the 2022 presentation.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Subsequent Events - The Plan has evaluated subsequent events through March 17, 2023, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INVESTMENTS

All information related to investments in the accompanying financial statements and supplemental schedule, including investments held at September 30, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company, the Trustees of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology includes quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are presented as level 1 in the fair value measurements table.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2022 and 2021:

		Fair Value Measurements at Report Date Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan is invested in a synthetic investment contract with Prudential Insurance Company of America (PICA) totaling \$12,504,997 and \$13,584,847 at September 30, 2022 and 2021, respectively. The account is credited with earnings at guaranteed crediting rates, and debited for participant withdrawals and administrative expenses.

As described in Note 2, the contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Insurance Company of America (PICA), represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The group annuity contract is reinsured and administered by Empower Insurance Company of America (EICA)

The underlying assets held by the contract is a combination of an investment in the Prudential Core Conservative Intermediate Bond Fund of Prudential Trust Company's Collective Trust and a group annuity wrapper with Prudential Insurance Company of America (PICA). The contract provides a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract credit rates. A formula is provided for the contract to adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed quarterly for resetting as determined by PICA.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

In general, issuers may terminate the contract if the Plan representative announces its intention to terminate, cancel, or merge the Plan, the qualification status of participant employer or plan changes, breach of material obligations under the contract and misrepresentation by the contract holder, failure of the underlying portfolio to conform to the pre-established investment guidelines, or competing fund transfer or violation of equity wash or equivalent rules in place. The plan administrator does not believe that any events which would allow the issuer to terminate the contract are probable of occurring. There are not any events that would limit the ability of the Plan to transact at contract value so long as the Synthetic GIC contract remains in force.

Notes to Financial Statements

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

For the years ended September 30, 2022 and 2021, certain Plan investments were managed by Prudential Bank & Trust, FSB, and Prudential Retirement Insurance and Annuity Company. Prudential Bank & Trust, FSB is the Trustee and record-keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan to Prudential Retirement Insurance and Annuity Company amounted to \$108,187 and \$107,212 for the years ended September 30, 2022 and 2021, respectively.

Stifel Nicolaus and Company provided investment counsel for the Plan, and was a 3(38) investment manager over the investments in the Plan, for the years ended September 30, 2022 and 2021, and related transactions also qualify as party in interest transactions. Fees paid by the Plan to Stifel Nicolaus & Company or its affiliates totaled \$57,453 and \$37,729 for the years ended September 30, 2022 and 2021, respectively.

Of the total recordkeeping, custodial, and advisory fees paid by the Plan for 2022 and 2021, \$165,640 and \$144,941, respectively, is included in administrative expenses on the statements of changes in net assets available for benefits. All other investment related fees are included in net appreciation in fair value of investments on the statements of changes in net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 8 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated September 9, 2022, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Services. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Independent Auditors' Report

To the Plan Trustee and Participants of
Request Foods, Inc. Profit Sharing and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Request Foods, Inc. Profit Sharing and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Request Foods, Inc. Profit Sharing and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Request Foods, Inc. Profit Sharing and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal

control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Request Foods, Inc. Profit Sharing and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Request Foods, Inc. Profit Sharing and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that

agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Request Foods, Inc. Profit Sharing and Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 29, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements and supplemental schedules, and (b) the form and content of the information included in the 2021 financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Request Foods, Inc. Profit Sharing and Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a defined contribution plan covering all eligible employees of Request Foods, Inc. (the "Company") who have completed 30 days of service with respect to employee elective contributions and matching contributions. Employees are eligible for all other employer contributions upon the completion of one full year of service, if they have worked at least 1,000 hours within the Plan year, and if they are age 21 or older. Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company, (the "Trustees") serves as the Trustees of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - A participant may make elective pre-tax and Roth payroll reduction contributions in amounts not to exceed the maximum allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or other eligible plans (rollover). The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions are automatically invested in a designated allocation of funds until changed by the participant. The Plan includes an automatic annual escalation provision of 1%, up to 10% of eligible compensation, unless the participant affirmatively elects to not participate or elects a deferral other than 4%. The Plan provides for matching Company contributions as determined by the Company. The Company's matching contribution for the years ended September 30, 2022 and 2021, for each eligible participant was 100% of participant contributions, up to 4% of each participant's eligible compensation, and 50% of participant contributions, in excess of 4% and up to 6% of each participant's eligible compensation. The Plan further provides for discretionary non-elective and profit-sharing contributions. For the years ended September 30, 2022 and 2021, profit sharing contributions were 5% and 4%, respectively, of each eligible participant's compensation up to the maximum allowed by the Internal Revenue Service. The participants are able to direct current contributions and redistribute accumulated contributions between separate funds maintained by the Trustees.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of (a) the Company's profit-sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting - Participants are vested immediately in their elective contributions, authorized rollovers, matching Company contributions, and discretionary Company non-elective contributions, plus actual earnings thereon. Vesting of the profit-sharing contribution is based on years of service. After six years of vested service, participants are fully vested.

Payment of Benefits - Funds may be withdrawn from a participant's account upon the occurrence of one of the following: hardship, death, normal retirement, total disability, termination of employment, transfer of employment, or attainment of age required minimum distribution age according to IRS rules. Normal retirement is defined as age 60 for participants who joined the Plan before October 1, 2021 and the later of age 60 or five years of service for participants who join the Plan on October 1, 2022 or later. Upon termination of service, a participant may elect to receive either a lump-sum amount or a direct transfer to another plan equal to the value of the vested interest in his or her account.

Forfeited Accounts - At September 30, 2022 and 2021, forfeited non-vested accounts totaled \$79,553 and \$60,988, respectively. These accounts are used to reduce employer contributions and Plan expenses. Employer contributions and plan expenses were reduced by \$93,258 and \$66,458 for the years ended September 30, 2022 and 2021, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Investment Valuation and Income Recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - Some administrative expenses of the Plan are paid by the Plan Sponsor as provided in the Plan document. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

During 2022 and 2021, Prudential Retirement Insurance and Annuity Company (PRIAC) provided certain administrative services to the Plan pursuant to a service agreement between the Company and PRIAC. PRIAC receives revenue from the asset management charge assessed on the Plan's assets.

If the asset management charge collected exceeds the amount that is owed under the service agreement, PRIAC remits the excess to the Plan Expense Account on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. At September 30, 2022 and 2021, nonvested expense reimbursement accounts totaled \$182 and \$14,597, respectively. These accounts will be used to reduce Plan expenses. Plan expenses were reduced \$41,426 and \$48,496 from the expense reimbursement account for the years ended September 30, 2022 and 2021, respectively.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Reclassifications - Certain amounts as reported in the 2021 financial statements and footnotes have been reclassified to conform with the 2022 presentation.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Subsequent Events - The Plan has evaluated subsequent events through March 17, 2023, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INVESTMENTS

All information related to investments in the accompanying financial statements and supplemental schedule, including investments held at September 30, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company, the Trustees of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology includes quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are presented as level 1 in the fair value measurements table.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2022 and 2021:

		Fair Value Measurements at Report Date Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan is invested in a synthetic investment contract with Prudential Insurance Company of America (PICA) totaling \$12,504,997 and \$13,584,847 at September 30, 2022 and 2021, respectively. The account is credited with earnings at guaranteed crediting rates, and debited for participant withdrawals and administrative expenses.

As described in Note 2, the contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Insurance Company of America (PICA), represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The group annuity contract is reinsured and administered by Empower Insurance Company of America (EICA)

The underlying assets held by the contract is a combination of an investment in the Prudential Core Conservative Intermediate Bond Fund of Prudential Trust Company's Collective Trust and a group annuity wrapper with Prudential Insurance Company of America (PICA). The contract provides a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract credit rates. A formula is provided for the contract to adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed quarterly for resetting as determined by PICA.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

In general, issuers may terminate the contract if the Plan representative announces its intention to terminate, cancel, or merge the Plan, the qualification status of participant employer or plan changes, breach of material obligations under the contract and misrepresentation by the contract holder, failure of the underlying portfolio to conform to the pre-established investment guidelines, or competing fund transfer or violation of equity wash or equivalent rules in place. The plan administrator does not believe that any events which would allow the issuer to terminate the contract are probable of occurring. There are not any events that would limit the ability of the Plan to transact at contract value so long as the Synthetic GIC contract remains in force.

Notes to Financial Statements

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

For the years ended September 30, 2022 and 2021, certain Plan investments were managed by Prudential Bank & Trust, FSB, and Prudential Retirement Insurance and Annuity Company. Prudential Bank & Trust, FSB is the Trustee and record-keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan to Prudential Retirement Insurance and Annuity Company amounted to \$108,187 and \$107,212 for the years ended September 30, 2022 and 2021, respectively.

Stifel Nicolaus and Company provided investment counsel for the Plan, and was a 3(38) investment manager over the investments in the Plan, for the years ended September 30, 2022 and 2021, and related transactions also qualify as party in interest transactions. Fees paid by the Plan to Stifel Nicolaus & Company or its affiliates totaled \$57,453 and \$37,729 for the years ended September 30, 2022 and 2021, respectively.

Of the total recordkeeping, custodial, and advisory fees paid by the Plan for 2022 and 2021, \$165,640 and \$144,941, respectively, is included in administrative expenses on the statements of changes in net assets available for benefits. All other investment related fees are included in net appreciation in fair value of investments on the statements of changes in net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 8 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated September 9, 2022, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Services. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Independent Auditors' Report

To the Plan Trustee and Participants of
Request Foods, Inc. Profit Sharing and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Request Foods, Inc. Profit Sharing and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Request Foods, Inc. Profit Sharing and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Request Foods, Inc. Profit Sharing and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal

control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Request Foods, Inc. Profit Sharing and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Request Foods, Inc. Profit Sharing and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that

agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Request Foods, Inc. Profit Sharing and Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 29, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements and supplemental schedules, and (b) the form and content of the information included in the 2021 financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Request Foods, Inc. Profit Sharing and Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a defined contribution plan covering all eligible employees of Request Foods, Inc. (the "Company") who have completed 30 days of service with respect to employee elective contributions and matching contributions. Employees are eligible for all other employer contributions upon the completion of one full year of service, if they have worked at least 1,000 hours within the Plan year, and if they are age 21 or older. Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company, (the "Trustees") serves as the Trustees of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - A participant may make elective pre-tax and Roth payroll reduction contributions in amounts not to exceed the maximum allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or other eligible plans (rollover). The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions are automatically invested in a designated allocation of funds until changed by the participant. The Plan includes an automatic annual escalation provision of 1%, up to 10% of eligible compensation, unless the participant affirmatively elects to not participate or elects a deferral other than 4%. The Plan provides for matching Company contributions as determined by the Company. The Company's matching contribution for the years ended September 30, 2022 and 2021, for each eligible participant was 100% of participant contributions, up to 4% of each participant's eligible compensation, and 50% of participant contributions, in excess of 4% and up to 6% of each participant's eligible compensation. The Plan further provides for discretionary non-elective and profit-sharing contributions. For the years ended September 30, 2022 and 2021, profit sharing contributions were 5% and 4%, respectively, of each eligible participant's compensation up to the maximum allowed by the Internal Revenue Service. The participants are able to direct current contributions and redistribute accumulated contributions between separate funds maintained by the Trustees.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of (a) the Company's profit-sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting - Participants are vested immediately in their elective contributions, authorized rollovers, matching Company contributions, and discretionary Company non-elective contributions, plus actual earnings thereon. Vesting of the profit-sharing contribution is based on years of service. After six years of vested service, participants are fully vested.

Payment of Benefits - Funds may be withdrawn from a participant's account upon the occurrence of one of the following: hardship, death, normal retirement, total disability, termination of employment, transfer of employment, or attainment of age required minimum distribution age according to IRS rules. Normal retirement is defined as age 60 for participants who joined the Plan before October 1, 2021 and the later of age 60 or five years of service for participants who join the Plan on October 1, 2022 or later. Upon termination of service, a participant may elect to receive either a lump-sum amount or a direct transfer to another plan equal to the value of the vested interest in his or her account.

Forfeited Accounts - At September 30, 2022 and 2021, forfeited non-vested accounts totaled \$79,553 and \$60,988, respectively. These accounts are used to reduce employer contributions and Plan expenses. Employer contributions and plan expenses were reduced by \$93,258 and \$66,458 for the years ended September 30, 2022 and 2021, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Investment Valuation and Income Recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - Some administrative expenses of the Plan are paid by the Plan Sponsor as provided in the Plan document. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

During 2022 and 2021, Prudential Retirement Insurance and Annuity Company (PRIAC) provided certain administrative services to the Plan pursuant to a service agreement between the Company and PRIAC. PRIAC receives revenue from the asset management charge assessed on the Plan's assets.

If the asset management charge collected exceeds the amount that is owed under the service agreement, PRIAC remits the excess to the Plan Expense Account on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. At September 30, 2022 and 2021, nonvested expense reimbursement accounts totaled \$182 and \$14,597, respectively. These accounts will be used to reduce Plan expenses. Plan expenses were reduced \$41,426 and \$48,496 from the expense reimbursement account for the years ended September 30, 2022 and 2021, respectively.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Reclassifications - Certain amounts as reported in the 2021 financial statements and footnotes have been reclassified to conform with the 2022 presentation.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Subsequent Events - The Plan has evaluated subsequent events through March 17, 2023, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INVESTMENTS

All information related to investments in the accompanying financial statements and supplemental schedule, including investments held at September 30, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company, the Trustees of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology includes quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are presented as level 1 in the fair value measurements table.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2022 and 2021:

		Fair Value Measurements at Report Date Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan is invested in a synthetic investment contract with Prudential Insurance Company of America (PICA) totaling \$12,504,997 and \$13,584,847 at September 30, 2022 and 2021, respectively. The account is credited with earnings at guaranteed crediting rates, and debited for participant withdrawals and administrative expenses.

As described in Note 2, the contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Insurance Company of America (PICA), represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The group annuity contract is reinsured and administered by Empower Insurance Company of America (EICA)

The underlying assets held by the contract is a combination of an investment in the Prudential Core Conservative Intermediate Bond Fund of Prudential Trust Company's Collective Trust and a group annuity wrapper with Prudential Insurance Company of America (PICA). The contract provides a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract credit rates. A formula is provided for the contract to adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed quarterly for resetting as determined by PICA.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

In general, issuers may terminate the contract if the Plan representative announces its intention to terminate, cancel, or merge the Plan, the qualification status of participant employer or plan changes, breach of material obligations under the contract and misrepresentation by the contract holder, failure of the underlying portfolio to conform to the pre-established investment guidelines, or competing fund transfer or violation of equity wash or equivalent rules in place. The plan administrator does not believe that any events which would allow the issuer to terminate the contract are probable of occurring. There are not any events that would limit the ability of the Plan to transact at contract value so long as the Synthetic GIC contract remains in force.

Notes to Financial Statements

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

For the years ended September 30, 2022 and 2021, certain Plan investments were managed by Prudential Bank & Trust, FSB, and Prudential Retirement Insurance and Annuity Company. Prudential Bank & Trust, FSB is the Trustee and record-keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan to Prudential Retirement Insurance and Annuity Company amounted to \$108,187 and \$107,212 for the years ended September 30, 2022 and 2021, respectively.

Stifel Nicolaus and Company provided investment counsel for the Plan, and was a 3(38) investment manager over the investments in the Plan, for the years ended September 30, 2022 and 2021, and related transactions also qualify as party in interest transactions. Fees paid by the Plan to Stifel Nicolaus & Company or its affiliates totaled \$57,453 and \$37,729 for the years ended September 30, 2022 and 2021, respectively.

Of the total recordkeeping, custodial, and advisory fees paid by the Plan for 2022 and 2021, \$165,640 and \$144,941, respectively, is included in administrative expenses on the statements of changes in net assets available for benefits. All other investment related fees are included in net appreciation in fair value of investments on the statements of changes in net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 8 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated September 9, 2022, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

REQUEST FOODS, INC. PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Services. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
